OVERVIEW

THE ONHAND ADVANTAGE ENSURES YOU HAVE THE RIGHT PARTS ON YOUR SHELF WHEN YOU NEED THEM MOST

BENEFITS:

- Regular stock checks
- Personalized reports showing your shop's top-moving part numbers
- Competitive changeover programs

To learn more or start your new stocking program today, contact your local representative or delivery store.

This icon indicates product that could be eligible for a lift and replace of competitive stock. Contact your local representative or delivery store for details.

This icon indicates a special order item. Contact your local delivery store to order.

BOXED FLUIDS

Maximize your shop space and improve service time.

- Allows for faster oil changes and less residual oil left in containers
- Helps maintain inventory levels and organization of shop
- Strong assortment of engine oils with FRAM®, Mobil 1™ and Amalie® available
- Four Mobil 1 oil products are now offered in a smaller, 12-quart size
- Four top selling FRAM transmission fluids are available in the program

Rack (Rack comes with Jugs): LUB 3X3BIBRACKMPC **OR** SKU 11638618

*Limit 2 free racks per customer. Must buy 12 boxes on the same ticket to receive special offer. Customer must regularly maintain boxed oil purchases from Advance Professional/Carquest or Advance Professional/Carquest reserves the right to reclaim racks. CarMax locations are not eligible for this special offer.

CASTROL® ePODS™

An exciting technology that helps make your shop's oil changes run smoother.

- Maximum oil usage** — Gravity-fed design ensures you use every last drop
- Efficient Inventory Management** — Innovative dispensing system allows you to carry four viscosity grades in the same footprint of a drum; translucent bottle helps prevent out of stocks
- Premium look for a professional shop** — Fully integrated design with zero cross contamination

\$399
 VALUE

Shelf is 36"W x 66"H x 18"D
 Max of 7 levels
 (can be changed to adapt to customer needs)

Carquest® Premium Transmission Filters

- Non-woven fiber media helps remove contaminants
- Utilizes enhanced quality rubber gasket
- Follows OE design

Carquest® Premium Fuel Filters

- Dual level seaming process ensures no leakage
- OE design, fit and function for easy installation and long, dependable performance
- Protective line caps prevent filter contamination prior to installation

Carquest® Standard Fuel Filters

- OE design, fit and function for easy installation and dependable performance
- Diesel fuel filters use "High Efficiency" media paper
- Meets or exceeds OE performance for particle sizes of 6 microns and lower

CARQUEST® PROFESSIONAL PLATINUM BRAKE PADS

Get unmatched performance and reliability with Carquest® Professional Platinum brake pads.

- Leading number of friction formulas for maximum performance
- Original equipment formulation offering
- Burnishing compound for faster break-in of pads and rotors
- 4-layer shim engineered to eliminate noise and prevent shim wear
- PTFE coated brake hardware included when available — coated hardware eliminates rust and corrosion buildup to reduce drag, providing increased durability and noise reduction

Euro Line

Our Euro line features all the benefits of Carquest Professional Platinum Brake Pads with a specific design to meet the needs of European imports. The Euro line uses ceramic, low-metallic and semi-metallic friction for superior performance, with electronic wear sensors included for most applications when required.

Truck/SUV Line

Our Truck/SUV line features all the benefits of Carquest Professional Platinum Brake Pads, with coverage for an extensive list of Truck and SUV applications. The program's formulations are specifically designed for superior performance, with leading stopping power and a quiet performance.

CARQUEST® BRAKES CHANGEOVER PROGRAM

- Ask your local representative or delivery store about the Carquest brake pads stocking program. We'll even give you credit for your old pads with a changeover.
- Credit amount issued is based on comparable pads
- Carquest Professional Platinum, Premium Gold, and Standard brake pads are eligible for changeover

CARQUEST® PREMIUM GOLD BRAKE PADS

Built to meet or exceed OE specifications for fit, form and function. New and Improved formulations.

- **Formulation** — Matches OE offering plus additional ceramic options on select OE semi-metallic applications
- **Hardware** — Included for most applications where required
- **Shims** — Multiple layer shims included for quiet braking
- **Design** — By OE manufacturers and suppliers for reliable braking performance

CARQUEST® PLATINUM ROTORS

Features RotorShield™, a rust-inhibiting barrier that provides up to 5X more protection than non-painted rotors.

- Engineered to withstand 120 hours of salt spray testing
- Available for late model applications (primarily 2013 model year and newer)
- Ideal for open wheels
- Meets or exceeds OE design for superior stopping power
- OE vane size improves cooling, eliminates brake noise
- Air gap eliminates brake fade and increases pad life
- Non-directional finish decreases break-in time

CARQUEST® ROTORS

- Meets or exceeds OE design for superior stopping power
- OE vane size with proper harmonic design
- Non-directional finish
- Available for older applications (primarily 2012 and older)

CARQUEST® FRONTLINE SEVERE DUTY AND POLICE BRAKE PADS

Providing maximum braking performance for police, towing, heavy hauling and frequent braking applications, Carquest Frontline brake pads are the ideal choice for severe duty applications.

- **Complete testing protocol using real-world conditions** — Results gathered through on-vehicle testing for superior stopping power and pad life
- **Premium formulations** — Dissipates heat and reduces high-temperature fade, delivering extended pad life and lower cost-per-mile
- **Patented 4-layer HEX Shim Technology®** — Ensures quiet braking in all conditions
- **Superior stopping power and pad life** — Delivers the tough reliability required for police and severe duty fleets
- **Pad installation hardware** — Included where required to complete the job

AGS FITTINGS ASSORTMENT

- Designed for specialty and general repair shops
- Packaged in a shatter-resistant, see-through plastic tray
- Contains all popular tube nuts, unions and adapters for working on and creating 3/16" brake lines for both inverted and bubble flares
- Ideal for both domestic and import applications, kit contains fittings for both inch and metric thread applications

BL BLFA-8 **OR** SKU 22190199

BL BLFA-8K **OR** SKU 10269513
 (Includes 25ft roll of NiCopp 3/16" brake line)

NiCopp® Brake Line Coil and Fitting Assortment Kit, 1/4" x 25'

An assortment that contains tube nuts, adapters and unions for working with all types of domestic and import 1/4" diameter brake line systems.

- High quality steel & brass for reliability
- Leak-proof connections
- Meets SAE and ISO specifications
- Plated for corrosion resistance
- Rugged tackle box with graphics

BL BLFA-9K **OR** SKU 10269515

NiCOPP® BRAKE LINES

- Contains an assortment of either the top import or domestic brake lines tailored to your customer base
- Comes with a free storage rack you can mount to a wall to keep these and other lines organized in your shop

Domestic:
 BL CND-28DOM **OR** SKU 11809636

Import:
 BL CND-28IMP **OR** SKU 11809635

CARQUEST® PREMIUM COATED BRAKE CALIPERS

Carquest Premium brake calipers are engineered to fit and perform like original equipment for worry-free operation, with a premium protective coating* where applicable.

Developed with the professional installer in mind, Carquest Premium calipers include all required hardware for a complete installation and worry-free operation for miles to come.

- Coating is salt-spray tested for 72 hours of continuous exposure without corrosion
- Manufactured to meet or exceed OE specifications
- 100% end-of-line tested for worry-free performance
- OE grade replacement components for long service life
- Engineered to improve durability and extend service life
- OE grade pad hardware included for proper pad installation and operation

*All cast iron brake calipers are coated.

RELIABLE. DURABLE. POWERFUL.

Get industry-leading power and reliability with DieHard Batteries.

Engineered to provide superior starting performance and reliability, offering 99.4% import and domestic coverage.

DieHard® EV

- Optimized for electric vehicles to provide consistent performance and the right amount of energy when needed
- Proven technology for safe operation, ensuring lighting, power steering and brakes will work in case of high-voltage battery failure
- Powers alarms, over-the-air updates, connected technologies and initiates the system that starts the car
- Includes xEV by Clarios technology, offering 30% more cycling than standard AGM batteries, which contributes to extended battery life
- 3-year free replacement warranty

DieHard® Platinum AGM

- The world's first auto battery validated by UL to contribute to a circular economy, DieHard AGM batteries are made from a minimum of 94 percent recycled materials
- AGM technology supports high electrical demands and accessories, and newer vehicles with start-stop technology
- 3-year free replacement warranty
- 2X longer lifespan and powers more accessories compared to standard flooded batteries
- Exceptional performance in high temperature climates
- Superior starting power in cold weather
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements with added AGM technology
- Higher level of vibration resistance compared to standard flooded

DieHard® Platinum

- Made for conventional vehicles with medium electrical demands and accessories
- 4-year free replacement warranty
- 30% longer lifespan and powers more accessories compared to standard flooded batteries
- Designed to deliver enhanced reliability and starting power
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements

DieHard® Gold

- Made for conventional vehicles with low electrical demands and accessories
- 3-year free replacement warranty
- Maximum starting power and reliability with increased battery lifespan
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements

DieHard® Red

- Made for conventional vehicles with minimal electrical demands and accessories
- Reliable starting power
- 1-year free replacement warranty

DieHard® Silver

- Made for conventional vehicles with lower electrical demands and accessories
- 2-year free replacement warranty
- Good starting power
- Meets the vehicle manufacturer's battery starting and reserve capacity power requirements

*DieHard EV engages with the system that starts the vehicle. **30% more cycling than Platinum AGM, which contributes to extended battery life.
 †Based on comparison to other grid designs in real-world fleet testing.
 ‡Contributes to a Circular Economy. DieHard AGM, Platinum, and Gold batteries contain a minimum of 94% post consumer closed cycle polypropylene and lead recycled content using a closed-cycle mass balance system.

BATTERY STOCKING PROGRAM

The OnHand Advantage stocking program provides:

- Flexible payment options, including consignment and no capital up front for qualifying customers
- 99.4% coverage on fast, fresh batteries
- Industry-leading technology
- Dependable service every day, including hot-shot deliveries (30 minutes or less)

Rack and Rack Topper

*As a stocking customer, you receive the battery rack, metal sign, shop poster, bay banner and DieHard Assurance materials. Contact your local representative or delivery store to learn how to take advantage of the Battery Stocking Program.

FREE DIEHARD ASSURANCE ON EVERY BATTERY PURCHASED AND INSTALLED BY YOUR SHOP*

ALL qualifying DieHard batteries purchased and installed by your shop include **FREE** battery replacement and the following coverage up to **\$125**:

- 24 months or 24,000 mile coverage
- 24-hour jump starts and towing
- Flat tire changes
- Fluid delivery
- Lock out assistance
- Travel coverage up to \$250
- No cost to you or your customer

*Only includes light duty DieHard Silver, Gold, Platinum and EV batteries.

DIEHARD ASSURANCE MARKETING KIT

Get everything you need to promote DieHard Assurance.

- Battery program countertop easel
- Consumer-facing brochure detailing battery roadside assistance program
- Consumer-facing mirror hanger

Contact your local representative or delivery store to learn how to take advantage of DieHard Assurance.

PROTECT YOUR CUSTOMERS WITH INDUSTRY-LEADING BATTERY COVERAGE.

BATTERY TESTER EARNBACK PROGRAM

Purchase a battery tester and earn **\$5 cash back** on every qualifying* battery purchase.

Batteries never fail at a good time. That's why testing your customer's battery and electrical system is important. A quality digital battery and electrical system tester helps you keep your customers safe by telling you when batteries are about to fail. And now, when you purchase an eligible tester, our Battery Tester Reward Program gives you \$5 for every qualifying battery purchase.

Here's how the program works

- Purchase an eligible tester through December 31, 2024
- Earn a \$5 reward for each qualifying purchase of a DieHard® or Optima® car or light truck battery through December 31, 2025
- Limit one cash back reward per professional account

*Excludes Lawn & Garden, Marine, Powersport, Golf Cart, Hybrid and Truck batteries. Rebate paid out quarterly.

PERFECT® EQUIPMENT CLIP-ON WHEEL WEIGHTS

Lead

- Uncoated or with premium powder coating for corrosion protection
- OEM-approved clip designs
- Made in the USA for over 75 years
- Clear markings for easy identification
- Well-proven design that has become the industry standard

Steel

- A new, non-lead alternative designed for the aftermarket
- 5-year proven powder coating for corrosion protection
- Hump-down design helps to decrease overall body length
- Newly-patented SecureClip™ design for increased clip retention

Zinc

- Easy to install – functions and fits much like lead
- Superior corrosion resistance – will never rust
- Softer material reduces scratching
- The most used material on a global scale
- Environmentally friendly

Lead is restricted and cannot be sold or distributed in following states: CA, IL, MD, ME, MN, NJ, NY, WA and VT.

Perfect® Lead and Steel Adhesive Weights

Adhesive weights provide:

- Easy-to-peel backing
- Easy contouring to wheel
- No measuring
- Proven quality adhesive

TPMS - UNIVERSAL SENSORS

Universal (also known as cloneable or programmable) sensors are available from several brands and give your shop a way to stock fewer part numbers of TPMS with more coverage. Universal sensors will require programming prior to installation in order to work properly. After programming and installation, you will typically need to relearn the position of the sensor as well.

Schrader® EZ-sensors®

- Rubber Valve Stem
TPS 33500 **OR** SKU 11244718
- Rubber Valve Stem (12 pack)
TPS 33500-12 **OR** SKU 11439329
- Adjustable Clamp-in
Metal Valve Stem
TPS 33700 **OR** SKU 11527611

Autel® MX-Sensor®

- Rubber Valve Stem
TPS 1-SENSOR **OR** SKU 11784373
- Rubber Valve Stem (20-Pack)
TPS 300010 **OR** SKU 12005908
- Metal Valve Stem (20 pack)
TPS 300060 **OR** SKU 12452610
- Metal Valve Stems
4-Pack (Sensor not included)
TPS MXSENSORMVK **OR** SKU 11661518

TPMS - DIRECT FIT SENSORS

Direct fit TPMS sensors are already programmed for specific vehicle applications. These sensors do not require programming – just install and relearn tire positions.

AIT 700190, **OR** SKU 50037436

Schrader® TPMS Sensor Cabinet

Complete assortment of sensors and tools for tire repair in a wall mounted or free standing cabinet. Contains:

- 24 EZ-Sensors (Part number 33500)
- Nut torque tool
- T-10 torque tool
- Valve core screwdriver
- Grommet removal tool

TPS 21332-AAP **OR** SKU 50001126

TPS 21333-AAP **OR** SKU 50001125
 (Includes S41 TPMS scan tool and 6 additional EZ-Sensors)

DORMAN® KEYLESS REMOTE SOLUTIONS

Dorman key fobs look and function just like original keyless remotes, without the high cost and hassle of visiting a dealership for programming.

- Most comprehensive selection of inexpensive, replacement key fobs and repair cases
- Everything needed to pair new keyless remote to vehicle is included (where applicable)
- Shops no longer need to send key fobs out for programming or for mobile locksmiths; saving time and money
- Can be ready in minutes instead of hours

COVERAGE FOR NEW RFID KEY FOBS

Innovative Solution

Includes patented programming tool that plugs into OBD-II port, eliminating the need to pay for programming.

- **Save time** — Dorman's remotes can be programmed to vehicle in minutes, following supplied instructions and without the need for a scan tool.
- **Save money** — Dorman key fobs can be paired using included programming module or by following included instructions. No expensive, time-consuming dealership appointment required.
- **Keep functionality** — Once programmed, Dorman replacement key fobs duplicate the functions of the original remote and closely resembles it in appearance.

Duracell® Keyless Remote Batteries

We provide replacement keyless remote batteries for thousands of vehicles and other household items.

- Carry the top items for an easy upsell and attachment opportunity for all service work
- Recommended assortment covers over 90% of the keyless battery market
