

imageCLASS LBP312dn

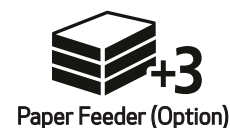

Duplex, Laser Printer

REVOLUTIONIZE TODAY'S WORKSPACE

- Print at speeds of up to **45 pages per minute**,* with your first print in your hands in approximately 6.2 seconds.**
- Generous, **expandable paper capacity** allows for up to 2,300 sheets.***
- Print on-the-go with **Canon PRINT Business**,[†] **Mopria™ Print Service**,^{††} **Apple® AirPrint®**,^{†††} and **Google Cloud Print™**.[▲]
- Supports UFR II, PCL5c/e, PCL6, PDF, XPS and Adobe® PostScript® printer languages, allowing **greater versatility** for your printing needs.
- **Eco-conscious, two-sided printing** out of the box saves paper and related cost.
- **Low energy consumption**; uses approximately 1.2 W in wired, Energy Saver Mode.
- **Hi-Capacity Toner Options** keep up with your printing needs and limit toner replacement interruptions.

Note: See back page for disclaimers.

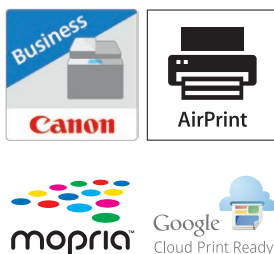

ADVANCED TECHNOLOGIES FOR YOUR OFFICE

Speed and Versatility

The LBP312dn delivers high-speed, black-and-white output up to 45 ppm** to help keep your business running. With a generous paper capacity of up to 2,300 sheets*** and high-capacity toner options, the LBP312dn gives your business the efficiency and support it deserves.

Print On-the-Go

Print a variety of file types, Web pages, and images on-the-go with **Canon PRINT Business**,[†] **Mopria™ Print Service**,^{††} **Apple® AirPrint®**,^{†††} and **Google Cloud Print™** using your compatible mobile device. For more information on Canon supported apps and compatibility, please visit <https://www.usa.canon.com/mobile-app>.

Tiltable, 5-Line LCD Panel

Navigate through all the features with the user-friendly, tiltable, black-and-white LCD panel.

uniFLOW

The imageCLASS LBP312dn printer can be deployed as part of a device fleet managed via uniFLOW, a trusted solution that offers advanced tools to help you track, manage, and influence user behavior securely. From routing jobs cost-efficiently to proactively managing consumable supplies, implementing user controls and restrictions, and gaining reporting visibility into device usage, uniFLOW helps to reduce unnecessary printing, encourage cost recovery, reduce supply costs, and optimize device workflows.

imageWARE Remote

When imageWARE Remote is activated on a device, it can deliver meter information as well as immediate notification of errors, jams, and alerts by email to the service provider. These notifications are designed to be accurate and contain sufficient data for the service provider to make a technician dispatch decision without having to hassle the customer to obtain more information. By addressing the problem proactively, service providers can take action to handle these issues before it's either noticed or experienced by the customer.

GENUINE Toner Cartridges

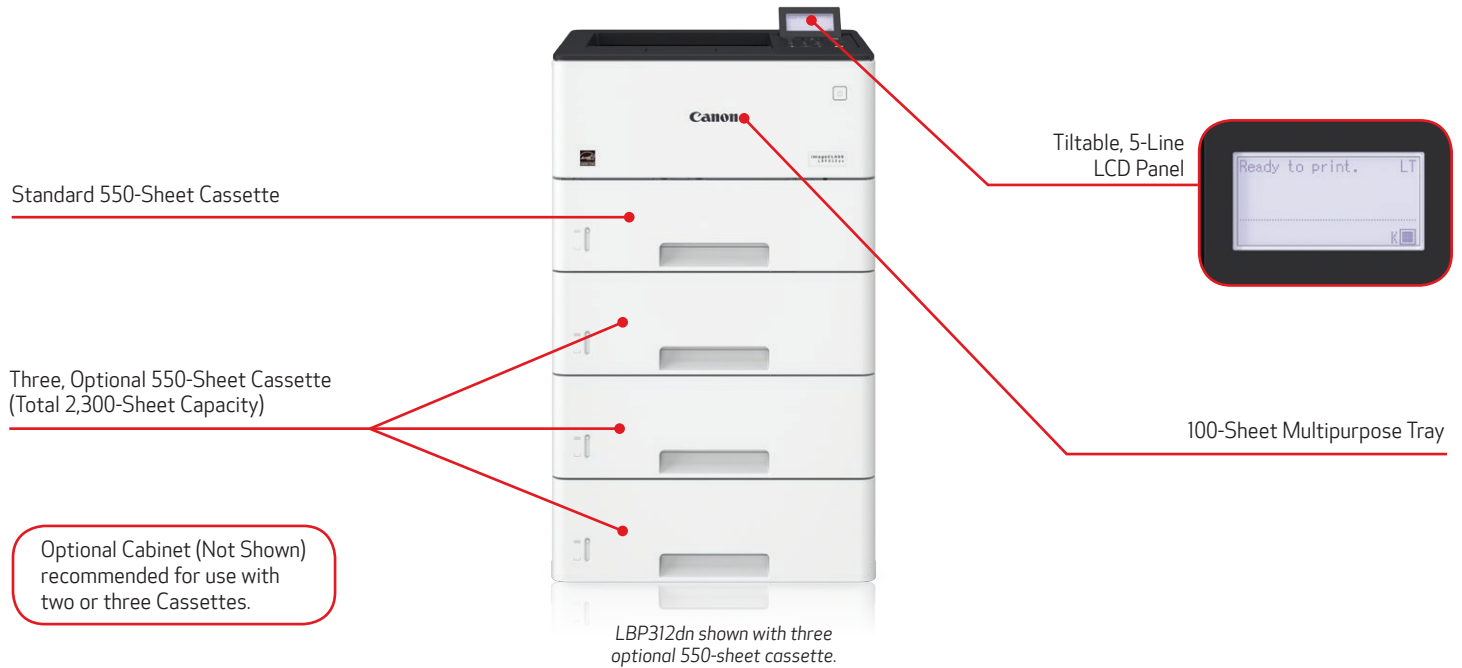

Designed by Canon engineers and manufactured in Canon facilities, GENUINE supplies are developed using precise specifications, so you can be confident that your Canon device will produce high-quality results consistently. The LBP312dn printer offers Cartridge 041 (10,000-sheet capacity) and 041 Hi-Capacity (20,000-sheet capacity) to keep up with your busy printing needs. Enjoy peace of mind with the efficiency that comes with limited toner replacements. The Canon S-Toner produces a highly detailed toner image, helps ensure a precise transfer performance, and eliminates the need to use oil during fixing. The Single-Cartridge System combines the toner and drum into the same unit, which means you only have one consumable to replace.

FEATURES	imageCLASS LBP312dn
BASIC SPECIFICATIONS	
Functions	Print
Replaces	LBP6780dn

Footnotes

- * Copy/print speeds are measured based on internal testing using letter size paper copied/printed with 100% copy/print ratio to original on one-sided paper. Internal testing involved continuously copying/printing the same one page of content on plain paper (copy speed is tested by copying on the platen glass). Copy/print speeds may vary depending on paper type, paper size or paper feeding direction. The device may automatically pause or slow down in order to adjust printer condition such as controlling temperature of a certain unit or limiting impact to image quality during continuous copying/printing.
- ** May vary depending on the output environment.
- *** Based on 20 lb. Bond paper.
- † Canon PRINT Business is available free on the App Store® and Google Play Store; compatible with iPhone 6 Plus, iPhone 6, iPhone 5S, iPhone 5C, iPhone 5, iPhone 4S, iPhone 4, iPad Air 2, iPad Air, iPad 4, iPad 3, iPad 2, Original iPad, iPad mini, iPad mini Retina, iPad mini 3 running iOS 7.0 - 8.0. Supports Android Tablets and Phones running OS 4.0 - 5.0. Canon PRINT Business combines the functions of Canon Mobile Printing and Canon Mobile Scanning for Business apps into one, streamlining both apps and adds new features and functionality for users of all types, from small or home offices to large enterprise offices. Users of Canon Mobile Printing can simply update the app to use Canon PRINT Business. Users who have installed Canon

- Mobile Scanning for Business should install Canon PRINT Business. After Canon PRINT Business is installed, users can reregister their Canon Mobile Scanning for Business device list and local documents.
- †† Mopria Print Service, available free at the Google Play Store, requires a compatible Android 4.0 - 5.0 smartphone or tablet. The printer must be either wirelessly connected to the network router or with an Ethernet cable. The mobile device and printer must be connected to the same network.
- ††† Apple AirPrint functionality requires an iPad, iPad Mini, iPad 2, the new iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 7.0 - 8.0 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base Station, or Time Capsule is not supported.
- ▲ Google Cloud Print requires an Internet connection and Google Account. Printer firmware update may be necessary for Google Cloud Print™ function. Certain exceptions may apply. A PC running Windows XP or later or a Mac running OS 10.4.11 or later and USB cable are required to perform firmware update.
- ◆ A5 paper is supported in Simplex mode only.
- ◆ Warranty program is subject to certain conditions and restrictions. See the warranty card for details.
- ◆◆ Declared noise emission in accordance with ISO 9296.
