The scope of the manufacturer's warranty, any other warranties and warranty rights remain unaffected by the warranty extension.

1. Licenses must be purchased from merchants and each certificate must be linked to the product MEIs via the Order Desk. The warranty extension must be purchased directly through the dealer (distributor or reseller) in a single order transaction with the device to which the warranty extension applies. A subsequent purchase of the warranty extension in a separate order process is not possible.  
 2. Extension of the original manufacturer's warranty by one year to a total of three (3) years. (Corresponds to: One (1) year extended warranty on product - battery and accessories are excluded from the warranty extension)  
 3. Extension of the original manufacturer's warranty for a total of three (3) years. (Corresponds to: One (1) year warranty on the product; Two (2) year warranty extension to the product's battery, limited to one (1) eligible warranty repair within the two (2) years warranty extension of the battery). Accessories are excluded from the warranty extension by the dealer.  
 4. Recommended retail price. Final prices are determined by the dealer.

This Price List is subject to the Terms & Conditions of the Knox Distribution Agreement and the Knox Enterprise Mobility Solutions Framework Agreement, respectively.

All Prices including VAT.  
 The General TRC as well as the product specific Terms & Conditions mentioned hereafter do apply.
