## Cisco 800 Series Routers

### How the 890 ISR Addresses Edge Networking Challenges

Business Need	890 ISR Feature(s)/Description
<b>High availability and business continuity</b>	Redundant WAN connections for failover protection and load balancing Dynamic failover protocols such as Virtual Router Redundancy Protocol (VRRP; RFC 2338), Hot Standby Router Protocol (HSRP), and Multigroup HSRP (MHSRP) Dial backup with external modem through a virtual auxiliary port
<b>Consistent, high application performance levels</b>	The router can run multiple services simultaneously with no performance degradation
<b>Risk mitigation with multilevel security</b>	Network perimeter security with integrated application inspection firewall Data privacy through high-speed IP Security (IPsec) Triple Data Encryption Standard (3DES) and Advanced Encryption Standard (AES) encryption Enforced security policy with intrusion prevention Security hardware acceleration FlexVPN Next-generation encryption for secure network communications systems, reliable for the next decade Cisco ISR Web Security with Cisco ScanSafe, designed to prevent zero-day malware from reaching corporate networks
<b>Feature consolidation for real estate, capital expenditures (CapEx), and management savings</b>	Supports LAN connections, both Ethernet and Wi-Fi, in one appliance. Contains an integrated 802.11n WLAN access point that supports both autonomous and unified modes, as well as an 8-port LAN switch. Management of both the wired and wireless environments is integrated
<b>Unified control of wired and wireless networks from a common console for streamlined operations</b>	Simplifies and centralizes configuration and management of wireless and wireline devices. Supports WLAN services without requiring a wireless LAN controller
<b>Remote configuration and management to keep local IT staff lean</b>	Supports separate console, auxiliary, and USB ports Provides one USB 2.0 flash memory

### Product Part Numbers and Software Images

#### Integrated Services Routers

**Integrated Services Routers** Cisco 897VA Gigabit Ethernet security router with SFP and VDSL/ADSL2+ Annex M with Wireless

#### Access Point Software Images

**ap802-k9w7-tar** Autonomous software image for ap802
