Government Sets Ceiling On Prices of Used Tires

Washington, March 11-0P)-The government has answered widespread complaints of price gouging with an order setting a ceiling on prices of used tires and tubes on the basis of prices prevailing between Oct. 1 and Oct. 15. The ceiling becomes effective March 16. On standard four-

ply 6.00x16 tires, the type used by most motorists, it varies from \$8.10 to \$1.50, depending on wear. The order prohibits dealers from adding any charges for repairs or service charges which were not made by the seller prior to March 7. Garages handling tires are required to keep price lists posted in a conspicuous place. The maximum prices allowable on both passenger and truck tires are listed in the following table:

Used Passenger Car Tires y Category Category Category S6.65 \$4.45 \$1.50 5.00 5.35 6.55 Used Truck Tires New First Second Third New First

times more than their offspring at the latter's birth; mother kanga-Wool was taken from a sheep's roos, in comparison, weigh about back and made into a suit in 2 3,000 times more than theirs.

The funeral of Mrs. Josephine (Grant) Thrall of Avery street, mother of Dr. Ralph H. Thrall, was held yesterday afternoon at the funeral home of Walter Leclerc, Main at Hudson streets. Rev. Ferris E. Reynolds, pastor of the Second Congregational church, officiated and interment was in the family plot in Wapping cemetery.

Canadian Provinces

Nine provinces in the Dominion of Canada are Alberta, British coperated with air pressure higher than that outside the plant. When the shop doors are opened, the air pressure forms an invisible "wall," preventing the entry of dust.

Dogfish, formerly considered of

Texas Chap Cleverly Evades Punishment: lvy Forced Most of

Ivy Gains Verdict

The Action. Bobby Ivy got Jigger McCarthy's decision over Chick Hernandez at Foot Guard Hall last night but the best he should have received was a draw. The Texan did not do much fighting, but neither did Ivy. It was one of those infighting fracas that never please the fans and last night's brawl was nothing to brag about in the Tony Falco was tossed into th ring with a real fighter in the semi-final and he won pretty much as he pleased. Al Evans, a colored chap from Fall River, Mass., was by far the best that the Middletown youngster has had to face.

Hartford Boxer Unable

To Land Cleanly; Tall

Clever and always dangerous he kept things fairly even until the fourth and from then on Falco did Evans about the mouth, not dangerous, but drew fresh streams of claret in the fifth and sixth. Falco bad way in the firth but the bell came in the nick of time. Evans' ability to bob and weave stood him in good stead all through the bout as Falco punched and pounded his way with apparently never recovered from Gil Dodds, the divinity student o clock can be used to play some the blow. In the language of the layman, the benign tumor is "not necessary to remove the larger dangerous" and the malignant spurs surgically. The operation is Persons who are over 61 years umor is "cancerous".

Once a tumor has developed, small spurs may be absorbed by but they can vote. For this reason

there are two important problems using a diet auitable for overtone be solved. First, is the problem of finding out whether the growth is berfign or cancerous, and the second, is the problem of what is the best way to treat it.

Small spots may be absorbed with the solution of the solu Increases Lead

It is sometimes difficult to decide whether the growth is cancerous or non-cancerous unless the nost careful tests are used, and containly there is no way in which he patient can tell the difference or herself by any tests she is able Question: George B. states: The Valvoline Oil company's setback team increased its lead over or herself by any tests she is able or make at home. It is therefore mportant that she report to her physician.

As a general rule, if there is more than one lump, these are benign. Also, if there are lumps in both breasts, they are usually benign. The benign tumor is more likely to cause breast pain than is the malignant tumor. The average of women developing benign tumors is about 36.

Some of the signs which point to cancer of the breast are: the appearance of a single lump in the likely to cause the signs which point to cancer of the breast are: the appearance of a single lump in the likely to cause the sable of the tournament play-interest of the tournament
