

Overview

HP sets the new standard for performance and value in the enterprise with the new 10000 G2 Series Rack family. This new enterprise-class rack combines unparalleled structural integrity, cooling, and cable management; ease of use capabilities and a wide choice of rack, power and switching options to deliver a best in class product. The new rack is designated as HP's universal rack, ideal for all HP rack mounted server and storage products, complementing and protecting your investment in technology. Specifically designed to ensure outstanding cooling and cable management, the 10000 G2 Series Rack is the best choice to enterprise racks.

In addition to the universality of the new racks, important improvements have been made from the previous version, including improved and updated front door design with bright-aluminum finish; improved front and rear door handles and latches, and easier to handle three section side panels.

Overview

At a Glance

- The HP Rack 10000 G2 Series is the first universal rack compatible with all HP rack mounted products including ProLiant, Integrity, Nonstop, HP 9000 and Alpha servers as well as StorageWorks products. This effort simplifies the HP rack product line consolidating all previous rack offerings into a single universal rack for all HP server and storage platforms.
 - The HP Rack 10000 G2 Series also offers many improvements over the HP Rack 10000 Series racks:
 - Front door with updated design
 - Front and rear door handles and lock bars for improved security
 - Side panels come in 3 parts for easier manageability and mounting
 - Cable management accessories
 - Improved CTO pallet with offload metal ramp included
 - Improved mounting of stabilization feet with expanded offering to include regular and heavy-duty stabilization feet in 600 mm and 800 mm wide
 - Expanded offering of rack configurations including:
 - 36U and 42U Rack with rear extension kit included, mounted on a shock pallet for CTO
 - New rack tie-down kit and new grounding kit
 - Three year limited warranty, parts only (3/0/0)
-

Rack Options

Several options allow for quick and easy expansion of the HP Rack 10000 G2 Series racks to create a custom solution.

NOTE: This is only a sampling of the many HP Rack options available. See the HP rack products Web site for more complete information at <http://www.hp.com/products/rackoptions>. Contact your nearest HP Authorized Reseller or Service Provider for information about ordering HP parts. In the United States, HP can make arrangements to have your rack system installed by qualified Guaranteed Service Providers. This installation service covers the entire hardware installation sequence, from unpacking the components to routing cabling and running a test of the system.

Front Door	HP 10642 G2 Front Door ALL	AF009A
	HP 10636 G2 Front Door ALL	AF019A

NOTE: Kits may be retro-fitted to 10000 Series Racks.

Rack Light Kit	110V/220V Rack Light Kit	361589-B21
-----------------------	--------------------------	------------

NOTE: Supports HP Rack 10000 Series and HP Rack 10000 G2 series. This neon light kit is mounted on the rack roof and used to provide light to the rear section of the rack.

Securing Kit	600W 10000 G2 Rack Tie Down	AF076A
---------------------	-----------------------------	--------

NOTE: For HP 10000 G2 Series only. The tie down kit is used to secure the rack to the datacenter floor.

Rack Coupling Kit	Rack Coupling Kit (Carbon)	248929-B21
--------------------------	----------------------------	------------

NOTE: Supported by both the Rack 10000 and Rack 10000 G2 series. Supports 24 in and 600 mm floor tile spacing. The kit is used to join two or more 10000 series racks of the same height together in minutes to create a multi-bay configuration.

9000/10000 Offset Baying Kit	9000/10000 Offset Baying Kit (42U)	248931-B21
-------------------------------------	------------------------------------	------------

NOTE: This kit can be used to connect 9000 and 10000 series racks of the same U height together. Kit contents include hardware for connecting racks and a panel to cover the 100mm gap at the rear of the two racks.

Side Panels	10642 G2 (42U) Side Panels (set of two) (Graphite Metallic)	AF054A
	10636 G2 (36U) Side Panels (set of two) (Graphite Metallic)	AF056A

NOTE: The lightweight, locking side panels for the 10642 G2 and 10636 G2 racks come in 3 sections for better handling. Side panels are included with the 22U and 14U racks.

Stabilization Kits	Ballast Option Kit	120672-B21
---------------------------	--------------------	------------

NOTE: The Ballast Option Kit is designed to provide additional stability and support when used with the Stabilizer Kit. It is typically used when very heavy equipment is routinely installed, removed or accessed within the rack.

600mm G2 Stabilizer Option Kit (Graphite)	AF062A
600mm G2, Heavy Duty Stabilizer Option Kit (Graphite)	AF064A

NOTE: The anti-tip stabilizer kits provide stability and support when equipment is installed, removed or accessed within the rack. Heavy Duty stabilizer kits should be used when a single racked component exceeds 200 lbs.
