

3-Port USB-C to DisplayPort MST Hub - 4K 30Hz

Product ID: MSTCDP123DP

This 3-port USB-C to DisplayPort MST hub lets you connect three DisplayPort monitors to your USB Type-C Windows device, conveniently helping you to maximize your productivity.

Multitasking Made Easy

With devices becoming more portable than ever, you can be limited to fewer video outputs and confined to your small integrated screen. This MST hub solves that problem by enabling you to connect three displays to your USB-C computer, making multi-tasking much easier.

Using this USB-C to DisplayPort splitter, you can mirror your display onto additional monitors or stream independent content to each display, which makes it the ideal accessory for travel or hot-desking.

Astonishing Picture Quality

Multi-Stream Transport (MST) technology uses your existing video card to minimize the use of system resources while delivering UHD 4K resolutions for up to two monitors simultaneously. Plus, because the multi-monitor splitter can output HD 1080p on three independent displays, it's perfect for all high-resolution applications such as graphic design and medical imaging.

Hassle-Free Setup

MST offers an easy setup, by natively working on any Windows device that supports DP Alt Mode over USB Type-C. This USB-C multi-monitor adapter is Thunderbolt 3 compatible and offers plug-and-play installation with no drivers or software required. Additionally, this DP MST hub is powered by the USB-C port, meaning no external power cords are necessary.

MSTCDP123DP is backed by a StarTech.com 3-year warranty, and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Extend your desktop onto additional monitors or displays
- Create dynamic digital signage with a panoramic video wall
- Span across multiple monitors to avoid side-scrolling
- Edit media across additional displays in any orientation
- Ideal for travel or hot-desking

Features

- Maximize your productivity by connecting three displays to your computer using the DisplayPort splitter
- MST hub offers a multi-monitor solution that's more cost-effective than traditional computer docking stations
- MST technology utilizes your existing video card to minimize the use of system resources
- Supports Ultra HD 4K resolutions for up to two monitors
- Offers a hassle-free connection with the reversible USB-C connector

Hardware	Warranty	3 Years
	Audio	Yes
	AV Input	USB-C
	AV Output	DisplayPort - 1.2
	Chipset ID	MegaChips - STDP4320 VIA/VLI - VL100
	Ports	3
Performance	Audio Specifications	DisplayPort - 5.1 Channel Audio
	Maximum Cable Distance To Display	6.6 ft [2 m]
	Maximum Digital Resolutions	3840x2160 @ 30hz
	Supported Resolutions	Note: MST shares 21.6 Gbps across all attached displays. Higher resolutions can restrict the available bandwidth with the remaining ports, please see our guideline below for determining an ideal resolution for your setup. Average resolution bandwidth allocation 1920x1080 (High-definition 1080p) @60hz - 22% 1920x1200 @60hz - 30% 2560x1440 @60hz - 35% 2560x1600 @60hz - 38% 3840 x 2160 (Ultra HD 4K) @30hz - 38% Note: Exceeding 100% will reduce functionality.
	Wide Screen Supported	Yes
Connector(s)	Connector A	1 - USB-C (24 pin) DisplayPort Alt Mode Male Input
	Connector B	3 - DisplayPort (20 pin) Female Output
Software	OS Compatibility	Windows 10, 8.1, 8
Special Notes / Requirements	Note	Your USB-C equipped device must support video (DP alt mode) to work with this adapter
Environmental	Operating Temperature	0°C to 45°C (32°F to 113°F)
	Storage Temperature	-20°C to 70°C (-4°F to 158°F)
Physical Characteristics	Cable Length	12.7 in [322 mm]
	Color	Black
	Material	Plastic
	Product Height	0.7 in [1.8 cm]

	Product Length	3.1 in [78 mm]
	Product Width	2.4 in [60 mm]
	Weight of Product	3 oz [86 g]
Packaging Information	Package Height	1.2 in [30 mm]
	Package Length	6.9 in [17.5 cm]
	Package Width	5.7 in [14.5 cm]
	Shipping (Package) Weight	0.4 lb [0.2 kg]
What's in the Box	Included in Package	1 - MST hub
		1 - quick-start guide
