

Welcoming Bracco GI products...

listening...and delivering solutions®

Expanding our product portfolio to include...

CO₂ endoscopic insufflators

COEFFICIENT® endoscopic insufflator

- features a proprietary "intelligent" software, sensing when CO₂ is not required by the clinician and reducing its flow

COMPACT Endoscopic Insufflator® system

- accepts central supply of CO₂ making it a lower-cost option for CO₂ insufflation

CO₂ insufflator tubing sets

In-line tubing sets for reusable water bottles

Water bottle cap tubing sets for compatible disposable bottles

See full listing of accessories on page 4

Polyp Traps

Quick Catch™ in-line suction polyp trap

- features a unique polyp chamber with a flat surface for easy gripping and handling
- fits into specimen jars for easy transfer

Suction Polyp Trap™ four chamber trap

- four capture chamber indexing system - allowing for accurate identification of each polyp
- serves as a lab transport device - unit is sealed for easy and safe transport to pathology

Bite blocks

E-Z-Guard™ bite blocks

- soft foam bite area
- manufactured not to include latex
- sturdy, inner-core construction
