Honeywell Sales Policy Summary

The Honeywell Sales Order Policy is a reference guide within the price book as it relates to common definitions, terms and conditions.

Where existing signed contracts or order acknowledgements stipulate different terms and conditions, those documents preside

Part numbers, or SKUs, are categorized by one of the four groups:

- Stocking: products have high sales run-rate, distributors should be stocking these
- Standard: products have moderate sales run-rate, discretion left to distributors on whether to stock
- Non-Standard: products are primarily project-based, discretion left to distributors on whether to stock
- Custom: products are unique to specific customers and only for sale to the identified customer

Ordering polices for each of the four categories are described below:

	Stocking	Standard	Non-Standard	Custom	Software
All SKUs					
Returnable	Yes	Yes	Non-returnable	Non-returnable	Non-returnable
Order Cancellation	+30 day notice	+30 day notice	Non-cancellable	Non-cancellable	Yes
Lead Time	15 days	30 days	30 days	Call for Quote	2 days
Scanning SKUs					
Min Order Quantity	Master Carton*	1 unit	1 unit		
Max Order Quantity	500 units	200 units	200 units	Call for Quote	
Mobility SKUs					
Min Order Quantity	10 units	1 unit	1 unit		
Max Order Quantity	100 units	50 units	50 units	Call for Quote	

All orders must meet the net minimum order value of \$1.500 or local currency equivalent.

- Lead times begin upon HSM receipt of PO and end upon shipment from HSM facility.
- All days are provided in business days (5 days = 1 calendar week).
- All returns are subject to the terms and conditions set forth by Honeywells Stock Rotation Policy.
- Order multiples must also be in master carton intervals for stocking scanning SKUs.
- Lead times apply only to order sizes less than the Max SKU Quantity. Call for lead time if quantity exceeds.

- Initial quantity requirements do not include quantities required for pilot test and acceptance by the customer. EWR must be submitted to develop a new Custom SKU.
- Minimum reorder quantities are reflective of Honeywells minimum order quantities with our suppliers and will vary based on level of customization.

Price Adjustments: Eligible price protection credit claims must be submitted in writing to Honeywell within thirty (30) days of the effective date of the pricing change. Eligible products must be current and saleable and claims must include a SKU inventory list specifying the number of units affected by the price decrease.

Honeywell Scanning & Mobility is a leading manufacturer of high-performance image- and laser-based data collection hardware, including rugged mobile computers and bar code scanners.
