

TAMU Red Hat Academy Infosec Learning

RH124 Lab Scholarship Program

Overview:

- This scholarship program is aimed to cover the cost of accessing an Infosec Learning RH124 lab which provides a hands-on training environment with guided exercises to help develop practical Linux administration skills.
- To gain access to Infosec learning labs, an access code is required. Texas A&M Cybersecurity Center has a limited number of access codes to distribute to students. There is going to be a holistic review to distribute access codes to up to 40-50 students at no-cost.
- An access code grants a student 6 month access to a cloud-based lab environment associated with guided exercises. The exercises are aligned with the RH124 curriculum for which students also have 6 month access.

RH124 Curriculum:

Red Hat System Administration I (RH124) equips you with Linux administration "survival skills" by focusing on foundational Linux concepts and core tasks. You will learn how to apply command-line concepts and enterprise-level tools.

Eligibility Requirements:

- A current college student enrolled at Texas A&M
- Looking to be a student in the Red Hat Academy program at Texas A&M

What we are looking for:

- Committed to learning RH124 curriculum and practicing [PE124 objectives](#).
- A self-motivated and independent learner that seeks to ask questions when in need.
- Someone who wants to improve their technical knowledge or pursue a technology-related career.

***Up to 40-50 potential recipients will be selected. Limit 1 entry per individual.

Submission requirement:

Submission entry should be a pdf document of at least 250 words giving us an idea of why you should be selected for this scholarship program. Suggested format, but is not limited to:

* Please answer questions with an asterisk.

- Introduce yourself: Major, grade level, involvement in school and outside school, and interests.
- What technical knowledge and skills do you want to gain before graduation? - listing skills outside of Linux is encouraged.
- What do you want to pursue after graduation?
- How do you see skills gained through RH124 contributing to your technical knowledge and career? *
- What is your time commitment and expectations?
- Do you plan on spending winter break and/or next semester to learning RH124 curriculum? * Video lessons are around 7.23 hours + lab time + read curriculum time which can vary.

To submit this scholarship application, please email tamu.rha.p@gmail.com with your paper of at least 250 words and resume in pdf format. Also, send us your RHN-ID/username.

Please refer to the get started guided to find more information on how to get involved in RHA even if you are not selected for this scholarship because you can still have access to other no-cost resources. <http://cybr.club/rha/rha-get-started.pdf>
