Need a way to incorporate audio into your presentation? You can use our [1m 3.5mm audio cable](#) (MU3MMS).

## **8-inch cable reduces port damage**

Reduce stress and prevent damage on the device port. The 8-inch cable design reduces the strain on the port as well as the connectors, plus it doesn't block other open ports, leaving them open for connecting other devices.

## **Compact and lightweight design**

The adapter fits nicely inside your laptop bag, purse, backpack or other carrying case, making it the perfect mobile accessory to keep in your carry-on baggage. Arrive prepared when presenting to a potential client, teaching offsite, or travelling to a customer location.
