BID BOND

KNOW ALL MEN BY THESE PRESENTS:

That we, Absco Alarms, Inc. dba Absco Solutions, as Principal, and The Ohio Casualty Insurance Company, as Surety, are held and firmly bound unto the City of Tacoma, as Obligee, in the penal sum of Five Percent (5%) of Bid Amount dollars, for the payment of which the Principal and the Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, by these presents.

The condition of this obligation is such that if the Obligee shall make any award to the Principal for Security camera equipment & installation for the Tacoma Dome and Greater Tacoma Convention Center, PF22-0140F

according to the terms of the proposal or bid made by the Principal therefor, and the Principal shall duly make and enter into a contract with the Obligee in accordance with the terms of said proposal or bid and award and shall give bond for faithful performance thereof, with Surety or Sureties approved by the Obligee; or if the Principal shall, in case of failure to do so, pay and forfeit to the Obligee the penal amount of the deposit specified in the call for bids, then this obligation shall be null and void; otherwise it shall be and remain in full force and effect and the Surety shall forthwith pay and forfeit to the Obligee, as penalty and liquidated damages, the amount of this bond.

SIGNED, SEALED AND DATED THIS 9th DAY OF August, 2022.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12. Power of Attorney. Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings. Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 9th day of August, 2022.

By: Renee C. Llewellyn

F. BYRD ANTI-LOBBYING AMENDMENT

1. Contractors who apply or bid for an award of \$100,000 or more shall file the required certification with City. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the City.
2. If applicable, Contractor must sign and submit to the City the following certification:

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, ABSCO Alarms Inc., dba Absco Solutions, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap.38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

The City of Tacoma
Project Proposal for
Tacoma Venues and Events
Video Surveillance RFP - Tacoma Dome
Prepared for City of Tacoma Bids

Prepared By:
Kacy Hilden
August 22, 2022

This document is intended to describe the Scope of Work proposed to The City of Tacoma by Absco Solutions. The information set forth below is intended to be a framework for discussion around project work efforts and is subject to change. It is anticipated that project requirements will be mutually defined and/or detailed written specifications finalized if the proposed Scope of Work is approved. Project schedules and cost estimates contained herein are based upon information provided to date and are subject to change. This proposal and supporting information including solution information provided by Absco Solutions is intended only for the named recipient(s) and contains information that is privileged or exempt from disclosure under applicable law. If you are not the intended recipient(s), you are notified that the dissemination, distribution or copying of this information is strictly prohibited; please notify the sender then delete this information, including any attachments. This proposal is based on RFP.

This proposal and supporting information, inclusive of any: attached drawings, diagrams and documents or submittals, provided by Absco Solutions is intended only for the named recipient(s) and contains information that is privileged or exempt from disclosure under applicable law. If you are not the intended recipient(s), you are notified that the dissemination, distribution or copying of this information is strictly prohibited; please notify the sender then delete this information, including any attachments.

Overview of Issues / Needs Assessment

Complete upgrade of the video surveillance systems at the Tacoma Dome and the Tacoma Convention Center.

Scope of Work / Desired Outcome

Absco Solutions to provide a video surveillance system per the posted RFP specifications including addendum 1 and 2.

Please see below for inclusions, exclusions, limitations and terms.

Inclusions

- Price includes providing the listed equipment only. Any additional equipment is to be on a time and material basis.
- Price includes providing the listed labor only. Any additional labor is to be on a time and material basis.
- Price includes the provision and installation of all of boxes and wire for devices provided by Absco Solutions and listed in this proposal.
- Price includes the physical installation of all NVRs provided by Absco Solutions listed in this proposal. Before Absco can install the NVRs all mounting locations and/or rack space must be available with AC power receptacles in place.
- This proposal includes network switches and cable patch panels with capacity to support the devices provided by Absco Solutions listed in this proposal.

- Basic camera function and connectivity testing to be performed at time of installation. Absco will adjust the camera field of view once at the time of installation. If additional time or trips are required to perform additional FOV adjustment or changes in configuration, this will be performed on a time and material basis.
- Low voltage permits applicable to Absco Solutions' scope listed in this proposal are included in the price.
- Basic camera function and connectivity testing to be performed at time of installation. Absco will adjust the camera field of view once at the time of installation. If additional time or trips are required to perform additional FOV adjustment or changes in configuration, this will be performed on a time and material basis.
- Price includes up to three eight hour training sessions of the end user on site. The third training will be a follow up session is to be provided 30 days after project completion. Additional training is to be on time and material basis.
- This price includes 4 total workstation: 2 for the Tacoma Dome and 2 for the GTCC.

Exclusions

- Uninterruptable Power Supplies (UPS) are not included in this proposal.
- Each pole will have un-switched 120VAC power provided by others to support devices mounted to that pole. If un-switched 120VAC power is not available at any required pole, a quote for time and material shall be presented to provide the required power.
- Demolition and removal of existing system(s) to be performed by others including conduit and wiring.
- This price excludes any provisions for abatement demolition, or disposal of asbestos or any other hazardous materials. If any testing, demolition or disposal is required, this is to be provide by others.
- Underground, overhead and/or any other cabling between buildings is to be provided by others and is not included in this scope.
- Absco Solutions does not warrant any customer-provided equipment or cabling. Additional labor required to troubleshoot, repair or correct faulty equipment or wiring will be billed as a separate invoice.

Limitation

- All work to be performed during Absco Solutions normal working hours of 7:00 AM - 5:00 PM, Monday through Friday (excluding holidays). Any labor required outside of these hours will be billed as a separate change order.
- Target days of video storage is an estimate based on normal conditions and assumptions relating to activity level; resulting days of storage may vary based on actual conditions. If additional storage devices or system adjustments are required to increase video storage retention or performance, a quote for time and material shall be provided.
- Absco Solutions will be installing IP Network devices as part of this projects. If unrestricted access is granted to these network devices from the internet or other unsecured networks, there is the potential for these devices to be exploited by bad actors on the unsecured network. It is the customer's responsibility to protect these network devices from unsecured networks through the use of firewalls.
- Surge and lightning protection to be provided by others.
- Troubleshooting of circuit wiring is not included in this proposal. If troubleshooting is requested by the designated onsite foreman for your company, it will be on a time and material basis and will be billed as a separate change order.
- Although all identified concerns may be addressed during installation, there may be unknowns that will affect the operation of the wireless equipment causing low data handling performance and/or inconsistent data delivery

between the wireless device points. In the chance that the installed wireless devices do not satisfy minimum performance standards, a quote for time and material will be provided to address those limitations.

- The design and permitting process requires the use of AutoCAD files. Architectural backgrounds are required to be provided in digital format (dwg file). If backgrounds are not provided in digital format a change order will be produced to generate such a file.
- This proposal will utilize network category cable media extenders. If the performance of any device supported by this technology does not meet minimum engineering requirements, a quote for time and material shall be provided.
- Any additional insurance cost will be billed at cost plus 10%. This includes, but is not limited to, Waivers of Subrogation, Waiver for Transfer of Right of Recovery, Specific Additional Insured, etc. Failure to disclose any additional insurance requirements will be deemed acceptance of any future change orders for insurance charges.
- Customer to provide onsite Internet access to enable retrieval of software updates.
- Network Administrator to supply Absco Solutions with local administrator logon account and password for installation. Logon account and password to be valid for 30 days after the completion of the installation for the purpose of troubleshooting.
- The project price is based on the project being done on a contiguous time frame. If the project is broken up into multiple phases additional time maybe required and it may result in a time and material change order.

Price

This proposal may be withdrawn by Absco Solutions, Inc. if not accepted within 30 days.

We propose to provide the above listed Scope of Work for the sum of:

\$829,788.00

Tax is extra

Warranty

The warranty on the listed equipment and labor shall be void if a person or firm other than Absco Solutions or a contractor authorized by Absco Solutions performs any work identified within the original scope of work of this contract.

All equipment provided by Absco Solutions has a warranty of one year from the date of invoice. THIS WARRANTY EXCLUDES ALL COVERAGE FOR CONSEQUENTIAL DAMAGES AND IS GIVEN IN LIEU OF ALL OTHER EXPRESS WARRANTIES OR IMPLIED WARRANTIES OF FITNESS, HABITABILITY, OR MERCHANTABILITY OR OTHERWISE PROVIDED UNDER THE LAWS OF WASHINGTON.

Equipment Schedule

TACOMA DOME - NVR & Workstation

Provide and commission surveillance equipment that meets the scope of work.

Category cable media converts are provided for those cable runs that exceed 328'.

Terms & Conditions

Payment is to be made as follows: TBD Upon Approval of Credit

A 1.5% service charge per month will be applied to all past due invoices.

- All invoices are Net 30 on approval of credit and are subject to interest charges of 1.5% per month if past due unless prohibited by prime contract conditions.
- A signed change order for any change in scope must be received by Absco Solutions prior to scheduling that scope of work.
- Proposal price is based on current market pricing. If the manufacturer's equipment price(s) to Absco increases, due to dynamic price increases caused by supply-chain shortages and/or other issues beyond Absco Solutions control, prior to an approved purchase order and confirmation of that order with the manufacturer, Absco will provide a change order for the increased price difference between the quoted equipment price and the new equipment price.
- With the potential of unforeseeable delays in equipment delivery due to the current global supply chain disruptions, the installation schedule can not be set or verified until orders are placed and equipment is ultimately received. It is therefore incumbent on the owner or owner's representative to promptly approve the ordering of equipment and potentially approve proposed alternate equipment of equal performance that may be more readily available. Absco Solutions can not take responsibility for liquidated damages caused by unforeseeable equipment delivery delays.

Acceptance

I do hereby authorize the Statement of Work specified in this document. I have read and understand the Inclusions, Exclusions, Limitations, and Warranty listed above. The above prices, specifications, and conditions are satisfactory and are hereby accepted. Payment will be made as stated above.

The undersigned are fully authorized to represent the party they are signing for and do hereby agree on behalf of their respective parties to fully comply with and abide by the terms of this agreement.

The City of Tacoma
Project Proposal for
Tacoma Venues and Events
Video Surveillance RFP- GTCC
Prepared for City of Tacoma Bids

Prepared By:
Kacy Hilden
August 22, 2022

This document is intended to describe the Scope of Work proposed to The City of Tacoma by Absco Solutions. The information set forth below is intended to be a framework for discussion around project work efforts and is subject to change. It is anticipated that project requirements will be mutually defined and/or detailed written specifications finalized if the proposed Scope of Work is approved. Project schedules and cost estimates contained herein are based upon information provided to date and are subject to change. This proposal and supporting information including solution information provided by Absco Solutions is intended only for the named recipient(s) and contains information that is privileged or exempt from disclosure under applicable law. If you are not the intended recipient(s), you are notified that the dissemination, distribution or copying of this information is strictly prohibited; please notify the sender then delete this information, including any attachments. This proposal is based on RFP.

This proposal and supporting information, inclusive of any: attached drawings, diagrams and documents or submittals, provided by Absco Solutions is intended only for the named recipient(s) and contains information that is privileged or exempt from disclosure under applicable law. If you are not the intended recipient(s), you are notified that the dissemination, distribution or copying of this information is strictly prohibited; please notify the sender then delete this information, including any attachments.

Overview of Issues / Needs Assessment

Complete upgrade of the video surveillance systems at the Tacoma Dome and the Tacoma Convention Center.

Scope of Work / Desired Outcome

Absco Solutions to provide a video surveillance system per the posted RFP specifications including addendum 1 and 2.

Please see below for inclusions, exclusions, limitations and terms.

Inclusions

- Price includes providing the listed equipment only. Any additional equipment is to be on a time and material basis.
- Price includes providing the listed labor only. Any additional labor is to be on a time and material basis.
- Price includes the provision and installation of all of boxes and wire for devices provided by Absco Solutions and listed in this proposal.
- Price includes the physical installation of all NVRs provided by Absco Solutions listed in this proposal. Before Absco can install the NVRs all mounting locations and/or rack space must be available with AC power receptacles in place.
- This proposal includes network switches and cable patch panels with capacity to support the devices provided by Absco Solutions listed in this proposal.
- Basic camera function and connectivity testing to be performed at time of installation. Absco will adjust the camera field of view once at the time of installation. If additional time or trips are required to perform additional FOV adjustment or changes in configuration, this will be performed on a time and material basis.

- Low voltage permits applicable to Absco Solutions' scope listed in this proposal are included in the price.
- Basic camera function and connectivity testing to be performed at time of installation. Absco will adjust the camera field of view once at the time of installation. If additional time or trips are required to perform additional FOV adjustment or changes in configuration, this will be performed on a time and material basis.
- Price includes up to three eight hour training sessions of the end user on site. The third training will be a follow up session is to be provided 30 days after project completion.

Additional training is to be on time and material basis.

- This price includes 4 total workstation: 2 for the Tacoma Dome and 2 for the GTCC.

Exclusions

- Uninterruptable Power Supplies (UPS) are not included in this proposal.
- Each pole will have un-switched 120VAC power provided by others to support devices mounted to that pole. If un-switched 120VAC power is not available at any required pole, a quote for time and material shall be presented to provide the required power.
- Demolition and removal of existing system(s) to be performed by others including conduit and wiring.
- This price excludes any provisions for abatement demolition, or disposal of asbestos or any other hazardous materials. If any testing, demolition or disposal is required, this is to be provide by others.
- Underground, overhead and/or any other cabling between buildings is to be provided by others and is not included in this scope.
- Absco Solutions does not warrant any customer-provided equipment or cabling. Additional labor required to troubleshoot, repair or correct faulty equipment or wiring will be billed as a separate invoice.

Limitation

- All work to be performed during Absco Solutions normal working hours of 7:00 AM - 5:00 PM, Monday through Friday (excluding holidays). Any labor required outside of these hours will be billed as a separate change order.
- Target days of video storage is an estimate based on normal conditions and assumptions relating to activity level; resulting days of storage may vary based on actual conditions. If additional storage devices or system adjustments are required to increase video storage retention or performance, a quote for time and material shall be provided.
- Absco Solutions will be installing IP Network devices as part of this projects. If unrestricted access is granted to these network devices from the internet or other unsecured networks, there is the potential for these devices to be exploited by bad actors on the unsecured network. It is the customer's responsibility to protect these network devices from unsecured networks through the use of firewalls.
- Surge and lightning protection to be provided by others.
- Troubleshooting of circuit wiring is not included in this proposal. If troubleshooting is requested by the designated onsite foreman for your company, it will be on a time and material basis and will be billed as a separate change order.
- Although all identified concerns may be addressed during installation, there may be unknowns that will affect the operation of the wireless equipment causing low data handling performance and/or inconsistent data delivery between the wireless device points. In the chance that the installed wireless devices do not satisfy minimum performance standards, a quote for time and material will be provided to address those limitations.

- The design and permitting process requires the use of AutoCAD files. Architectural backgrounds are required to be provided in digital format (dwg file). If backgrounds are not provided in digital format a change order will be produced to generate such a file.
- This proposal will utilize network category cable media extenders. If the performance of any device supported by this technology does not meet minimum engineering requirements, a quote for time and material shall be provided.
- Any additional insurance cost will be billed at cost plus 10%. This includes, but is not limited to, Waivers of Subrogation, Waiver for Transfer of Right of Recovery, Specific Additional Insured, etc. Failure to disclose any additional insurance requirements will be deemed acceptance of any future change orders for insurance charges.
- Customer to provide onsite Internet access to enable retrieval of software updates.
- Network Administrator to supply Absco Solutions with local administrator logon account and password for installation. Logon account and password to be valid for 30 days after the completion of the installation for the purpose of troubleshooting.
- The project price is based on the project being done on a contiguous time frame. If the project is broken up into multiple phases additional time maybe required and it may result in a time and material change order.

Price

This proposal may be withdrawn by Absco Solutions, Inc. if not accepted within 30 days.

We propose to provide the above listed Scope of Work for the sum of:

\$614,376.00

Tax is extra

Warranty

The warranty on the listed equipment and labor shall be void if a person or firm other than Absco Solutions or a contractor authorized by Absco Solutions performs any work identified within the original scope of work of this contract.

All equipment provided by Absco Solutions has a warranty of one year from the date of invoice. THIS WARRANTY EXCLUDES ALL COVERAGE FOR CONSEQUENTIAL DAMAGES AND IS GIVEN IN LIEU OF ALL OTHER EXPRESS WARRANTIES OR IMPLIED WARRANTIES OF FITNESS, HABITABILITY, OR MERCHANTABILITY OR OTHERWISE PROVIDED UNDER THE LAWS OF WASHINGTON.

Equipment Schedule

GTCC - NVR & Workstation

Provide and commission surveillance equipment that meets the scope of work.
