January 29, 2019

Stephanie Muth
Deputy Executive Commissioner
Texas Health and Human Services Commission
4900 North Lamar Blvd.
Austin, Texas 78751

Ms. Muth:

We are pleased to confirm our understanding of the terms of our engagement and the nature and limitations of the services we are to provide for the Texas Health and Human Services Commission (HHSC). These services are covered under:

- HHSC Contract No. 529-17-0117-00002
- Work Order Contract No. _____

We will apply the agreed-upon procedures in Attachment A that were specified and agreed to by HHSC on the HHSC Medicaid Electronic Health Record (EHR) incentive payments made during Program Years 2015, 2016 and 2017. Our engagement to apply agreed-upon procedures will be conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants (AICPA) and the standards applicable to attestation engagements contained in Government Auditing Standards (GAGAS), issued by the Comptroller General of the United States. The sufficiency of the procedures performed or to be performed is solely the responsibility of those parties specified in the report and we will require an acknowledgement in writing of that responsibility. Consequently, we make no representation regarding the sufficiency of the procedures described in Attachment A either for the purpose for which the agreed-upon procedures report has been requested or for any other purpose. If circumstances occur relating to the condition of your records, the availability of evidence, or the existence of a significant risk of material misstatement of the subject matter caused by error or fraud, which in our professional judgment prevent us from completing the engagement or reporting findings on the subject matter or assertion, we retain the right to take any course of action permitted by professional standards, including declining to report findings or issue a report, or withdrawing from the engagement.

This engagement is solely to assist HHSC with 1) determining the validity of attestations supporting EHR incentive payments made to eligible professionals (EP) related to Program Years 2015, 2016 and 2017 Adopt, Implement or Upgrade (AIU) and Meaningful Use (MU) attestations, based on the criteria set forth by the Centers for Medicare & Medicaid Services (CMS), and 2) assisting with the notification, recoupment and appeal correspondence to EPs.

Because the agreed-upon procedures listed in Attachment A do not constitute an examination or review, we will not express an opinion or conclusion on the HHSC Medicaid EHR incentive payments. In addition, we have no obligation to perform any procedures beyond those listed in Attachment A.

We plan to begin our procedures within thirty (30) days after the execution of this engagement letter, as evidenced by execution of the above-referenced Work Order Contract, and, unless unforeseeable problems are encountered, the engagement will be completed by September 30, 2020, contingent on continued availability of funds.

1301 S. Capital of Texas Hwy., Ste. C-200 • Austin, Texas 78746 • 512-258-6637 • Fax 512-258-7699

We will issue written reports that lists the procedures performed and our findings. Our reports will be addressed to HHSC. If, for any reason, we are unable to complete any of the procedures, we will describe in our reports any restrictions on the performance of the procedures, or not issue any further reports and withdraw from this engagement. You understand that the reports are intended solely for the information and use of HHSC and CMS, and if the report contains findings, for the individual EP, and should not be used by anyone other than these specified parties. Our report will contain a paragraph indicating that had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

An agreed-upon procedures engagement is not designed to detect instances of fraud or noncompliance with laws or regulations outside of the procedures specified in Attachment A; however, we will communicate to you and the EP any known and suspected fraud and noncompliance with laws or regulations affecting the HHSC Medicaid Electronic Health Record (EHR) incentive payments made during Program Years 2015, 2016 and 2017 that come to our attention. In addition, if, in connection with this engagement, matters come to our attention that contradict the HHSC Medicaid Electronic Health Record (EHR) incentive payments made during Program Years 2015, 2016 and 2017, we will disclose those matters in our report.

Each individual EP tested is responsible for the records associated with their individual attestation. HHSC is responsible for the Medicaid EHR incentive payments made during Program Years 2015, 2016 and 2017 in accordance with the AIU and MU attestations, and for selecting the criteria and procedures and determining that such criteria and procedures are appropriate for your purposes. You are also responsible for, and agree to provide us with, a written assertion about the Medicaid EHR incentive payments made during Program Years 2015, 2016 and 2017 in accordance with the AIU and MU attestations. We will also request a written assertion about the attestation from each individual EP. If the individual EP refuses to provide a written assertion, we will disclose such refusal in our report. In addition, you are responsible for providing us with (1) access to all information of which you are aware that is relevant to the performance of the agreed-upon procedures on the subject matter, (2) additional information that we may request for the purpose of performing the agreed-upon procedures, and (3) unrestricted access to persons within the entity from whom we determine it necessary to obtain evidence relating to performing those procedures.

At the conclusion of our engagement, we will require certain written representations in the form of a representation letter from you confirming, among other things, your responsibility for selecting the criteria and for determining such criteria are appropriate for your purposes. We will also request certain written representations from the individual EPs that, among other things, will confirm the EP's responsibility for the attestation in accordance with the AIU and MU attestations made during Program Years 2015, 2016 and 2017.

Brian Simmons, CPA, is the engagement partner and is responsible for supervising the engagement and signing each report or authorizing another individual to sign it.

Total estimated fees in this engagement letter are \$951,011 as detailed in Attachment B. The fee estimate is based on anticipated cooperation from your personnel and the EPs and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month for the completed billable elements specified in Attachment B and are payable on presentation. In accordance with our firm policies, work may be suspended if your account becomes 60 days or more overdue and will not be resumed until your account is paid in full. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination even if we have not completed our reports. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket expenditures through the date of termination.

We appreciate the opportunity to assist you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. Execution of the above-referenced Work Order Contract will constitute acceptance of the terms of our engagement as described in this letter and this engagement letter shall be incorporated by reference into such Work Order Contract. If the need

for additional procedures arises, or the procedures need to be modified or clarified, minor modifications may be agreed-upon through informal written communication which is confirmed by both parties, but without the need for signatures of the parties. For any substantive change, which would require an increase in total payment, substantially change the amount of work, or materially alter the overall nature of the testing contemplated in Attachment A, our agreement with you will need to be revised. It is customary for us to enumerate these revisions in an addendum to this letter. If additional specified parties of the report are added, we will require that they acknowledge in writing their agreement with the procedures performed or to be performed and their responsibility for the sufficiency of procedures.

Sincerely,

A handwritten signature in black ink that reads "B.T.S." with a stylized flourish at the end.
