**'Cat Burglar' Safety Devices**

(Continued from Page 1)  
 had a 20-minute head start by the time they arrived at the Scherer home. He was unsuccessful in getting into the house.  
 The burglar's footprints in the snow led through back yards and fences across Mack to Norwood, where it was theorized that he entered a car parked there and drove off.  
 Police said that part of the trail was made unrecognizable by tracks caused by other people who unknowingly crossed and recrossed over the "cat's" footprints.  
 Woods Patrolman Everett Fumb slipped on a snow covered rock while following the prints in one back yard, and suffered a minor injury to his leg.  
 Police said that it is possible that the "cat burglar" entered two homes in the area, before attempting to break into the Scherer house but there was no report of anything taken.  
 Some of the victims of the "cat" have caught a brief glimpse of him, when they wakened and discovered him in their room, but none were able to give police an accurate description.  
 A dark shirt and trousers found near the scene of the burglar's getaway car, was sent to the FBI Crime Laboratory in Washington for analysis, police said.

(Continued from Page 1)  
 whatever safety devices, if any, they buy.  
 Harry Eberlin, proprietor of the Lochmoor Hardware, Mack and Anita, said that he has had several orders from residents in the Woods to change their door locks. Although a number of people have changed to different type of locks, the biggest demand was for door chain guards, which people use as an added measure of safety.  
 At the Allard Hardware, Mack and Calvin, the manager, Les Tribby, said that the people trading with his store, purchased mostly chain guards, although some have bought stronger locks than what they already have. Some have also purchased sliding door bolts to add to whatever device they have on their doors.  
 At Fromm's Hardware in the Village, 17037 Kercheval, Manager Henry Feys, said that the biggest demand was for devices that would give people a feeling of added security, such as chain guards and door bolts. There was an occasional request for a new lock, he said.

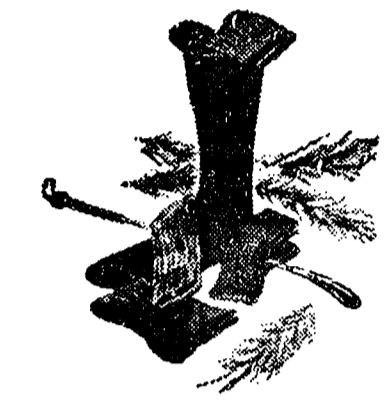

**Solicit Donors For Piano Fund**

A special letter to leading Grosse Pointe residents two weeks ago has brought the G.P. Chamber Music Players group much closer to its goal of purchasing a second grand piano for the War Memorial.  
 More than \$400 has already been received in checks and pledges as a result of the letter bringing the total of pledges and donations to more than half of the needed amount.  
 The total goal of \$3760 is still to be reached but progress is gratifying according to Dr. Farberman of Berkshire road, president of the Players group.  
 "We are almost at the point where we can have the piano delivered and plan on making up the balance of the purchase fund with benefit concerts and a renewed drive for donations in the Spring. If just a few more substantial donations would come in."  
 The piano, when purchased, will be used by the Players group for duo-piano performances by members in the group's monthly concert meetings. Grosse Pointe choral groups, and other musical groups will also make use of the two-piano facility.  
 The latest donations and pledges to be received have been from the following Pointers: Mr. and Mrs. Walker Cisl, Mrs. George Roumell, Mrs. Carl Graw, Mrs. W. J. Jewell, Dr. and Mrs. Hugh Stalker, Mary Dahlstrom, R. H. Webber, Mr. and Mrs. Hal A. Klemann, Mr. and Mrs. Renville Wheat, Mrs. George R. Fink, Mrs. Stanley N. Muirhead, Mrs. J. R. Schlotman, Mrs. Raymond K. Dykema, Mrs. W. P. Heller, Mr. and Mrs. Wm. G. Buchinger, Miss Marie Anderson.

The Presidents' Athletic Conference All-Sports trophy has been claimed by the Wayne State Tartars seven times in the past eight years of league competition.

### Two Burglaries Occur in City

Two burglaries occurred within a short time of each other in the City the night of December 8, but police are fairly certain that it is not the work of the "cat" burglar. The techniques used to enter the homes were not those employed by the "cat," nor were the hours during which the robberies happened.

Mrs. Jacques Rousseau of 760 Lakeland reported to City Police at 9:45 that her home had been broken into, entry having been gained by climbing on the garage roof and then breaking the lock on an upstairs window.

Missing were a mink jacket, \$25 in cash, two rings, a pearl necklace and liquor. The intruder had broken open the strong box and scattered the contents around, went through all the papers on the desk, and generally rifled through everything, leaving the entire upstairs in a shambles. He took a flashlight from the night table and left it next to the strong box before leaving.

The police found footprints all over the backyard which they measured. They also found that the burglar had worn gloves, as there were no fingerprints but only smudges on everything he had handled. No one was at home at the time of the robbery.

While police were at the Rousseau home, a call came in that the home of Clavern Stamper at 683 University place had also been robbed. Entry was made by forcing the lock with a crow bar.

Missing from the Stamper home were a yellow-gold Hamilton watch and a vest chain. As at the Rousseau home, everything had been scattered all over and quite a bit of damage was done.

Six groups of community officials, each with areas of important responsibility for the conduct of governmental and civic affairs in the Grosse Pointes, met informally at dinner in the Fries Auditorium Thursday night, to discuss common problems.

The group of 40 men and women included council members, city managers, and other representatives of the local governments of the Grosse Pointes as well as the Superintendent and the members of the Board of Education. The meeting was chaired by Mr. Lawrence Savage, City Manager of Grosse Pointe, and Mr. J. TO THE 1,185,000 FAMILIES SERVED BY DETROIT EDISON What can you buy for pennies today? Electric energy is one thing—the cleanest, most versatile form of useful energy. One great advantage is its adaptability. Electric energy is used for lighting, cooking and communication; for heating, cooling and to run computers. It powers motors small enough to run wristwatches, and motors large enough to operate the presses that form auto bodies. Detroit Edison provides electric energy for pennies per kilowattour. And the more you use, the lower the unit cost becomes. Below, expressed in pennies, are estimated costs of operation of the more commonly used electric appliances. Constant research, alert management and the dedication of our employees have enabled us to reduce the unit cost of electric energy. For example, when I first became a part of the electric industry in 1922, it took nearly two pounds of coal to generate one kilowattour of energy. Over the intervening years I've seen technological developments reduce this figure to 1.7 pounds—1.5 pounds—1.25 pounds and then a pound. Today, the most efficient of our turbine generators produce a kilowattour of electric energy from three-fourths pound of coal. Detroit Edison has pioneered in many of the engineering improvements which have led to these and other economies. As a result, the company has not increased its rates for electric service since 1949. Equally important, most of our customers use more electric energy now than they did then, so the average cost per kilowattour is 14 per cent less than it was in 1949. This is one reason why it's good economy to live electrically. Detroit Edison services, including free or minimum cost electric appliance repairs, are additional reasons. Backing up these services are all the efficient facilities and friendly people that are the company. Sincerely, Walker L. Cisler WALKER L. Mayors Paired Off for Michigan Week

MAYORS EXCHANGE

Each year the immediate past president of the Michigan Municipal League is chairman of the Mayors Exchange, which takes place on Government Day of Michigan Week in the spring. So the honor for 1964 fell to WILLIAM G. KIRBY, Grosse Pointe Farms councilman. Part of the work fell to his sons TOM (left) and JERRY when they accompanied their father to Lansing Friday. They assisted Gov. George Romney in drawing names from the revolving drum to pair nearly 500 cities and villages for the exchange while members of the State Administrative Board and the Exchange committee of 30 mayors and village presidents looked on. The 11th annual Exchange of Mayors is scheduled for Monday, May 18.

Men's Garden Club to Meet

At their final meeting in 1963, the Men's Garden Club of Grosse Pointe will hear Gurdon Dennis talk on tree diseases. The meeting will be held at the Grosse Pointe War Memorial Center, commencing at 8 p.m., December 19 and all male gardeners and their wives are invited to attend. Gurdon Dennis is a Wayne County Agricultural Agent and prior to his joining the County's Extension Service he spent 12 years as a forester for the City of Detroit. He is a graduate of Michigan State University and has a wealth of knowledge behind his speech. In the spirit of Christmas, special refreshments will be served.

Some people will lend a hand only if they think they have a chance of borrowing two later.

How to Ease Christmas Rush

A part of the fun of Christmas is the rush of getting everything done, but nobody likes to work under too much pressure. Here are some time management tips to help make Christmas easier for you.

- 1. Decide what you wish to accomplish and make a written list of all the jobs to be done between now and Christmas. Then try to accomplish at least one or two jobs each day.
2. Address your Christmas cards early, and have a supply of gift wrapping paper and ribbon on hand.
3. Don't leave all of the gift wrapping until the last. You will enjoy the job more if you wrap a few gifts at a time.
4. When you shop for gifts, try to avoid making hurried last-minute decisions. Along with your shopping list, know the correct size of the gifts you buy.
5. Check your supply of Christmas decorations early, so you will have time to pick up extra tree lights or balls if needed.
6. Make cookies in advance and store them in tightly covered containers or in the freezer.

County Tax Bureau Sets New Assessments in Park

Wayne County's physical survey of all lands and buildings in the Park was initiated and completed in 1962, and the county is utilizing the new assessments in its equalized valuations, which has already been reflected in the 1963 school and county tax statements sent to Park taxpayers, according to information released by City Manager Robert Slone.

The school and county tax statements are sent to the taxpayers on or before December 1 of each year.

The Park council adopted the re-evaluation assessment instituted by the Wayne County Bureau of Taxation at a recent meeting held in the Municipal Building, Slone said.

The Bureau initiated a program in 1961, based on the State Tax Commissions Manual of re-evaluating all land and buildings in the county. This was in order to arrive at a current relative value of each community.

"In view of the county action," Slone said, it was advisable for the park to work with the County Bureau of Taxation in such a program, that the work would be performed in a uniform and equitable manner, and in accordance with the State Law regarding methods and procedures to be followed in the assessing of real and personal property."

He disclosed that the last reassessment program in the Park was conducted in 1950.

He said that the equalization in itself does not correct any discrepancies among properties within a community. Therefore, to eliminate an inequality of assessment within the Park, it is necessary to utilize information obtained from this latest pertaining to individual properties in the city, and adopt it as the Park's new assessment valuation for taxing purposes.

This, Slone said, complies with the State Law which reads: "Beginning with the tax assessing year 1963, all assessing officers, whose duty is to

assess real or personal property on which real or personal taxes are levied by any taxing unit in the State, shall use only the official manual or manuals, with their latest supplements, as prepared or approved by the State Tax Commission as a guide in preparing assessments."

The city manager said the new individual city assessments will become effective on January 1, 1964, and the resulting tax levy will be evident in the 1964 city tax statements issued on July 1, 1964.

Taxpayers, whose lands and buildings total assessments are raised, will be notified by mail by the Assessor's Office shortly after January 1, 1964.

For any information pertaining to the new assessments, call personally at the Assessor's Office in the Municipal Building, 15115 East Jefferson avenue, or phone TUxedo 2-6200. The Board of Review will meet on Tuesday, March 10, 1964, from 8 a.m. to 12 p.m.; 1 p.m. to 5 p.m.; and 6 p.m. to 8 p.m. for the purpose of considering and correcting the tax roll.

The Board will again meet on March 24, the same hours, and will continue in session until all interested persons have an opportunity to be heard.

The Board meeting are held in the council room of the Municipal Building.

Wednesday Book Club To Meet At City Club

The Detroit Wednesday Book Club will meet December 18 at the Women's City Club. Luncheon at 12:30 o'clock will be followed by "Marquita," flamenco guitarist and folk singer.

CAR HITS DOG

Frank Maddon, 2169 Philip, Detroit, struck an Afghan dog while driving on Jefferson avenue at Rivard December 5. The dog was owned by Andrea Sinclair of 17370 East Jefferson.

Drunk Drivers To Go to Jail

Detroit police safety officers have distributed more than 10,000 copies of the annual holiday poster "Drunk Drivers Go To Jail" for placement in bars, liquor stores and other places where alcoholic beverages are served or sold.

The posters, prepared by the Traffic Safety Association, support the policy of Detroit Traffic Court judges John D. Watts and Andrew C. Wood, who have

warned that all convicted drunken drivers will get a minimum 10-day straight jail sentence and automatically lose their license for a minimum of 90 days.

WHEN to SELL Securities for Income Tax Savings

Police Given Rough Time By Uncooperative Driver

Woods police checked three addresses before they found that Garry K. Curlee, 22, lived at 34425 Jefferson, Mt. Clemens. The youth was stopped on suspicion and questioned early Wednesday morning, December 4.

According to Police Lt. Wilbert LeDuke and Patrolman Everett Plumb, Curlee became abusive and uncooperative and refused to show his operator's license. The youth was taken to the Shores police station, with the aid of Shores officers, where he was issued a ticket for failing to change his address.

The Woods policemen said that Curlee promptly tore up the ticket and then assaulted Shores Patrolman Chester Painter before being subdued and locked up.

LeDuke and Plumb reported that they were cruising east on Renaud road, at 2:30 a.m. when they observed Curlee in his car, stopped in front of 90 Renaud. As the officers approached to investigate, Curlee stepped on the gas and drove toward Lake Shore drive.

The Woods policemen said they ordered Curlee to stop, and then asked him the reason he was in the area, and were informed by the youth that he was looking at houses.

The officers said that they became suspicious of Curlee's actions and ordered him out of

his car, and to place his hands atop his vehicle so he could be searched. Curlee refused and became nasty, the policemen said. LeDuke and Plumb grabbed the youth and searched him, and asked him for the key to the trunk of his car. The youth refused to produce a key, it was said. A call for assistance brought Woods Police Sgt. Roland Symons, and Shores Patrolmen Painter and Gordon Swartz. On this show of force, Curlee drove to the Shores station where he was given the ticket. Curlee's operator's license bore the address, 22222 Maple, and his car register, 27812 Florence, both in St. Clair Shores. The officers said that they found a violation ticket in Curlee's car, which he received from St. Clair Shores police for speeding in their community. When released from the station, Curlee, it was said, drove away at high speed. He was returned to the station by Painter and Shores Patrolman Harry Hamilton, with the help of Symons and Plumb, and given a violation ticket for speeding.

Johnson Speaks At Christ Church

Arthur Johnson, executive secretary of the National Association for the Advancement of Colored People in Detroit, spoke at Christ Church December 4.

He pointed out five myths held in the minds of people regarding the racial situation. They are 1) that Time will do the job; 2) that facts and education will reduce conflict; 3) that Negroes must earn their rights; 4) that change can be achieved without pressure; and 5) that conflict is always destructive.

He also mentioned three related concerns; namely, that Crime is not a racial problem; that it is not true that race relations are set back by criminal action; and that the Negro should help himself. He emphasized that it is not what we do for Negroes, but for ourselves and our country that is important.

Mr. Johnson was responsible for organizing the Freedom March that was held in Detroit last June.

Easy money is dangerous — it's an anesthetic that puts a man's conscience to sleep.

### Rams Garage; Woman Injured

A Warren woman suffered a broken ankle when she lost control of her automobile Monday evening, December 2, and crashed into a garage building

at the rear of 2089 Anita. Injured was Mrs. Dorothy Slater, 30, of 20856 Wagner, who, Woods police said, was struck by a car driven by William Aull, 43, of 20855 Norwood, Harper Woods.

Police said that both drivers were traveling west on Vernier road, when Mrs. Slater made a left-hand turn from the middle lane and into the path of Aull's vehicle, just as Aull was about to pass the woman.

The woman's auto was hit on the left side, and she lost control and smashed through the frame garage. Her car was a total loss, police said.

Aull told police that when the woman made her turn, he was unable to stop in time to avoid a collision.

Mrs. Slater was taken to St. John Hospital for treatment of the injured ankle. She was given a violation ticket for making an improper left turn, and is scheduled to appear in Woods court on December 21 for a hearing.

### Driver Blames Speed on Flu

Thomas G. Shammami, 33, of 610 Blaine, Detroit, arrested for speeding on Lake Shore drive Wednesday evening, December 4, claimed he did not hear the siren of the cruiser driven by a pursuing Shores policeman.

The arresting officer Patrolman Donald Jacob said that he was cruising north on Lake Shore at 10:15 p.m., when he observed Shammami traveling south on the road at a very high speed. The officer said he turned his car around and gave chase at speeds up to 70 miles an hour.

Jacob said that Shammami stopped for a light at Vernier and when it turned green, Shammami stepped on the gas hard and at 45 miles an hour, passed four other automobiles that had made right turns off Vernier.

The policeman said that he paced Shammami from Oxford to 485 Lake Shore, and clocked the man's speed at between 65 and 70 miles an hour.

When Shammami stopped for a red light at Moross road, Jacob motioned him to the curb. The motorist was taken to the Shores station where he was issued a ticket for reckless driving.

At the station, when asked the reason for driving so fast, Shammami said that he was coming down with the flu and he was hurrying home. Also, he said, he thought the speed limit was 45 miles. He was released on \$75 bond pending a court appearance.

### Introducing New Pointe Teachers

Shown readying a sound film projector for use, one of today's common instructional tools at John R. Barnes Elementary School are (left to right) SHARON BALFOUR, grade 4; BARBARA MERCER, grade 3; PRINCIPAL ROGER O'CONNOR; PAT DANIELSON, grade 5; and Beverly Stone, grade 1.

### Pierce School Plans Vespers

Christmas Vespers at Pierce School have become a tradition which is always eagerly anticipated by members of the Pointe community. On Sunday, December 15, at 3 p.m., the twenty-fifth presentation will be given in the school auditorium.

Herman Clein, vocal director, reports that over 300 students will participate in this annual affair. The Pierce Parents Teachers Association sponsors this event. Richard Robbins is chairman of the parent committee assisting the staff. The Vespers represent the concerned effort of nearly every department and every person at Pierce.

John Mason directs the tableaux. The ninth grade students do these characterizations. Robert Rathbun of the art department serves as stage director. Songs will include old favorite carols, such as, "O Little Town of Bethlehem," "We Three Kings," "The Carol of Bells," "Silent Night," and a special arrangement of "O How Joyfully" arranged and dedicated by Mr. Clein to the forty-five boys in the Glee Club. Special selections will include a French carol, "What Perfume This," "Christmas Awake," "In David Town," and "Welcome That Star."

The ninth grade chorus has 70 voices. Joe O'Brien will accompany Silent Night on his guitar. The eighth grade chorus of 92 voices and the seventh grade chorus of 60 members will feature Richard Comly as soloist in "Away in the Manger" and Tom Hill as soloist in "Silent Night". There are one hundred and ten in the Girls Glee Club. Ellen TeWalt will accompany this group on her guitar when they sing a Christmas folk song. Elaine Haddad of the ninth grade will accompany the groups at the piano. Mrs. William Hotchkiss, a Pierce parent, will accompany with organ music. There is no admittance charge to the public. All parents, former students and friends of Pierce school are cordially invited for Sunday's 3 p.m. performance of Christmas Vespers. It costs more to feed most people's pride than their faces.

### Employers Paid Honor by Park

Nine present and one former city employee were honored by the Park City Administration at ceremonies held in the Municipal Building, 15115 East Jefferson, Monday evening, December 9, for their years of faithful services to the community. George deCausin, who retired as fire chief last May 1, was presented a transistor AM-FM radio, with the inscription: "To George deCausin, for 35 years of faithful service to the City of Grosse Pointe Park." Awarded pins for 35 years of service were the present fire chief, William Graul; Fire Capt. Henry DeClerk, and Patrolman Gustave Boone, who was absent because of illness. His pin was accepted in his behalf by Police Chief Arthur Louwers.

Fifteen-year pins went to Mrs. Jeanne D. Mentor of the Public Service Department, C. T. Rennolds, superintendent of Parks and Recreation, and also superintendent of the pumping station and electrical department.

### To Tell Parents Of New Math

There is much talk in the community today about modern mathematics. The discussion centers around the new approach to teaching in the elementary schools.

A series of instructional briefings for parents has been instituted by elementary principals, assisted by Mr. Joe Spagnole and Mr. Frank Weltonbach. In some schools, authorities from outside our school system have participated. For example, Dr. David Wells, consultant for the Oakland County Board of Education, addressed the P-TA at Barnes and Trombly. He is also scheduled to appear at Mason to make a similar address. Another expert, Mr. Melvin Rasof of Wayne State University, taught a large group of Montclair parents to work simple problems on other than "base 10." He will also conduct a conference at Poupard.

At Richard and Defer, approximately 160 parents attended general instructional sessions and demonstrations at each school. Parents at Ferry and Maire will have an opportunity to attend a short series in January.

Miss Betty Frounfelter at Kerby and Principal Weltonbach at Trombly used a film, "Modern Arithmetic through Discovery," to interpret the new approaches to mathematics.

In early January, the Department of Community Services will offer a course to parents. It is planned to offer three sections to be held at Parcels, Pierce and the Community Service Center for parents of junior and senior high school

students. One section at the elementary school level will be offered at Parcels.

Through these classes, which will be ten weeks in length with twenty hours of class work, it is hoped that terms such as systems of numeration, different bases, set theory, non-metric geometry, scientific notation, probability, and a number of other topics now included in the modern mathematics program, will be made more understandable to parents.

Mr. Humphrey Jackson of Parcels will help coordinate

the instruction material. In addition to Mr. Jackson, Mr. Robert Halfer, Mr. Herbert Ladd and Miss Mary Eyster will serve as instructors.

### Park Prepares Sewer Contract

Park City Attorney Richard Rohr is preparing a contract, with a few word changes, to present to Detroit, granting that city a right-of-way for a \$4 million sewer project through the Park.

The contract was read to the city council on Monday, December 9, by the city attorney, and the council requested the word changes to give the document a broader meaning, especially in regard to possible property damage and payment of indemnity to affected property owners.

For months, Detroit has sought the right-of-way, which would save Detroit taxpayers approximately \$800,000 by knocking off 700 feet of tunneling and sewer installation. The right-of-way will permit Detroit to install a sewer line from the Bluehill Pumping Station to across Mack avenue to the south side in the Park, down Buckingham south to Charlevoix, and down Charlevoix to the Manistique Interceptor in Detroit.

City Attorney Rohr was authorized to make the word changes and present it to the Park council at its first meeting in January for final approval. In return for the right-of-way, Detroit consented to the Park's purchase of a 66-by-750-foot strip of land jutting out into the Detroit River, from the Michigan Conservation Department.

The strip, actually an extension of Alter road, is bottom-filled land, to which the State holds title under the Submerged Land Act. In order to acquire title, approval must be given by the adjoining neighbor, which in this case is Detroit.

The land, actually within Detroit's city limits, is needed by the Park to augment recreational facilities in the Park's waterfront park. The strip is ideal for the construction of a future marina and other developments.

### New Students Get Special Help

Shown during an English lesson are APHRODITE ROUMELL, teacher; four students new to Kerby School. CAROL PARISER, and THIERRY PUGA, ANDREA PUGA, MRS. come from Argentina and Italy.

Kerby School has taken on a cosmopolitan air recently with the addition to the student body of two boys and two girls from Italy and Argentina.

At the request of the building principal, Dr. Caster Homier, Dr. Paul Mawhney, Director of Pupil Personnel for The Grosse Pointe Public School System, has arranged for a bi-lingual teacher to assist the children in efforts to perfect their English.

Mrs. Aphrodite Roumell, Pointe resident and substitute teacher in foreign languages, has taken on the assignment of working with Carol and Thierry Pariser, William and Andrea Puga. They spend part of each afternoon with their language instructor.

Carol is in the first grade of Miss Patricia Landino and Thierry is in Miss Sue Hanson's third grade. Andrea has Mrs. Inez Mullaney as her second grade teacher, while William is in Lita Flaherty's fifth grade class. The Pariser children have recently lived in Rome and the Pugas in Buenos Aires.

That children are very much alike in different parts of the world has become more evident to Kerby pupils in four classes in which the children are enrolled. Early in their studies here the children developed a system of sign language, picture writing, and smiling facial expressions to convey understanding. Some act out words. Others are chosen each week to help the newcomer in all situations.

The children have become aware of the importance of language and its needs for all. They have become more conscious of classroom safety and school rules, because they watch the new students and try to guide them to do the right thing.

Having the Pariser and the Pugas at Kerby is becoming a learning experience for all concerned.

### Slippery Street Causes Crashes

An accident occurred at East Jefferson and Cadieux road December 2, Paul K. Trauba, 54 Cloverly road, reported that he was driving west on Jefferson and applied his brakes for a traffic signal at Cadieux.

Due to the slippery pavement, he skidded across the center line into a car being driven by Catherine Mary MacEarnen, 834 Eastlawn, Detroit, who was traveling east on Jefferson. A ticket was issued to Mr. Trauba for reckless driving causing an accident.

When the case came before Judge Douglas A. Paterson December 5, it was dismissed, as the complainant failed to appear.

Another accident occurred at Waterloo and Washington road December 2 when Walter Bresser, 1020 Kensington, driving north on Washington, skidded into the intersection and was struck by a car going east on Waterloo, being driven by Barbara Jean Flood, 381 McKinley. No tickets were issued and both cars were able to be driven from the scene.

### Southeastern Women To Meet December 16

The Southeastern Women's Club will meet on Monday, December 16 at 12:30 o'clock in St. James Presbyterian Church at Parkgrove and Morang.

The program, "Fun and Fascinating Foods" and Christmas music, is being sponsored by the Consolidated Gas Co.

Dale Mandrell, who played on the St. Louis Cardinals football team in 1961, was an All-Presidents' Athletic Conference end at Wayne State in 1960.

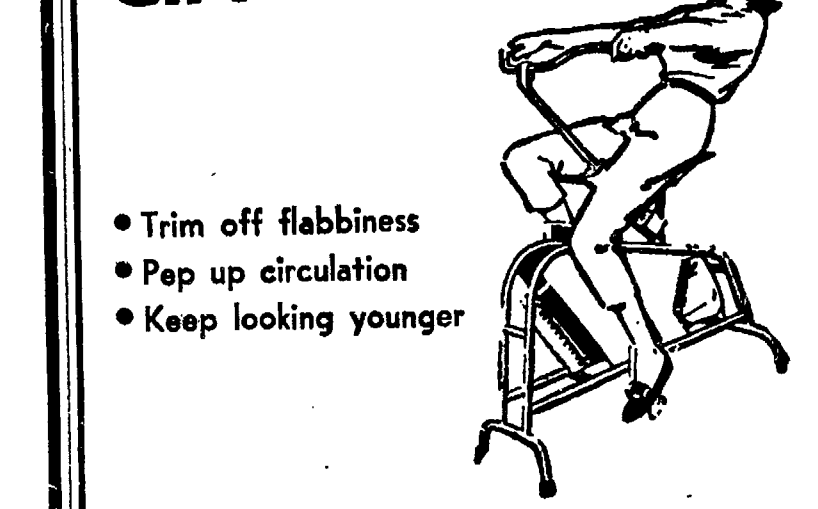

### 77 GPHS Fresh Enrolled at UM

Seventy-seven Grosse Pointe High School graduates of the class of 1963 are currently enrolled as freshmen at the University of Michigan.

These students had an opportunity to comment on their new experiences and also on their high school preparation at the annual freshman conference recently at Ann Arbor. Seven faculty members from the High School conducted the interviews—five of whom were representative of different academic departments.

They were Mr. George Holman (science), Mr. Orle Liechty (mathematics), Miss Jean Campbell (foreign language), Mrs. Ann Bellinger (English), Mr. John Corbin (history), Dr. Robert Hanson and Mr. Jerry Gerich.

## Set Lucia Day Dance At Pointe Hunt Club

Jenny Lind Club to Celebrate Traditional Swedish Festival with Dinner and Dancing; Mrs. Carl Erickson and Mrs. Gustave Dahlen Head Party Committee

The Jenny Lind Club will open the Yuletide season with a dinner dance at the Grosse Pointe Hunt Club tomorrow evening, Friday, December 13.

The Swedish Christmas, ("jul"), begins December 13, Lucia Day in Sweden, where at first cock-crow the "Lucia," usually the oldest girl in the family, wakes other members of the household.

Dressed in a traditional white robe with a crimson sash, and wearing a crown of lighted candles, "Lucia" brings a tray with coffee and special saffron buns to each person in the family as she sings the lovely old Sicilian melody, "Santa Lucia."

The committee has been working since spring on Swedish decorations for tomorrow's dance, including a full sized tree decorated in true Swedish fashion with real candles, little flags, small birds and gay ornaments of various kinds.

There will be a cutter filled with Julbocks, the Yule goat of straw which, according to Swedish legend, carries the

cias dress in white and wear crowns with lighted candles, or levande ljus (living candles) as they are called in Sweden.

This festival has been celebrated in many provinces since the Middle Ages, and its traditions have for centuries been passed from one generation to another. The Lucia legend is said to have originated in Syracuse, on the island of Sicily. There, the first Lucia, a young girl about to be a bride, gave her entire dowry to the poor people of her village and admitted that she had become a Christian. Accused of witchcraft, she was taken prisoner and burned at the stake, December 13, 304 A.D. Later, she was canonized by the early Church and thus received the name by which she is now known — Santa Lucia. She is sometimes pictured by Italian artists as a blind girl holding a lamp. There are many legends, but in each one, Lucia becomes the symbol of light and hope to mankind. She comes on the darkest day of the year to herald the glad Christmas time.

Many old beliefs exist in connection with the day, which, according to the Old Style Julian Calendar, was the shortest day of the year. It marked the solstice, the date upon which the sun apparently stands still in its motion from the equator. This they recognized as the turning point toward spring. All the work of harvesting, spinning, weaving, baking and

brewing must be finished and the whole house thoroughly cleaned and put in order for the Christmas holidays so soon to follow. If these preparations are made, happiness and prosperity will follow throughout the year. During all these activities Lucia is the central figure.

Today, it is not only in the homes of Sweden but also in schools, offices, hospitals, orphanages and other public buildings of the land that Lucia appears to open the Yuletide. She also visits everyone who is ill, poor or lonely as

the medieval Lucia is said to have done. Many towns and cities plan a special Lucia celebration and choose a local Queen of Light to reign during the festivities. She is often assisted by star boys, costumed traditionally and carrying star-tipped wands as they carol in the fashion of English mummings.

## Treger to Solo With Symphony

Sixteen Ehrling's second concert pair with the Detroit Symphony Orchestra next Thursday and Saturday at 8:30 p.m. in Ford Auditorium will feature violinist Charles Treger as soloist.

The exciting young artist, Detroit born, hit international headlines in November, 1962, when he became the first American to win first place in the

## Will Wed

Wieniawski Violin Competition in Poznan, Poland. Earlier winners were the celebrated Soviet artist David Oistrakh and his son Igor.

Treger's appearance with the Detroit Symphony will have added meaning for at age 16, in 1951, he was the youngest member of the orchestra. He left the Detroit Symphony's first string section in 1954.

... some who will be guests at Mr. and Mrs. Rea's pre-party party.

The Joseph Lackeys, Thomas Garreds, Mr. and Mrs. George Bushnell, Jr., Mr. and Mrs. Clinton Scharff, Jr., Mr. and Mrs. Clayton Spalding, Mr. and Mrs. William Byron, the Thomas Coulters and Glen Fortinberry, are others.

Everyone will go on to the Country Club, where the Grunyons, Grosse Pointe's own "Whiffenpoofs," have promised to provide intermission entertainment.

This is the 17th year for the Yale Christmas Dance. Proceeds benefit the Yale Alumni Association's Michigan scholarship fund.

## At The Hunt Club

Harper Hospital Auxiliary members have decked the halls with boughs of holly. A "just-for-fun" holiday dinner dance is on their Saturday night agenda, with music by the Ray Battani orchestra in a setting of gay Christmas decorations.

The party, for Auxiliary members, their husbands and escorts, is planned strictly as a Christmas good-time occasion, an opportunity to become better acquainted with fellow Hospital workers and the good cause which the Auxiliary serves.

Mrs. Francis Walsh is chairman of the evening, assisted by Mrs. Eduard Oetting, co-chairman.

Serving on the Christmas dance committee are Mrs. Harry Lange, Mrs. Emmett McNamara, Mrs. Frank Shaub and Mrs. George Domine.

## At The Yacht Club

Dreams of a White Christmas will become reality, as friends of the Sisters of St. Joseph dance the night away in a winter wonderland.

Guests of honor at the annual ball, benefitting St. John Hospital, will be past party chairmen, Mrs. Victor Wertz, Mrs. William J. Lilly, Mrs. Thomas Fisher, Mrs. Louis Brown, Mrs. Ray Whyte, Mrs. Claude Greiner and Mrs. Arthur Kerwin.

Mrs. James E. Scripps, who inaugurated the White Christmas Balls in 1954, may not be able to come from her home in New York for the 10th anniversary party, but all of St. John's other "angels" have promised to be present.

Three-tiered centerpieces, filled with greens and gold balls and topped by an angel, are the table decorations, and the party committee has provided an orchestra for dancing AND a strolling trio to play during cocktail hour!

## At Lochmoor

Theme song for the Newcomers Club of Grosse Pointe will be "Getting To Know You."

The Holly Ball, Newcomers' annual Christmas dinner dance, begins with buffet dinner at 8 o'clock, followed by dancing to Bert Djerkiss' orchestra.

Arrangements of holly will center each table, and "Miss Holly" will make her appearance during the evening.

Assisting committee chairmen Dr. and Mrs. Arthur Johnson, Newcomers' Club president and his lady, are Mr. and Mrs. Frank Maddox, Mr. and Mrs. James Sefer, Mr. and Mrs. Duwayne Peterson and Mr. and Mrs. Stuart Simon.

Also on the arrangements committee are Mr. and Mrs. Dan Hess, Mr. and Mrs. Bob Naegle and Mr. and Mrs. William C. Abrams.

The Newcomers Club has a second holiday celebration in the offing, a New Year's Eve party, to be held at the Village Manor.

## And The Saturday After December 14

December 21, will bring still another gala dancing evening. Mrs. Emory Moran Ford has kindly donated the services of Harry Marshard, nationally famous Boston orchestra, for a Liggett Tomorrow dance at the Country Club of Detroit.

The orchestra was originally scheduled to play that same night at Laura Evans Ford's debut party, cancelled after Miss Ford wed Richard Matthews Spitzley, Jr., in Christ Church December 1.

Mr. and Mrs. Frederick S. Ford and Dr. and Mrs. Charles W. Adams are co-chairmen of the Liggett Dance. Mr. and Mrs. E. James Howard, assisted by Mr. and Mrs. B. Courtney Rankin, are ticket chairmen.

Others on the central committee include Mr. and Mrs. John D. Bayne, Mr. and Mrs. Hazen Carrol, Mr. and Mrs. Frank Cotter, Mr. and Mrs. Edward N. Hartwick, Mr. and Mrs. John Kenower, Mr. and Mrs. Robert Mauck, Mr. and Mrs. William Gilbride, Mr. and Mrs. Charles W. Casgrain, II, Mr. and Mrs. Hans Gehrke and Mr. and Mrs. H. Bradford Aarons.

Tickets are now available at Liggett Tomorrow headquarters in the Ford Building, and through the Country Club and the ticket committee.

## Museum Helps Preserve Past

In this nuclear era of fast moving progress, there is one corner of Detroit dedicated to preserving the past.

The Detroit Historical Society Guild cordially invites Grosse Pointe families to visit the Detroit Historical Museum, Woodward and Kirby, December 15 through December 22, where this year, as in past years, Guild members have "hung the greens" in the streets of Old Detroit.

This year's decorative theme is Christmas Carols with the front entrance depicting "Deck the Halls with Boughs of Holly" and the school room representing "Jingle Bells."

Each of the quaint historic rooms from different periods of Detroit's past will be a different "carol," and a special old fashioned toy exhibit, guaranteed to delight the youngsters, has been planned.

Grosse Pointe Guild members working on this project are Mrs. Ray Harms, Mrs. Robert Artner, Mrs. James Bresser, Mrs. Norman Parker and Mrs. A. E. Trubey.

The ladies feel it would be nice if every Pointe family visited the Museum, particularly this year, to familiarize themselves with their country's past in order to help strengthen their country's future.

In the Pointe, Dr. and Mrs. George J. Baer have decorated their Balfour road residence in typical Swedish holiday tradition. The English Tudor house contains notable paintings, Oriental rugs and antiques, and its Christmas trimmings include cut-outs, straw, spice cookies and an apple tree. Swedish Santa and candies. Mrs. Baer's sister and cousin will be dressed in Swedish costumes.

Mr. and Mrs. Daniel W. Goodenough's contemporary home in Lothrop road was designed by

Yamasaki and Alexander Gerard. It will feature a beautiful large Christmas tree in the atrium, visible from all the main rooms.

The Chrales LeB. Homers, of Touraine road, have a lovely Georgian home. Its pillars and front circle drive look like a Christmas card in the snow, and small Italian Christmas lights will twinkle both inside and around the pool in back of the house. The Homers' library is appropriately decorated to show Mr. Homer's many tennis and squash trophies. Here, Christ-

## LWV Has Busy Winter Weeks

In the past two weeks, members of the League of Women Voters have been busy at many things. Mrs. Dwight Hendriks, Chairman of Unit Meetings on National Item I (United Nations) reports that the Arms Control and Disarmament Conference which was held Friday November 22, was disrupted by news of the national tragedy and will be re-scheduled at a later date.

Mrs. Hendriks further reports that of the League members who attended the Unit meetings on National Item I and thereby participated in securing Consensus. "All supported the One-Nation-One-Vote, some because they felt there was no practical alternative for the present."

Mrs. Howard Hush, Chairman of Local Item I, chaired a meeting held Monday, December 2, at the home of Mrs. John W. Mason, 37 Putnam place. The group discussed "Study and Evaluation of Home Rule for Wayne County."

Dr. and Mrs. John M. Lesesne's Oxford road home features fine Italian and French furniture in a gold and white setting. Plans call for a musical motif in addition to normal Christmas decorations. The Lesesnes' powder room is papered in real Bach chorale, violins serve as lamp bases, and Mrs. Lesesne has designed a Christmas arrangement around an antique music stand. Her dining room table will be set with Italian plates portraying musical instruments.

Mr. and Mrs. Robert W. Scripps' house in Lakeshore road is one of Grosse Pointe's newest residences. Designed to make the most of its lakeside location, decorations lead throughout the house to show the authentic Williamsburg Hall, Bermuda dining room, the cozy "pit" off the living room, nautical bar and mill wheel table in the paneled library.

Mr. and Mrs. Jay W. Sorge have decorated their Touraine road home for a typical old fashioned Christmas, with popcorn balls, cranberry strings, gingerbread men and a huge tree with old time ornaments. The Sorges' house is furnished in 18th century Williamsburg style with light walls and dark woods, shades of blues throughout and many noteworthy antiques.

Hostesses in the Pointe this afternoon will be Mrs. Arthur Johnson, Mrs. Gordon T. Ford, Mrs. George J. Goodheart, Mrs. Rex Ciavola, Mrs. George F. Renaud and Mrs. Theodore K. Friedt.

Pointers who venture to Birmingham-Bloomfield tomorrow will be invited to drink punch from a Wassail Bowl in the Brady lane home of the Marcus E. Cunninghams. Tea will be served also. The Cunninghams plan a pink and red Christmas theme to point up their lovely 18th century antiques.

Decor at the Bonniebrar residence of Dr. and Mrs. Edwin W. Deer will be traditional, with a gold and silver living-dining area the focal point. The family room will have a four seasons motif. All rooms in the Deer house overlook their pool.

Dr. and Mrs. Luther R. Leader, of Cranbrook road, have arranged an old fashioned Christmas decor in an English setting, featuring greens and golds. An organist will play carols, and the dining room will feature a table set formally for Christmas dinner for twelve.

## Center Holding English Night

A festive "Evening in Great Britain" will be featured this holiday month on the Center's Series of International Nights. Set for Thursday evening, December 12, the gala will begin with an old English banquet at 7 o'clock.

Madrigal singers will bring in the boar's head in a singing procession. Guests will dine on herring, roast beef and Yorkshire pudding, Brussels sprouts, a colorful Christmas salad and for dessert enjoy a tipsy trifle. The Crystal Ballroom will look its loveliest for the occasion with twinkling lights, greens, and hundreds of red candles.

Following dinner, guests will enjoy a program of Old English songs and carols by the Madrigal Singers of the Grosse Pointe Chamber Music Group. Then the evening will be turned over to Bud Day who will play Santa Claus by giving out presents. The evening will conclude with a color movie of some of the many traditional landmarks of this history-steeped island.

More details of the Center's forth-coming group trip to Great Britain, France and Germany will be divulged. The unique part of the trip is the fact that members of the tour will stay in renovated private country estates, famous chateaux and fairland schlosses rather than commercial hotels.

The bride-elect was feted by Mrs. Herman L. Weckler at a luncheon and linen shower at the Little Club, and by Mrs. Bartholomew A. Seymour, who served gessert at an around-the-clock shower in her Edgemont Park home.

Others who have entertained for Miss Wartena and her fiancé include Walter Keating, who hosted a brunch at the Grosse Pointe Yacht Club; Mrs. Joseph L. Hickey, who held a dessert and personal shower in her home in Edgemont Park; the James M. Northrups of Bloomfield Hills, who hosted an open house; and Mr. and Mrs. F. John Keogly, of Dean lane, who entertained at cocktails.

This Saturday, Mrs. Richard A. Wiggins, of Clairview road, will give a luncheon and table top shower, and Mr. and Mrs. Milton A. Manly, Jr., will be hosts at a cocktail party at the Detroit Club that evening.

Dr. and Mrs. Elwood Jenkins' Seminole avenue home will be the scene of the Spinster Dinner December 20, while T. Melville Rinehart hosts the bridegroom-elect's bachelor friends the same evening.

More planning parties are the Theodore K. Friedts, who will entertain at cocktails in

## Carol Laird Bride of Louis W. Booth

Daughter of The Robert Pretlow Lairds Weds in Richmond, Va., Saturday Afternoon; Newlyweds Travel to Nassau

Carol Muir Laird, daughter of Mr. and Mrs. Robert Pretlow Laird, of McKinley avenue, was married to Louis William Booth at 4 o'clock Saturday, December 7.

He is the son of Mrs. L. W. Booth, of Glenn Falls, N.Y., and the late Mr. Booth.

The wedding took place in St. Paul's Episcopal Church, Richmond, Va., the Reverend Joseph Parker Burroughs officiating.

The bride wore a gown of ivory deau de soie designed with a high scoop neckline, elbow length sleeves, an empire bodice and Alencon lace appliques. Its modified bell shaped skirt ended in a circular cathedral train.

Her veil of imported illusion fell from a crown of matching lace, and she carried white orchids with stephanotis and ivy.

The attendants, Mrs. Louis Whitfield Randall and Betsy Latham Green, of Richmond,

## Open House Held At First Dorm

A public open house will be held at the newly-completed Helen Newberry Joy Residence for Women—Wayne State University's first dormitory—from noon to 4 p.m. on Thursday, December 5.

Coeds will move into the new three-story facility, on Kirby between Second and Third Avenues, after Christmas vacation. The \$1,200,000 dormitory, which will house 258 students, was initiated with a gift of \$450,000 from the Helen Newberry Joy Fund, with the remainder financed by a self-liquidating bond issue.

Mrs. Joy, the wife of Henry B. Joy, former president of the Packard Motor Co., was a leader in the cultural, philanthropic and civil life until her death in March, 1958. She lived in Lake Shore road.

The new dormitory, designed by Edward Larrabee Barrer of New York City, features double rooms, lounges for each floor, a central lounge, a mezzanine area offering recreation facilities and an apartment for a resident counselor.

Wayne State had only limited accommodations for women students until 1960 when the University purchased several apartment houses in the campus area. From 1947 to 1960, a small number of coeds lived in the Student Center which has since been renamed Mackenzie Hall and converted to administrative offices. Women students were moved from the Center to Librarians Court, a small apartment building which was renovated for residential living. The new Helen Newberry Joy Residence is the first step toward providing "official" dormitory facilities for students on campus.

## Holiday Learning Activity Helped Others

First graders at Richard School recently embarked upon a holiday learning activity designed to benefit other children. Boys and girls in Mrs. Petree's class have been stuffing and sewing toy animals and other figures as a Christmas project. They have found that many learning skills are involved in following directions accurately and in the careful cutting of the cloth as well as in the preparation of the stuffing. Some of the children participating are (left to right) PAULA TOTTY, JOHN BATTEN, JIMMY LAKE, and teacher MRS. LETRICE PETREE. They are shown with the miniature sewing machines they used as well as some of the products of their handiwork. The Richard first graders will give the toys they have made to boys and girls at the Protestant Children's Home.

## 15 Study Groups Offered by AAUW

Pointe Branch with 271 Members Among Most Active in Whole Country; Interests Cover Many Activities

What is AAUW? What does it do? "These are questions often asked of us," stated Mrs. Sheldon Drennan, president of the Grosse Pointe branch. "AAUW simply means the American Association of University Women."

AAUW is a national organization of 155,000 members with 1,500 branches in all of the 50 states. Its purpose is educational in the widest sense—to make use of college training by widening one's own horizons, helping to build better communities and fostering a more intelligent approach to world problems.

The Grosse Pointe branch with 271 members is one of the most active in the country. It offers 15 study groups and one

general meeting each month. Currently, the local branch is adapting itself to a concentrated plan of study in four areas: Community Problems, Cultural Interests, Education and World Problems.

Two money-raising projects have been staged by the local branch this year: Children's Theater and the Used Book Sale. Proceeds from these events went into the Fellowships Fund, which provides financial aid for college women from this county. (Continued on Page 23)
