## CUSTOMER SUPPORT

### The Case dealer: Your professional partner

#### Start with world-class Case machinery and attachments

Your Case dealer will help you work smarter and faster by selecting equipment that delivers performance and operator comfort. Your dealer has the knowledge and experience necessary to help you choose the right attachments so you can...

- work faster and extend equipment life.
- Increase machine utilization.
- Increase your capabilities.

#### Let your Case dealer service your machine on the jobsite

You'll be back on the job faster when your Case dealer services your equipment on the jobsite. Advantages include...

- Responsive job site service to keep your equipment running.
- Increase machine uptime.
- Certified service staff and improved parts availability.

#### Manage your equipment better

The Case Care PlusPac<sup>SM</sup> is a prepaid maintenance plan designed especially for your machine. Factory-trained

Case technicians perform routine inspections and regular service to prevent problems. Other plans, such as the Machine Protection PlusPac<sup>SM</sup>, can be purchased to extend protection beyond the base warranty. Add the GlobalTRACS<sup>®</sup> Fleet Management Communications System to complete your program. GlobalTRACS gives you the information to manage your fleet better while protecting it against theft. Ask your local Case dealer about adding value to your machine and peace of mind to your work day with these helpful programs.

## MATERIAL HANDLING FOR THE MOST DEMANDING APPLICATIONS

You need a reliable, durable and comfortable forklift to do your job. You need a Case G Series forklift. Choose from two heavy-duty models the 586G or the 588G to meet your material handling needs.

For those long hours on the job, the G Series offers easy-to-operate controls, a choice of seats, and operator compartment entry from either side. Load control is available for smooth operation and minimal chain stress for reduced maintenance cost.

The G Series forklifts are an industry leader when it comes to low ownership cost. The reliable Case 4-390 engine and powertrain have a two year, 2,000 hour warranty – one of the best warranties in the business. The roller mast design and self-adjusting wet disc brakes increase component life and reduce maintenance cost. Use the Case Care PlusPac plan to increase your forklift resale value and uptime. The G Series forklifts are among the fastest in the industry with a maximum lift speed of 105 ft. (32 m) per minute.

And when you need to maneuver in tight spaces, the G Series forklifts have zero tail swing, a maximum width of 88 inches (2.24 m), and 55° axle turn angle to provide a narrow turning radius.

Speed, strength, economy – you'll find all that and much more in the Case G Series forklifts. Visit your Case dealer today to find out about these outstanding forklifts.

Field of vision is crucial for forklift operation. The tapered hood and wide-channel dual-mast cylinders provide excellent visibility to the work area, and the compact, low profile design makes the G Series forklift a stable machine.

Mast sizes range from 15 ft. (4.57 m) to 22 ft. (6.71 m). Maximum lift capacities range from 6,000 lb (2724 kg) to 8,000 lb (3628 kg) to provide the lift you need for your material handling jobs.

Convenient service access saves time during daily checks and contributes to overall productivity.

## 586G/588G
