Introduction

ScriptPro provides a comprehensive, integrated platform of robotics-enabled systems to optimize retail and ambulatory pharmacy operations, promoting safe and effective medication use and adherence, including support for specialty pharmacy services, high-risk/high cost medications, 340B dispensing, home-based patient medication adherence, and third party financial management.

The Supplies Catalog offers vial dispenser configurations and vial and bottle specifications for supported manufacturers, a list of available supplies and support materials, their pricing in both American and Canadian Dollars, as well as an order form. Please note that prices are subject to change.

For additional information or to place an order, please contact ScriptPro:

Vial Dispenser Configurations

The vial dispensers come in three sizes: small, medium, and large. The standard configuration for the SP 100* and SP 200 robots is one small, one medium, and one large dispenser. The standard configuration for the SP 100 and SP 50 robot is one medium and one large dispenser. Each vial dispenser is designed to support certain vial or bottle sizes for a specific manufacturer.

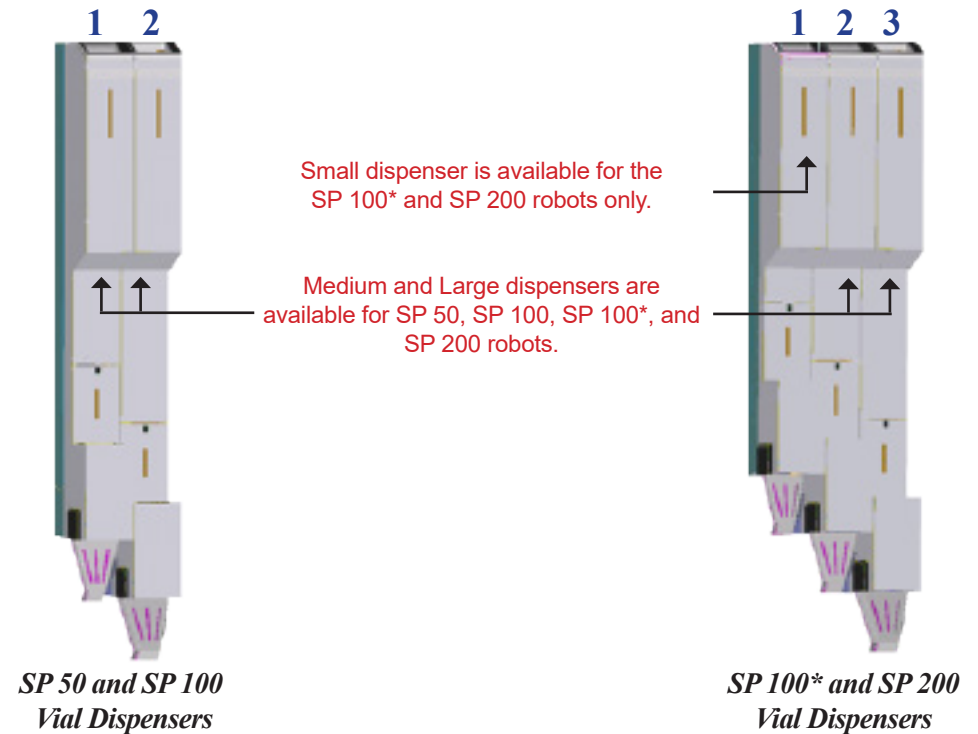

The following chart shows the vial dispenser options for each robot type.

Vial Dispenser	Robot Type	
Supported Sizes	SP 50 and SP 100	SP 100* and SP 200
Small	Not Applicable	Position 1
Medium	Position 1	Position 2
Large	Position 2	Position 3

The following pages list the vials and bottles supported with Vertical Load Vial Dispensers.

- For vial and bottle options by size, see pages 8 through 9.
- For vial and bottle specifications, see pages 11 through 48.

The Backloading Vial System supports the loading of vials or bottles from the back of the robotics cabinet, ensuring continuous operation.

Back view of SP 50

Back view of SP 100* and SP 200

*SP 100 robots manufactured after January 1, 2011, will support three vial dispensers or Bulk Load vial dispensers. SP 100 robots manufactured prior to January 1, 2011, support only two vertical dispensers, but can be converted to support Bulk Load or three vertical dispensers. Contact **ScriptPro Customer Service** for more information.

Vial Dispenser Configurations (continued)

Bulk Load Vial Dispensers support the loading of one box of vials. Each vial dispenser is designed to support particular vial or bottle sizes for a specific manufacturer.

Bulk Load Vial Dispensers are compatible with SP 100*, SP 200, and CRS robots.

Spiral Vial Dispensers support the loading of larger vials not otherwise compatible with Bulk Load Vial dispensers.

Spiral Vial Dispensers are compatible with SP 100* and SP 200 robots.

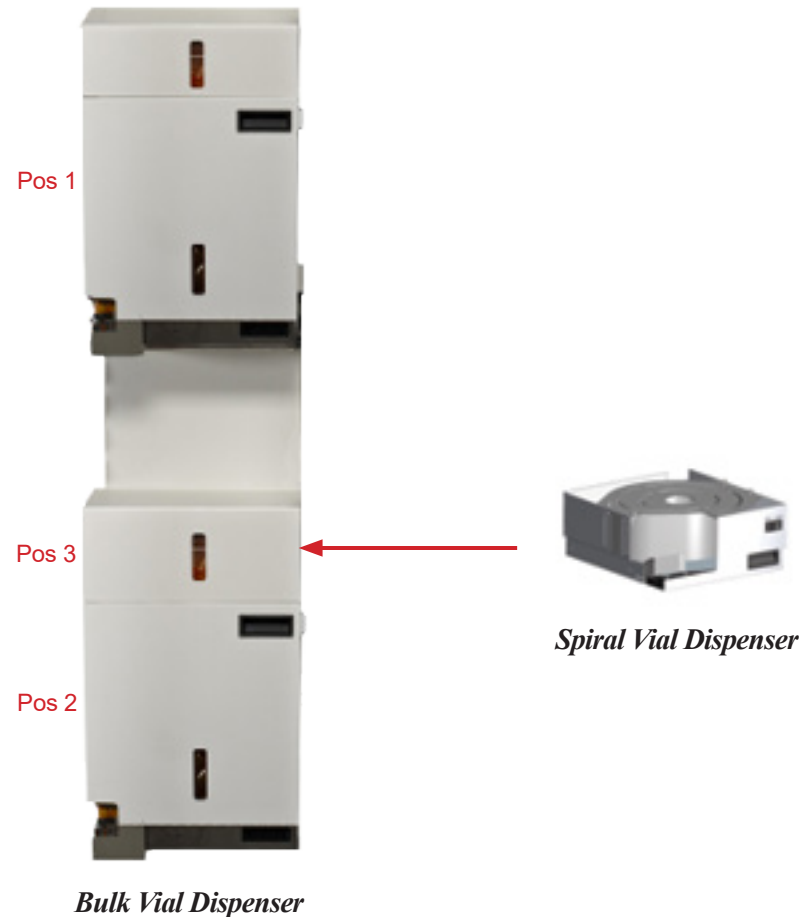

Vial Dispenser	Robot Type
Supported Positions	
Pos 1, 3, 2	SP 100*
Pos 1, 2	CRS, CRS 150, CRS 225
Pos 1, 3, 2	SP 200

The following pages list the vials and bottles supported with Bulk Load Vial Dispensers.

- For vial and bottle options by size, see page 10.
- For vial and bottle specifications, see pages 11 through 48.

The following pages list the vials and bottles supported with Spiral Load Vial Dispensers.

- For vial and bottle options by size, see page 10.
- For vial and bottle specifications, see pages 11 through 48.

*SP 100 robots manufactured after January 1, 2011, will support three vial dispensers or Bulk Load vial dispensers. Vial and Bottle Specifications for Supported Manufacturers

The following pages provide detailed specifications for the vials and bottles supported by ScriptPro Robotic Prescription Dispensing Systems. The vial and bottle specifications are listed by manufacturers and by vial or bottle types. The per box quantities listed apply to vials or bottles (with no caps), caps by type, or units (vials or bottles with caps).

When ordering vial dispensers, enter the required vial dispenser part number (Dispenser PN) on the Order Form at the back of the Supplies Catalog.

Some combinations of vial dispensers might not be supported. Changing the types or sizes of vial dispensers after the initial installation can result in additional costs. Please call for a configuration analysis and quote.

Prices listed in the Supplies Catalog include parts, labor, and other expenses. Prices are subject to change without notice.

System Supplies

ScriptPro provides system supplies for restocking an inventory with labels, printer ribbons, and printer cartridges, including various cleaning and workflow supplies to help maintain the automated pharmacy system.

Allow a 3- to 4-week lead time for label and ribbon stock. Remember to inventory these items regularly to avoid running out. Some items listed in this catalog, such as printer cartridges, can be purchased through other sources.

See the list of system supplies on pages 49—57 for more details. Each item is priced in U.S. (USD) and Canadian (CAD) dollars.

Prices are subject to change without notice.

Cleaning and Maintenance Supplies

Item	Description	Part Number	Price	
			USD	CAD
Adhesive Remover	For cleaning system components, citric acid-based; 8 ounce	1280-5008-000	7.75	10.08

Labels and Printer Supplies

Item	Description	Price
Direct Thermal Prescription Labels	A 2" x 4" prescription label designed for use in ScriptPro Robotic Prescription Dispensing Systems. No ribbon required. Standard or Custom labels with your preprinted pharmacy logo; approximately 1,250 labels per roll.	<i>Please Call for Quote</i>
Perforated Prescription Labels	A 2" x 4" perforated prescription label designed for small products—such as eye drops, syringes, or inhalers—which are filled using unit-of-use products. Prescription information is condensed and printed to a small area of the label. A perforated line allows easy tearing. The label can also be used for hard copy prescription labels or on any product as a standard prescription label. Standard or Custom labels with your preprinted pharmacy logo; approximately 1,250 labels per roll.	
Reorder Labels	A standard 2" x 4" prescription label for vials, bottles, or long-term care packaging with a portion that can be peeled off and sent to the pharmacy as a reorder prompt. Standard or Custom labels with your preprinted pharmacy logo; approximately 1,250 labels per roll.	
Shelf Tags/Price Stickers	A standard 8.5" x 11" label to be used in a laser printer to print prices for product stocking. Price Stickers come in two sizes: large (1.5" x 1") and small (1.75" x 0.5"). Shelf tags come in one size: 1.9375" x 1.125".	
Rx Paperwork	A standard 8.5" x 11" label used to print the prescription information receipt, monograph, and pharmacy and patient information. The label includes a perforated line and predetermined crease, which can be customized by the pharmacy; approximately 5,000 labels per box.	
Rx Paperwork w/ Peel Off Label	A standard 8.5" x 11" label used to print the prescription information receipt, monograph, and pharmacy and patient information with a portion that can be peeled off. The label includes a perforated line for easy tearing; approximately 1,000 labels per box.	
Receipt Paper for Point of Sale Printer	Thermal receipt labels for the ScriptPro Point of Sale printer; carton of 50 rolls; 3.125" wide x 273' long.	
Privacy Filter for SP Kiosk	Privacy filter to be applied to SP Kiosk screen.	
Ticket Paper for the SP Kiosk	Thermal receipt labels for the SP Kiosk; carton of 50 rolls; 3.125" wide x 273' long. Also available from Office Depot (part number 527292).	
Account Statement Mailing Envelopes	Custom preprinted outer envelopes for billing through the SP Central Pharmacy Management System. Standard #9 window envelope with self-sealing flap. Inside security tint and colors are available.	
Account Statement Return Envelopes	Custom preprinted inner envelopes for return of payments to the pharmacy. Standard #8 5/8" envelope with the pharmacy's return address and post office information. Inside security tint and colors are available.	
Account Statement Stock	Blank or preprinted, perforated 24 lb. 8.5" x 11" charge account statement paper for individual or group billing through the SP Central Pharmacy Management System. Color options are available; approximately 500 sheets per ream; 2,500 sheets per carton.	
Physician Order/MAR Form (POM3-A)	3-page forms, 100 units per ream	
Physician Order Form (PO3-A)	3-page forms, 100 units per ream	
Physician Order Form (PO1-A)	1-page forms, 275 pages per ream	
Medication Administration Record (MARP-A)	1-page forms (front and back), 275 pages per ream

Training and Support Materials

ScriptPro offers a variety of training and support materials, including quick reference material to assist pharmacy staff throughout the learning process. Each ScriptPro system includes a full set of training materials and operator guides. Additional training and support materials is available for purchase as needed. The user guides and reference manuals for the SP Central products are modularly designed and can be purchased in sets or individually. Sets are assembled in 3-ring binders with tab dividers for each section. When purchased individually, the loose-leaf pages of the user guides and reference manuals can be easily inserted into the ScriptPro binder.

See the list of training and support materials below for more details. Each item is priced in U.S. (USD) and Canadian (CAD) dollars. Prices are subject to change without notice. Additionally, the Customer Support Center (support.scriptpro.com) is an online resource for your ScriptPro systems giving access to a knowledge base of helpful answers, manuals, and videos, as well as the ability to chat and email with ScriptPro Customer Service. For more information, contact ScriptPro Customer Service.
