PRESIDENT JOHNSON announced before a luncheon given for newspaper publishers by the Associated Press that the United States and the Soviet Union were cutting back their production of nuclear explosive materials. Great Britain is expected to follow suit. The United States will reduce its production during the coming four years. Premier Khrushchev said Russia will stop construction on two reactors for the production of plutonium, reduce its production of uranium 235 for nuclear weapons and allocate more fissionable materials to peaceful uses.

MILITANT CIVIL RIGHTS leaders said Monday that they intended to go ahead with their plans to create a massive traffic tieup Wednesday at the opening of the World's Fair. Earlier in the day, Queens County Supreme Court Justice Joseph H. Conroy had signed a restraining order naming 10 leaders of CORE units.

Drivers convicted of driving defective equipment will have two violation points added to their records. Heretofore, such drivers only had defective equipment violations noted on their drivers' records.

Pointe Garden Club Council Gets Started on Program To Plant Lake Shore Road

Eighty-Six Flowering Trees Set Out to Launch Campaign; 11 Organizations Involved in Major Beautification Project

After several years of effort the Grosse Pointe Garden Club Council has made a start toward the replanting of Lake Shore road. Eighty-six flowering trees, including Kwansan and Siebold cherry trees, six varieties of crabapples and three varieties of Hawthornes were planted last week.

The overall plan for the planting was drawn up by Max Hilton, landscape designer, and approved by C. L. Porter, Superintendent of Parks and Forestry, both connected with the Wayne County Road Commission.

The trees were purchased through contributions made by the 11 garden clubs which belong to the Council. Mrs. Pierre V. Heftler is president of the Council, Mrs. Clarence Maguire, vice-president, Mrs. Robert W. Conder, recording secretary, Mrs. Glenn Gessell, corresponding secretary, and Mrs. Joseph Carr, treasurer.

Members of Committee Mrs. David Lowe, Miss Christine Edwards and Mrs. Emil Leidich were members of the Lake Shore planting committee.

The clubs participating in the project are Garden Club of Michigan, president Mrs. John H. Hutchinson; Grosse Pointe Garden Club, president, Mrs. W. P. 2,004 Contribute \$37,226 To Annual Center Drive

Follow-up letter have been mailed to all residents of the five Grosse Pointes from whom the Grosse Pointe War Memorial Center has not yet heard in the 1964 Annual Family Participation Campaign. These letters should now have been received and the drive's chairman Theodore H. Mecke, Jr. is confident many gifts will be forthcoming as a result of this second mailing.

A number of people were out of town when the first solicitation appeals were sent. Even so \$37,226 has to date been recorded by the Center's staff and volunteer workers. This sum represents the gifts of 2,004 families. This amount includes gifts from a very few dollars to donations of several thousand.

The Board of Directors wishes to emphasize that all gifts of

whatever size are greatly appreciated. It is the broadest possible base of community support for which the Center is striving. The goal of this year's campaign, as for several years, remains \$60,000. The target date for its successful conclusion is Memorial Day, May 30, though of course, gifts are gratefully received after that time too. Additional efforts to be made in behalf of the drive include a continuation of speeches to community groups by the Center's volunteer Board of Directors, a second follow-up mailing, and telephone reminders by the Center's staff and a corps of volunteers. Recent gifts for which the Center is most grateful have come in from the following people. (Continued on Page 3)

Picked to represent the city were Councilmen William Butler and Benjamin Warren, who will serve on both commissions. Earl I. Heenan, Jr., will continue to serve as a citizen representative on the General Employees Retirement System Commission, and Jean F. Mesritz will continue with the Police-Firemen Retirement System Commission.

Mayor William Connolly said that the four have been reappointed because they have been doing an outstanding job.

May Proclaimed Anti-Litter Month; Residences Asked to Point Out Sore Spots

The month of May has been proclaimed Anti-Litter Month under proclamations signed by the four mayors and one village president of the Pointes.

The proclamations were signed by Park Mayor Kenneth Cunningham; City Mayor David Burgess; Farms Mayor William Connolly; Woods Mayor Kenneth McLeod; and Shores Village President Jack Williams.

Whereas, the month of May has been set aside as emphasis month for anti-litter-beautification programs and projects in cooperation with the newly organized Beautification Council of Southeastern Michigan, the National Clean-Up, Paint-Up, Fix-Up Bureau and Keep America Beautiful Programs.

Now, therefore, I (name of mayor and city) do hereby designate the month of May, 1964, as Anti-Litter Month in the City of (name) of Michigan and urge all residents to participate in this program.

The NEWS is assisting in the program by printing coupons to be filled in and mailed to the Garden Club Council, 32 Lakeshore road, on which residents can write in sore spots that are in need of being cleaned up.

The "Cleanest Playground Contest" between all the public, parochial and private schools in the Pointes, will be held from May 1 through May 10, during the Spring Clean-Up Campaign. Mrs. Paul Sutherland is the chairman of this event.

Chairman of the sale will be Mrs. Clarence Maguire. She will be assisted by Mrs. Joseph Carr and Mrs. Glenn Gessell, treasurer and secretary of the Grosse Pointe Garden Club Council, which is sponsoring the annual Spring Clean-Up Campaign. Advanced orders may be placed by calling ED 1-6642.

52,897 People Fed Sugar Vaccine at 10 Polio Centers

Outstanding Example of Teamwork Seen As Doctors, Nurses and Volunteer Citizens Provide Services For Hordes of Residents

An outstanding example of teamwork and cooperation among volunteer doctors, nurses and other interested citizens and the public schools' professional staff provided Grosse Pointe and Harper Woods residents with an opportunity to participate in "Operation Sugar Cube" on Sunday. The drive was sponsored by the Wayne County Medical Society.

Dr. Paul E. Mawhinney, Director of Pupil Personnel for the Grosse Pointe Public School System, and area coordinator for the polio drive, states that a total of 52,897 people were fed in the 10 centers under his jurisdiction.

Polio vaccine centers were held in eight public elementary schools in the Grosse Pointe district, and at two centers in Harper Woods. The building-by-building figures indicate that Defer fed 7,100; Maire, 5,199; Kerby, 5,918; Monteith, 4,758; Barnes, 3,166; Perry, 3,725; Mason, 3,864; Poupard, 3,905; Eastland Center, 7,710; Becon, 7,507.

Credit for the organization of the successful operation is largely due Dr. Mawhinney and Mrs. Alberta Davis, R.N., who chairs the nurses' section of the Grosse Pointe Schools. They outlined and planned the work of building representatives, doctors, nurses, and other volunteers.

Manning the headquarters unit at Monteith School for the 10 Grosse Pointe area clinics were Thomas S. Davies, M.D., and Mrs. Davis.

In each clinic a doctor was responsible for overseeing the total operation and for delegating professional responsibilities. He made all medical decisions. (Continued on Page 2)

Boatman Saved From Icy Lake

Frederick H. Hartz, 31, of 866 Lake Shore road, was treated at Don Secours Hospital for exposure on Sunday, April 12, when his sailboat capsized on Lake St. Clair. He was rescued by the Coast Guard of the St. Clair Shores Station.

Robert F. Roney, 30, of 840 Lake Shore, witnessed the boat overturning and saw Hartz struggling in the water, and called the Shores police station. Patrolman Harry Hamilton was dispatched to the Roney house. He saw the boat and the man, but they were too far out in the lake. The officer radioed his station to call the Coast Guard.

A cutter and crew were sent to the rescue. Hartz was pulled out of the water and his boat taken in tow. The Coast Guard commander notified police to have an ambulance ready to take Hartz to the hospital.

At the hospital, Hartz was treated for too much exposure to the cold water, otherwise, he was pronounced all right.

Hartz told Coast Guard personnel and Shores police that he had taken his boat out on the lake when a sudden gust of wind hit the craft and caused it to capsize.

Woods Conducts Survey Of Tax Free Properties

A survey of tax free properties in the Pointes, excluding the Shores, made by Warren J. DeCook, Woods city assessor, and dated last July 9, showed that at that time the Woods was leading its sister cities in the listing of tax exempt properties.

City Administrator Chester Petersen said that since the survey was made, Liggett School's 9.66 acres, have been added to the total exemption.

DeCook disclosed that in conducting his survey, he used land value maps of the Pointe area; talked to city assessors in each of the Pointes; and consulted the firm of Pate and Hirn, Woods city engineers.

The Woods city assessor, in a memo to Petersen, stated that in his study, all properties were converted to acreage, and in

To Hold Hearing

The Council went on, however, to announce that a public hearing will be held Monday, May 25 at 7:30 p.m. for the purpose of considering proposed amendments to the Zoning Ordinance of the City which would clarify certain provisions.

Council also heard a report from City Attorney Charles Wright on proposed City Charter amendments, which was referred to members for further study, and a report from the Architectural firm of Gremel, Hammond and Hoey for the construction of the new Department of Public Works garage building and yard. Bids for this \$98,800 construction will be accepted in 10 days and the contract will be awarded to the low bidder.

To Buy Police Cars In other business the Council approved the purchase of three police cars and one fire vehicle from Riverview Dodge, Inc. Riverview's bid of \$3,129.22 was the lowest of eight bids. The City's share of \$1,058.55 toward the salary of Health Commissioner Thomas Davies, who serves all five Pointes was also given the okay.

The next City Council meeting will be May 25 instead of the earlier scheduled one on May 18.

Open Letter Deals with Site Problem

Trustees Cite Reasons For Selecting Vanderbush Farms For Second High School Building

The Grosse Pointe Board of Education has asked the NEWS to print an Open Letter to Residents of the Pointe Public School District, which deals with many facets of the arguments which have been going on over the proposed building of a second high school.

The Letter All who have followed the newspaper accounts or attended public meetings of the Board of Education realize that the Grosse Pointe Public School System faces a crucial and controversial issue in the construction of a second high school. It is inevitable that strong feelings will be aroused. From the outset, all members of the Board of Education recognized that much study and soul-searching would be required of all property owners of the school district.

It is unfortunate that a controversy over a site for a proposed second high school should arise to obscure and confuse the major issue. It is, of course, understandable. The construction of almost every school in our nation has aroused bitter animosities among people unaccustomed to living near or beside a school. Naturally, it is the wish of the Board that a site were available which would not only meet the necessary criteria of cost, size, location and access, but would also not infringe upon the cherished privacy of a single citizen. But this is an empty wish, and the Board along with the entire school community must face this fact.

Opposition Surprising We believe, however, that it is incumbent upon us to give all interested citizens the background story on the site selection. Frankly, we have been somewhat surprised by the number of people who seem to oppose the selected site, which, although perhaps not perfect, is the only site in our judgment that comes close to meeting the major criteria of cost, size, location and access. Before discussing the various site possibilities that have been urged upon us, and which we had previously considered, we believe it is important that three separate issues be kept in mind. Number 1 is the issue of a second high school itself. This is an issue that must be studied, debated and eventually voted upon by all property owners in a special election. It is not the issue that is the center of controversy at the present time. However, unless and until a site is settled upon, it is folly to consider a building program for a second high school. Issue number 2 is the matter of site, and the major portion of this letter is addressed to this subject. Issue number 3 is the relationship of the Board of Education to the Council of Grosse Pointe Woods. Again, we feel that it is unfortunate that the Council of Grosse Pointe Woods should have been drawn into a controversy which is not of its making and over which it has relatively little control.

Law Is Clear The law relating to this issue, however, is clear. The Grosse Pointe Public School System is an instrumentality of the State of Michigan. Under the Constitution of Michigan the State has the responsibility to provide a free public education to every child. The legislature has provided that this duty can best be discharged by local school districts, governed by locally elected Boards of Education, whose powers and duties are specifically defined by law. Our school laws give this Board of Education the power, and thrust upon this Board the duty to "locate, acquire, purchase . . . such sites . . . for schoolhouses . . . as may be necessary." It also gives the Board the power to condemn private property for this purpose. Since the Board of Education is a State agency, carry-

(Continued from Page 1) for a new school; it is not the responsibility of a city or village council.

In the past, when planning and constructing new schools or additions, the Board has always cooperated closely with city officials to meet the highest safety and aesthetic standards, and has every intention to continue to work with officials of Grosse

Woods to construct an educational and recreational center of distinction.

Selection of Site

But let us turn to issue number 2... the selection of site. As we mentioned above, the site selected by the Board is located off Vernier road, and is bounded on the south by Westingside drive and on the west by Hidden lane. Educationally, it is well situated, being removed from, but easily accessible to an arterial highway by a 100 foot wide entrance off Vernier road. It contains 31.7 acres, unimproved except for a single aging residence and several small barns and sheds, and is approximately 50 percent larger than the present high school site in Grosse Pointe Farms.

Moreover, this site is located almost in the heart of the student population center. It is a half mile closer to the farthest residence in the north end of the district than the present high school is in the south end of the district. Furthermore, it is located at the mid-point between the north and south boundaries of Grosse Pointe Woods, where a third of the Grosse Pointe students live. A new high school built on this site would enroll over 65 percent of its students from Grosse Pointe Woods.

On March 23, the Board explained its choice of sites to the P.T.A. Council at the Public Library. At this meeting, close-by neighbors strongly objected, and proposed that the Board build across the street in an area which they advised contained 40 acres. Subsequent investigation disclosed a total of 14 unencumbered acres. To obtain an equivalent of 31 acres would require condemnation of 66 houses at a total cost of approximately \$2,000,000—over three times the value of the site selected by the Board.

Fair Too Costly

Following this disclosure, it was urged that the Board purchase a portion of the Country Club of Detroit in Grosse Pointe Farms or the Lochmoor Club, two properties considered earlier by the Board and discarded because of obvious cost. The Country Club, in addition to its cost, is not centrally located nor does it have access to arterial roads. Moreover, the Board does not think it wise nor fair to locate two high schools in one municipality, even if the cost, location and access met acceptable standards.

This left only the Lochmoor Club. The Lochmoor Club meets all the criteria for a site selection with the exception of cost. Since Lochmoor does meet so many of the criteria, we feel obliged to explain why we are unwilling to proceed with condemnation or purchase.

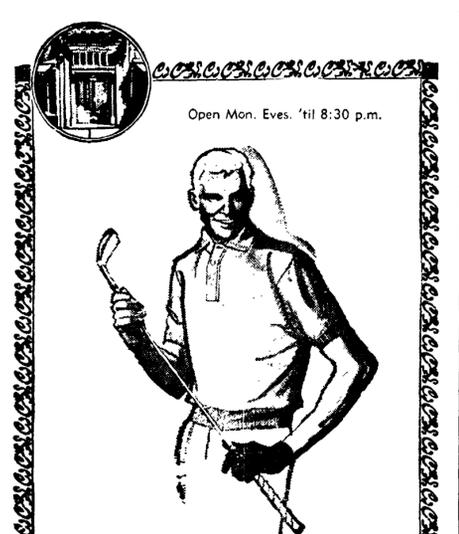

If the Board of Education were to condemn 31 acres of the Lochmoor Club, we would be required to pay the Club membership the value of the land itself (which would be at least equal to the cost of the Vanderbush-Baker site), plus a substantial amount for the cost of the improvements in the parcel taken. In addition, the condemning of 31 or more acres would most surely put that Club out of operation as a golfing facility. Because of this, the Board of Education would also be required to pay the value of

We Honor American Express, Diners and Carte Blanche Cards

The sale of the remaining land for an estimated 350 homes would require an additional elementary school, and the loss of taxes to the City of Grosse Pointe Woods and to the school district would far exceed that of the 31 acres selected. Finally, we do not feel that we should deprive the community of one of its few remaining recreational assets, nor do we believe the community at large would wish to be so deprived.

As representatives of the entire school district, and as home owners and taxpayers ourselves, we feel morally obliged to present as reasonable and economical a building program as is within our abilities to offer.

Second Meeting Set

Following the meeting of March 23, the Board was asked to hold a special hearing to listen to alternate proposals for a site. Such a hearing was scheduled for April 13. No persuasive arguments for an alternate site were offered, although the proposal was made to build into Lake St. Clair if legally and technically feasible. A request was made for the Board to hold still another hearing to listen to this and other suggestions. The Board agreed to do so, and has scheduled such a meeting at Parcels Auditorium for Monday, May 4. Although our own investigations have uncovered no other suitable land sites, we eagerly seek any information leading to a site that would better meet the criteria of cost, location, size and access.

On Saturday, April 11, a four page letter signed by the "Educational Vigilance Committee" was circulated among residents of Grosse Pointe Woods. This letter made two significant points: (1) that the City of Grosse Pointe Woods would lose \$25,000 annually in tax receipts if the proposed school site were developed into a residential area of 120 homes; and (2) that the City of Grosse Pointe Woods would be obliged to pay \$30,000 annually for snow and rubbish removal and additional police protection.

While this matter is of interest chiefly to residents of Grosse Pointe Woods, we feel obliged to call attention to issues ignored by the writers of this letter.

More Homes, More Kids

First, it may be true that 120 homes would raise \$25,000 in additional city taxes; but by the writers' own computation, it would require \$30,000 additional expenditures. But what they fail to point out is that 120 homes would also add at least 120 children to the schools, and the cost of their education would be added to the tax bill.

Second, the \$30,000 additional expenditure for snow and rubbish removal and additional police protection is based on the addition of 120 homes. The school does its own snow removal, and nearly all its own rubbish removal. The police protection at the present congested high school amounts to one man for one hour per day, 180 days per year—at an estimated annual cost of less than \$1,000.

While the site selected poses the normal problems of traffic hazards and safety, we believe they are no worse than any of our schools where we must provide (Continued on Page 18)

Buick has a great transmission.

An automobile transmission, we grant you, isn't the most soul-stirring subject on earth. Nothing to look at either.

But if you'd like for your next new car to give you a better break on performance and gasoline mileage, something happened last week to be your guide.

The Los Angeles to New York Mobil Economy Run proved one thing for sure. There's quite a difference in the transmissions of new cars.

Three out of four for Buick

The long-time champion in the transmission league—Buick—walked off with the 1964 economy pennant. No other single make of car won as many events as Buick. Four entries, three winners.

The winning Special carried the new Super Turbine 300 automatic transmission; the LeSabre was equipped with the Super Turbine 400 (both optional at extra cost). They're the latest in a long line of Buick transmissions well known for their smoothness and absence of "shift feel". The Super Turbine is a refined and improved torque converter type to help you safely pass cars and trucks as well as gas stations.

You'll hear a lot about it in the next couple of years as this modern kind of transmission is adopted by more and more car builders.

What about engines?

Of course, an efficient transmission gets more efficient when teamed up with a lean, agile engine. The winning Buick power plants were our new V-6 and V-8. The 300 cubic inch V-8 in the winning Buick Special (the lowest priced of all Buicks) and the Buick LeSabre (the lowest priced big Buick) is like a well-conditioned fighter. All muscle, no fat. Weighs in at far less than other V-8's of similar punch. It took every other V-8 in the Economy Run.

Your type of driving—regular gas Buick. Beyond the dollars saved on gasoline, there's a certain pride in knowing you have a car that's built to get the most out of every tank of gasoline.

Survey of Tax Free Properties

(Continued from Page 1) he conducted the survey, there was no available information regarding tax exempt properties in the Shores. This is possibly because the percentage is so small, he said.

Petersen said that if the Grosse Pointe Board of Education is successful in securing 31.7 acres of land at Vernier and Morningside, as the site for a proposed second high school, this would make a total of 227.97 tax exempt acreage, more than the other three Pointes' combined acreage of 214.03.

Assuming that the Board of Education does get the land, the city administrator said, this would mean that 10.86 percent of the land area in the Woods would be tax exempt.

At a special meeting held on Monday, April 13, the Woods council adopted an amendment to its Zoning Ordinances, which established a District, and which designates certain areas in which schools, churches and commercial establishments can be erected.

The council, prior to the adoption of the amendment, went on record as opposing the use of the 31.7-acre site, owned by Edward and Frank Vanderbusch (29.53 acres) and Mr. and Mrs. John W. Baker (2.17 acres), for other than family residential purposes.

The Board of Education also held a meeting on April 13, in which the school site was discussed. However, because of requests made by people in the audience, the meeting was adjourned and another called for Monday, May 4, at 7:30 p.m. at Parcels Junior High School Auditorium.

Farms Property Owners Organize for Tax Battle

The Grosse Pointe Farms Property Owners Association met at the Farms Pier-Park on Wednesday, April 15, to elect officers for six-month terms, and to chart a course of action to combat claimed discrepancies in the recent property re-assessment in the Farms, according to James S. Allor, president of the group.

Allor said that the group assumed the organizational name of "The Grosse Pointe Property Owners' Association" which is a name of an original association which was absorbed, along with its assets, by another group in 1949.

Members of the re-organized association elected officers and committee members for terms ending October 16, 1964. The officials set up the program for the re-organization and the purpose of the group.

Meetings have been set for the fourth Monday of each month, and will be held at the Pier-Park Bathhouse. All Farms property owners are urged to join.

"As newly elected president," Allor said, "I will endeavor to promote the following actions, with the support of my officers and committee:

"1. We will fight to eliminate the discrepancies in our recent property assessments in Grosse Pointe Farms, which ranged up to, and over, 10 percent in some

Traffic Signal Felled in City

A meeting between City officials and the Wayne County Road Commission was scheduled for Wednesday, April 22, to determine the placement of a stoplight on Jefferson.

The stoplight, originally situated at the entrance of the City's Norbert Neff Memorial Park, was put out of operation April 12 when a car, driven by Willie Herman Fowler of Inkster, hit a Detroit Edison light pole which controlled its operation.

It is thought by City officials that moving the stoplight from the park entrance to the corner of Jefferson and Lake would be safer and more convenient for both motorists and patrons of the park.

The accident occurred at 3 a.m. as Fowler drove east on Jefferson. There were no witnesses and it is thought Fowler fell asleep.

He was taken to Bon Secours Hospital and later removed to Ann Arbor Hospital in Inkster. He is scheduled to appear in court April 28.

WSY Pays Honor To Arthur Neef

Arthur Neef of Lincoln road was presented the Distinguished Service Award by the Wayne State University Board of Governors April 16. He has been on the WSU faculty since 1927 and is vice president and provost of the University and dean of WSU's law school. He is the first member of the WSU faculty to win the award.

Mr. Neef plans to retire as vice-president at the end of this academic year to devote himself full time to the law school. He received the award for his contribution to the development of the University from its beginnings to its present campus. During his career at WSU he has served as legal counsel to the Board of Governors and directed legislative relations.

Before the award was presented, he gave a report outlining the growth of WSU at a meeting of the Board of Governors in McGregor Memorial Center. The award was presented by Leonard Woodcock. Each of the other governors gave individual testimonies as to Mr. Neef's contributions to the University.

New City Manager Calls Family Watching Hobby

John M. Cantwell, Grosse Pointe City's new City Manager, says his biggest hobby is watching his family.

And a pretty big hobby it is too. He and his wife, Betty are parents of six children who range all the way from college age to kindergarten material. First there's Mike, 20, a student at the University of Detroit and then two St. Paul students Rick, 18, and Bill, 15. Then there's Mary Beth, 12, and Carol Ann, 9, who also attend St. Paul's, and finally five-year-old John who attends Kerby Kindergarten and, according to Mr. Cantwell "runs the family."

Until his new appointment, Mr. Cantwell served as the City's Treasurer and Assessor, a post he assumed in June 1962. Before that, he was Comptroller and Deputy City Clerk of the Farms for six and one-half years.

Born in Marion, Ohio, he moved to Detroit when he was nine and grew up in the vicinity of Alter road. He was graduated from St. Ambrose High School and received his degree in the

field of economics from the University of Detroit. He has also done graduate work in Public Administration at the University of Michigan.

Although his hobby of watching his family takes up much of his time, Mr. Cantwell loves all athletics, both the active and the armchair variety. He enjoys playing golf but says "His score indicates his definite dedication to his work." This year with other St. Paul's he played in a basketball contest with St. Paul teenagers. The results however, were enough to make him hang up his shoes.

Talking of his new post, Mr. Cantwell said, "I think I'm most fortunate that I will be quarterback of the best city managing team anywhere." He praised the work of the members of the City Council and that of his predecessor, Lawrence Savage and said "I'll do my best to keep up the standards."

At present the Cantwells live at 116 Kerby road but are busy looking for a home in the City.

Burglars Loot Park Pharmacy

Burglars broke into the Miller Pharmacy, 14945 Kercheval, during the night of Friday, April 17, and escaped with a sizable amount of loot totaling about \$550, including a small sum of money.

Det. Lt. Stanley Enders said that the break-in was discovered at 8:57 a.m. by a Detroit citizen, John Baker of 2131 Manistique, who was passing the drug store and noticed the front door padlock had been pried off. He called police.

Enders said that the owner of the pharmacy, Louis Honigman of 17616 Pennington, Detroit, was notified of the burglary, and arrived to take inventory.

Honigman informed Enders that the thief, or thieves, had rifled three cash registers, taking a total of \$55 in currency and change. The liquor counter had also been rifled, he said.

Also taken, the store owner said, were 16 cartons of assorted cigarettes, six cases of whiskey, watches, pipes, cigaret lighters

and other items. The total loot, including the money, the owner said, amounted to more than \$550.

Investigating officers said that the thief, or thieves, left the store the way it was entered, through the front door. Honigman told police that he had locked the establishment at 10:30 p.m. the previous evening.

Movies Provide Tour of Europe

Highlights of Europe, a color sound movie, by Dr. Richard E. Pear will be featured on the Center's "Meet the Travelers" series Tuesday, May 5, at 8 o'clock in Fries Auditorium. The Grosse Pointe public is cordially invited to attend free of charge.

This film originates in Brussels, Belgium, where viewers will see the elaborate gold-painted Grand Place, the Botanical Gardens, and Belgian lace in production. The camera will then take in beautiful panoramic views of Liechtenstein before boarding a steamer which will travel through the length of the Rhine Valley.

From the Rhine, the film moves to Switzerland to the picturesque town of Lucerne famous for its covered bridge from antiquity. Then it's on to Geneva, the city of the League of Nations Buildings.

In Italy the audience will be taken to Verona, famous for its Roman amphitheatre now used for outdoor opera.

In Rome, the largest of the amphitheatres, the ruins of the tremendous Coliseum, will be visited. Rome is also the sight of the world's largest church, Saint Peter's, which will be toured with the camera. Other picture-taking stops in Rome include the Forum and the Appian Way.

The city in Italy best loved by Americans is, of course, Florence a veritable jewel. Here selected works from the Uffizi Gallery will be shown in all their majesty.

Venice is a photographer's paradise. The film moves up the Grand Canal past the Doge's Palace and across Saint Mark's Square. In southern Italy viewers will see ruins of the old seaside resort of Pompeii and then in the beautiful Bay of Naples, the camera will show a water journey from Sorrento to the Isle of Capri.

Doubling back toward France this vicarious tour will take in Pisa's Leaning Tower and the French Riviera before turning to the heartland of France for views of the magnificent

Two Cars Tangle At Intersection

She struck a car being driven by Leo Joseph Marcoux of 17140 St. Paul who was driving east on St. Paul.

Both cars were towed to a collision shop and a ticket was issued to Mary Hickman for reckless driving leading to an accident.

Fontainebleau Palace and the City of Light. Here in Paris will be seen the Louvre, the Tuilleries, and then on the outskirts, the Palace of Versailles.

Last stop is London with Big Ben, Parliament, the Tower Bridge, the Tower of London, and Buckingham Palace.

DOUSES SMALL FIRE

Mrs. Chester Myers of 1773 Brys drive, used a pan of water to put out a tiny blaze that ignited a two-by-four wall brace in the storeroom of her basement on Wednesday, April 15. She told Woods public safety officers that the fire started when a small lamp, used to light the storeroom, fell from a table and broke the light bulb. The resulting flash ignited the wood.

Albion Chorus Giving Concert

The Albion College Choir will come to Grosse Pointe to give a concert in Christ Church, Grosse Pointe boulevard on Monday, April 27, at 8 p.m.

A program of sacred music will be presented by the chorus, which is on its annual spring tour.

Building Permits Drop in Farms

Building construction in the Farms during the first three months of this year is still lagging, compared to the same period during 1963, it was reported in a monthly report by Farms City Engineer Murray M. Smith.

From January 1 through March 31, this year, only three residential permits were approved for homes valued at a total of \$130,000, and 17 miscellaneous construction permits, valued at a total of \$64,300. Total value, \$194,200.

During the first three months of 1963, seven permits for residential buildings valued at a total of \$337,000, were granted, and 15 miscellaneous permits worth \$114,500. Total value, \$451,500.

Last month, according to Smith's report, the three residential permits were approved, as well as 10 miscellaneous permits for constructions valued at a total of \$23,300. Total value, \$153,300.

During the same month last year, three residential permits were granted for homes valued at a total of \$144,000; and five permits for miscellaneous construction, valued at a total of \$12,000. Total value, \$156,000.

Whose Money Paid the Bill?

Woods police are looking for a young man who is believed to have paid for his oil purchases with money stolen from the gas station owner's cache.

Dets. Albert Abend and Gaylord Golding said that on Saturday, April 18, Art Connolly, owner of a service station, 20675 Mack, personally reported that a young man brought his car to the station for an oil change and a new oil filter.

The youth paid for the service with several one dollar bills, Connolly said. Later, two employees discovered approximately \$80 missing from a bank deposit bag placed in a secret niche in the gas station. The bag had been emptied.

The station owner told police that the bag contained about 30 one dollar bills and rolled quarters and dimes and other change.

Connolly told authorities that the money was discovered missing after the young man left the station. No one witnessed the theft, it was said.

He gave police a description of the young customer, stating the youth was driving a 1964 model Chevrolet, but Connolly was unable to furnish the license plate number.

Marine Hospital Sets Open House

The U.S. Public Health Service Hospital, 14700 Riverside, Detroit, is celebrating National Hospital Week, May 10 through 16. The theme is "Your Hospital—Public Health Center."

A special invitation is extended to the public to attend Open House on May 12, from 7 to 9 p.m.

There will be short guided tours with personnel to explain

each section visited. This is an opportunity to see how patients benefit from the coordinated efforts of all services.

Following the tours, refreshments will be served in the High School gym on Wednesday, April 22, at 7 p.m. in the auditorium. Here Dr. O. C. Williams, Medical Officer in charge, who this year was

selected as the Outstanding Federal Administrator for 1963 by the Federal Business Association of Detroit, will discuss the role of the Public Health Service Hospitals.

In addition, Charles Strong will discuss his experience as a patient in the hospital and his experience over-seas while serving in the Peace Corps.

TELLS OF THEFT

John A. Eckhout of 25134 Cole, Roseville, a delivery driver for Grinnell Warehouse, informed Farms police on Wednesday, April 15, that while his truck was parked on Roland and Mack, someone stole two model radios and two tape recorders, valued at \$50 each. The items were taken from the left front of the truck, over the driver's seat, he said.

Alex McClean 100 Years Old

Alex McClean, who resided in Grosse Pointe Shores with his daughter and son-in-law, Mr. and Mrs. Orville Ingalsbe, for almost 20 years, celebrated his 100th birthday Sunday, April 19, at the Mackinac Medical Care Facility, where he is a patient.

Many of his friends and relatives gathered at the Medical Facility to honor Mr. McClean who has been living in St. Ignace township for the past 11 years with Mr. and Mrs. Ingalsbe. Mr. Ingalsbe retired to St. Ignace in 1953 after serving as Chief of Police of Grosse Pointe Shores for 30 years.

Born in Lawrence, Ontario, Mr. McClean came to Detroit in 1880 and established a blacksmith shop at Wayne. He was skilled not only in the art of shoeing horses but on his forge shaped the shoes and could make almost any part needed to repair farm wagons and machinery. One of his early and steady customers was the late Henry Ford.

After the development of the automobile, Mr. McClean was forced to close his shop but continued to work with the stable owners of that area. He retired at 88 from the Slaughter Stables at Ypsilanti.

Mr. McClean's granddaughter, Mrs. Alex Adams and great-granddaughter Leslie Adams reside at 412 St. Clair avenue in Grosse Pointe.

FENCES STOLEN

Julian Fountain of 969 Berkshire, complained to Park police on Sunday, April 12, that an unknown person, or persons, took 35 feet of two-foot picket fences from his back yard. The fences were in two sections, he said. He did not give the value of the loss.

Trinity College Promotes Muir

W. Howie Muir II, a native of Grosse Pointe, has been appointed Director of Admissions at Trinity College, Hartford, Conn., effective July 1. It was announced by College President Dr. Albert C. Jacobs.

Mr. Muir, who has served on the Trinity Admissions staff since 1955, will direct Trinity's projected increase in enrollment from 1,000 to 1,250 students by 1970.

In making the appointment Dr. Jacobs said: "I am completely confident that Mr. Muir will, as Director of Admissions, render splendid service to the College. He has the ability and the understanding effectively to deal with the increasingly complicated problems facing a college admissions office."

Mr. Muir, after graduation from the Hotchkiss School, Lakeville, Conn., received in 1951 the degree of Bachelor of Arts from Trinity College. From 1951 to 1953 he served with the United States Army in Hawaii and Korea. He went to Trinity in 1955 as Assistant Director of Admissions and in 1959 was promoted to Associate Director of Admissions. He was coordinator of a program concerning the College Scholarship Service at the Northeast Regional Meeting of the College Examination Board and College Scholarship Service held at Trinity in January, 1964.

Mr. Muir, who lives in Simsbury is married to the former Ann Mayo Hartzell, daughter of Dr. and Mrs. John B. Hartzell, of Ridge road, Grosse Pointe Farms. They have two children, W. Howie Muir III and Christina Graham Muir. Mr. Muir is a member of the Delta Phi fraternity. His parents Mr. and Mrs. William Ker Muir reside at 211 Ridge road.

Paris to Come To Hill District

Paris will come to the Farms in the form of "Rue de la Paix" Day, scheduled for Thursday, June 4. The Farms council on Monday, April 20, granted permission for the event after being petitioned by the merchants in the Hill District.

Chet Sampson, proprietor of a travel agency at 100 Kercheval, was the spokesman for the merchants, and presented the request on behalf of the businessmen.

Sampson told the council that "Rue de la Paix" Day will be an attempt to stimulate interest in shopping on the Hill, and that the merchants are engaged in a program to make the Hill even more attractive than it is at present.

He said that all shops will be decorated in a French decor, and all participating merchants are planning to create a "side-walk cafe" atmosphere in front of their shops.

Each shop will set up three or four tables, covered with bright cloths, and serve simple refreshments, such as coffee, tea and cookies, Sampson said.

In the event of inclement weather, the program will be moved to Friday, June 5. The time will be from 11 a.m. to 3 p.m.

Saturday, April 18, Republican State Representative Robert Waldron and a group of enthusiastic Grosse Pointe citizens formally opened a gaily decorated "Republican Trailer" in Jacobson's Parking Lot, Kercheval at St. Clair.

The gleaming trailer is trimmed in red, white and blue from the flower-filled window boxes to the wind-whipped American flag which flies above it.

"Know Your Candidates" is the theme. Literature and other items will be available from the Republican women manning the trailer.

The door will be open Monday through Saturday, 10 a.m. to 4 p.m.

Scouts to Help With Clean-Up

"Sore-Spots for Clean-Up" coupons are again being published in the News in connection with the Clean-Up and Plant-Up Campaign sponsored by the Grosse Pointe Garden Club Council from May 1 to May 10 this year.

Hal S. Cornelius is contacting the Boy Scout troop masters in the Grosse Pointes and expects to have several troops available on May 2 and May 9 to help with vacant property complaints. The Girl Scouts under the direction of Mrs. Edward Kay have promised to help.

Committee members who will be processing the complaints and referring them to the proper authorities include Mrs. Reuben Waterman, Mrs. Robert Lambrecht, Mrs. William C. McMullan, Mrs. Lloyd Marentette and Mrs. George Van Lokeren.

Advance orders may still be placed by calling ED 1-8642 for the white lilacs being sold on May 1 and May 2 by the Grosse Pointe Garden Council at De-Petris Florist in Grosse Pointe boulevard. These are Dutch hybrids, single and double varieties, and will sell for \$4.75.

Some cutting remarks made me buy a **YARD-MAN**

I began lawn care with a "bargain" mower and found it didn't pay. I'd also been left in the state of confusion by too many claims and gimmicks concerning lawn mowers. Recently, however, a Yard-Man dealer brought me back to earth with a few "cutting remarks" that make a lot of sense. He pointed out that the basic function of any mower is to cut grass correctly, safely, and easily. For this purpose the heart of the mower is the cutting blade, and this is just one place where Yard-Man has the "edge" on other mowers. Yard-Man cutting blades are made only from austempered steel. They are tougher than tough carbon steel and take a factory sharp cutting edge and keep it for an entire lawn mowing season. Smooth grass cutting, the full length of the blade, is assured by Yard-Man's exclusive, easy adjustment at all three vital points . . . the wheels, the roller and the bed-knife. Each blade of grass is cropped with a crisp sealing action leaving the lawn green and healthy. Yard-Man offers you grass cutting at its finest, and with all the convenience and ease of a top quality lawn mower. This is YARDMANSHIP! Ask your local dealer to demonstrate for you.

John Prescott, a member of the Clinic's Board of Directors, will outline what individuals, organizations and communities in the area to be served can do to make possible the opening of the headquarters.

Andrew W. L. Brown, a Board member, will serve as chairman of the meeting, which will include a question and answer session.

Vandals Smash Impounded Car

A car belonging to Carlo Viviano of 1187 Coplin, Detroit, parked in the lot at the rear of the old City Hall on Maumee avenue April 14, was vandalized. The rear and side windows were knocked out and interior damage to the moldings and visors was also done sometime during that day.

The car, a 1960 Chevrolet, had been involved in an accident March 9 at Kercheval and Notre Dame. At that time the front window of the Notre Dame Pharmacy was smashed. The car has been parked in the City police department lot since that time.

If the car is not picked up by the owner in the near future, Viviano will be ordered to remove the car, which is a total wreck, from the lot.

Pointe Spanish Club to Gather

The pictures will be narrated in Spanish by William Bundesen. The meeting will be followed as usual by conversation over coffee. Schram Winner Of Scholarship

HANOVER, N.H.—A Dartmouth College senior from Grosse Pointe Woods has been awarded a two-year Keesbey Memorial Foundation Scholarship for graduate study in England.

Ronald B. Schram, son of Mr. and Mrs. Byron C. Schram of 1920 Severn street, will study economics at King's College, Cambridge.

The scholarship carries a stipend of 900 pounds a year. The Keesbey Foundation was established by the late Marguerite A. Keesbey of Morris-town, N.J., to provide funds for university and public school students in Great Britain and scholarships for Americans in certain colleges of Cambridge and Oxford and at the University of Wales, University of London and University of Edinburgh.

The American recipients are usually chosen from nominees submitted by presidents of their colleges and universities selected annually by the trustees of the foundation. There are now seven American students studying in England on Keesbey Scholarships.

At Dartmouth, Schram is a member of Phi Beta Kappa. He is president of the Interfraternity Council and of Beta Theta Pi fraternity. He is also active in Sphinx, senior society, and Omicron Chi Epsilon, economics honor society, and was active in football and basketball.

Schram was graduated from Grosse Pointe High School in 1960.

Schools Offer First Aid Class

It is proven fact that a great majority of accidents occur right in the home. Because of this, the Department of Community Services, Grosse Pointe Public School System, announces a class in "First Aid," to begin Tuesday, April 28th, for a period of five weeks.

Taught by John Drummond and offered in conjunction with the American Red Cross, this course should be a "must" for every homemaker—particularly for parents of pre-school and school age children, and for those who plan to escort summer hikes or camping trips. Boaters and swimmers are also urged to familiarize themselves with First Aid techniques.

The course will deal with most of the common emergencies faced by young families and will cover such topics as artificial respiration, home made splints, and poison antidotes. It will be taught in accordance with American Red Cross regulations. This beginning course will consist of ten hours of instruction; successful completion of the course will entitle the participant to a Standard First Aid Certificate.

While the course is without fee, a charge of 75¢ will be made for the Red Cross textbook used. For further information and class registration, call the Department of Community Services, TU 5-3808 or TU 5-0271.

Goodwill Ladies Set Spring Fair

The Women's Association of Goodwill Industries will sponsor a Spring-Time Fair next Wednesday, April 29, at Goodwill Industries in Brush Street.

The fair will start at 10:30 o'clock, and at 12:30 there will be a dessert card party or fine book review. Proceeds raised through this annual event are used to help support Goodwill's programs, training the handicapped to support themselves.

For reservations, call Miss Amelia Moeller, VE 7-9088.

Little Leaguers Selling Candy

The Grosse Pointe Woods-Shores Little League has designated April 24 as the opening date of the league's annual candy sale. The sale will continue through May 11 so that candy sales can be made for Mother's Day on May 10.

Margaret and Len Constantine, candy sale co-chairmen, say that the Little Leaguers as salesmen hope to sell over 12,000 boxes to help defray the cost of operating the Woods-Shores league.

The price of the candy will be the same as last year at one dollar a box for a quality brand. There will be three available boxes consisting of a Coco-nut Bark, a new Peanut Bark, and a box of assorted chocolates.

Mr. and Mrs. Constantine hope that all the friends and neighbors of the Woods-Shores league will give the same wonderful support to the boys that they did last year, especially this year as the candy sale is responsible for over one-third of the league's revenue and inasmuch as the Woods-Shores League was expanded to a record number of 46 teams this year, the operating expense will also be the biggest in the league's history.

Bill Schleicher, equipment chairman, announced at the last Board of Governors meeting that the League will start the season with 1,100 baseballs and will probably use 25-350 more baseballs during the 11-week season. The 46 teams will have approximately 350 bats on hand when they start the season and will probably break between 150-200 more. All of the boys are fully uniformed in all the leagues except the Collegiate, which will again use team shirts and caps.

The Woods-Shores Little League, Inc., is a non-profit organization which spends approximately \$11,000 a year in operating costs. This money is obtained in almost equal shares from registration, sponsors and the big candy sale.

All the boys have had their try-outs during the past week and are now assigned to teams which are now practicing on 10 different diamonds.

Opening Day ceremonies are already planned for May 9 at Ghesquire Park.

Letters to the Editor

Dear Mr. Edgar: My attention has been called to an article in the April 16, 1964 issue of the Grosse Pointe News, in which it is stated that "Former Governor Wilber Brucker backs New York Governor Rockefeller for the Presidency."

intensively as a High School only from Labor Day through June by Grosse Pointe Woods residents and students. While this site is not centrally located enough to suit the Board of Education, it is not considered too inconvenient to be used as a Park by the residents. If students walked or cycled to this location, some of the physical fitness that other government agencies have been demanding may be advanced.

There is absolutely no foundation for any such statement, and I respectfully request that you make a correction. I have been supporting Governor Romney from the beginning and I shall support him continually up to and including the San Francisco Republican National Convention.

Next, there is the Grosse Pointe Woods Ghesquire Park. It is centrally located between 7 and 8 Mile Roads on Mack Ave. This plot contains 30 acres and could have easily accommodated both a High School and a Municipal Building.

I have always been a strong supporter of the Grosse Pointe News and I know that you are eager to print the facts. Hence, I appreciate your willingness to make this correction.

Even though the new Grosse Pointe Woods Municipal Building has now been built, there is still enough acreage left to build a High School if there were any inclination to do so.

Assuming that a new High School located in the Grosse Pointe Woods area will be necessary in the future, an examination of the land that is already publicly owned is in order.

Let the private 31 acre site eventually house a hundred families to provide students for, and share the expenses of, a new High School.

What Goes On at Your Library

By Virginia Leonard

It is with some sense of awe we note that exactly 400 years ago today, April 23, 1964, William Shakespeare was born. It is a long time ago. April, 1564 - the scene, Stratford-on-Avon. Young William, son of a substantial burgher and glovemak- er - who would have guessed his illustrious lot four centuries later?

Even when he reached London and the theater as a young man, no one would have predicted his genius. There he met with stiff competition - men with a university education and ready wit had already invaded the Elizabethan stage and were pouring out their knowledge of Renaissance learning.

So why is it that Shakespeare succeeded at a time when others were also trying, were talented? For sheer genius there are no ready answers. Was it imagery? Was it his understanding of human nature, his capacity to love his fellow man, his dramatic skill both in comedy and tragedy, his knowledge of the Elizabethan play house?

And so the world is prepared to celebrate this quatercentenary of the birth of William Shakespeare. In Great Britain it will be known as Shakespeare Year, and may be your chief reason for visiting Europe in 1964.

Piles and piles of pretty things will be displayed in the Undercroft of Christ Church Thursday, May 21, when Fair committee ladies gather to show off—and to sell!—samples of their handiwork.

Christ Church Fair is still months away (November 12), but the traditional Spring Preview, originally scheduled May 5 but moved back to the 21st because of Florida vacation conflicts, is a shopper's delight in itself. . . AND the perfect place to order personalized or "special" items, with a guaranteed pre-Christmas delivery date.

The popular do-it-yourself Needlepoint Belt kits will be available at the Preview, as well as some already-done-by-somebody-who-knows-what-she's-doing belts, in time-tested Pointe favorite designs, plus many new color and decoration combinations.

Mrs. Douglas Campbell will take orders for Pressed Flower Trays and Tables, and Mrs. John Lord and Mrs. Elliot Phillips will show five or six samples of exquisite Children's Needlepoint Chairs (your child's name can be included in the design if you order early).

Alpine Evening Set at Center

"Let Yourself Go"—to the Grosse Pointe War Memorial that is—on Saturday, May 2, when an Alpine Evening is billed as the International Event for May.

The program will begin promptly at 7 o'clock with a fabulous, original, live and lively revue entitled "Let Yourself Go." This hour long fast-paced, professional musical spoofs travel through the ages in song and satire, parody and playlet.

It features some of the brightest names of Broadway and Hollywood.

Leading man is Ken Hamilton, who has appeared recently in the motion pictures "Splendor In The Grass" and Hitchcock's "North by Northwest." He also toured in the road company of the Broadway musical "The Unsinkable Molly Brown."

Another member of the cast is Judy Corrigan, nationally known comedienne and husky voiced singer. She's a favorite at Chicago's LeShow and San Francisco's Purple Onion.

Dick Sasso, an old hand at musical comedy, will also appear with the cast. He has been in "Guys and Dolls," "Fanny," "Wonderful Town," and many others. The cast is completed with Joan Dunham, who has sung in supper clubs all the way from California to New York, as well as appearing on television and in Chicago's Lyric Opera Company. Both young men and young ladies are encouraged to come without escorts, but of course, those who prefer to date are more than welcome. Also everyone in attendance must either be a Grosse Pointe resident, the son or daughter of Grosse Pointe residents, employed in the Pointes, or be a guest sponsored by Pointers.

Miss Bejin Marries Frank Zimmerman

Trip to Virgin Islands Follows Rites Saturday in Our Lady Star of the Sea Church and Reception at Grosse Pointe Yacht Club

Elaine Marion Bejin chose an Empire waisted gown of white bouquet taffeta for her marriage Saturday, in Our Lady Star of the Sea Church, to Frank Zimmerman.

The bride is the daughter

of Mr. and Mrs. Joseph Edward Bejin, of Fairford road. Her husband is the son of the late Mr. and Mrs. George Zimmerman, of Jamestown, N.D.

The Rev. Father Marvin Young officiated at the 12 o'clock ceremony, which was followed by a reception at the Grosse Pointe Yacht Club.

The former Miss Bejin's gown featured a bodice of Alencon

lace with flower and pearl appliques, short sleeves, a high scooped neck and chapel train. A matching lace and flower crown held her bouffant veil of imported illusion, and she carried a cascade of white stephanotis with puffs and streamers of ivory.

Susan Bejin was her sister's maid of honor, in a floor length gown of peacock blue Diluna taffeta. Its fitted waistband caught with a free flowing floor length panel in the back, and a blue Dior bow headdress.

Dressed identically were the bridesmaids, Mary Alice Molloy and Judith Mueller. Their headpieces were petite shaped pill boxes of fabric matching their dresses, and their flowers were bouquets of white carnations and ivy.

Michael Fortuna served as Mr. Zimmerman's best man. In the usher corps were Philip Mulvihill, and Thomas Bejin and Joseph Bejin, Jr., brothers of the bride.

For her daughter's wedding, the mother of the bride chose a pale pink ensemble of pure silk pettipoint with a bodice of re-embroidered Alencon lace. She wore a hat of Swiss straw braid, in a Spring green shade, with violets and roses, and pinned a corsage of pink roses to her handbag.

When they return from a wedding trip to St. Thomas, V.I., the couple will make their home in Ann Arbor.

Zielinski-Ames

(Continued from Page 13) carried a cascade of white orchids with lilies of the valley. In floor length gowns of white organza over aqua taffeta were the attendants, maid of honor Janet Mary Ames, sister of the bride; and bridesmaids Charlene Zielinski, sister of the bridegroom, and Mrs. Walter V. Bernard, Jr.

Their headpieces and sashes were fashioned of French embroidered white ribbon, and they carried cascades of pale pink roses with heather.

Dr. Ronald Marion was the bridegroom's best man, and ushering were Dr. Jerome Rochon, Dr. Charles Reaume, Dr. Robert Zurawski and Brian Zielinski, cousin of the bridegroom.

For her daughter's wedding, Mrs. Ames chose a frock of beige Italian silk with a lace overblouse. Mrs. Zielinski wore a dress of pale pink organza over taffeta, with pearl appliques. Both mothers carried corsages of cymbidium orchids pinned to their purses.

Following a breakfast reception at the Detroit Yacht Club, the bride donned a silk suit of antique gold and white checks with a white hat and bone accessories, for traveling to Florida and Jamaica.

The newlyweds will make their home in the River Terrace Apartments in East Jefferson avenue.

Glenda Ellen Foutch To Wed W. W. Noblitt, Jr.

At a dinner party April 18, Mr. and Mrs. Philip R. Foutch, of Harper Woods, announced the engagement of their daughter, Glenda Ellen to William W. Noblitt Jr., son of Mr. and Mrs. William W. Noblitt of Vernier road.

The future bridegroom is currently attending Wayne State University. A September 12 wedding is planned at the Grosse Pointe Baptist Church.

Jewell, Jr., Mrs. Philip C. Baker, Mrs. Charles T. Fisher, Jr., Mrs. Herman P. Sattler, Mrs. Robert B. Sempie and Mrs. David W. Kendall.

More are Mrs. George E. Bushnell, Jr., Mrs. Hugh C. Daly, Mrs. Herbert S. Epstein, Mrs. John S. Pingel, Mrs. Joseph A. Vance, Jr., Mrs. Frank W. Coolidge, Mrs. Wendell W. Anderson, Jr., Mrs. James H. Quello, Mrs. William M. Day, Mrs. Alger Sheldon, Jr., Mrs. Foley Katzenmeyer, Mrs. Harlow C. Stahl and Mrs. David W. Goodenough.

Still more are Mrs. Charles A. Parcels, Jr., Mrs. Pierre V. Hettler, Mrs. Martin S. Hayden, Mrs. O. Ferdinand Cinelli, Mrs. R. Sidney Sinclair, Mrs. Henry deSegur Lauve, Mrs.

Walker S. Ciser, Mrs. James McMillan and Mrs. Everett Kinsey.

The committee members are looking forward to a delightful afternoon on May 11, when Mrs. Joseph B. Schlotman will open her home in Lake Shore drive for the committee members and their guests.

Honored guests will be Mrs. Alfred G. Wilson, on whose Meadowbrook property the elaborate Pavilion and Shell will be built, and Chancellor and Mrs. Durward Varner, of Oakland University, sponsor of the Festival.

Chancellor Varner will describe the summer cultural program to be offered this year for the first time and its benefits to the Detroit Area community.

This summer's program will mark the beginning of an impressive performing arts cultural center which ultimately will include all phases of music, theater and the dance. This will advance Detroit to a position of national prominence by providing a summer appearance for outstanding artists from all over the world.

The Meadow Brook Festival is

patterned after the nationally-famous Tanglewood in Massachusetts, where many Grosse Pointers have visited in years past.

The Grosse Pointe Committee for the Meadow Brook Festival is interested in adding Grosse Pointe support to this endeavor, which will be one of the great cultural contributions to the Detroit area for generations to come.

Construction of the strikingly

beautiful Howard C. Baldwin Memorial Pavilion is now underway. It will be completed with parking lots for the Festival opening date of July 23.

For four consecutive weeks, concerts will be offered on Thursday, Friday and Saturday evenings. The price of the tickets under the pavilion cover are \$10 and \$6 per person, entitling the ticket holder to attend one concert each of the four weeks.

To Play Cards At St. Ambrose

St. Ambrose Altar Society is sponsoring an evening card party next Wednesday, April 29, at the Parish Hall in Maryland avenue.

Through portly gates and a walled court yard, lies one of the Pointe's most interesting homes. Conceived and built in the lush boom days of the late 20's, at a cost of approximately \$600,000, it represents a heritage to be passed on to future generations.

Situated on a lakefront site 420 x 425 in size with gracious lawns sweeping down to the water's edge, it offers city-suburban living at its luxurious best.

Room accommodations are ample and it is possible to sell a portion of the site, thereby reducing the overall investment, without in any way lessening the desirability of the property.

DON'T DROP THE BALL... You'll be making the catch of the year in the fantastic buy that can be made now on this magnificent home. Truly one of the better custom homes available today, yet offered at a smidgen of reproduction cost. The house was built with three master bedrooms and two more second floor rooms for stay-in help. Perfect for just a couple who desire few but large rooms. If you have a family don't overlook the possibility of using the help's quarters for the kids.

LIKE THE TEMPERATURE... on beautiful tree lined Oxford Road, and just a baseball's throw to the lake. What a perfect setting for this farm colonial, which has recently been added to our listings of quality homes. Built by the owner, who made certain that only the best went into the construction of this family home. Four immense bedrooms, and the elaborate maids quarters stretch over the three car garage. Call for a long list of extras.

BY APPOINTMENT
LAKE ST. CLAIR is the backdrop from almost every room in this gracious home right on the water. Not at all overwhelming in size, but just right for the average family. Room for stay-in help if required. You will be surprised at the low offering price.

THE VERY REALISTIC price of \$39,500 on this white, Farm colonial, includes carpeting and draperies. A library and a family room should be reason enough to see this one before all the others. First floor bedroom and bath, plus three more bedrooms and another bath up.

IF YOU HAVE a penchant for contemporary and want to be tucked away on a quiet, dead end street, then give this one some serious thought. Laid out in the tri-level plan, with two master bedrooms on the upper level and another large bedroom and cozy den just a few steps down from the tremendous living area. Only the most modern gadgetry and materials have gone into this home. Even if you don't like contemporary you might... after seeing this choice offering.

IMPOSSIBLE to reproduce at twice the offering price. A larger home on Westchester Road, which has all the bedrooms and bathrooms required by a family with children. Redecorated throughout and features a spanking new kitchen.

YOU CAN BUY a home in the Deerpans area for far less than you might expect. Allow us to introduce you to this fine example of a center hall colonial, with such features as giant sized family room, colossal kitchen, and attached garage for two cars and then some.

In the first place, a second high school would cut by more than half the number of student drivers. But student drivers in the main pose a parking problem. On inclement days, an elementary school will see as much vehicular traffic as a high school.

It has been pointed out, too, that the site selected has homes on two sides and at part of one end of the property. Yet no home would be as close to the new building as those near the present high school site, where the distance ranges from 4 to 50 feet. This is true of many of the schools in the district. Has Some Advantages While it is wholly understandable that abutting neighbors would find a new school disconcerting, it is only fair to

We are fully cognizant of the fact that by adding to our present high school, our junior highs and elementary schools, we can contain enrollment growth for a period of eight to ten years in the future. But then what? To divide a school ten years from now, if any land were available, would leave the existing high school plant excessively overbuilt.

But again, this is a matter that must be studied and eventually voted upon by all property owners. Before such a proposition can be considered, we must first be assured that property is available for the construction of a school. It is this issue, and this issue alone, that is being considered at the present time.

We solicit your interest in this subject of discussion. The matter will again be reviewed at the meeting on May 4 at 7:30 p.m. in Parcels Auditorium.

Mrs. Erville B. Maynard serves as ex-officio chairman of the Fair. Co-chairmen are Mrs. Paul P. Fischer, Mrs. Jeremiah V. Jenks and Mrs. Robert H. Kanzler.

Man For All Seasons

The story of St. Thomas More and Henry VIII, fashioned into a luminous and absorbing drama, bids fair to become the most popular "benefit" production of Detroit's 1963-64 theater season.

Last Tuesday, the National Cathedral Association, Michigan Region, sponsored a performance, at the Fisher Theater, of "A Man For All Seasons," with proceeds earmarked for scholarships to the College of Church Musicians at the Washington Cathedral.

Next Wednesday, Marygrove College will reap the monetary rewards from a theater party, sponsored by the Detroit Chapter of Saint Mary Academy Alumnae. Funds raised will be used to create scholarships to Marygrove.

Chairmen for the April 29 benefit are Mrs. G. Patrick O'Connell, of Trombley road, and Mrs. Thomas K. Fisher, of Fair Acres drive, assisted by co-chairmen Mrs. Eugene Gargaro, of Renaud road, Mrs. Otis Walker, of Balfour road, and Mrs. Eugene Freitas, of Lochmoor boulevard.

Back Home Again

Mr. and Mrs. Wallace A. Temple have returned to their home in Fisher road, after a seven weeks' stay in warmer climes.

The Temples spent two weeks south of the border, in Mexico City, Guadalajara and Puerto Vallarta, the tiny fishing village that became famous as backdrop for Act II of the Richard Burton-Elizabeth Taylor extravaganza.

They stayed a month in Scottsdale, Ariz., where they ran into fellow Pointers, Mr. and Mrs. Ernest Ray, of University place, then went on to Las Vegas for a quick sampling of night life in the desert.

Last stop in the Temples' western odyssey, before returning to Michigan, was Salt Lake City, Utah, where they visited their son-in-law and daughter, Dr. and Mrs. Robert G. Wiese, and their three grandchildren.

Ladies In The Air

Flying north this weekend, to Bellaire, Mich., for a nine-state sectional meeting of the Ninety Nines, Inc., an international organization of women pilots founded by Amelia Earhart, are Pointe Ninety Nines Mrs. Thomas Del Giorno, Mrs. Winifred De Perow, Mrs. Bert Lindzay, and former member Mrs. Leslie Berry.

Dr. Del Giorno and Mr. Berry will accompany their wives. Husbands of Ninety Nines are known to initiates as "49 1/2's," and an interesting, crowded program of activities has been planned to keep the male auxiliary busy while women attend business meetings.

Convention theme this year is based on Michigan itself, with many special features, including a trout-fry, square dance, opening of the trout season (especially for husbands), tour of the Consumers Nuclear Power Plant at Charlevoix, and boat tours through the Northern lakes on the weekend agenda.

Saturday is banquet day, and the lady pilots have arranged for Max Conrad, the Flying Grandfather, who crash landed three weeks ago on the Greenland Icecap, to relate his latest experiences and tell tales of his many solo flights over the Atlantic and other areas.

Pointer of Interest

MRS. GERARD SLATTERY OF LAKE SHORE ROAD

"A new Children's Hospital is basic and vital to the health of children today and tomorrow." This is what Mrs. Gerard Slattery believes. And this is why, as president of the Children's Hospital Board of Trustees, Mrs. Slattery is devoting a major portion of her current time and energies to a fund-raising drive for the "new" Children's Hospital, to be built between Woodward avenue and the Walter P. Chrysler Expressway, in Detroit's projected Medical Center.

Children's Hospital can count on approximately \$4,000,000 in public funds and grants, including the Metropolitan Building Fund, plus proceeds from the sale of its old buildings, and hopes to raise another \$4,000,000 through private subscription.

This at-first staggering sum—\$4,000,000—is, Mrs. Slattery hastens to point out, a one-time goal; Children's receives Torch Drive assistance towards operating expenses for those who cannot pay full cost. Patients who can afford to pay are charged for hospital services . . . but monies necessary to erect a new, sorely needed, hospital building are considered capital funds.

To Remain Private The new Children's Hospital well remain, as always, a private institution, governed by a Board of Trustees, but will be re-located in the heart of Detroit's projected Medical Center, adjacent to the new Wayne State University College of Medicine, Harper and Grace Hospitals, the Rehabilitation Center, and within walking distance of Woman's Hospital.

Referring to Children's impending re-location, Mrs. Slattery notes: "This is something that should have been done a number of years ago, but it's probably fortunate that we waited." Ten years ago, Children's would have been faced with the problem of Do-We-Move? Today, with a whole Medical Center site determined, Children's move inside the Center is logical, desirable, and just about inevitable.

Margaret Slattery "can't remember" when she first started working for Children's Hospital. She served on the Board of Trustees for a number of years before taking the presidency. Her first husband, the late Frank Couzens, a former mayor of Detroit, was actively interested in children's health programs, and her daughter, Barbara Couzens, now Mrs. Leo J. Brennan, Jr., of Birmingham, Mich., started as a two-days-a-week volunteer worker at Children's, eventually found herself toiling at the hospital on an every-day basis, and finally took training to become a Registered Nurse!

Close-Knit Family The Slattery-Couzens clan is large and close-knit, with seven children, (six Couzenses and one Slattery), and 28 grandchildren—to date. Most of the family is still centered in the Detroit area. Holidays bring them all together at the Slattery's home in Lakeshore road, an airy, high-ceilinged, elegantly comfortable house overlooking Lake St. Clair.

After years of living in the heart of the city during the winter, summing at her Bloomfield Hills country home, "Wabeek," Mrs. Slattery decided to try life in an "all-season" home. Because she had always loved the water, and because of the Pointe's closeness to Detroit, she and her husband elected to settle in Lakeshore road.

Finishing touches were still being made in the living room and library of their new house when the Slatterys became resident Pointers, in December, '62. ("We moved in early because we were frozen out of our country house," Mrs. Slattery laughs).

Love Light and Space Light and space are the two dominant features of the Slatterys' Lakeshore residence. The living room, furnished in soft shades of green, is dominated by a portrait of Mrs. Slattery. Paintings of her children, and family photographs, are scattered throughout the house; in the dining room there is a por-

trait of schoolgirl Peggy Couzens, now Mrs. Edward C. Roney, Jr., of Stephens road, seated on a patterned chair—and there is the chair itself, one of four drawn up to a family-sized, entertaining-sized dining room table.

The soft green, (Mrs. Slattery's favorite color), is continued in the carpeting and draperies of the library, where the shelves are lined with books that all look "read," and rows of magazines half-obscure the coffee table.

Even the fireplaces are tiled with green marble, which came, originally, from the discarded interior facade of the "old" Fisher Theater, (Mrs. Slattery did not "plan" to use green marble from the Fisher in her fireplaces; she simply needed green marble—and the marble she chose happened to have come from the Fisher . . . result: Fireplaces that are interesting as well as beautiful).

Have Wabeek Room While adult Couzenses and Slatterys gather in the living room, dining room or on the patio in summer, the younger set can retreat down red-carpeted stairs to a basement recreation room, called "The Wabeek Room" because of a series of beautiful blown-up photographic murals, Mr. Slattery's Christmas gift to his wife, depicting Wabeek and views from Wabeek.

Smaller than her former home in Detroit, Mrs. Slattery's new house is still large, but could stand on a slight addition: a Trophy Room, to hold awards and citations from the grateful organizations for which she has worked.

Most recently, she received the Central Business District Volunteer of the Year Award, and was cited by the Junior League of Detroit, Inc., at the League's 50th Anniversary "Thank You" luncheon, honoring community leaders.

She serves on the board of the League of Catholic Women, (she is past president of that organization), and on the board of United Community Services, (she is a former vice-president of THAT organization), and is on the advisory board of United Foundation, the American Red Cross, the National Board of Girl Scouts and the Detroit Institute of Cancer Research.

Educational TV Pioneer She has been a member of Detroit's Educational Television Foundation "from the beginning," and served on the Citizens' Advisory Committee to the Board of Education.

"Once in a while I take a whole day and go off in the country," Mrs. Slattery says, but her days, in general, are crowded, with a meeting or two in the morning or afternoon, a few hours at the telephone, (how committee work was done in pre-telephone eras remains a mystery to today's volunteer workers), and an hour or two at her desk.

Sometimes—"not as often as I'd like"—she spends a day at the golf course. Flowers are her hobby and delight; she loves to "play with" them, and there are plants and/or fresh bouquets in almost every room of her house.

Her family—"We have great fun together; I think it's nice for our children's children to get to know one another"—and her community are Mrs. Slattery's main interests.

But "the community" is a larger entity to Mrs. Slattery than it is to many Pointers; oriented toward Detroit, she views the Motor City and its environs as a whole, the services and agencies of "downtown" as vital organs of that whole.

Hospital Vital Organ Children's Hospital is one of Metropolitan Detroit's vital organs, Mrs. Slattery believes. Recognized as one of the outstanding pediatric hospitals in the world today, in teaching and research as well as in care of the sick, Children's was founded purely as a hospital for the medically indigent.

Now it cares for all children, from all walks of life, from all sections of the community, from Michigan and from other states. Children's has between 50 and 60 resident doctors, and is one of only five hospitals in the United States with a residency in Pediatric Surgery.

Staff and services are of the highest quality—but the "plant" has outgrown itself. "A new, larger, modern Children's Hospital is essential, Mrs. Slattery believes, if Children's is to provide the services required by an expanding community, and to continue research projects that ultimately benefit all children, everywhere.

And a new, larger, modern Children's Hospital will be built. Scheduled to be the first new hospital in the Medical Center, re-located Children's will open its doors some time in late 1966 or early 1967.

Between then and now, there is a small matter of the \$4,000,000 to be subscribed. Mrs. Slattery believes people are willing to donate what they can, funds and fund-raising time, because people recognize that children—healthy children—are our future.

good and bad times, he is always there to help."

Nancy Bremer: "Friends are people you can communicate with and trust. You can tell your serious problems to a good friend seeking his advice."

Roger Blaser: "A friend is someone you can depend on to defend you in any situation. He is easy to talk to and can be trusted. He always treats you as . . . as a friend!"

Diane Brink: "A friend offers you security. You can confide in him and go through life enjoying his company. Without friends, you just couldn't get along in the world."

How about relatives? Are they your friends, or are they just forced acquaintances? The people next door, are they friends? How about that old pal you haven't seen for so many years? What of your minister? Is he a friend, or haven't you tried to find out? That guy at the office, the girl at school, the teacher, the doctor and all the others, are they friends?

Stop and think, how many friends do you have? Now ask yourself this question: "What kind of a friend am I?"

"THE HIGH FASHION REDS!" Don't think for a moment that "High Fashion Reds" refers in any way to the women behind the Iron Curtain (too few of them could ever be nominated for the "best-dressed" or best dressed lists) . . . however, red and gold tones are an advance trend in the artful use of color . . . so right for the gal that is always first in fashion . . . whose clothes look new long after she has purchased them.

Knitting Group Requests Yarn

If you are in the midst of spring cleaning and are anxious to get rid of loose ends of yarn, the knitting ladies of the Neighborhood Club would be delighted to receive your donation.

This scrap material is knitted into squares which are then sewed together resulting in beautiful afghans and then distributed to the Cancer Clinic, Red Cross, maternity and convalescent homes and some are even sent to Korea.

It is estimated that the knitting ladies have produced approximately 1500 afghans since 1942 when they first started this project. Mrs. Donald Corey is in charge of the group and welcomes any ladies in the community to join them at their regular first and third Friday

Memorial around noon. Yarn donations may be left at the Neighborhood Club temporary office at 710 Notre Dame or call TU 5-4600.
