Senator Rosalind Osgood			x	Julie Klahr, BBHC Attorney	x		
Marta Prado			x	Silvia Quintana, BBHC CEO	x		

BBHC Staff: Danica Mamby, Steve Zuckerman, Kerline Robinson, Stefania Pace **Carisk Staff:** Jennifer Braham, Shirley Murdock

DCF Staff: Suzette Fleischmann, Margaret DeCambre

Guests: Eugenia Nikitina, Jennifer Holtz, Rhonda Bohs, Harrison Grandwilliams, Kayla Calfore

1. Introductions/Roll Call

Roll call was taken as noted above. Board Chair, Commissioner Nan Rich, ascertained that there was a quorum.

2. Approval of November 17, 2022 Minutes

Without any corrections to the minutes, a motion was made by Mr. Larry Davis and seconded by Mr. Paul Jaquith. The Board unanimously approved the November 17, 2022 meeting minutes.

3. Approval of Financial Statements – October 2022 and November 2022

Consulting Chief Financial Officer, Mr. Steve Zuckerman, presented the October 2022 and November 2022 Financial Statements. Mr. Zuckerman stated that the paycheck protection program (PPP) loan was forgiven and converted into a grant. **On a motion made by Mr. Larry Rein and seconded by Mr. Paul Jaquith, the Board unanimously approved the October and November 2022 Financial Statements.**

4. CEO Evaluation

The Executive Committee met on January 17, 2023 to finalize the CEO's performance evaluation. Positive feedback was provided, and after reviewing the budget, a recommendation was made to award Ms. Silvia Quintana with a 10% increase. **On a motion made by Mr. Robin Martin and seconded by Mr. Larry Davis, the Board unanimously approved the CEO evaluation.**

5. Strategic Planning Focus Group

Ms. Rhonda Bohs presented BBHC's achievements over the last ten (10) syears. Ms. Bohs led a discussion about the strengths, weaknesses, opportunities, threats (SWOT) assessment completed by various focus groups. The Board was encouraged to create goals with the assistance of consumers, providers, and advocates to develop the five (5) year strategic plan.

6. Adjournment

The meeting adjourned at 5:58 p.m.

Minutes approved by: _

Ana Valladares, BBHC Secretary

CEO REPORT February 16, 2023

1. ITEMS FOR APPROVAL

- 1. Approval of Form 990
- 2. Approval of Amendment #0059
- 3. Approval of Proposed Reallocation

2. CURRENT SIGNIFICANT ISSUES

- A. 10th Year Anniversary Celebration BBHC has continued to work with KIP Marketing in the celebration of the 10th Year Anniversary by providing promotional billboards of our services. We are working with the United Way of Broward County in preparing the closing of our 10th year anniversary celebration at the Prevention Behavioral Health Conference in May. Additional educational opportunities are being worked on with other partners.
- B. Telehealth Services Broward Behavioral Health Coalition, Inc. (BBHC) has completed the initial roll out phase of the Let's Talk Interactive (LTI) platform, BBHC Portal Online, that will provide Care Coordination for Broward County Public Schools (BCPS) program, most multidisciplinary programs and Residential I & II. The following programs are now operational in the BBC Online Portal:
 - Broward County Public School Programs
 - One Community Partnership 3 (OCP3)
 - Residential I & II for Mental Health and Substance Abuse
 - Florida Assertive Community Treatment (FACT)
 - Forensic Multidisciplinary Teams (FMT)
 - Care Coordination Teams (CCT)
 - Broward Youth Re-entry Program 2 (BYRP2)
 - Community Action Treatment (CAT) Team
- **C.** School Board of Broward County Contract The amendment is in process. The program continues successfully as evidenced by the increase in referral month to month. At this time, there are over two hundred and fifty (250) participants referred. They are in the process of receiving assessments and/or treatment.
- **D. Staff** BBHC is advertising and interviewing for vacant positions.
- E. Effect Work Force shortage on the BBHC Provider Network Difficulty hiring and retaining staff continues to be an ongoing issue. However, at the last Provider Advisory Council meeting, the Workforce workgroup reported on a provider agreement with Nova Southeastern University and other universities to hire paid interns to provide services. Henderson's COO, Ms. Vivian Demille, led this effort and shared it with the provider network.
- **F. BBHC Strategic Plan** BBHC's Consultant conducted two (2) focus groups and a survey to gather input for the development of BBHC's Strategic Plan. One focus group was scheduled with the BBHC Board of Directors, where a SWOT analysis was presented. The survey was released to the Recovery Oriented System of Care (ROSC) Committee. The collected data informed the SWOT information presented to the BBHC Board of Directors.

The data from the SWOT analysis will be presented at the February ROSC meeting for further input. The second focused group was conducted with the Consumer Advisory Council. Staff was directed by the Board to review the recommended goals presented at the January Board meeting and to create objectives to be presented at a future Board meeting.

- **G. DCF Secretary Harris Meeting** The Quarterly Behavioral Health meeting was held in December of 2022. BBHC and the other Managing Entities were recognized for their support to the victims of Hurricane Ian.
- H. Child Abuse Death Review Committee (CADRC) The last meeting was on January 26, 2023. At the meeting in November 2022, the Statewide Committee focused on how to improve the death reviews rate throughout the state. Also there was a discussion regarding the data gathering for 'distracted death' and the lack of completion of the reports.
- I. Florida Commission on Mental Health and Substance Abuse The Data subcommittee met in January 2023, to review the final recommendation of the interim report submitted to DCF in December. Data sharing among all state agencies was an agreed priority.

3. UPDATES – CARISK RELATED

BBHC and Carisk – Ongoing weekly meetings are held to address issues, concerns, and policies.

4. UPDATES – DCF RELATED

- **A. Bi-Monthly Partnership Meetings** These meetings between DCF and BBHC are designed to facilitate collaboration, to address priority issues, and identify opportunities for improvement. Our next meeting will be on March 15, 2023.
- **B.** Network Provider Contract Provider contracts have been amended to realign with the DCF funding. BBHC and Carisk are conducting the mid-year lapse analysis to determine provider needs and the re-allocation of funds. This will be presented at the February Board meeting.

5. UPDATES - GRANTS RELATED

A. Family CPR Sustainability Project

- a. Peer Pilot Program South Florida Wellness Network (SFWN) continues to have a challenge obtaining their Medicaid number. BBHC is funding SFWN's Peer positions to support the sustainability project until these barriers are addressed.
- b. There are currently seventeen (17) families receiving services from SFWN peer support services.
- c. The joint monthly staffing is now being held in person at ChildNet. The first thirty minutes of the staffing are dedicated to Substance Use and Recovery Oriented System of Care brief trainings being provided by SFWN Peer Partners.

B. One Community Partnership 3 (OCP3)

a. The year four enrollment goal is to consent fifty-nine (59) young people in the evaluation. As of January 30, 2023, OCP3 has enrolled twenty (20) young people in the evaluation and is on track with meeting the enrollment goal.

C. Criminal Justice Mental Health Substance Abuse Reinvestment Planning Grant

a. To date, the Broward Youth Reentry Program 2 (BYRP2) has enrolled thirty two (32) youth. The enrollment goal for year 1 is fifty (50) youth by June 30, 2023.

b. In January 2023, The Project Director and Care Coordinator met with newly hired Juvenile Probation Officers at DJJ for a "Meet and Greet", to present program information, and answer questions.

D. Healthy Connections for Moms and Babies Regional Partnership Grant

- a. Administration of Children and Families awarded BBHC a Regional Partnership Grant (RPG) for a total of \$2,650,000 for 5 years.
- b. The first year is a planning grant for \$250,000 and the following four (4) years is an implementation grant targeting pregnant women with substance use disorders to engage them in treatment with recovery supports promoting the delivery of drug free babies. The first Orientation meeting with the RPG took place on November 7, 2022. General information about the grant was shared and introductions with the Federal Project Officer, Grants Manager, Evaluation team, Federal Consultant and the BBHC staff, Healthy Start Coalition Staff, and System of Care Partners, our Evaluators, took place.

E. Children Service Council of Broward County (CSC) Funded Services

Cohorts three and four of the HEAL initiative are currently attending reflective learning meetings where they are able to share and discuss their experiences in the community. The next training class will begin on 2/9/2023.

6. UPDATES - OPERATIONS RELATED

A. Care Coordination Teams

a. Adults:

- i. BBHC participated in a county wide stakeholder meeting requested by the judiciary to discuss issues related to the placement of jail inmates with behavioral health disorders to the community into higher levels of care. Several barriers were discussed.
- ii. Memorial Health and BARC are in the final stages of implementing two (2) new Care Coordination teams (Mental Health MH and Substance Abuse SA). BBHC continues discussion with Banyan regarding them returning the three (3) CCT teams they are currently funded (2 for SA and 1 for MH). All active clients are being staffed for proper transition while contact have been made to identify potential providers to continue these teams.
- iii. BBHC met with the South Florida State Hospital administrative and clinical teams to discuss barriers to clients' discharges. Systemic challenges were discussed and plans were made to proceed collaboratively as these challenges are being addressed.

b. Children:

- i. Additional Children's Care Coordination teams with a focus on working with the Mobile Response Team are up and running. Their focus is to continue to fill gaps identified and ensure that interventions can be in place as soon as possible, to prevent psychiatric hospitalizations.
- ii. SIPP Care Coordination continues to provide coordination of care for youth coming back to Broward County from SIPP Placements. Since the addition of SIPP Care Coordination to our Children's System of Care, families have been connected to services in a more effective manner.

B. Child Welfare Integration Initiatives

a. Motivational Interviewing Trainings continue being offered regularly, the last ones were held virtually on 2/6/23 & 2/7/23 for CCT-CW and FIT. There were approximately 25 individuals in attendance.

b. As a part of a continued effort to capture the maximum amount of provider updates via the Progress Exchange Form, BBHC will be cross referencing referrals made by DCM's to various community providers with PEF submissions BBHC is an active participant and supporter of the new DCF initiative that will add 3 Behavioral health Consultant to the county. This initiative will bring a standardized and consistent process for the complete process.

C. Housing Initiative

- a. Since opening the Homes United Bridge Transitional beds program, ten (10) individuals have been stepped down from residential placement and into a Bridge Transitional bed and additional individuals are in the process of being placed.
- b. Carrfour has begun construction on SW Hammocks the affordable housing development on the Howard C. Foreman Campus. If development stays on schedule, the project should be completed and ready for leasing in January/February 2024.
- c. BBHC's Director of Housing and SOAR Entitlements is the new Chair of Broward County's Housing Action Committee, he is also serving on the Council on Homelessness (Ending Homelessness Workgroup), which reports directly to Governor DeSantis.
- d. Since January 2022, TaskForce Fore Ending Homelessness' Residential Support Coordinators have worked with forty six (46) unduplicated homeless or at risk of homelessness individuals and families. Of the forty six (46), twenty eight (28) were placed in safe, stable housing. They continue working with the remaining person to find appropriate placement and continue to intake new people enrolled in their program.
- **D. SSI/SSDI Outreach, Access, and Recovery (SOAR) Statewide Initiative** The new SOAR Benefits Acquisition Specialist at HomesUnited is actively working with eight (8) individuals that are in various stages of the Social Security application process. She continues to assess those stages and has made contact with the Social Security Administration and the Department of Disability Determination to provide them with any items missing from their applications.

E. Supportive Employment

- a. BBHC is exploring the expansion of Individual Placement and Support (IPS) Supported Employment to the Early Treatment Program and the Florida Assertive Community Treatment (FACT) team located at Henderson Behavioral Health. BBHC met with Vocational Rehabilitation, Early Treatment, and FACT team staff to discuss the possibility of providing IPS services to fidelity to enhance the supported employment components on those teams.
- b. BBHC's Employment/Education Coordinator (SEEC) is working to expand IPS's educational component to younger youth. BBHC's SEEC met with the FLITE Center's Education Coordinator to discuss various programs offered through Broward College, and free tutoring programs which are provided by Broward County for youth under 17.

F. Children System of Care Plan

- a. BBHC continues efforts to implement the Children System of Care Plan, as mandated by HB945. It included all the progress attained for the first year and was submitted to DCF as mandated. *Please see attached summary.*
- b. Family Support Teams (CAT Team Tier 4) contracts have been executed. Currently, all three teams are up and running.
- c. Broward Supervisor's Collaborative meetings are well attended and providers have been contacting BBHC in order to be invited as word of the meeting is spreading throughout the community.

7. UPDATES – QUALITY RELATED

- A. Complaints and Grievances No new complaints received.
- B. Cultural Competency and Diversity Initiative No new updates.
- **C. Recovery-Oriented System of Care (ROSC) Statewide Initiative** BBHC network completed the Self-Assessment/Planning Tool for Implementing Recovery-Oriented Services (SAPT). The scores for each domain provided a network baseline of strengths and weaknesses for implementing recovery-oriented services. The BBHC network obtained a score of three (3) on forty-seven (47) of the fifty (50) questions on the survey, which indicates areas of strength that can be improved with staff training to support the four dimensions for sustaining a life in recovery; health, home, purpose, and community.
- **D. Contract/Program Monitoring** BBHC completed six (6) CAR monitorings through December. Monitorings are completed virtually as BBHC continues to adhere to health and safety precautions due to the COVID-19 pandemic. On-site facility tours were given by two providers.
- E. Performance Measures As of January 30, 2023, the BBHC network is passing all measures for which data has been calculated to obtain a score. Three (3) children's measures do not have scores because quarterly data entered in the system do not capture the algorithms used to obtain a score for these measures. BBHC is reviewing the records to determine if information is missing and providing technical support to providers as needed.
- **F.** Incident Reports There were twenty-seven (27) incidents reported during the month of November. There were thirty-three (33) incidents reported during the month of December.
- **G.** Consumer Person Served Satisfaction Surveys (CPSSS) During the 2nd Quarter of FY 2022-2023, BBHC received a total of 1,297 surveys. For the 2nd quarter of FY 2022-2023, the satisfaction rate for adult services was 86%, which is the same as the rate of overall satisfaction rate from last quarter. The satisfaction rate for children was 91%, which is 6% higher than the overall satisfaction rate from last quarter.

8. RISK AND COMPLIANCE UPDATE

No updates.

9. COMMUNITY RELATIONS

A. Coordinating Council of Broward (CCB)

- a. On December 2, 2022, and January 4, 2023 the Council met. The Chair recognized and congratulated BBHC's CEO on her Hero award by the FLITE Center for supporting behavioral health intervention services for transition aged youths in our community.
- b. Ralph Stone, Executive Director of the Broward County Housing Finance Authority, and Dr. Ned Murray, Associate Director of the FIU Metropolitan Center, presented the Housing Broward Master Plan Informational Session.
- c. Youth Shelter update was provided; however, no solution has been identified. BBHC's CEO suggesting Foster home or group home setting as an interim option. Suggested was a shelter setting of 6 to 8 youth with a foster parent and additional staff supports.
- d. Senator Rich conducted a meeting with the hospitals and stakeholders related to the increase in hospitalizations resulting in the United Way proposing to conduct a study in three phases. The first phase will explore already existing data related to child hospitalizations and mental health. Based on the data gathered in phase one, United Way will develop a plan on how to do a focus group. Phase three will be creating an action plan from the community-based

findings based on the data from phases one and two. There was an update by the Health Department on immunization. ChildNet discuss Youth trafficking article explaining how ChildNet is helping these children.

B. Florida Association for Managing Entities (FAME)

- a. BBHC participates in weekly conference calls.
- b. Tallahassee's legislative staff has proposed to release the \$21 million of the appropriation impacting the funding of Care Coordination at the ME level as well as the provider level and some prevention intervention programs. BBHC and the ME's statewide were able to adjust the funding to categories that DCF was prioritizing. These include crisis support and prevention of crisis and supported services.

C. Funders Forum

- a. Funders Forum met in February 2023.
- b. There was discussion as to community knowledge pertaining to access of care.
- D. Broward Suicide Prevention Coalition (BSPC) There are no updates.

E. BBHC Marketing and Educational Initiative

- a. BBHC continues to work with KIP to identify other community events to celebrate BBHC's 10th year anniversary.
- b. BBHC will be culminating the celebration at the Annual Behavioral Health Conference, hosted by the United Way of Broward County in May 2023.

F. Stepping up Initiative Jail Diversion Project

The contract amendment was executed, and the provider has started efforts to hire and staff the programs. A Project Director has been identified and an offer has been made.

10. MATTERS FOR NOTING

A. BBHC's CEO AWARD

BBHC CEO was selected from many applicants to receive the Inspiring Women of Health Award from the Health Foundation of South Florida for her contribution to behavioral health. The award luncheon will take place on March 23rd at the InterContinental Miami. This award is presented to women from various counties who have made exceptional contributions to the health of our community and have demonstrated leadership, commitment, vision, and passion in their efforts to improve the health and well-being of all residents of South Florida.

- B. FASAMS Please see Carisk Partners' Report.
- C. **Susan B. Anthony Recovery Center (SBA)** The agreement pertaining to the storage of SBA's records is still pending legal finalizing it. We have identified a vendor that will store the records. The contract is being finalized.

The final dissolution of SBA has taken place. BBHC's attorney has been working with the creditor's attorney to make final payment, based on their last invoice.

House Bill 9455 Managing Entity (ME) Plan Update

Region/Circuit(s): Southeast Region/Circuit 17

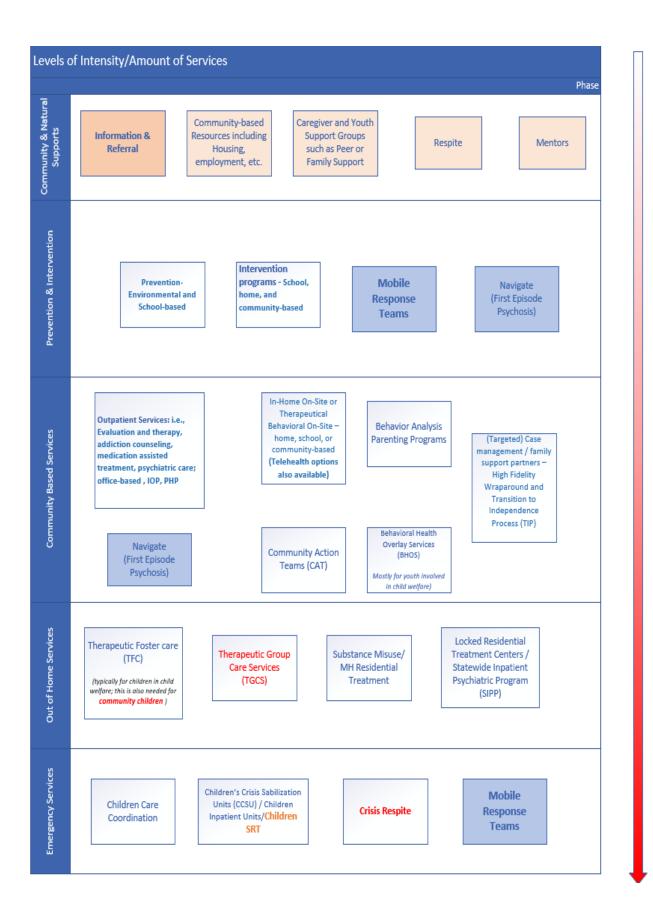

Due Date: January 1, 2023

Plan Originally Submitted: December 31, 2021

The Broward County community has collaborated to ensure that the children's system of care includes a "no wrong door" approach with a plethora of services and supports available for children and families. While the current children's system of care is functioning successfully overall, there are significant areas in which children and their families struggle with navigating. The difficulty of navigating the system of care results from the system's inherent complexity and critical gaps in the continuum of care.

APPENDIX 9.1 CHILDREN'S SYSTEM OF CARE OVERVIEW DIAGRAM (including integrated service delivery systems)

The diagram on the following page represents an overview of Broward County's current levels of care by intensity and number of services for the children's system of care. Included in red highlight are some of the identified unavailable or limited levels of care

Broward County's provider network has continuously provided superior services however improving the integration of behavioral health with primary care, child welfare and education as part of the prevention strategy is a must. This integration could not only improve quality and continuity of care but has the potential to address cost shifting and duplication of services and cost.

Access to care for children and adolescents with mental health and substance use will require the engagement of all major funders. The majority of children in Broward County are insured, primarily through Medicaid. Due to this, Medicaid health plans carry the heaviest burden and are fundamental in any collaboration effort. As the Managing Entity is the payer of last resort, providers need to be fully aware of the health plan's requirements to manage cost shifting and meet service needs of the community. In order for this to occur efficiently and effectively, system efforts need to ensure that all network providers are fully trained on Medicaid's products and covered services as well as the processes for claims, authorizations, denials and appeals.

Additionally, data sharing is paramount to ensure success on any efforts to coordinate a system of care. Broward County has a project actively pursuing this, the Broward Data Collaborative. This collaborative needs to continue working on developing the necessary legal agreements to wholistically integrate data from all systems. A best practice model of an enterprise data collaborative agreement, IDS terms and conditions and a data use license to implement across systems has been drafted and the next step is to ensure it is vetted and approved by all systems. Another support to helping the children and families we serve is expansion of access to care. We believe the fastest and best way to meaningfully improve access is to expand Medicaid. As almost one million Floridians remain uninsured, an expansion of Medicaid could immediately cover the majority of these families. Since Broward is so highly populated, the expansion of Medicaid would create an immediate and very significant expansion of services and smoother access to care. Access to care is our "true north," as we aim to create systems of care that are easy to access and easy to use.

Due to the above, community stakeholders strongly recommend that the legislature approves the expansion on Medicaid to 138% of the Federal Poverty level. This will allow a larger number of low-income youth, young adults and their families to be insured which results in facilitating their engagement in services earlier in the development of their problems. In addition to providing health insurance and strengthening access to affordable health care, the additional federal support would create job growth. These jobs will not only occur in the healthcare sector but also in retail, construction, and other industries, benefiting employers, workers, and communities overall.

The Broward County community has developed the following coordinated plan to address some of the previously identified barriers and present some enhancements in development for the system, based on integration across each system within the community. The Managing Entity will collaborate with community partners to develop a workplan to address the implementation of the coordinated plans listed below for each system.

As part of this effort, BBHC has made an effort at establishing a communication system based on several community meeting with focus on children's issues. Currently BBHC lead a stakeholder, high level administrators meeting on a monthly basis, the HB945- Broward Children System of Care Meeting. This meeting reports to the Recovery Oriented System of Care Committee of the Board. This meeting is fed information from several other meetings, such as the Data

Collaborative Meeting led by CSC and the Broward Provider Supervisor's Collaborative Meeting, which is attended by case managers and program supervisors; closer to the field and have different take of the system's needs.

BBHC also is an active participant of clinical staffings at different levels, such a Local review teams (LRT) and other community staffings.

COORDINATED PLAN: EARLY INTERVENTION

The Children's System of Care must focus on perinatal, neonatal, and infants. With purpose, BBHC has initiated and has expanded the following strategies.

The collaborative between the Healthy Start Coalition to train OBGYN physicians to identify mental health and substance use disorders of the pregnant women under their care. Provide the women with care coordination, peer support, treatment, and other supportive services as needed. The goal of these interventions will support a healthy pregnancy and delivery of a healthy, drug-free infant. These services will continue to be provided after birth up to children age 5.

BBHC has secured a five-year federal Regional Partnership Grant from the Children's Bureau that will significantly expand this effort in close collaboration with the Healthy Start Coalition. The grant is called Healthy Connections for Moms and Babies. This first year will be a planning year to include all partners for a successful transformation and coordination of the system of care.

BBHC will also expand the Collaborative with the Early Learning Coalition. Staff and directors from the Early Learning Coalition and Child Care Centers will be trained to identify infant mental health issues that may benefit from Infant Mental Health therapy to support parent-child bonding and address trauma, therefore supporting a healthy relationship between parent and child. This preventive intervention will help reduce further deterioration of children's behavior, leading to other mental health disorders.

COORDINATED PLAN: BROWARD SCHOOL SYSTEM

School Behavioral Health Services Program

In following innovative initiatives to fill gaps of service where identified, BBHC has launched a collaboration with Broward County Public Schools to establish a School Behavioral Health Services program.

The School Behavioral Health Services program will be a coordinated effort to strengthen the communication and coordination for students identified by school staff who need behavioral health services. In the past, school staff has directly made referrals for students to community behavioral health providers. For various reasons, the families did not engage in services and the schools were not aware. The low level of follow-up communication between the schools and community behavioral health providers at times has led to difficulty ensuring that students receive the services and support they need to succeed with educational and behavioral health life domains.

BCPS will contract directly with BBHC for the coordination and service provision oversight of the School Behavioral Health Services program. The School Behavioral Health Services program will comprise of professionals who understand the need for additional support to students and their families and link them to the community for behavioral health services. BBHC will utilize a HIPAA

and FERPA approved care coordination electronic system that will allow school, BBHC and community behavioral health staff to upload and share information regarding students' behavioral health services. It will also allow the Managing Entity to facilitate the referral process to strengthen timely connection and enrollment into community behavioral health services and provide continued service oversight.

Mobile Response Team

Based on the Best Practices Response Protocol for Schools to use Mobile Response Teams (MRT), BBHC and the Mobile Response Team will work with BCPS to strengthen school and community crisis intervention coordination. This increased coordination will improve successful de-escalation so that students can return to class after a crisis. This strengthened collaboration will include exploring the possibility of guardians providing advance consent for the Mobile Response Team to speak with students for de-escalation. The advanced permission provided before a crisis occurs will be similar to guardians' advance consent for other school support like medical services. This advanced consent will save time for the approval to be given in the moment of the crisis. When consent has not been provided in advance, the electronic care coordination system will be utilized so that the Mobile Response Team can receive consent from parents via telehealth. The Mobile Response Team will be able to utilize the electronic care coordination system to view past information for students in crisis who have received services and support from a BBHC network provider.

In addition, to further strengthen the Mobile Response Team and BCPS collaboration process, the protocol will ensure training is provided to schools and staff to ensure the timely notification of guardians when an initiation for a Baker Act is needed. BBHC, the Mobile Response Team, and BCPS will work collaboratively to train school personnel and the community on the protocol for the Mobile Response Team as it relates to schools, emphasizing that when consent is not provided by parents, the Mobile Response Team can still support school staff who will then directly work to de-escalate and manage the crisis situation with support from the MRT. Information dissemination will be translated into multiple languages.

COORDINATED PLAN: CHILD WELFARE SYSTEM

Family Connections Through Peer Recovery (Family CPR)

As the Family CPR grant has completed its fifth and final year, the program will continue to focus on sustainability and infrastructure changes. In order to sustain peers throughout the Child Welfare process as an integrated partner, the project is advocating for a higher rate of pay for peer work through Medicaid. This enhanced rate would allow for Child Welfare to have dedicated peers working directly with families and Child Welfare Staff.

Broward Behavioral Health Coalition, in partnership with ChildNet, has hired, and trained a Family CPR Behavioral Health Consultant (BHC) to sustain the Family CPR model. This BHC will be trained in the Family CPR model (with the enhancement of Motivational Interviewing) and will be responsible for providing training across ChildNet. Additionally, we will be advocating to have the Broward Dependency Courts review the progress of these families more often, minimally once a month to accelerate the process of case resolution to permanency.

COORDINATED PLAN: DEPARTMENT OF JUVENILE JUSTICE

Broward Youth Reentry Program 2 (BYRP2)

Broward County currently has services in place for juveniles with mental health, substance Misuse, and co-occurring disorders involved in the criminal justice system and has repeatedly demonstrated its commitment to adopting or devising ways to divert those individuals from arrest and incarceration. Despite these ongoing efforts, Broward County continues to face the need to provide services for juveniles and young adults transitioning to adulthood (up to age 21) with mental illnesses, substance Misuse, and co-occurring disorders. While an array of services exists, there continues to be a need for better identification and coordination of the services that build on strengths to enable young people to pursue their goals across relevant transition domains.

BBHC will continue collaborating with DJJ through the Broward Youth Reentry Program 2 (BYRP2), commenced in July 2022. BYRP2 that has expanded the services to high-risk youth by including youth with a mental health or substance use disorder who have a history of serious and violent chronic offenses with a prolific arrest history leading to repeated detainment or commitment. These youth are sometimes challenging to engage and are often "recycled" through the juvenile system with multiple detainments and often obtain adult charges. BYRP2 will offer services to caregivers and siblings of youth enrolled in the program to curtail their involvement in the juvenile justice system.

COORDINATED PLAN: OUT OF HOME PLACEMENT PROGRAMS

Weekend Respite

A gap in service identified was the lack of respite available for youth in Broward County. The Weekend Respite program serves to provide weary parents and caretakers with short-term (weekend) care for youth ages 12-17. The Weekend Respite program offers 24/7 wake staff, daily meals and fun weekend activities for the youth.

BBHC is still in the process of developing a similar program for children under 12 years old with the collaboration of Childnet.

Statewide Inpatient Psychiatric Program (SIPP)

A gap in service identified in Broward County is the lack of a "*Transition to* Statewide Inpatient Psychiatric Program *Placement Facility*." There are many instances in which a youth who is Baker Acted stabilized and no longer meets the criteria for hospitalization. However, going back home presents a complex and dangerous situation for various reasons that pose the risk of active danger in the home. In these scenarios, a psychiatrist may recommend Statewide Inpatient Psychiatric Program placement for the youth to properly process and work through their issues. Unfortunately, there are long Statewide Inpatient Psychiatric Program waitlists which means a youth has about a 4-5 week wait until admittance to a Statewide Inpatient Psychiatric Program.

There is no current solution for the youth during this 4-5 week wait. There is a high likelihood that the youth may become a danger to themselves or others and therefore be Baker Acted again if released to the home. The youth cannot stay at the hospital because they are stabilized and no longer present an active threat to themselves or others. Keeping youth in the hospital at this time would violate their rights. Based on the current shortage of SIPP beds, the solution would be to

have a short-term (one to three months) placement in a therapeutic facility where the youth could thrive and not be subjected to triggers for another episode until a SIPP bed becomes available.

COORDINATED PLAN: Children's Care Coordination

Children's Care Coordination Teams

Care Coordination serves to assist children and their families in the process of transitioning from Children Crisis Stabilization Units (CCSU) and Statewide Inpatient Psychiatric Programs (SIPP) until they are effectively connected with services and supports needed to thrive in their home environment. The Children Care Coordination Teams (CCT) will ensure that the children are effectively connected with the services and supports they need to transition successfully from higher levels of care to effective community-based care. It will also assist the families of these children to support and guide them through the process. This includes services and supports that affect both the children and families' well-being, such as primary physical health care, housing, and social connectedness. Care Coordination connects systems including behavioral health, primary care, peer and natural supports, housing, education, vocation, and the justice systems. It is time-limited, with a heavy concentration on educating and empowering the family served and provides a single point of contact until a youth is adequately connected to the care that meets their needs.

Receiving Facilities' Care Coordination Team

BBHC has established Children's Care Coordination Teams to work with the four children's receiving facilities and provide care coordination services outlined above to youth that are high utilizers (having 3 or more admissions in the last 108 days). Children Care Coordination teams are made up a of a clinical care coordinator and a family peer specialist. The care coordinator functions as the case manager for the family as the family peer specialist is a support for the parents/guardians as well as the youth. The family peer specialist assists in encouraging the family to follow through with recommendations when they are ambivalent towards follow up care by utilizing their "lived in" experience to help the family see the benefit of timely follow-up care from a stabilization episode of care.

SIPP Care Coordination Team

The Children's Care Coordination initiative has expanded with additional teams to address the discharges from the Statewide Inpatient Psychiatric Programs and assist the youth and family by connecting them to the appropriate resources and services as it has been identified as a barrier. The children are discharged from the Statewide Inpatient Psychiatric Programs into the community and at times the transition is not supported enough as to secure the stability and wellbeing in the community. These teams are identical to the Receiving Facility teams in compositions, but work in collaboration with all the SIPPs in the state in supporting all Broward children on their discharges through the care coordination model outlined previously

MRT Care Coordination Teams

The Children's Care Coordination initiative has continued expanding with additional teams to work with the Mobile Response Team (MRT) as it was identified that youth who are successfully diverted from a Baker Act by the MRT often times do not follow through with the MRT team's referrals for follow up care, which results in continued MRT calls and/or an admission to a

receiving facility. MRT Care Coordination Teams are identical to the receiving facility teams in composition.

Family Support Teams

A gap in service delivery identified in Broward County outlined in the SIPP section above, is that at times there is a waitlist for higher level of care services. The Family Support Teams were created in order to stabilize the home environment until placement was available for the youth. This would allow for the youth to have less reoccurring hospitalizations while waiting for placement. The composition of the Family Support Teams includes a therapeutic component by means of a clinician which actively identifies short term goals that can help the family minimize further hospitalizations until a placement becomes available at a higher level of care.

Specialized Therapeutic Group Home (STGH)

The AHCA 65E.9 Rule for Specialized Therapeutic Group Home STGH, which established the licensing requirements, has become too stringent to implement in the community when combined with the corresponding reimbursement rate. This reimbursement is too low as these facilities are held to extremely high standards. The result has been that providers have been forced to close down these programs as they are not sustainable. The Broward County community providers plan to organize to brainstorm solutions to the lack of Specialized Therapeutic Group Home s. The community will explore alternative solutions to Specialized Therapeutic Group Home s and explore funding mechanisms to implement creative programs. In addition, the community will work together to advocate for increased rates for Specialized Therapeutic Group Home s and explore ways to ensure that Specialized Therapeutic Group Home s meet licensure requirements while also meeting the needs of youth served with the hope that Specialized Therapeutic Group Home s that have closed can re-open.

Inpatient Substance Use Treatment Services

Another significant service gap in Broward County's system of care is that there are no inpatient substance use treatment centers for youth and young adults. While BBHC executes single-case agreements with a provider in a closely neighboring County for inpatient substance use treatment services for males, there is no agreement in place for female youth and young adults. BBHC will explore residential substance use treatment options for female youth and young adults to ensure that those needing inpatient substance use treatment receives the necessary care.

COORDINATED PLAN: HOUSING

Southwest Hammocks

To address the need for more housing for individuals living with severe and persistent mental illness, Carrfour Supportive Housing, an affordable housing developer, in collaboration with BBHC, applied for and was awarded RFA 2021-106 from the Florida Housing Finance Corporation. Southwest Hammocks will be a 100-unit affordable housing apartment complex built on a vacant lot within the Howard C. Foreman Campus in Pembroke Pines. Southwest Hammocks will accommodate many individuals served within BBHC's provider network, including young adults unstably housed and transitioning into adulthood. BBHC will fill an essential role in helping

to identify the qualifying individuals and families that will call Southwest Hammocks homes. The partners aim to complete Southwest Hammocks by the end of the year 2023.

Southwest Hammocks, a recovery-oriented, supportive community for young adults and adults living with severe and persistent mental illness, is proposed as a timely, first-of-its-kind model for the State of Florida. The community will become a prototype example for residential stability, selfsufficiency, and wellness for those most impacted by severe and persistent mental illness. The overarching goal of Southwest Hammocks is to provide residents with voluntary, self-directed, and recovery-based services within a supportive community that promotes residential stability, self-sufficiency, wellness, and independence. Other partners in the collaboration include NAMI of Broward (which is an advocacy organization that provides support groups to adults living with mental illness), Foot Print to Success Clubhouse (which provides an evidence-based employment program for adults living with mental illness using the Clubhouse model), and South Florida Wellness Network (a peer-run organization committed to behavioral health and holistic wellness for those living with mental illness). All partners will provide services on-site- making Southwest Hammocks a full-service wellness community where young adults and adults living with severe and persistent mental illness can live in a supportive community and access all necessary services on-site. BBHC will serve as the coordinated entry point and screen and prioritize all referrals using priorities developed by their Housing Initiatives Workgroup to ensure that Southwest Hammocks houses the most vulnerable.

COORDINATED PLAN: EVIDENCED-BASED SUPPORTED EMPLOYMENT

Broward County was the first county in Florida to implement the Individual Placement and Support (IPS) Supported Employment evidence-based model for individuals living with serious mental illness who want to work. While we have made excellent progress with implementing Individual Placement and Support within the community, BBHC will work with Medicaid and the Department of Vocational Rehabilitation to braid funding for Individual Placement and Support employment services. Braiding Individual Placement and Support funding will allow for services and supports to be integrated and connect across all three payers. The goal is for Medicaid to be billed for employment services tied to medical necessity for persons served, for Vocational Rehabilitation to pay for milestones and employment supports and for BBHC to fill in any gaps necessary to successfully complete the employment search and job retention efforts.

In addition, BBHC aims to advocate with DCF for funding for the Supported Employment position at the Managing Entity level. Like with housing, having a dedicated employment oversight position at the Managing Entity level will allow for training, technical assistance and fidelity reviews in employment to take place as a priority focus. Currently, the employment position at BBHC is federally funded.

COORDINATED PLAN: WRAPAROUND

BBHC aims to work with community providers and funders of behavioral health services to build coaching capacity in the community. Broward County funders will discuss the requirements for certification and coaching in the Wraparound process. BBHC will develop a process for monitoring Wraparound principles and facilitate a discussion around what contract requirements should look like in terms of Wraparound. In addition, BBHC will participate in the Statewide Wraparound Learning Community and encourage other funders to become members.

Amendment #0059

Effective the latter of February 1, 2023, or the last date of the signatories, this amends the above referenced Contract as follows:

1. The following items were last addressed in the corresponding Amendments:

Amendment #0043: 7

Amendment #0044: 6

Amendment #0050: 3

Amendment #0056: 4-5

Amendment #0058: 2, 8-10

2. In 1.1, \$719,863,553.07 is replaced by \$722,833,317.07.

3. A-1.1.2 is amended to add:

Guidance 36 – Linking, Advocating, Treating, Transitioning, Empowering and Recovery Support (LATTERS); Florida Assertive Community Treatment (FACT) Tier 2 Variation

Guidance 37 - Family First Prevention Services Act (FFPSA) Teams, Community Action Treatment (CAT) Tier 2 Variation

Guidance 38 – Community Action Treatment (CAT) Team for Ages 0-10, (CAT Tier 3 Variation)

Guidance 39 – Multidisciplinary Child Welfare Teams, Family Intensive Treatment (FIT) Tier 2 Variation

4. C-1.2.3 is amended to add:

C-1.2.3.23 Guidance 32 – Community Action Treatment (CAT) Team

C-1.2.3.24 If **Exhibit C2 Table 1a** contains funds allocated for the team models below the Managing Entity shall implement subcontracts in compliance with the following guidance documents. The Managing Entity may elect to implement additional teams under these models, on condition those subcontracts are in compliance with the appropriate guidance.

C-1.2.3.24.1 Guidance 36 – Linking, Advocating, Treating, Transitioning, Empowering and Recovery Support (LATTERS), Florida Assertive Community Treatment (FACT), Tier 2 Variation

C-1.2.3.24.2 Guidance 37 – Family First Prevention Services Act (FFPSA) Teams - Community Action Treatment (CAT), Tier 2 Variation

C-1.2.3.24.3 Guidance 38 – Community Action Treatment (CAT) Team for Ages 0-10 (CAT Tier 3 Variation)

C-1.2.3.24.4 Guidance 39 – Multidisciplinary Child Welfare Teams - Family Intensive Treatment (FIT), Tier 2 Variation

5. The yellow highlighted portion of the table below amends **C2**, **Table 1a**. The non-yellow highlighted parts are for illustrative purposes only and are unaffected by this amendment.

BBHC Board of Directors Update January 2023

Network Management

- All contracts (40) were executed prior to the start of this fiscal year, July 1, 2022. This includes three (3) new providers this fiscal year. School Board contracts started submitting invoices for served in November 2022.
- All Risk Assessments were completed and finalized.
- All 4 quarterly meeting have been schedule and sent to the Providers for FY 22-23. First quarterly meeting was held on August 26, 2022 and second quarterly meeting was held on December 8, 2022.
- Carisk has enhanced the Contract Module to better support the ME in the contract negotiation process and reduce time-consuming tasks.
- Carisk is currently working finalized the December invoices to assist in preparing for Amendments to align with BBHC's SOF.

Network Management Statistics FY 22-23

Number of invoices submitted (A)		54	56	57	60	63	62	54					406	9 invoice pending

** Currently under review.

Data Management and Reporting

- New features to the Required Reports were added.
- Released the Staff Module and supported providers with technical assistance and training related to this new feature.
- Added notification by email when password is changed or an account is re-activated.
- Added improvement to the Financial Reports (e.g., ability to generate reports by Carry Forward or Regular OCA's, Added SRI to Denied Service Report, etc.)
- LOCUS integration within the Carisk Portal has been released, and our team is working on a new user role for LOCUS/CALOCUS users for limiting their access to other portions of the application.
- The Authorization Module to support Utilization Management tasks that will be integrated with the Electronic Invoice started February 1, 2023.
- Carisk continues participating in the JAD (Joint Application Design) meetings with DCF and Fei Systems in order to provide input in future changes of FASAMS.

Part IV Supporting Organizations

(Complete only if you checked a box in line 12 on Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? *If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.*
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? *If "Yes," describe in Part VI when and how the organization made the determination.*
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)
 (B) purposes? If "Yes," explain in **Part VI** what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? *If* "Yes," *describe in* **Part VI** *how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.*
- **c** Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? *If* "Yes," *explain in* **Part VI** what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in **Part VI**, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If "Yes," provide detail in Part VI.*
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? *If "Yes," complete Part I of Schedule L (Form 990).*
- **9a** Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? *If "Yes," provide detail in Part VI.*
- **b** Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "*Yes*," *provide detail in* **Part VI.**
- c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? *If* "*Yes*," *provide detail in* **Part VI.**
- **10a** Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If "Yes," answer line 10b below.*
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

			Yes	No
11	Has the organization accepted a gift or contribution from any of the following persons?			
а	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and			
	11c below, the governing body of a supported organization?	11a		
b	A family member of a person described on line 11a above?	11b		
c	A 35% controlled entity of a person described on line 11a or 11b above? If "Yes" to line 11a, 11b, or 11c, provide	11.0		
Ŭ	detail in Part VI.	11c		
oct	ion B. Type I Supporting Organizations			
			Yes	No
			res	NO
1	Did the governing body, members of the governing body, officers acting in their official capacity, or membership of one or			
	more supported organizations have the power to regularly appoint or elect at least a majority of the organization's officers,			
	directors, or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s)			
	effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported			
	organization, describe how the powers to appoint and/or remove officers, directors, or trustees were allocated among the			
	supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.	1		
2	Did the organization operate for the benefit of any supported organization other than the supported			
	organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part			
	VI how providing such benefit carried out the purposes of the supported organization(s) that operated,			
	supervised, or controlled the supporting organization.	2		
Sect	ion C. Type II Supporting Organizations			
			Yes	No
1	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors			
	or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control			
	or management of the supporting organization was vested in the same persons that controlled or managed			
	the supported organization(s).	1		
act	ion D. All Type III Supporting Organizations			
CUL			Yes	No
1	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the		Tes	NU
	organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax			
	year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the			
	organization's governing documents in effect on the date of notification, to the extent not previously provided?	1		
2	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported			
	organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how			
	the organization maintained a close and continuous working relationship with the supported organization(s).	2		
3	By reason of the relationship described on line 2, above, did the organization's supported organizations have			
	a significant voice in the organization's investment policies and in directing the use of the organization's			
	income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's			
	1100110011001100100000000000000000000			
	supported organizations played in this regard.	3		

BROWARD BEHAVIORAL HEALTH COALITION INC

1 Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions).

- a The organization satisfied the Activities Test. Complete line 2 below.
- **b** The organization is the parent of each of its supported organizations. *Complete line 3 below.*
- c The organization supported a governmental entity. Describe in Part VI how you supported a governmental entity (see instructions).
- 2 Activities Test. Answer lines 2a and 2b below.

Schedule A (Form 990) 2021

- a Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? If "Yes," then in **Part VI identify** those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.
- b Did the activities described on line 2a, above, constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.
- 3 Parent of Supported Organizations. *Answer lines 3a and 3b below.*
- **a** Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? *If "Yes" or "No," provide details in Part VI.*
- **b** Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? *If* "*Yes*," *describe in* **Part VI** *the role played by the organization in this regard.*

Continuous Quality Improvement 2nd Quarter Report – Fiscal Year 2022-2023

Report Date	January 10, 2023
Review Period	October 2022 to December 2022
BBHC CQI Staff	Caren Longsworth, DSW, LCSW – Director of Quality Improvement Lucia Garcia, MS – Continuous Quality Improvement Coordinator Zakiya Drummond, MSW – Program/Contract Monitor Amelia Benson, MS – Program/Contract Monitor TaKisha DuPree, MS – Program/Contract Monitor
Report Reviewed & Approved by	Danica Mamby, MPA, CHC – Managing Director of Administration

Scope/Purpose:

The 2nd Quarter Continuous Quality Improvement (CQI) Report is a summary of all CQI activities and reporting in the Quarter being reported. During the 2nd Quarter of Fiscal Year (FY) 2022-2023, BBHC's CQI Department has conducted the following functions:

- 1. Processed electronic submission of Community Person Served Satisfaction Surveys for the 2nd Quarter
- 2. Investigated the Complaints & Grievances received by BBHC
- 3. Provided oversight of the Secret Shopper Initiative
- 4. Reviewed Performance Measures for accuracy
- 5. Managed the tracking and follow-up of Incident Reports
- 6. Conducted Contract Accountability Review Monitoring
- 7. Provided technical assistance to Network Providers
- 8. Disseminated the SAPT assessment to Network Providers
- 9. Provided IRAS training to Network Providers

Documents Reviewed:

During the preparation of this report, the following documents were reviewed:

- 1. Department of Children and Families (DCF) Community Person Served Satisfaction Surveys (CPSSS)
- 2. Cultural Competency and Diversity Plan for FY 2022-2023
- 3. ROSC Plan for FY 2022-2023
- 4. 2nd Quarter Complaint & Grievance Log
- 5. 2nd Quarter Secret Shopper calls reviewed
- 6. BBHC and Network Provider Performance Measures
- 7. 2nd Quarter Incident Reporting Report Tracking Log
- 8. Contract Monitoring Schedule
- 9. CAR Monitoring Reports

Summary:

DCF Consumer Person Served Satisfaction Surveys

During the 2nd Quarter of FY 2022-2023, BBHC received a total of 1297 surveys. Surveys are being collected on the DCF survey platform and then DCF disseminates the results to the Managing Entities. For the 2nd quarter of FY 2022-2023, the satisfaction rate for adult services was 86%, which is the same as the rate of overall satisfaction rate from last quarter. The satisfaction rate for children was 91%, which is 6% higher than the overall satisfaction rate from last quarter.

Table 1 (Adult Domains) shows the overall satisfaction rates separated into the survey domains for adults. Table 2 (Child Domains) shows the overall satisfaction rates separated into the survey domains for children. Most respondents agreed or strongly agreed that the services they received were helpful. For adults who are receiving substance abuse and/or mental health services, social connectedness had the lowest satisfaction percentage. For children receiving mental health services, social substance abuse services, functional satisfaction had the lowest satisfaction percentage.

Social connectedness and functional satisfaction for adults and children had the lowest rates reported last quarter. Network providers are encouraged to coordinate additional supportive services during and after treatment to enable persons served to increase social connectedness and improve functional satisfaction.

Table 1 – Adult Domains

Adult Mental Health: Total Surveys – 630 = 85%										
General Satisfaction	Access to Care	Appropriateness/ Quality of Care	Outcome of Care	Involvement in Treatment	Social Connectedness	Functional Satisfaction				
4.27	4.28	4.32	4.32	4.27	4.07	4.27				
85.6%	85.6%	86.4%	86.4%	85.4%	81.4%	85.4%				

Adult Substance Abuse: Total Surveys – 476 = 87%

General Satisfaction	Access to Care	Appropriateness/ Quality of Care	Outcome of Care	Involvement in Treatment	Social Connectedness	Functional Satisfaction
4.30	4.36	4.40	4.40	4.38	4.15	4.34
86%	87.2%	88%	88%	87.6%	83%	86.8%

Table 2 – Child Domains

Child Mental Health: Total Surveys – 149 = 94%

General Satisfaction	Access to Care	Appropriateness/ Quality of Care	Outcome of Care	Involvement in Treatment	Social Connectedness	Functional Satisfaction
4.71	4.72	4.85	4.66	4.72	4.53	4.61
94.2%	94.4%	97%	93.2%	94.4%	90.6%	92.2%

Child Substance Abuse:	Total Surve	ys - 42 = 87%
------------------------	--------------------	---------------

General Satisfaction	Access to Care	Appropriateness/ Quality of Care	Outcome of Care	Involvement in Treatment	Social Connectedness	Functional Satisfaction
4.36	4.39	4.62	4.36	4.36	4.31	4.21
87.2%	87.8%	92.4%	87.2%	87%	86.2%	84.2%

Cultural Competency and Diversity Initiative

Broward Behavioral Health Coalition (BBHC) is committed to maintaining the value of cultural competency at the forefront of our daily interactions with children, youth, adults, and families, as well as with system partners and service providers. We are committed to action from all System of Care partners that is directed and focused.

BBHC collects data during OCP3 evaluations, which identified racial, ethnic, religious, spiritual, linguistic, sexual orientation, gender, gender identity, education, income, health beliefs and practices, discrimination, and historical barriers for persons served.

During Contract Accountability Review monitoring, BBHC reviews Cultural Competency and Diversity Plans for network providers and ensures that the plans have been maintained. When facility tours are conducted, BBHC staff ensure that network providers have information printed or have access to information in English and other languages.

Complaints and Grievances

During the 2nd Quarter of FY 2022-2023, BBHC did not receive any formal complaints.

ROSC

ROSC is a value-driven framework to guide systems transformation. This involves a network of clinical and nonclinical services and supports that sustain long-term, community-based recovery, and structuring behavioral health systems. The network of services both formal and informal are developed and mobilized to sustain long-term recovery for individuals and families impacted by behavioral health disorders.

BBHC staff work closely with the DCF Recovery Oriented Quality Improvement (ROQI) Specialist and the DCF Statewide Recovery Integration Specialist to improve recovery services offered in Circuit 17. During the 2nd Quarter, one network service provider was monitored for ROSC implementation by the ROQI. Care Coordination and linkage to support services was an area identified as an opportunity for improvement. Providers must ensure that persons served are being referred to outside and aftercare supportive services to maintain recovery efforts, and that the referrals are documented in the persons served files.

BBHC network service providers completed the annual ROSC Self-Assessment Provider Tool (SAPT). The results were analyzed and will be presented at the CQI meeting in February. Providers who had more than five staff complete the SAPT will be provided with an individualized report.

Secret Shopper Initiative

BBHC continues to manage the Secret Shopper Initiative, which was created to identify opportunities for system of care improvement. This initiative is focused on ensuring that front line staff, receptionists, and those who answer phone calls of individuals seeking services and information about services are knowledgeable about what services are available, provide a welcoming and encouraging environment, and do not discourage services based on ability to pay or other factors. Additionally, this initiative is to ensure the BBHC network providers have implemented a "No Wrong Door" policy. The No Wrong Door policy is the model for service delivery to persons served who have mental health or substance use disorders, or both, regardless of the point of entry to the behavioral health care system, as referenced in the Florida Statutes (FS 394.4573(1)(d).

During the 2nd Quarter of FY 2022-2023, thirty-seven (37) network providers received secret shopper calls. Ninety-five percent (95%) of the calls made to network providers were productive and informative for the secret shopper, which is the same percentage reported during the 1st Quarter.

However, there was an increase in front desk staff providing their names, as well an increase in linkage to alternative services if the provider did not provide the service requested.

Performance Outcomes Measures (POM) Activities

BBHC staff reviews all data submitted to the Provider Portal to identify potential coding and/or data errors, along with programmatic/clinical reviews. All network providers with performance outcome measures received a POM report during this quarter. Technical assistance was provided to network service providers when needed.

As of January 9, 2023, the BBHC network was attaining and/or surpassing fifteen (15) of the eighteen (18) performance measures. There were three (3) children's measures in which a score could not be calculated. BBHC staff will continue to work with network providers and Carisk to determine why certain measures are not generating scores. Table 3 shows the most current BBHC Network performance measures:

Table 3 – Performance Measures

Measure	Description - BBHC Network 1.9.2023	Program	Program Type	Score	Target	Result

M0752	Percent of children with substance abuse who live in a stable housing environment at the time of discharge	Children	Substance Abuse	100.00%	93.00%	Pass

Incident Reporting

BBHC's CQI staff meet weekly to review new and pending incident reports. The CQI Coordinator contacts providers to obtain information about incidents reported to the IRAS system. During the 2nd Quarter of FY 2022-2023, BBHC's CQI staff followed up on all incident reports and received detailed information from network Providers.

There were eighty-seven (87) reported incidents during the 2nd Quarter. Table 4 provides the list and number of reported incidents.

Please note:

- 1. Deaths (19) were the next highest category of incidents reported. A detailed report of deaths is included in the Mortality Review section of this report.
- 2. There were forty-one (41) Elopements reported in this Quarter by nine different providers. Of those 41 persons served who eloped, ten (10) returned to treatment.
- 3. There were two (2) bomb threats reported this quarter. One provider received a call that an individual threatened to blow up the facility. The other threat was made anonymously via email. Both facilities were evacuated and searched for bombs by law enforcement. The first report was deemed non-credible, and the second report was still under investigation at the time of this report.
- 4. There were two (2) missing children reported this quarter. Both of the children were found, and services were resumed when they were located.
- 5. There was one (1) suicide reported this quarter. The provider was encouraged to refer the surviving family to the LOSS team.

A discussion about elopements and prevention implementation was held with the providers during the October CQI meeting. Providers discussed prevention efforts, and suggested program tours for persons served when they are stepping down to lower levels of care, and referrals to Care Coordination Teams (CCT).

In the 1st Quarter, there were four providers who reported the most elopements. Three of the four providers had a decrease in elopements reported in the 2nd Quarter. One provider had an increase in elopements, with seventeen persons served eloping. However, eight of those persons served returned to treatment. This provider discussed continued engagement efforts, which contributed to persons served returning to treatment.

Another provider who had a significant number of elopements this quarter discussed efforts being made to decrease elopements. They identified conducting a review of their orientation process to enable persons served to acclimate to treatment better. They also discussed improving family engagement to help support the person served staying in treatment. This provider is considering expanding their peer services to provide more one on one support to persons served. Lastly, the provider mentioned that they will conduct debriefing following elopements to determine the cause of the elopement as well as prevention.

Mortality Review

During the 2nd Quarter of FY 2022-2023, there were nineteen (19) deaths reported by BBHC Network Providers, as illustrated in Table 5.

- Six (6) deaths were related to pre-existing medical conditions
- Three (3) deaths were due to accidents (2 car accidents, 1 choking)
- The causes of ten (10) deaths were unknown at the time of this report. BBHC has requested information from the reporting providers and the Medical Examiner's Office.

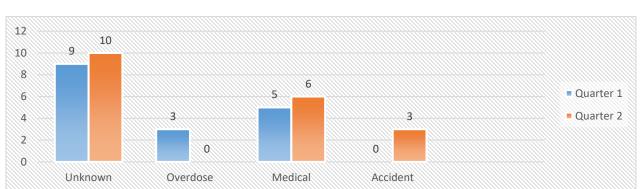

Table 5 – Mortality Reports

*Correction: The table on the 1st Quarter report indicated that there were seven (7) deaths reported as Unknown, which was incorrect. There were nine (9) deaths reported as Unknown in the 1st Quarter.

Update as to Mortality Review for Unknown Deaths reported during the 1st Quarter of FY 2022-2023

During the 1st Quarter of FY 2022-2023, there were nine (9) deaths reported in which the cause of death was Unknown. BBHC staff contacted the providers as well as the Medical Examiner's Office and was able to obtain information as to the cause of death for all of those individuals.

- The cause of death for four (4) of the individuals was drug overdose.
- The cause of death for four (4) of the individuals was pre-existing medical conditions.
- One (1) individual was from Palm Beach and funded by the Palm Beach Managing Entity and mistakenly reported to BBHC.

Contract Monitoring

Contract Monitoring is a tool utilized to ensure contract compliance on an annual and on as needed basis in accordance with the established procedures and standards for all programs and services within the BBHC Provider Network. Reviews are conducted at least annually to ensure Providers are adhering to uniform procedures, delivering services in accordance with applicable federal and state laws, rules, and regulations; pursuant to the terms and conditions of the Provider's contract with BBHC; and are following the policies and procedures established by BBHC and DCF.

During the 2nd Quarter of FY 2022-2023, four (4) virtual monitoring were completed. Two providers had on-site facility tours. Common themes found in the CAR monitoring were documentation errors which affected service validation, invoice errors, performance outcome measures, staff training, and human resources documentation. BBHC provided technical assistance to remedy the deficiencies. We also requested Correction Action Plans and Quality Improvement Plans from the respective providers.

CQI-related Technical Assistance, Training & Other Quality Activities

BBHC CQI staff provides technical assistance and training to the provider network and BBHC staff. During the October CQI Committee meeting, an overview of the Outpatient MAT Program offered at Broward Health Medical Center was presented by Broward Health staff. The presentation provided information regarding who the program serves, and the Medication Assisted Treatment (MAT) services provided.

During the November CQI Committee meeting, a brief overview of the Local Outreach to Suicide Survivors (LOSS) Team was presented. Attendees were educated about how the LOSS Team supports suicide survivors, the services offered, and LOSS Team contact information. There was a presentation by Faces and Voices of Recovery which identified the mission, history, and services offered at Faces and Voices of Recovery.

In December, BBHC did not facilitate a CQI Committee meeting.

- **TO:** Broward Behavioral Health Coalition Inc. (BBHC) Recovery Oriented System of Care Committee, Finance Committee, and Board of Directors
- FROM: Silvia Quintana, CEO
- **SUBJECT:** Proposed Lapse Reallocation
- DATE: February 13, 2023

BACKGROUND

On January 25, 2023, BBHC sent e-mails to the network providers that showed lapses, and requested they respond with their plans to either utilize all their funds or indicate the amount they will not spend by June 30, 2023. Based on the funding utilization for July - December 2022, the ideal utilization was fifty percent (50%).

On January 27, 2023, BBHC notified the provider network that if they were not lapsing in specific Other Cost Accumulators (OCAs), and were able to utilize additional funds, they should notify BBHC staff in writing.

SUMMARY

Below are the providers that have indicated they are unable to utilize their funds in specific OCAs, by June 30, 2023:

- 1. Archways, Inc
- 2. Banyan Health Systems
- 3. Broward County Elderly and Veterans Services Division
- 4. Broward House, Inc.
- 5. Broward Housing Solutions
- 6. Broward Partnership for the Homeless, Inc.
- 7. Camelot Community Care, Inc.
- 8. Citrus Health Network, Inc.
- 9. Covenant House Florida, Inc.
- 10. Fellowship House
- 11. Ft. Lauderdale Hospital
- 12. Gulf Coast Jewish Family and Community Services, Inc.
- 13. Henderson Behavioral Health, Inc.
- 14. House of Hope, Inc.
- 15. Our Children, Our Future, Inc.
- 16. SunServe
- 17. The Village South

The total lapse across the network including returned funds, recent DCF amendment, and funding available for allocation is **\$4,475,345.13**.

The attached **Table (FY 22-23 Proposed Reallocation of Funds)** shows the proposed distribution of funds to the network providers.

The majority of the requests from the providers were honored, based on funding availability in specific OCAs.

The uncommitted funds will be held at BBHC to provide for incidentals, request from providers related to housing, and for other supportive services. Any unspent funds will be reallocated at the end of the fiscal year.

RECOMMENDATION

It is being recommended that the Board approves the proposed distribution of the lapse funds based on the information mentioned in the **Table (FY 22-23 Proposed Reallocation of Funds)**. These providers are <u>not</u> lapsing in these program areas and have indicated that they have the capacity to utilize the funds by June 30, 2023.
