DOCKING STATIONS

OVER 40% OF FORTUNE 1000 COMPANIES ARE USING OUR DOCKS. IT'S EASY TO SEE WHY.

Universal Compatibility

Our universal docking stations work with Mac® and PC platforms, as well as Chrome OS™, Android™, and Linux™. This broad compatibility eliminates the need for replacement during every laptop refresh, making Targus a more future-proof solution by supporting hoteling and hot-desking applications.

Expertise

The biggest names trust Targus. We've deployed more than 1 million universal docking stations around the globe in more 12,000 companies, and in varying industries including banking, government, real estate, technology, and more.

Exclusive Enterprise Software

Targus' exclusive enterprise software suite enhances security and improves user experience on your Windows®-based platforms.

Targus Proprietary Docking Software

	Wi-Fi Autoswitch	Monitors	M.A.C. Address Cloning
What it does:	Automatically disables/enables WiFi adapter when docked/undocked.	Automatically stores user icon and application window configurations used on external monitors. The settings are automatically restored the next connection to a Targus docking station.	Automatically clones the host M.A.C. address onto a Targus docking station. Automatically disables WiFi adapter.
Why it matters:	Improves the user's network connection speed. Reduces unnecessary WiFi traffic.	Improves user satisfaction. Increases productivity.	Enables tighter security access controls for IT departments. Devices are connected at the fastest speed.

Global Support

Our field applications engineers provide comprehensive, pre- and post-deployment services.

Industry-Leading 3-Year Warranty

Backed by an industry-leading warranty, you can count on our docking stations to provide a reliable connection and stand up to daily use.

A Solution for Every Application

Choose from an array of docking stations designed for maximum productivity and multitasking support, plus the performance to withstand even the most demanding work days.

CARRYING CASES

35 YEARS OF EXCELLENCE

For 35 years, Targus has been perfecting its array of laptop cases with smart organization and protective features. But as more businesses tout social responsibility initiatives like health and wellness programs and eco-friendly policies, we're designing laptop cases designed to meet their match.

Patented Checkpoint-Friendly Design

Designed to meet airport standards, the checkpoint-friendly feature allows the laptop to remain inside the case for a clear X-ray scan.

Patented SafePort® Air Cushion System

Combines vented air cushioning and high-density foam padding to provide superior side and vertical impact protection, protecting your supplies from even the toughest drops.

Patented SafePort® Air Bar

A specially engineered cushion lines the bottom of the laptop compartment, providing vertical impact protection against drop damage.

SafePort® Sling Protection

Minor drops and bumps are no problem with the SafePort® Sling. It safely suspends your laptop in case it's dropped, and its ultra-thin design keeps bags compact.

Patented DOME Shock Dispersion

DOME protection works harder than ordinary padding by dispersing the impact away from your laptop screen.

Logoable

Add your corporate logo to your Targus product through our Custom Logo Program.

TABLET CASES & ACCESSORIES

PROTECT YOUR TECH

An innovator in tablet cases since the first generation of iPad®, our cases are built to enhance your tablet's functionality by combining protection with patented features and advanced technology.

Fit-n-Grip™ Cradle

The cradle securely holds your device in place with shock-absorbing corners for added protection.

Patented 360° Rotation

A patented 360° rotation design is easy to switch from portrait to landscape modes and back again. The VersaVu® Case was the first to enhance the functionality of an iPad, and has improved productivity for professionals ever since.

Infinite Viewing Angles

The smooth grip, non-slip interior of various tablet cases provides an infinite array of viewing angles, or folds to provide a comfortable typing angle.

Patented Multi-Gen Compatibility

The patented tray design of various Targus cases flexes to fit multiple tablet generations.

Military Grade Drop Protection

Just like our bags, many of our tablet cases are made to protect and utilize a United States Military Standard. It defines parameters around testing environmental conditions that materials and goods will endure throughout their service life.*

Industry-Leading Warranty

Our commitment to quality is demonstrated by the industry-leading limited lifetime warranty that comes with most of our cases.

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV

CUSTOM LOGO PROGRAM

PROMOTE YOUR SCHOOL OR BUSINESS

It's not just a way to show school or company spirit; logos also deter theft by making it easy to identify property. Ask about heat transfer, embroidered, or embossed patch logos. There's an affordable method available for most laptop bags or cases, including tablet cases.

➕ **LOGO** Look for this icon next to eligible products.

Order Process

1. Contact your Targus representative for inquiries and to begin your order.
2. Provide your Targus representative with your desired logo in a vector file.
3. A digital simulation of the product with logo placement will be provided for your approval.
4. Upon approval of the digital simulation, a custom part number will be created by Targus and supplied to the desired reseller for quoting and order processing.
