HPE PROLIANT ML110 GEN10 4210 1P 16GB-R P408I-P 8SFF 800W RPS SERVER (P10813-421)

ProLiant ML100 Servers

WHAT'S NEW

- Supports the additional 2nd generation Intel® Xeon Scalable Processor offerings delivering additional performance and value.
- Meets European Union (EU) Lot 9 regulation.
- Available regionally SMB offers that are aggressively priced.

OVERVIEW

Are you searching for a tower server with enterprise-class reliability and performance at an exceptional value to meet your requirements?

The HPE ProLiant ML110 Gen10 server is an enhanced single processor tower with performance, expansion, and security at an affordable price. It supports the Intel® Xeon® Scalable processor, HPE DDR4 SmartMemory with a maximum capacity

of 192 GB, five PCIe slots, eight large form factor (LFF) or 16 small form factor (SFF) disk drives. It can easily be converted to a rack using 4.5U of rack space. The HPE ProLiant ML110 Gen10 server also offers optional redundant fan and redundant power supply to satisfy automatic fail-over needs, making this the ideal server for small- to mid-sized businesses, and remote and branch offices.

FEATURES

Right-sized, with the Balance of Performance to Meet Growing SMB Requirements

The HPE ProLiant ML110 Gen10 server is compact with less than a 19-inch depth, quiet, and affordable that can deliver the performance needed for the compute demands of a growing office small- to mid-sized business.

Supports industry standard technology leveraging the Intel Xeon Scalable Processors operating with speeds of up to 3.8 GHz and up to 16 cores offering improved performance.

Supports up to two optional graphic processing units (GPUs) allowing one double wide and one single wide card to boost performance in graphic and Virtual Desktop Infrastructure (VDI) applications such as financial services, education, scientific research and medical imaging.

The embedded HPE Dynamic Smart Array S100i Controller for SATA disk drives supports boot, data and media needs. These enhanced HPE Smart Array Controllers provide the flexibility to choose the optimal 12 Gbps controller most suited to your environment, as well as operate in both SAS and HBA modes.

Expandability to Fit the Needs of Growing, Budget-conscious Businesses

The HPE ProLiant ML110 Gen10 server offers up to six DIMM slots with support for up to 192 GB of HPE DDR4 SmartMemory, helping to prevent data loss and downtime with enhanced error handling while improving workload performance and power efficiency.

Supports optional redundant fan and redundant power supplies reducing data loss and downtime, making your server more reliable. Flexible expansion capacity with five PCIe expansion slots, eight USB ports and one optional serial port.

HPE SmartDrives deliver enhanced performance, capacity, and reliability to meet various customer segments and workload requirements at the right economics. Supports up to eight large form factor (LFF) disk drives or 16 small form factor (SFF) disk drive options.

Security Innovations

The HPE ProLiant ML110 Gen10 Server is part of the Hewlett Packard Enterprise offering of industry-standard servers with major firmware anchored directly into the silicon. With security protection built-in across the server lifecycle starting with Silicon Root of Trust.

New features include Server Configuration Lock that ensure secure transit and lock server hardware configuration, iLO Security Dashboard help detect and address possible security vulnerabilities and Workload Performance Advisor

provides server tuning recommendations for better server performance.

Secure Recovery allows server firmware to roll back to the last known reliable state or factory settings after detection of compromised code.

HPE InfoSight provides cloud-based analytics to predict and prevent issues proactively.

Industry-Leading Services and Ease of Deployment

The HPE ProLiant ML110 Gen10 server comes with a complete set of services from HPE Pointnext, delivering confidence, reducing risk, and helping you realize agility and stability.

HPE Pointnext Services simplifies all stages of the IT journey. Advisory and Transformation Services professionals understand customer challenges and design an enhanced solution. Professional Services enable rapid deployment of solutions and Operational Services provides ongoing support.

Services provided under Operational Services include: HPE Flexible Capacity, HPE Datacenter Care, HPE Infrastructure Automation, HPE Campus Care, HPE Proactive Services and multi-vendor coverage.

HPE IT investment solutions help you transform to a digital business with IT economics that align to your business goals.

Technical specifications**HPE ProLiant ML110 Gen10 4210 1P 16GB-R P408i-p 8SFF 800W RPS Server**

Product Number (SKU)	P10813-421
Processor Name	Intel® Xeon® Scalable 4210 (10 core, 2.2 GHz, 85W)
Processor core available	10
Processor cache	11.00 MB L3
Processor speed	2.2 GHz
Power supply type	1 HPE ML110 Gen10 800W RPS Power Supply Kit
Expansion slots	5 PCIe 3.0, for detailed descriptions reference the QuickSpecs
Memory, standard	16 GB (1x 16 GB) RDIMM
Memory type	HPE DDR4 SmartMemory
Included hard drives	None ship standard, 8 small form factor drives supported
Optical drive type	Optional DVD-ROM or DVD-RW.
Network controller	HPE Ethernet 1Gb 2-port 332i Adapter
Storage controller	HPE Smart Array P408i-p
Minimum dimensions (H x W x D)	44 x 19.5 x 48.05 cm
Weight	13.5 kg minimum 25.0 kg maximum
Warranty	3/3/3 - Server Warranty includes three years of parts, three years of labor, three years of onsite support coverage. Additional information regarding worldwide limited warranty and technical support is available at: http://h20564.www2.hp.com/hpsc/wc/public/home . Additional HPE support and service coverage for your product can be purchased locally. For information on availability of service upgrades and the cost for these service upgrades, refer to the HPE website at http://www.hp.com/support

For additional technical information, available models and options, please reference the [QuickSpecs](#)

HPE POINTNEXT

Access expertise at every step of your IT journey with [HPE Pointnext Services](#). [Advisory Services](#) focuses on your business outcomes and goals, to design your transformation and build a roadmap tuned to your unique challenges. Our [Professional](#) and [Operational Services](#) help speed up time-to-production and keep your IT stable and reliable.

Operational Services from HPE Pointnext Services

- [HPE Datacenter Care](#) helps modernize and simplify IT operations. Partner with an assigned account team, access technical expertise, an enhanced call experience gives you priority access, choose hardware and software support, implement proactive monitoring to help stay ahead of issues, and access HPE IT best practices and IP.
- [HPE Proactive Care](#) offers an enhanced call experience and helps reduce problems with personalized proactive reports and advice. This also includes collaborative software support for Independent Software Vendors (ISVs), (Red Hat, VMWare, Microsoft, etc.). [Read more](#)
- [HPE Foundation Care](#) helps when there is a problem and has a choice of response levels. Collaborative software support is included and provides troubleshooting help for ISVs running on your server. [Read more.](#)

Other related services

[Defective Media Retention](#) is optional and applies only to Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

[HPE Service Credits](#) offers a menu of technical services, access additional resources, and specialist skills.

[HPE Education Services](#) provides comprehensive training designed to expand the skills of your IT staff and keep them up to speed with the latest technologies.

Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.

If you are looking for more services, like **IT financing solutions**, please [explore them here](#).
