

Horizon Subscription Pricing Document

Overview

VMware Horizon enables a digital workspace with the efficient delivery of virtual desktops and applications that equips workers anywhere, anytime, and on any device. With deep integration into the VMware technology ecosystem, the platform offers an agile cloud-ready foundation, modern best-in-class management, and end to end security that empowers today's Anywhere Workspace.

Workspace Horizon benefits:

- **Manage from the Cloud** - Efficiently deploy, manage, monitor, and scale desktops and apps across private, hybrid and multi-cloud deployments using a cloud-based console and SaaS management services.
- **Modernize Operations** - Transform legacy infrastructure with integrated leading-edge technologies that automate the provisioning and management of virtual desktops and apps and deliver the personalization required by end-users.
- **Build Resiliency** - Adopt a scalable, cloud-based platform that offers the resiliency needed to meet change head-on with flexible deployment options across private and public clouds.
- **Enable Remote Work** - Keep employees connected and productive anywhere they work and on any device with a consistent, personalized desktop environment.
- **Improve ROI** - Achieve cost savings and realize business value with more flexible and reliable access to resources.
- **Secure Data and Achieve Compliance** - Ensure secure remote access to corporate resources from any device with intrinsic security built into the VMware infrastructure. Integration with NSX & Carbon Black are also available as add-on's, boosting security using a zero-trust model.

Pricing example

SKUs provided in the pricing tables cover 12-, 24-, and 36-months term. To calculate the total price, multiply the per month price provided with the preferred term length required. For 24- and 36-months term, additional discounts will be applied to demonstrate the benefits of longer-term purchases as shown in the illustrative example below.

Pricing

Success 360 is a consumption-based pricing model where the Success 360 price is determined by customer's Subscription and SaaS license spend. If you need help deciding, please contact VMware sales.

Pricing Considerations

Please refer to the below key points when considering buying VMware offerings:

- Pricing based upon a 12m prepaid subscription with 24, 36 month prices available upon request
- Subscriptions require 1 core order per required environment plus required number of add-on orders to make up total user quantity
- Subscriptions contain vSphere for use in any Cloud or hybrid deployment scenario
- Academic Pricing Subject to eligibility
