to WAYNE COUNTY

Known as the “Birthplace of the American Railroad,” Honesdale still takes to the tracks today. In the seat of Wayne County, the railroad-ing legacy lives on alongside a bustling downtown scene and welcoming community.

From agricultural and industrial roots to modern shops, restaurants and events, Honesdale embodies the innovation you’ll find all over the Poconos. In 2020, Pocono Television Network (PTN) sat down with former mayor Albert Rutherford, who sadly passed away earlier this year. His passion for local history and commitment to the community left their mark on Honesdale, and his treasured memories shared in the PTN interview show the transformation of the town and the area.

Q: How has Honesdale transformed and come into its own?

A: Main Street has become a home to boutiques, eateries, coffee shops, breweries and gift shops. The farm-to-table opportunities and agricultural fairs right in our backyard are wonderful. There are plenty of festivals and things to do throughout the year. The Roots and Rhythm event in the summer has turned into a real destination event. People look forward to this, and it has become quite

a weekend. The train and Irving Cliff scenic overlook are also major draws for guests.

Q: Tell us about the Stourbridge Line.

A: The train excursions were resumed about 30-35 years ago and run by the Chamber. They purchased a locomotive with five coaches; today, the Stourbridge Line runs train tours throughout the year. The natural surroundings are beautiful, and there are parts of the old canal visible from the train that you can’t see from anywhere else. During October’s fall foliage tours, the scenery is just fabulous. In the wintertime, when the leaves are off the trees, it’s almost like a different trip. It’s well worth going in winter, and the cars are all heated.

Today’s tracks begin in Honesdale and run down through Hawley and Lackawaxen. The new excursion lines are not the same tracks that the original Stourbridge Lion ran on in the 1800s. When the D&H Canal was abandoned, they filled in the basin, and tracks were laid to get the railroad into town in 1898.

Q: Tell us about the history of Honesdale.

A: Honesdale is here because of coal. Coal was discovered in the early 1800s in nearby Carbondale. To transport the coal to the markets, the Delaware & Hudson Canal was constructed, running 108 miles from Honesdale to New York on the Hudson River. They also built a gravity railroad which ran from Carbondale to Honesdale, and

Honesdale became the nexus between the two points for transport. The coal was stored and shipped here up until 1898. The base of operations and office for the D&H Canal Company is now home to the Wayne County Historical Society & Museum.

We became the “Birthplace of the American Railroad” thanks to the D&H Canal. The civil engineer for the Canal submitted plans for steam locomotion, which was unknown in America at the time. Engineers visited England to witness and purchase steam locomotives. The Stourbridge Lion arrived in New York City in the early spring of 1829, was reassembled and shipped up the D&H Canal. The first commercial run on the tracks was in Honesdale in August 1829. We’re fortunate enough today to have a full-size, 1920s replica of the engine, and it’s the showpiece of the Wayne County Historical Society & Museum.

Q: What was it like growing up in Honesdale?

A: It was fun. There was a great sense of community, and it was very peaceful. The area is known as an agricultural community, and back then the saying was the county had more cows than people. The geography hasn’t changed that much, but Honesdale has. It will continue to change and get better.

4 Tips to Planning a Perfect Event

LOCATION AND SIZE - The venue location and size are the most important parts in planning an event. A good venue should be accessible via major roads with adequate parking nearby. For a multi-day event, finding a venue that has overnight accommodations on property will be important. A barn or farm tent wedding at *Equestrian House*® will be a much different experience than a large hotel ballroom.

SERVICES AND AMENITIES - Take consideration about the services and amenities that the venue offers. Outdoor gardens, water features, and tennis and basketball courts can add to the experience. Experienced venues, such as *Equestrian House*®, provide all of this and high-speed internet.

FOOD - Good choices of food and drink will make your event memorable to your guests. Does the venue provide catering? Is it possible for you to bring outside catering into their venue? Oftentimes, there is an extra fee to bring your own food or liquor, but should save you overall. *Equestrian House*® offers professional catering, as well as the choice to use your own caterer, but make sure your caterer is experienced for large events!

DATE AND TIME - To get the perfect venue at the right date and time takes planning. For larger events, you may have to lock in the date from six months to over a year in advance. For smaller events, you need at least six to eight weeks. Popular holiday, summer and weekend dates go quickly at venues such as *Equestrian House*®. For business and corporate events, choice weekdays many times go quickly. So, keep these tips in mind before putting down that deposit.

Choosing the Perfect Country Venue

With Pent-Up Demand Increasing, Equestrian House® Events Venue Fulfills the Wishes of Wedding and Event Planners

In a sudden shift of attitudes towards larger in-person events, event planners and organizers are scrambling to find Event Venues available on their desired dates. Pent-up demand for larger gatherings such as school trips, corporate events, weddings, celebrations and family reunions has been increasing faster than the industry expected. In an informal survey conducted by *Equestrian House*, nearly three out of every four event organizers aren't getting their 1st choice preferred dates, and need to resort to their 2nd or even 3rd choice dates. For many engaged couples, families and businesses, the stresses of event planning got even more challenging. With the return to pre-Covid events planning, the perfect event begins with choosing the right venue.

PIKE COUNTY

Nestled in the Delaware River Highlands, picturesque Milford, PA feels like a town straight out of a Norman Rockwell painting.

Visitors to Milford experience the area's natural grandeur as well as the best of small-town America, with a warm and welcoming community that values its rich history and legacy of conservation. Mayor Sean Strub describes the county seat of Pike County.

Q: Why do people come to Milford?

A: First is the natural environment. One third of the county is state or federal park or game land, and with that comes hiking and waterfalls. Guests come for waterfall tours and river activities, which are just two blocks from downtown. The heritage attractions are the second reason. We are a National Historic District and have museums like Grey Towers National Historic Site and the Columns Museum, which houses the blood-stained flag that cushioned President Lincoln's head moments after he was assassinated. And the third reason is the cultural vibrancy. Our festivals, galleries and shopping attract

people as well. We treat everyone like neighbors.

Q: What are some popular activities in the area?

A: Hiking is the number one activity while guests are here. There are so many trails. We are the north gate to the Delaware Water Gap National Recreation Area. The Mock Street bridge is open for pedestrians and connects downtown directly to the recreation area. You can also hike from here to Raymondskill Falls, which is three miles from downtown and is the tallest waterfall in Pennsylvania.

Q: Where is Milford situated?

A: Less than 75 miles from the Lincoln Tunnel. Our community has long been a resort and summer destination. During the mid-19th century, the emerging railroad spurs brought visitors to a nearby town when a resort class was emerging. Milford became a vacation destination, and during the gilded era, it was like the Hamptons of its day. In recent years, a lot of that luster has returned.

Q: Tell us about the history of the borough.

A: The borough was laid out in the late 18th century in a grid pattern modeled

after Philadelphia. Milford took off after the American Revolution when it became a destination for French colonists from New York. Fine dining was introduced to America around this time by the Delmonico Brothers in New York City. Louis Fauchère was their master chef and he brought this to the Hotel Fauchère. The restaurants at Hotel Fauchère continue to uphold that legacy of culinary innovation today.

Q: Who was Gifford Pinchot and what was his legacy?

A: The Pinchot family built Grey Towers as a summer home, and Gifford's father recommended he study forestry. Gifford introduced the idea of sustainable harvesting of natural resources and became the first head of the U.S. Forest Service under Teddy Roosevelt. When President John F. Kennedy dedicated Grey Towers as a National Historic Site in 1963, he referred to Gifford as the "Father of the Conservation Movement." We're proud to have Grey Towers here.

SHOP & EAT LOCAL

These delicious meals and one-of-a-kind souvenirs can only be found in the Poconos

A visit to the region isn't complete without taking the time to browse our local, home-grown stores and restaurants. Don't miss the chance to discover goods and foods that you'll only find at mom-and-pop businesses throughout the four counties of the Poconos.

Wayne County

Our area's charming small-town streets are filled with unique shops, boutiques, cafes and restaurants to explore. If you're looking for a pick-me-up in the middle of a shopping excursion on Honesdale's Main Street, **Black and Brass Coffee Roasting Company** is just the ticket. With additional locations on Grandview Avenue in Honesdale as well as in Waymart and Lake Ariel, Black & Brass roasts their organic beans on-site, and you'll want a freshly-brewed cup for now as well as a bag of coffee beans for later – and maybe something from the bakery case too! Along Main Street, local favorite **Camp Umpy's Bagels & Stuff** believes a freshly-baked bagel makes any day better. **Here & Now Brewing Company** and **Native** are also great options for enjoying a delicious meal.

Fueled up and ready for more browsing, head to the **Hawley Silk Mill**. Since its construction in 1880, this historic building has undergone many renovations and is currently home to the lake region's lifestyle center, filled with shops, galleries and more. Discover treasures in the many boutiques and admire works by local artists at the **Looking Glass Gallery**. Nestled in the small building that once sheltered the cocoons that supplied silk to the mill, the **Cocoon Coffeehouse & Bakery** uses local farm ingredients and serves quiches, salads, soups, paninis and more.

Pike County

In the heart of picturesque Milford Historic District, **Hotel Fauchère** builds on the tradition of its founder, a Swiss chef and hotelier who moved to

the area in the mid-1800s. **Bar Louis on The Porch** is a great place to enjoy a cozy alfresco meal. For fine dining, head inside to **The Delmonico Room**.

Stroll down Broad Street and find a cup of organic coffee in Milford at the **BetterWorld Store and Café**, which is also fully stocked with sustainable goods, urban homestead supplies and natural health products. Looking for a spot for dinner and drinks? The historic bar and speakeasy at **Tom Quick Inn Restaurant** create an elegant atmosphere for an evening out.

Open May to December and located in the quaint village of LaAnna, PA, the showroom of **Holley Ross Pottery** has over 2,500 pieces to browse, including pottery made on site. Visitors can also explore the adjacent woodland park with a scenic, five-acre lake.

For Lake Wallenpaupack enthusiasts, a stop at **Lake Art** in Hawley, PA is a must. Steps away from the shores of the Big Lake, you'll find a selection of home décor, apparel and art all designed by a local artist and photographer. It's the perfect place to find distinctive gifts to give or mementos to keep to remind you of your trip! Not far away, **Gresham's Chop House** serves up steaks, seafood and more with beautiful Lake Wallenpaupack views.

Monroe County

Dunkelberger's Sports Outfitters has been staple storefront on Main Street in downtown Stroudsburg for over 40 years. Offering a wide selection of fishing, boating, hunting and camping gear as well as apparel for men and women, it's an excellent place to prepare for outdoor adventure or discover new styles.

A few blocks from Main Street, **American Ribbon Craft & Fabric** is a paradise for crafters of all sorts, with a large selection of fabrics and notions, plus ribbons in every shade of the rainbow produced right here in Stroudsburg. Just behind American Ribbon, step inside **The Potting Shed**, where you'll find a beautiful selection of blooms – both real plants and realistic silk flowers – as well as stationery and home décor.

Further afield in Monroe County is **Pocono Organics**, the largest Regenerative Organic Certified Farm in North America. Take home some fresh produce or a full spectrum hemp product to step up your wellness game, or order a delicious breakfast or lunch dreamed up by Executive Chef Lindsay McClain, a champion from Chopped. The Market and Café are open Thursday through Monday, and keep an eye out for seasonal events and tours as well!

Still hungry? Family-owned and operated for 50 years, the **Jubilee Restaurant** in Pocono Pines is known as the "Breakfast King of the Poconos." Scrumptious waffles, pancakes, omelets and eggs benedict are available until 3 p.m., and the lunch and dinner menus are full of must-try dishes too.

Carbon County

Along the inviting, old-world streets of Jim Thorpe, you'll find the newly-renovated **Marion Hose Bar**, located in a historic firehouse. Pull up a seat at an outdoor table in the brick courtyard and enjoy lunch, dinner or drinks. Tucked away on Race Street, you can deck the halls all year round at **Jingle Bells Christmas Shoppe**, while **Trend & Source Marketplace** on Broadway features artisan creations from over 30 local artists and makers.

The Hofford Mill is a historic gem located just six minutes away from Jim Thorpe. Originally built in 1896 as a lumber mill on the Lehigh River, the building now houses **Uncommon Grounds Coffee Bar**, where you can grab a cup of artisan coffee roasted in Pennsylvania, as well as **The Gorge Eatery**, where premium ingredients shine on a menu filled with unique, contemporary American dishes.

If you still haven't found the souvenir you're looking for, **Country Junction World's Largest Store** in Lehighton is sure to have it. There are lots of opportunities on-site for family fun: visitors can enjoy seasonal events, a petting zoo, escape room, ice cream parlor and restaurant as well as the wide selection of goods, with everything from homemade fudge and gourmet chocolates to lumber and building materials to unique gifts and crafts.

COMMUNITY PARTNERSHIPS

Learn about local organizations and initiatives that are making a difference in the Poconos

Vacationers come from far and wide to enjoy the inspiring natural beauty and rich history of the Pocono Mountains, but the strength and warmth of local communities throughout Wayne, Pike, Monroe and Carbon counties are what truly make the Poconos such a wonderful place to visit again and again. The Pocono Mountains Visitors Bureau (PMVB) is proud to partner with many area organizations, charities and non-profits that have been giving back to the community for decades.

With roots stretching back to 1942, the Pocono Mountains United Way is celebrating 80 years of supporting the education, health and financial stability of Monroe County residents. Services like rental assistance, mentoring programs and an opioid task force are available for community members in need, while fundraising efforts range from the Crisis Response Fund to the Hospitality & Restaurant Worker Relief Fund. The Pocono Mountains United Way served almost 15,000 prepared

meals during the COVID-19 crisis and recently partnered with the PMVB and local restaurants for "Miracle Meals for Miracle Workers," with the goal of showing appreciation to local healthcare heroes with freshly-cooked meals.

The Pocono Mountains United Way teams up with the Pocono Mountains Visitors Bureau each year to host an annual golf tournament, with proceeds benefitting PMVB scholarships for high school

seniors and undergraduates, supporting future leaders in the hospitality and tourism industry. Other local United Way chapters providing community resources include the United Way of Carbon County, the United Way of Lackawanna and Wayne Counties and the United Way of Pike County.

Viewers of Pocono Television Network (PTN) may notice video segments about United Way campaigns. Community leaders regularly appear on PTN and on panels on the monthly Pocono Mountains Magazine show to share stories about local history as well as health tips and information on community resources. Throughout the pandemic, the Pocono Mountains Visitors Bureau partnered with local community and hospital leaders to provide timely information and public service announcements on PTN and other networks about masking, social distancing, vaccines and more.

Pocono Television Network also highlights NEPA Gives, a one-day online giving event that takes place in early June. Hosted by Carbon County Community Foundation, Greater Pike Community Foundation and Wayne County Community Foundation as well as Scranton Area Community Foundation and The Luzerne Foundation, NEPA Gives is designed to support local non-profits in their missions, which have been especially challenging in recent years. Donations to participating local non-profits are enhanced with bonus funds provided by sponsors, making donor dollars stretch further. The community foundation hosts

also offer grants and support year-round to a wide variety of local organizations, from family services to medical research to arts and culture to public area enhancements.

Caring for the environment and public spaces in the Poconos is another important part of PMVB partnerships. Twice a year, local volunteers gather for "Pick Up the Poconos" days. These destination-wide litter clean-ups help beautify over 20 locations throughout the four counties of the Poconos. Many dedicated individuals, groups, organizations and associations join in the initiative with private clean-ups as well. Over the last six years, close to 20,000 bags of litter have been picked up and properly disposed of through Pick Up the Poconos campaigns, which stretch beyond the biannual clean-up days to programs like Pocono 3C.

In June 2019, the Pocono Community Caring Company, also known as Pocono 3C, joined the list of Pick Up the Poconos initiatives. Pocono 3C was created in partnership with the Pocono Mountains United Way, RHD's Street 2 Feet Outreach Center and the Monroe County Municipal Waste Authority. The program is designed to give persons who are homeless, or in danger of becoming homeless, a job and case work to help them get back up on their feet. The work cleaning litter from side and main roads not only gives Pocono 3C participants an income at the end of every workday but also experience and references for a résumé. The Street 2 Feet team

helps program participants obtain stable housing and future employment, with opportunities for counseling and mentorship, while the Waste Authority provides guidance and expertise managing roadside cleanup crews.

"We have various volunteer programs dedicated to cleaning litter, but Pocono 3C has out-picked those programs ten-to-one," said James Lambert, Executive Director of the Monroe County Municipal Waste Management Authority. "Pocono 3C participants are extremely dedicated and committed to what they do." Since its start, Pocono 3C has seen 94 participants remove 5,547 bags of trash, including 336 tires, from 253 miles of roadway. Thanks to hard-working Pocono 3C program participants, the Pocono Mountains look a little more clean and beautiful all year-round.

Brand new this year, the Pocono Mountains Visitors Bureau established its first-ever Community Impact Grant. Grant dollars will help fund a variety of projects that have a lasting impact and improve the quality of life in communities throughout Wayne, Pike, Monroe and Carbon counties. Project examples include parking additions to trailheads or recreation areas, landscaping, playgrounds, recycling programs and more. As Chris Barrett, President and CEO of the Pocono Mountains Visitors Bureau shared, "Tourism is the lifeblood of the Pocono Mountains, and it's important that we assist the communities that host our nearly 30 million annual visitors."

EXPLORE

LEHIGHTON

Outdoor adventure, restaurants, shops and a rich history await

Located on the banks of the winding Lehigh River, the town of Lehigh offers outdoor adventure, restaurants, shops and a rich history to discover.

Known as the "Gateway to Carbon County," Lehigh first began to grow during the industrial boom of the nineteenth century. Businesses and factories sprang up, and the powerful current of the Lehigh River provided power for silk and lace mills. The railroad arrived in town in the mid-1800s; it was known as the "Route of the Black Diamond" due to its freight, Anthracite coal transported out of nearby Jim Thorpe, then known as Mauch Chunk.

What was once an industrial corridor is now part of the Delaware & Lehigh National Heritage Corridor. This peaceful path follows the route once taken by the train and canal, and Lehigh is a great starting point to take a hike or bike ride. Located right along the trail, the Lehigh Outdoor Center offers bike rentals as well as rafting and kayaking trips, plus a gear shop, snack bar and plenty of parking. As you paddle, pedal or pace along the Lehigh portion of the D&L, keep an eye out for murals painted by area artist Cruz Maria Gonzalez, who was inspired by the stories of people who travel along the trail.

Also located alongside the D&L Trail, Lehigh's Insurrection Distillery is ideal for a bike break and a quick drink. This chic micro distillery specializes in small-batch bourbon, vodka, rum and moonshine. Head into town, just a few blocks away from the river, to sample even more local food and beverage. Bonnie & Clyde Pub and Grill serves up delicious food in a

vintage 1930s atmosphere, while the Lorenzo Pizza Kitchen Restaurant and Wine Bar offers a variety of Italian favorites. If you've got a sweet tooth, Lehigh is sure to satisfy. Check out the gourmet donuts, cupcakes, custom cakes and more at Blended Bakery or stop in Jenny's Sweets for bulk candy and Polish water ice.

Take a stroll downtown to discover local businesses like Jokers are Wild Game Café, home to a board game library and escape room, or Beautiful Hidden Treasures, an eclectic antiques and collectibles store. The spacious outdoor amphitheater behind Lehigh Borough Hall was recently refurbished and hosts events like the annual Rocktoberfest every fall. Nearby in Colonel Jacob Weiss Park, the Lehigh Farmers Market hosts area growers, makers and sellers on select Saturdays. If that's not enough shopping for you, take a short drive to Country Junction - World's Largest General Store. It's easy to spend all day browsing the vast selection, visiting the petting zoo, eating at the ice cream parlor and restaurant plus enjoying fun year-round events for the whole family.

Scan the QR code above to learn more about Lehigh. You don't want to miss this small Carbon County town during your Poconos Trip!

ADVENTURE

in MONROE COUNTY

The seat of Monroe County, Stroudsburg shines with a striking mix of historic allure and modern appeal. From shops to shows to seasonal festivals, its vibrant, walkable downtown has something for everyone.

Featured as a top “snow town” in Country Living Magazine, Stroudsburg’s charm can be felt during all four seasons. We interviewed a local expert on the borough, none other than Stroudsburg’s Mayor, Tarah Probst.

Q: What makes Stroudsburg a great place for people to visit?

A: There’s nothing better than having someone from New York or Philadelphia say, “We love it here so much, we want to live here.” The proximity is great, and Stroudsburg has a beautiful, walkable downtown with unique shops and restaurants. From Thai and Portuguese to French, you name it, we have it. We also have five art galleries and numerous wineries, breweries, shops and cafes. Anything you need you can find in our borough, and there’s more to come.

Q: What are some of Stroudsburg’s family-friendly festivals and activities?

A: The Sherman Theater brings in great acts and shows multiple times a month, all while keeping true to the historic theater it is. There are also many different events and festivals downtown during the year. Winterfest is a huge event, as is Halloween on Main. There’s a massive Saint Patrick’s Day parade and a gigantic Christmas Tree Lighting that are popular as well.

Q: Tell us about Stroudsburg’s history.

A: The first settlers were here in the early 1700s. Jacob Stroud, the founder of Stroudsburg, moved here with his family in the late 1700s. He had Daniel, his second oldest son, come live in what’s known today as the Stroud Mansion to help him build the town. Stroudsburg was officially incorporated on February 5, 1815.

Q: What are some of the historic structures downtown that people can see today?

A: There are many beautiful buildings still here, and it seems like back then, people took pride in what they did and built, and structures were built to last.

The Stroud Mansion is one of them. There’s also the J.J. Newberry, which was a chain of department stores founded right here in Stroudsburg in 1911; it’s now a winery. Around Courthouse Square, the buildings are all original. It’s just a lovely, charming town.

Q: Did Stroudsburg undergo a revitalization?

A: As the county seat, this is where all the business took place. Prior to strip malls, every bit of shopping was done on this Main Street. You go through periods, but we’re better than ever over the last 20 years. The town is resilient and beautiful, and we are constantly reinventing ourselves while keeping the historic charm. Building and restoration projects are going on, and environmental initiatives are continuing to grow and expand, like our new solar trash cans. We’re just making sure our town always has the historic presence and preservation while moving forward to the future. What we’ve done over the last four years and what we plan to do, it’s going to be amazing for our town, our residents and our visitors.

4. Adventure Park

Can't get enough of the trees? Play up amongst them! Get your adrenaline pumping at an adventure park. Test your skills on treetop ropes courses, rock climbing walls, hillside tube slides and more.

At Blue Mountain Resort's Summit Aerial Park, guests can choose from four levels of difficulty, while adventurers at Gorilla Grove Treetop Adventures and The Adventure Center at Skytop Lodge will find in-air obstacles to navigate.

5. Boating

While in the Poconos, you have to get out on the water! Cruise along our rivers and lakes and catch beautiful reflections of the surrounding foliage and mountain slopes. Bring your own boat or rent one!

Rubber Duckie Boat Rentals offer boat rentals on Lake Wallenpaupack until late October, or you can book a guided cruise with Wallenpaupack Scenic Boat Tours. Visit one of our parks, such as Mauch Chunk Lake Park or Tobyhanna State Park, to launch your own boat from dawn until dusk.

6. Paintball

Battle it out beneath the trees to see who will bring home bragging rights. The 700-acre facility at Skirmish Paintball is the world's biggest paintball park, with over 50 playing fields to try, perfect for challenging friends and family to a round. At Kittatinny Canoes Paintball, warriors will find wooded battlefields providing natural cover and exciting mountaintop terrain.

7. River Trips

For unmatched views of the region, take a canoe or kayak down the Delaware River. Book a trip with one of our many guides at Edge of the Woods Outfitters, Shawnee River Trips, Chamberlain Canoes, Adventure Sports or Lander's River Trips.

Looking to kick things up a notch? Pocono White-water's Big Day Out packs three big adventures into one epic outing on the Lehigh River. Raft, bike and hike your way through the region select dates April through October. Equipment and meals are provided.

8. Zip Line

Fly through the trees on a zip line, either riding solo or racing a friend down the mountain! The 900-foot zip line at Whitewater Rafting Adventures in Nesquehoning is more than eight stories high.

Feel your adrenaline pumping as you zip through the sky on North America's longest twin zip-flyers at Camelback Mountain Adventures, or take a gentler ride, reaching speeds up to 35 miles per hour, with Pocono Zip Racer.

9. Fishing

With 122 miles of stocked river and 11,285 acres of stocked lakes, you'll wonder why you haven't fished the Pocono Mountains sooner. Fishing requirements vary by location. Big Brown Fish and Pay Lakes do not require a fishing license, while public waters and state parks, like Promised Land

State Park, require a license by PA Fish and Boat Commission laws.

Statewide trout fishing season begins April 2, 2022. Guided fishing trips are available from outfitters like Captain Joe's Fishing & Waterman Services and Ray's Charter Guide Service. Whether you're an avid angler or a beginner, trips can be customized to fit your experience, time and budget.

10. Hiking

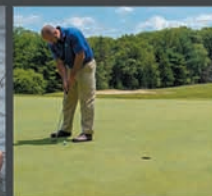

Over 126 hiking trails cover 260 miles of Pocono Mountains beauty. Hike throughout the area and discover paths leading to the tallest peaks and the lowest valleys. Find a quiet walk through nature preserves and education centers at spots like the Kettle Creek Environmental Education Center or Lehigh Gap Nature Center.

With trails ranging in difficulty, there's a hike for everyone. And who knows, you may even stumble across a waterfall. There are 19 waterfalls scattered throughout the region's hiking trails, including Bushkill Falls, "The Niagara of Pennsylvania," as well as Pennsylvania's tallest and second waterfalls, located within Delaware Water Gap National Recreation Area.

Looking for even more adventure in the Pocono Mountains? Check out activities and events occurring throughout the region, including seasonal festivals and fairs. There's always something exciting happening in the Pocono Mountains!

Connect to infinite memory-making times at Skytop Lodge. Whether your perfect vacation includes relaxation, exhilaration or a place to create new family traditions, 5,500 acres of unlimited possibilities await at the most treasured AAA Four Diamond destination in the Poconos.

POCONOS ROMANCE

Make your next romantic rendezvous
an unforgettable experience.

Dinner and a movie may be a safe bet for date night, but why not try something out of the ordinary?

From watching a breathtaking sunset up in the air to reigniting your romance while trying new recipes, we've got unique ways for couples to enjoy each other's company. Read on for five romantic memories to make with the love of your life in the Pocono Mountains.

1. Sunset Air Tour

If you've always wanted to take a ride in a private jet or helicopter, now's your chance. Moyer Aviation and Pocono Helitours both operate out of the Pocono Mountains Municipal Airport in Tobyhanna, providing year-round air tours of the Poconos. Don't you dare close your eyes: take an aerial ride with your sweetheart and be captivated by the region's beauty from a whole new perspective. Choose from popular flight plans or customize your own trip. What's more romantic than riding off into the sunset together, literally? It could even be the perfect opportunity to pop that question.

2. Spa Getaway

A day at the spa is an ideal way to relax and reconnect as a couple, especially at an award-winning location. The Lodge at Woodloch is a world-class destination spa and adults-only retreat offering luxurious experiences and treatments for two. Take a dip in the gorgeous AquaGarden with heated Hydromassage WaterWalls and soak in the serene and scenic natural beauty through the floor to ceiling windows. Pick from seasonal treatments, couples' massages and packages. Why hurry away? Book an overnight stay to give yourself more time for rejuvenation.

3. World-Class Performances

When's the last time you both enjoyed some live entertainment? Whether you're into fine arts and

theater, or your favorite band is in town, we've got amazing venues where visitors can enjoy shows all year-round. The Sherman Theater in Stroudsburg and Penn's Peak outside of Jim Thorpe are known for putting on terrific shows featuring renowned artists and groups. Join Harmony in the Woods in Hawley for an open-air concert or book a ticket to see a show in the art deco atmosphere of the Milford Theater & Performing Arts Center.

4. Cooking Classes

Interested in learning something together? Give a date night cooking class at Pocono Organics a go. Award-winning Chef Lindsay McClain teaches guests how to cook up delicious recipes in an intimate learning facility at the farm. Each class showcases a different dish and the techniques to create it yourself at home. Have some fun together while learning culinary tricks during these hands-on demonstrations.

5. Hike and Picnic

Opt for the great outdoors and bond with your loved one during a hike and picnic. There are plenty of beautiful trails to choose from all over the Pocono Mountains. Head to Irving Cliff for a bird's-eye view of the picturesque town of Honesdale or follow the Delaware & Lehigh National Heritage Corridor winding through breathtaking Lehigh Gorge. Discover tumbling waterfalls in Hickory Run State Park or the Delaware Water Gap National Recreation Area. Many parks also have picnic areas, so don't forget to pack a lunch to enjoy al fresco.

Date night is only the beginning of the romantic getaway possibilities in the Poconos. Plan your honeymoon in the former "Honeymoon Capital of the World" – yes, you'll still find the famous and beloved heart-shaped tubs at Cove Haven Resort. Check out romantic stays and packages available across the region, with many adults-only properties for couples looking for extra alone-together time. Show your sweetheart how much you care and celebrate your love in the Pocono Mountains.

For more on Ski Resorts in the Pocono Mountains, visit: PoconoSki.com

The slopes of Pennsylvania's Pocono Mountains have been welcoming skiers and snowboarders since the 1950s, and the region continues to attract experts and beginners alike. No matter what your skill level or snow-covered area of interest, there's a Pocono Mountains resort that's just right for you.

If you've never tried skiing or snowboarding before, there's no better place to learn. Let our dedicated and experienced instructors get you gliding down the slopes. If you're a skiing or snowboarding pro, you'll find plenty of black diamond runs to challenge you. Keep reading to find out which one of our six ski resorts fits you best!

Big Boulder Ski Area

Offering one of the best park systems on the East Coast, Big Boulder Ski Area in Lake Harmony is the place to be for boarders. Terrain parks and features cover the mountainside, occupying half of the slope space. Practice your tricks on ramps, jumps, hits, banks, fun boxes, jibs, rails, half and quarter pipes and more. Big Boulder is open until late, perfect for night skiing or snowboarding, with evening Discovery Beginner Lessons available as well.

Blue Mountain Resort

Palmerton's Blue Mountain Resort is sure to please everyone in the group: first timers have 14 beginner trails to choose from, snowboarders have five terrain parks to explore, and the brave can take on Razor's Edge, Pennsylvania's highest vertical, coming in at 1,082 feet. Book a group lesson with family or friends: whether you want to try snowboarding or skiing, everyone can stay together to learn the ropes from dedicated and experienced instructors. Recently expanded from 32 to 46 lanes, Blue Mountain's snow tubing park is now the largest in the country and a must-try. When it's time to take a break, enjoy outdoor dining areas with atmospheric string lights and fireplaces, plus on-site food trucks.

Camelback Mountain

With 39 trails and 166 acres of slope space, Camelback Mountain in Tannersville is the largest ski

resort in the Poconos. Excellent snow making and grooming across Camelback's 800-ft vertical rise ensure a smooth trip down the beautiful trails. The Learning Center at Mountain Village offers private and group lessons to get beginners comfortable navigating the mountain. After dark galactic snow tubing is an experience you won't forget, and Camelback's 42 lanes make it the second largest snow tubing park in the USA. Choose from three ski-in, ski-out restaurants and plenty of dining options, or book an overnight stay at Camelback Lodge. After a day on the slopes, spend an evening on the slides at the incredible Aquatopia Indoor Waterpark.

Jack Frost Mountain

Jack Frost Mountain in White Haven is a few peaks away from its sister resort, Big Boulder Ski Area. Just two hours away from Manhattan, Jack Frost's 12 lifts and 20 inviting trails offer a great variety for skiers and snowboarders. Sign up for beginner adult or child lessons at the Ski School, with advanced lessons also available for those looking to hone their skills. Start your morning on the mountain; the slopes at Jack Frost open at 9 a.m. seven days a week, with snow tubing available on the weekends. The new Epic Mix app makes it easy for guests to plan their day, consult interactive trail maps and receive up-to-the-minute resort notifications.

Shawnee Mountain Ski Area

A great winter outing is waiting for skiers and snowboarders at Shawnee Mountain Ski Area in East Stroudsburg. Recent enhancements include

new grooming and snow making equipment, updated eateries and brand-new rental equipment. Hop on one of 12 lifts, including a high-speed quad, to access 23 trails, two terrain parks and 125 skiable acres. From adult lessons and learn to ski packages to children's programs like "Skiwee" and "Mountain Cruisers," Shawnee Mountain is a great place to try skiing or snowboarding for the first time.

Ski Big Bear at Masthope Mountain

Situated just south of the Delaware River, not far from the New York-Pennsylvania border, Ski Big Bear at Masthope Mountain in Lackawaxen is the northernmost ski area in the Poconos. You won't have far to go from your car to your first run; the Mountaintop Village base lodge is located at the peak of the mountain, so you can grab your rentals and start cruising down the slopes as soon as you arrive. Ski Big Bear is fantastic for families and first-timers, with private and group lessons available. Friendly and knowledgeable instructors will take you through all the basics, from putting on your equipment to boarding the chair lift for the first time. Before you know it, you'll be sailing over the snow.

Be sure to take a look at our snow conditions page to find live powder updates before you arrive. Book your lift tickets, rentals and ski lessons online ahead of time, and take advantage of special seasonal ski savings. There's so much winter fun to experience in the area, you'll want to find a place to stay to enjoy your ski getaway to the max. See you on the slopes!

5 STYLES OF CAMPING

Immerse yourself in the stunning outdoor beauty for a relaxing and rejuvenating escape.

Whether you'd like to disconnect from the modern world entirely or know you'll want to check the 'likes' on your campfire pic right away, you'll find campgrounds with just the amenities you're looking for in the Pocono Mountains. From tranquil tent sites to cozy cabins, read on for a breakdown of options for your next camping trip.

Poconos camping season typically runs from late April to mid-October, and with dozens of locations throughout the region, we've got a style for everyone. Most of our campgrounds are family-owned and spread out across acres of wooded property, providing scenic backdrops and a wide range of bivouacking possibilities.

1. Tent Sites

Pitching a tent in your backyard is fun, but why not enjoy a change of scenery? Most campsites in the Poconos are furnished with everything you need: a fire ring, picnic table, water and electric, plus technology and restrooms providing hot showers available upon request.

Looking for a site close to the water? Driftstone Campground in Mount Bethel offers riverfront camping sites along the beautiful Delaware River. Get off the grid and enjoy a classic, old school camping experience at Cranberry Run Campground in East Stroudsburg.

"Ruff" it with your pooch! Local campgrounds like Peaceful Woodlands Family Campground in Blakeslee welcome pets and offer dog parks on-site. Check out our other pet-friendly accommodations to include your four-legged best friend in your vacation fun!

2. RV Campsites

Daily, seasonal, long term and year-round RV sites

are available at many area campgrounds. Mount Pocono Campground and Pocono Vacation Park are Big Rig friendly, with full hook-ups, 50 amp electric plus free TV and WiFi. Pull thru campsites and back in sites vary by location.

Forgot to stock up your RV cupboards? Most campgrounds have stores for the convenience of tent and RV camping guests alike, offering ice, campfire supplies and snacks, just to name a few items. At Four Seasons Campgrounds, guests can find RV accessories and propane in the store. On-site activities vary by location but include kid-friendly happenings, game rooms, entertainment and water recreation. Relax by the pool, play a round of mini-golf or join a game of beach volleyball. The choice is yours!

3. Cottages & Cabins

If you want to enjoy the great outdoors, but you're not quite ready to give up all the comforts of home, upgrade your camping experience with a stay at your very own fully-equipped cabin. Campgrounds like Hemlock Campground and Cottages in Tobyhanna offer the best of all worlds, with tent and RV sites as well as cottages and cabins to choose from. Kitchens, fireplaces and BBQ grills are just a few of the conveniences you'll find in your rental, and it wouldn't be like home without cable and internet, would it? Extend your camping getaway into a staycation and work from home in a cozy cottage rental.

Experience privacy and comfort from either wooded or waterfront retreats. Loch Highlands is located on the hills above Lake Wallenpaupack, offering incredible views. Enjoy the lakefront spread out in front of you from a rocking chair on your private porch. Countryside Cottages in Bartonsville is great for groups of all sizes, with two to six-bedroom cottages in a picturesque, rustic setting, with amenities like an outdoor pool, tennis courts, game room and playground on-site.

4. Summer Camps

Both children and adults can find a variety of exciting programs at Poconos summer camps.

Whether you're looking for a sleep-away camp for the season or planning to host a family reunion, the region's spacious camps offer something for everyone.

Looking for sports camp training for the kids? International Sports Training Camp offer programs for a range of ages. Spruce Lake Retreat hosts Christian camps for children throughout the summer while Trout Lake accommodates any large group up to 275 people.

Spring kicks off the busy season, and we recommend booking sooner rather than later. The earlier you make your camp reservations, the more availability you'll find!

5. Glamping in the Poconos

Ever heard of glamping? You never knew camping could be this glamorous and luxurious! Glamping provides guests staying outdoors with many of the amenities they'd find at indoor accommodations, not to mention an aesthetic backdrop for photos.

A glamping stay at the Campsites at Blue Mountain Resort begins with an ATV ride shuttle whisking guests to private sites with stunning views. Here you can reconnect with the outdoors by exploring hiking trails, fishing at the nearby pond or simply relaxing at your secluded camp site.

Pocono Glamping in Lehighton offers glammed-up tent accommodations with Adirondack chairs to relax in around your fire ring and a custom-built shower house for each site. Enjoy a luxurious tent stay at The Shawnee Inn and Golf Resort, either on the North Lawn or right alongside the Delaware River. Nearby showers and restrooms, WiFi and electricity are included with your stay.

Whether you've been dreaming of snuggling into a sleeping bag under the stars or planning a weekend cottage getaway filled with creature comforts as well as rustic charm, the Pocono Mountains has a camping option that's perfect for you and your family!

EXPLORE

CARBON COUNTY

Jim Thorpe, the seat of Carbon County, boasts a history stretching back 200 years. Offering both the charms of a European village and the thrills of a mountain sports destination, this Victorian town, known as the “Switzerland of America,” is one of the great gems of the Poconos.

Whether experiencing outdoor recreation in the nearby Lehigh Gorge or enjoying the old-world grandeur and modern shops and eateries downtown, visitors find so many unique attractions in Jim Thorpe that many come back year after year. We sat down with State Representative and Carbon County local Doyle Hefley to talk about Jim Thorpe.

Q: How would you describe Jim Thorpe today?

A: There’s just so much you can do. You can ride a bike, go whitewater rafting, hike the trails or just walk around the shops, and there are some great restaurants downtown. We now have the pedestrian bridge that brings you from the Delaware & Lehigh National Heritage Corridor Trail

in Lehigh Gorge right into downtown.

We’re also 20 minutes from three great ski resorts. You can stay at a quaint Victorian inn, experience all Jim Thorpe has to offer, and then tomorrow go skiing on some of the best slopes in the Poconos. While visiting, touring the Asa Packer Mansion is one of the things you want to do. Also, touring the Old Jail Museum with the handprint. Before the Molly Maguires were hung, one man put his handprint on the wall saying, “this will stay here as a sign of my innocence,” and you can still see that handprint today. Just get out and enjoy everything there is to offer here.

Q: Tell us about the history of the town and its name change from Mauch Chunk to Jim Thorpe.

A: Mauch Chunk was founded in 1818 and was named by the native Lenape Indians, meaning “sleeping bear.” Coal was big in the area and was transported to the markets in Philadelphia at the start of the Industrial Revolution.

When the economy shifted away from coal, Mauch Chunk was struggling. In 1954, a local sportswriter was contacted by Jim Thorpe’s wife who proposed to bring his body here. Today’s mausoleum was built, and the town unanimously vot-

ed for renaming the town to Jim Thorpe. Arguably the greatest athlete of all time, Jim Thorpe was a tremendous Olympian who pioneered today’s sports.

There’s one great picture of him wearing mismatched shoes and socks, then he went on to win the Olympics. It shows he overcame adversity, and he’s rough and tough; kind of says a lot about the town of Jim Thorpe too. Where the town was to where it is now shows how we reinvented ourselves and moved forward.

Q: Did Jim Thorpe go through a revitalization?

A: In the 1970s, Jim Thorpe became one of the first towns to register as a National Historic Preservation Site. In the early 1980s, buildings started to be refurbished. The town is built on top of a creek and would flood every spring; you can see the creek flowing underneath buildings today. They built the Mauch Chunk Watershed, which stopped the flooding, and people continued to make investments downtown, bringing the area back to life. There have always been a lot of opportunities, and I think it will continue to grow.
