Summary

The Department of Information Resources (DIR) is pleased to announce the bulk purchase/lease of personal computers, laptops, tablets, monitors, peripherals, accessories, and related services. By tapping into our existing contractual vehicles through our Cooperative Contracts program, DIR anticipates a much-shortened procurement process for customers. In addition, state agencies may participate in the hardware bulk purchase initiative without being constrained by dollar thresholds.

DIR has concluded vendor negotiations and customers may now issue purchase orders. The time period for placing orders will cross fiscal years, so agencies will be able to use either Fiscal Year 2019 or Fiscal Year 2020 dollars toward these purchases through December 31, 2019.

The following sections list sample configurations for desktops, laptops, tablets, monitors, accessories and related services. Dell built into the base price for each configuration the 3-year Dell ProSupport Service. If needed, DIR customers may extend support to 5 years as listed in the Available Add-On items for listed configurations. Also included in this document are the manufacturer quotes related to items listed.

Instructions for ordering

There is no minimum order quantity under the bulk purchase. Regardless of the number of items purchased, each customer will pay the same, discounted, unit price for items including but not limited to laptop, desktop, tablets, monitors, accessories, and related services listed in the following sections.

DIR customers will use the following link to access the customized DIR Bulk Purchase Portal. Specific account setup and login is not required. Customers may select and customize configurations for posted Dell products and services, add those items to a cart, and finally save the selections by generating a Dell e-quote. The e-quote is a valid Dell quote number and can be referenced on your purchase order (PO). Alternatively, customers can provide their e-quote number to their Dell representative or Dell authorized resellers, including HUBs, on contract DIR-TSO-3763. If you have a specific request, please contact your Dell representative, or if you don't know your Dell representative, please contact John Forshay, Account Executive, State of Texas, at 512-924-7246 or John_Forshay@Dell.com.

Dell Bulk Purchase Portal:
https://www.dell.com/sts/passive/commercial/v1/Autologin/Authenticate?id=IjI4NzI5ODQyIg%3d%3d

Once ready to order, please include the DIR contract number (**DIR-TSO-3763**) on your purchase order (PO) as well as the following statement, "**DIR Bulk Purchase Initiative BP2019-15."** Please submit your PO directly to Dell or the reseller, and forward a copy of your PO to bulk.purchase@dir.texas.gov.

Please note: In accordance with Texas Government Code 2157.068, state agencies making purchases under DIR Bulk Purchase Agreements are not bound by competitive requirements or dollar thresholds otherwise required when making IT commodity purchases for hardware, software, and technology services. If the state agency is unable to utilize the options provided under a DIR Bulk Purchase Agreement, the state agency must follow dollar threshold and competitive requirements. For more information on threshold requirements please visit DIR's web page, Procurement Thresholds.

DIR Contact Information

Desktop Configurations and Pricing

Standard Use Desktop

This category is intended for the stationary worker and will meet a wide range of user requirements from occasional users to call center operators to case workers to researchers and knowledge workers. It offers capacity and resources needed to do the job for DIR's customer workforce. All-in-one configurations are also included in this category.

Laptop Configurations

Standard Laptop

This category is intended for the mobile workforce. The processor and hard drive are optimized for extended battery life. This is someone who works outside the traditional office environment most of the time. These workers may use their laptops in a variety of non-office environments, including hotels, airports and customer sites.

	Standard Laptop				
	Model #	**MSRP**	**Bulk Purchase Program Price**	**Brief Description**	**Attached Quote #**
Value	Latitude 5400 (14" Non-Touch)	$1,927.42	$925.00	i5-8265U, 8GB, 14" HD Non-Touch, 500GB SATA HDD, 3YR NBD ProSupport	3000039016930

Convertible Tablet Laptop

This category is intended for mobile workers using pen-based applications. It is a laptop computer capable of taking input using a stylus or touch screen, or both.

	2-in-1 (Convertible) Tablet Laptop				
	Model #	**MSRP**	**Bulk Purchase Program Price**	**Brief Description**	**Attached Quote #**
Value	Latitude 5300 2-in-1	$2,296.28	$1,089.00	i5-8265U, 4GB, 13.3" FHD Touch, 128GB NVMe SSD, 3YR NBD ProSupport	3000039018962
Standard	Latitude 7400 2-in-1	$2,912.28	$1,435.00	i5-8265U, 8GB, 14" FHD Touch, 256GB NVMe SSD, 3YR NBD ProSupport	3000039019113
Performance	Precision 5530 2-in-1 Mobile Workstation	$3,933.57	$2,439.00	i7-8706G, 16GB, 15.6" UHD Touch, 4GB Graphics, 512GB NVMe SSD, 3YR NBD ProSupport	3000039019252

Ruggedized Laptop

This category is intended to operate reliably in harsh usage environments and conditions, such as strong vibrations, extreme temperatures and wet or dusty conditions. The laptop should have enough protection against every type of physical damage including drop, shock, water, dust, extreme temperature, and even magnetic fields. Not only it should withstand those forces, but it should be properly operable in those conditions as well.

	Ruggedized Laptop

Features & Technical Specifications

OPTIPLEX 5060 TOWER, SMALL FORM FACTOR AND MICRO

Feature	OptiPlex 5060 Technical Specifications[1]
	Monitors: qualified with select Dell UltraSharp, Professional and E series monitors **Micro Mounting Options:** Micro Vertical Stand, Micro VESA Mount, Micro Dual VESA Mount, Micro All-in-One Stand, Micro All-in-One Mount for E Series Displays, Micro DVD+/-RW Enclosure. **Small Form Factor mounting option:** Small Form Factor All-in-One Stand **Keyboards:** Dell wired keyboard with multimedia functionality, Dell Smart Card keyboard, Dell wireless keyboard **Mouse:** Dell wired mouse, Dell wireless mouse, Dell Laser mouse, Dell Wired Fingerprint Reader Mouse **Audio Speakers:** Internal Dell Business audio speaker, Dell stereo speaker systems available; Dell sound bar for select flat-panel displays. Dell Wireless Speaker System available. **Audio Headsets:** Dell Pro Stereo headsets
Software Security Options	Software Security SafeGuard and Response (powered by Secureworks), Next Generation Antivirus (NGAV), Endpoint Detection and Response (EDR), Managed Endpoint Detection and Response, Incident Management Retainer, SafeData: includes Dell Data Guardian, Dell Encryption, Dell Endpoint Security Services
Hardware Security SafeBIOS	Includes Dell Off-host BIOS Verification, BIOS Resilience, BIOS Recovery, and additional BIOS Controls; SafeID credential protection; Trusted Platform Module (TPM) 2.0, Self-Encrypting Storage Drives (Opal, FIPS), Physical Security Options: Chassis lock slot support, Chassis Intrusion Switch, Lockable Cable Covers, Smart Card Keyboard
Systems Management Options[9]	Dell Client Command Suite for In-Band Systems Management, Optional Intel Standard Manageability
Environmental, Ergonomic & Regulatory Standards[10]	Environmental Standards (eco-labels): ENERGY STAR 7.0/7.1 compliant, EPEAT 2009 Gold Registered, TCO Certified, CEL, WEEE, Japan Energy Law, South Korea E-standby, South Korea Eco-label, EU RoHS, China RoHS[14]. Please see your local representative or www.dell.com for specific details.
Warranty	Limited Hardware Warranty[15]; Standard Next Business Day On Site Service after Remote Diagnosis[16]; Optional Dell ProSupport offers premium support from expert technicians and 24x7 availability[17].
Configuration Services	Factory Image-load, BIOS Customization, Hardware Customization, Asset Tagging and Reporting.

OPTIPLEX 5060 TOWER, SMALL FORM FACTOR AND MICRO

When the desktop works your way, your efficiency is unlimited.

Discover professional class desktops at www.dell.com/OptiPlex.

1. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Technical Guidebook published on www.dell.com.
2. System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.
3. 4GB or Greater System Memory Capability: A 64-bit operating system is required to support 4GB or more of system memory.
4. Particular versions of Microsoft Windows may not support the full Bluetooth 4.2 functionality.
5. Storage: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
6. PSU: This form factor utilizes a more efficient Active Power Factor Correction (APFC) power supply. Dell recommends only Universal Power Supplies (UPS) based on Sine Wave output for APFC PSUs, not an approximation of a Sine Wave, Square Wave, or quasi-Square Wave (see UPS technical specifications). If you have questions please contact the manufacturer to confirm the output type.
7. TPM is not available in all regions.
8. Systems Management Options: Desktop and mobile Architecture for System Hardware (DASH) - Fully enabled at point of purchase.
9. For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of Product Support information at www.dell.com/support/home/us/en/19.
10. Please refer to www.epeat.net for specific country registration rating and participation.
11. Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
12. Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
13. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
14. AMD and NVIDIA discrete graphics options are only available on Tower and Small Form Factor.
15. 2.5 inch Solid State Drives are only available as a secondary storage option and can only be paired with a Solid State Drive as the Primary Storage Device.

OptiPlex 7060

IMPRESSIVELY POWERFUL

Intel® 8th generation processors with optional vPro™ allow the fastest, most manageable OptiPlex yet. Next gen discrete graphics, rich SSD and hard drive options power your workforce demands.

ULTIMATE EXPANDABILITY

Tool-less design with extensive scalability, including advanced M.2 PCIe NVMe SSD, optional 2nd NIC and Thunderbolt port, plus legacy support provide the most expandable desktop solution.

CONVENIENT CONNECTIONS

Support up to three monitors with two standard DisplayPorts and your choice of VGA, DP, USB Type-C Alt Mode or HDMI 2.0 as an optional third port. Drive additional monitors with discrete graphics.

SMART DESIGN

Adaptable, compact designs with custom mounts and stands seamlessly integrate into your workspace. A sustainably built, MIL-STD 810G tested form factor plus lockable cable covers and chassis intrusion switch keep you working confidently.

25 YEARS
OptiPlex

OptiPlex 5260 AIO

POWER YOUR WORK

Unleash full performance with Intel® 8th generation processors. Intel® Standard Manageability (ISM) provides advanced management capabilities.

SUPERB COLLABORATION

Integrated speakers, a dual array microphone and an optional pop-up webcam with Full HD or Infrared camera enable smart interaction.

STUNNING FROM EVERY ANGLE

Equipped with a 21.5" Narrow Bezel Full HD IPS (1920x1080) display with touch and anti-glare non-touch options.

SMART SOLUTION

Sustainably built designs and ergonomic stands work how you need. TPM 2.0, lockable port covers and chassis intrusion switch protect your investment.

Software Security Options	Software Security SafeGuard and Response (powered by Secureworks), Next Generation Antivirus (NGAV), Endpoint Detection and Response (EDR), Managed Endpoint Detection and Response, Incident Management Retainer, SafeData: includes Dell Data Guardian, Dell Encryption, Dell Endpoint Security Services
Hardware Security Options	Hardware Security SafeBIOS: includes Dell Off-host BIOS Verification, BIOS Resilience, BIOS Recovery, and additional BIOS Controls; SafeID credential protection; Trusted Platform Module (TPM) 2.0[6]; Self-Encrypting Storage Drives (Opal, FIPS), Physical Security Options: Chassis lock slot support, Chassis Intrusion Switch, Lockable Port Cover, Smart Card Keyboard, Dell Wired Mouse with Fingerprint Reader
Systems Management	Dell Client Command Suite for In-Band systems management Intel® Standard Manageability
Environmental & Regulatory Standards	ENERGY STAR 7.0/7.1, EPEAT 2009 Gold Registered[7], TCO Edge Certified, CEL, WEEE, Japan Energy Law, China RoHS[12] Other Environmental Options: Carbon Offset, Asset Resale and Recovery Service. Please see your local representative or www.dell.com for specific details.
Warranty and Service	Limited Hardware Warranty[9], Standard Next Business Day On Site Service after Remote Diagnosis[10] (term varies by region); Optional 3-year Dell ProSupport™ and ProSupport Plus™; 4 year and 5 year service and support options[11]
Configuration Services	Factory Image load, BIOS Customization, Hardware Customization, Asset Tagging and Reporting

OPTIPLEX 5260 ALL-IN-ONE
Powerful solutions in a single, elegant design.
Discover professional class desktops at www.dell.com/OptiPlex
1. Offering may vary by region. Some items may be available after product introduction. For complete details, refer to the Technical Guidebook published on www.dell.com.
2. System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.
3. 4GB or Greater System Memory Capability: A 64-bit operating system is required to support 4GB or more of system memory.
4. Particular versions of Microsoft Windows may not support the full Bluetooth 4.2 functionality.
5. Storage Option: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
6. TPM is available in selected regions.
7. Please refer to www.epeat.net for specific country registration rating and participation.
8. Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
9. Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue, may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
10. Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
11. For complete listing of declarations and certifications, refer to the Dell Regulatory and Environmental Datasheet found in the Manuals section of Product Support information www.dell.com/support/home/us/en/19.

OptiPlex 7460 AIO

POWERFUL PERFORMANCE

Get more done in less time with the most powerful 8th gen Intel® Core™ processors with optional Intel® vPro™ technology for advanced manageability.

ULTIMATE COLLABORATION

Optional pop-up webcam available with Full HD or infrared camera enables smart sign-on. Integrated speakers and dual mic array add the ability to Skype or use Cortana at distances up to 12 feet.

25 YEARS OptiPlex

ELEGANT AND EFFICIENT

It's new design optimizes more screen space with a brilliant edge-to-edge Full HD IPS display. A glare-free matte touch option provides hands-on interaction.

SMART SOLUTION

Designed with a sustainably built, tool-less chassis. Ergonomic stands and lockable port covers enable flexible and secure integration to your environment.

Features & Technical Specifications

Latitude 5400 and 5500

WORLD'S SMALLEST MAINSTREAM BUSINESS NOTEBOOKS IN THEIR CLASS+

Our most scalable notebooks are now significantly smaller, incorporate a more modern design, and feature a lighter finish that hides minimizes fingerprints. Experience expansive viewing with a 4-sided narrow border display and anti-glare screen for unfettered viewing. The innovative 5400 leads in sustainable design, crafted from 17% post-industrial carbon fiber reinforced polymer. Our 5500 has an aluminum option.

SCALABLE, FASTER PERFORMANCE

All the scalability including memory up to 32GB DDR4, storage up to 1TB PCIe SSD and battery up to 68 Whr, provides flexibility for different types of business needs. Plus, the latest 8th Generation Intel® up to i7 4-Core™ vPro™ Processors increase productivity, manageability, and security for your business. More powerful discrete graphics ensure video conferencing and media streaming are seamless. Dell exclusive Waves MaxxAudio Pro takes conferencing to the next level, enhancing both listening and speaking for a best-in-class experience.

FASTER TO WORK, FASTER TO CHARGE

Get to work faster with the fingerprint reader now integrated on the power button or use the IR camera plus Windows Hello for seamless authentication. Modern standby runs in the background to resume work sooner. High density batteries and an optional Super Low Power panel (5300 FHD non- touch) provide longer run time, and ExpressCharge can quickly charge your PC up to 80% in just one hour.

AN INTELLIGENT APPROACH TO MANAGEMENT

Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware® Workspace ONE™ integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with optional fingerprint reader on the power button and the FIPS 201 Smart Card Reader - delivering fast, multi-factor authentication from the world's most secure PC portfolio. In addition, Dell unique vPro extensions can remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

1 Offering may vary by country and by configuration.
2 A 64-bit operating system is required to support 4GB or more of system memory.
3 GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
4 Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
5 Battery support is dependent upon graphics support. Check technical guides for detailed support.
6 COMPUTRACE Not a Dell offer. Certain conditions apply. For full details, see terms and conditions at www.absolute.com/en/about/legal/agreements.
7 Intel Rapid Storage Technology requires a HDD, mSATA, or an SSD, as primary storage device and Windows OS required.
8 Wireless antenna available only at time of system purchase.
9 Dell Latitude 5000 Series are brominated flame retardant free (BFR-free) and polyvinyl chloride free (PVC-free); meeting the definition of BFR-/PVC-free as set forth in the iNEMI Position Statement on the "Definition of Low-Halogen Electronics (BFR-/CFR-/PVC- free)". Plastic parts contain less than 1,000 ppm (0.1%) of bromine (if the Br source is from BFRs) and less than 1,000 ppm (0.1%) of chlorine (if the Cl source is from CFRs or PVC or PVC copolymers). All printed circuit board (PCB) and substrate laminates contain bromine/chlorine total less than 1,500 ppm (0.15%) with a maximum chlorine of 900 ppm (0.09%) and maximum bromine being 900 ppm (0.09%).
10 Mobile Broadband: Subject to service provider's broadband subscription and coverage area; additional charges apply.
11 Mail-In Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue, may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
12 Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
13 GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
15 *Weights vary depending on configuration and manufacturing variability.
" Based on Dell internal analysis, February 2019, using publicly available data to compare total surface area of 13", 14" and 15.6" mainstream business-class notebooks respectively, with Intel vPro support.

Latitude 7400

WORLD'S SMALLEST PREMIUM BUSINESS-CLASS NOTEBOOKS*

Our most up-leveled Latitude, available in a premium carbon fiber weave or stunning aluminum in both sizes. Up to 6% smaller footprint than the previous generation. Get the most expansive viewing experience in the most compact size. Display options include 13" and 14" HD plus FHD options with antiglare. To top it off, we've moved to water-based paint to reduce toxic emissions.

GET TO WORK FASTER

Quickly get to work with the redesigned one handed-open hinge. One less password to remember when signing on with either the fingerprint reader on the power button or IR camera plus Windows Hello. The FHD Super Low Power panel option combined with Dell Power manager can optimize battery performance. And if critically low, Dell's unique ExpressCharge allows for up to 80% full battery charge in an hour.

OUR FASTEST MACHINES YET

Dell pioneered ExpressConnect to intelligently find the best Wi-Fi access point, for less drops and lags. We also innovated a 4x4 narrow antenna solution, double the "ears" compared to 2x2, for better streaming, downloading and video conferencing with up to 233% improvement in WWAN speeds gen over gen with our 1.0 Gbps (CAT 16) option.* Moreover, the latest 8th Generation Intel® up to i7 4-Core™ vPro™ Processors increase productivity, manageability, and security for your business.

AN INTELLIGENT APPROACH TO MANAGEMENT

Digital SafeScreen option offers better power efficiency, color integrity and contrast ratio so you can see your work while others can't. A new camera shutter option further protects privacy. Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware® Workspace ONE™ integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with optional fingerprint reader on the power button and the FIPS 201 Smart Card Reader - delivering fast, multi-factor authentication from the world's most secure PC portfolio. Furthermore, Dell unique vPro extensions remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

	256GB, 512GB, 1TB PCIe NVMe Self Encrypting Drive Class 40
Optical Drive Options	External Options Only
Multimedia	High-quality speaker, integrated noise-reducing microphones, stereo headphone/microphone combo jack, optional integrated FHD video web or IR camera with privacy shutter
Battery	3-cell (51 Whr) lithium-ion battery, optional second 3-cell (51 Whr) lithium-ion battery supporting hot-swap.
Power	90whr Rugged Elbow A/C Adapter, Optional additional 130W AC adapter
Connectivity	10/100/1000 gigabet Ethernet and triple RF-pass through (GPS, mobile broadband and Wi-Fi) **Wireless LAN Options**[5]: Intel® Dual Band Wireless AC 8265 (802.11ac) 2x2 with Bluetooth 4.2, Intel® Dual Band Wireless AC 8265 (802.11ac) 2x2 (No BT) or Qualcomm® QCA61x4A 802.11ac Dual Band (2x2) Wireless Adapter+ Bluetooth 4.2
	Optional Mobile Broadband Options:[4,5] Qualcomm® Snapdragon™ X20 LTE (DW5821e) FirstNet® with Band 14, Verizon, Sprint (US), Vodafone, Orange, Telefonica-O2 (WW), Deutsche Telekom, Swisscom (EU), Telstra, Optus, Docomo, KDDI (APAC), CMCC/CUCC/CTCC (China)
	GPS: Optional dedicated u-blox NEO-M8 GPS card
Ports, Slots & Peripherals	**Ports:** USB 3.1 Gen1 Type A (2) & USB 3.1 Gen1 Type A (1) with closeable port door when mini USB receiver inserted, USB 3.1 Gen 2 Type-C (1) with Power Delivery (PD) - supports power and display, native RS-232 serial port (1), RJ-45 gigabit Ethernet network connector (1), HDMI (1) and Universal Audio Jack. Optional: RJ-45 gigabit Ethernet network connector (1) and 2nd Serial, VGA, Display Port or Fischer USB
	Slots: SD and SIM card slot
	Optional docking and peripherals: Pogo-pin connectors for Docking/keyboard (bottom), Desk dock, Third-party vehicle docking solutions, Dell Business Dock
Security	Steel reinforced cable lock slot, Optional Security package: fingerprint reader, Contactless SmartCard reader, and SmartCard reader, TPM 2.0, ControlVault™ advanced authentication, Dell Security Tools, Dell Data Protection | Encryption, NIST SP800-147 secure platform, Dell Backup and Recovery
Dimensions & Weight[11]	Dimensions: 347.0 x 244.5 x 32.8mm (excludes bumpers and handle)
	Weight: Starting at 4.9lbs (2.22kg) with a single 3 cell battery and no handle
Regulatory and Environmental Compliance	**Regulatory model:** P48G Regulatory type: P48G002 Energy Star 7.0, EPEAT
	MIL-STD-810G testing[1]: Transit drop 36"/.91m; single unit; 26 drops, operating drop (36"/0.91m), blowing dust, vibration, functional shock, humidity, altitude, thermal extremes
	Operating thermal range: -20°F to 140°F (-29°C to 60°C); **Non-operating range:** -60°F to 160°F (-51°C to 71°C)
	IEC 60529 ingress protection[1]: IP-52 (dust-protected, protected against dripping water when tilted up to 15°)
Systems Management	Optional Intel vPro™ technology's advanced management features on i5/i7 configurations
Warranty and Service	Limited Hardware Warranty[12] Standard 3 year Mail-in Service after Remote Diagnosis[13] and optional 3-5 year Dell ProSupport & ProSupport Plus contracts available[14]

The 14” Rugged Notebook redesigned to be thinner, lighter, and ready for anything.

LATITUDE 5420 RUGGED

[1] Based on testing and certification to MIL-STD-810G, IEC 60529 standards, performed and reported independently by accredited testing companies.
[2] tested with 7th Gen Intel Core i3-7100U, 8GB RAM, 128GB SATA SSD, 68Whr(2x36 34Whr) and 1920x1080 touch display. Based on testing using the JEITA battery life benchmark test. For more information about this benchmark test, visit http://www.jeita.or.jp/english/. Test results should be used only to compare one product with another and are not a guarantee you will experience the same battery life. Battery life may be significantly less than the test results and varies depending on your product's configuration, software, usage, operating conditions, power management settings and other factors. Maximum battery life will decrease with time and use.
[3] Where wireless access is available. Additional access charges apply in some locations.
[4] Subject to service provider's broadband subscription and coverage area; additional charges apply.
[5] Regional availability may vary for some offerings. Vehicle docking and other peripherals may be offered by third-party providers.
[6] Visit Dell.com/command for more information.
[7] A 64-bit operating system is required to support 4GB or more of system memory.
[8] Significant system memory may be used to support graphics, depending on system memory size and other factors.
[9] GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
[10] Contact your sales representative for feature availability. Some features may be available later than general product availability.
[11] Weights vary depending on configuration and manufacturing variability.
[12] Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty
[13] Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
[14] Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.

Features & Technical Specifications

Feature	Technical Specification
Model Number	**7424**
Processor Options	8th Gen Intel® Core™ i5, i7 quad-core processors + vPro™* 7th Gen Intel® Core™ i3 dual-core processors 6th Gen Intel® Core™ i5 dual-core processor
Operating System	Microsoft® Windows 10 Pro 64 bit, Microsoft Windows 10 Pro with Windows 7 Professional Downgrade 64 bit (6th Gen processors only)
Memory Options[7]	8GB, 16GB, or 32GB 2400MHz DDR4 Non-ECC
Graphics[8]	Integrated Intel HD 520, 620 and UHD 620 Graphic options AMD Radeon™ 540 and RX540 Graphic options
Display	14" FHD WVA (1920 x 1080) 16:9 Anti-Glare display; Direct-View outdoor readable display with glove capable resistive touchscreen
Storage Options[9]	**Primary Drive Option:** 128GB, 256GB, 512GB, 1TB, 2TB PCIe NVMe Solid State Drive Class 40 or 256GB, 512GB, 1TB PCIe NVMe Self Encrypting Drive Class 40
	Secondary and Third[10] Drive Options: 256GB, 512GB or 1TB SATA Class 20 Solid State Drive
Optical Drive Options	Optional 8X DVD-ROM, 8X DVD+/-RW or BlueRay RW (All Optical drives replace the 3rd storage bay option)
Multimedia	High-quality speaker, integrated noise-reducing microphones, stereo headphone/microphone combo jack, optional integrated FHD video web or IR camera with privacy shutter
Battery	3-cell (51 Whr) lithium-ion battery, optional second 3-cell (51 Whr) lithium-ion battery supporting hot-swap.
Power	90whr Rugged Elbow A/C Adapter, Optional additional 130W AC adapter
Connectivity	10/100/1000 gigabet Ethernet and triple RF-pass through (GPS, mobile broadband and Wi-Fi) **Wireless LAN Options***: Intel® Dual Band Wireless AC 8265 (802.11ac) 2x2 with Bluetooth 4.2, Intel® Dual Band Wireless AC 8265 (802.11ac) 2x2 (No BT) or Qualcomm® QCA61x4A 802.11ac Dual Band (2x2) Wireless Adapter+ Bluetooth 4.2
	Optional Mobile Broadband Options:*,* Qualcomm® Snapdragon™ X20 LTE (DW5821e) FirstNet® with Band 14, Verizon, Sprint (US), Vodafone, Orange, Telefonica-O2 (WW), Deutsche Telekom, Swisscom (EU), Telstra, Optus, Docomo, KDDI (APAC), CMCC/CUCC/CTCC (China)
	GPS: Optional dedicated u-blox NEO-M8 GPS card
Ports, Slots & Peripherals	**Ports:** USB 3.1 Gen1 Type A (2) & USB 3.1 Gen1 Type A (1) with closeable port door when mini USB receiver inserted, USB 3.1 Gen 2 Type-C (1) with Power Delivery (PD) - supports power and display, native RS-232 serial port (1), RJ-45 gigabit Ethernet network connector (1), HDMI (1) and Universal Audio Jack. Optional: RJ-45 gigabit Ethernet network connector (1) and 2nd Serial, VGA, Display Port or Fischer USB
	Slots: SD and SIM card slot, Optional PCMCIA or Express Card 54mm Slot
	Optional docking and peripherals: Pogo-pin connectors for Docking/keyboard (bottom),Desk dock, Third-party vehicle docking solutions, Dell Business Dock
Security	Steel reinforced cable lock slot, Optional Security includes: Fingerprint reader, Contactless and Contacted/SmartCard reader, TPM 2.0, ControlVault™ advanced authentication, Dell Security Tools, Dell Data Protection I Encryption, NIST SP800-147 secure platform, Dell Backup and Recovery
Dimensions & Weight[11]	Dimensions: 354.5 x 255.0 x 51.3mm (excludes bumpers and handle)
	Weight: Starting at 7.6lbs (3.45kg) with a single 3 cell battery, no handle and no optical drive
Regulatory and Environmental Compliance	**Regulatory model:** P46G Regulatory type: P46G002 Energy Star 7.0, EPEAT
	MIL-STD-810G testing*: Transit drop 72"/.91m, 60"/1.52m, 48"/1.22m; single unit; 78 drops, operating drop (36"/0.91m), blowing rain, blowing dust, blowng sand, vibration, functional shock, humidity, salt fog (with rubberized keyboard), altitude, explosive atmosphere, solar radiation, thermal extremes, thermal shock, freeze/thaw, tactical standby to operational.
	Operating thermal range: -20°F to 145°F (-29°C to 63°C); **Non-operating range:** -60°F to 160°F (-51°C to 71°C)
	IEC 60529 ingress protection*: IP-65 (dust-tight, protected against pressurized water) **Hazardous locations:** ANSI/ISA.12.12.01 certification capable (Class I, Division 2, Groups A, B, C,D) **Electromagnetic interference:** MIL-STD-461F and G certified
Systems Management	Optional Intel vPro™ technology's advanced management features on i5/i7 configurations
Warranty and Service	Limited Hardware Warranty[12] Standard 3 year Mail-in Service after Remote Diagnosis[13] and optional 3-5 year Dell ProSupport & ProSupport Plus contracts available[14]

The 14” Rugged Extreme Notebook for the harshest environments.

Latitude 5300 2 n 1

A SLEEK 2-IN-1 CONVERTIBLE, SMALLEST IN ITS CLASS+

Starting at 3.15 lb, this small and light 2-in-1 has the flexibility and affordability for a wide range of businesses. The 13.3" FHD 4-sided narrow border screen with durable edge-to-edge Gorilla Glass provides an expansive work space, and 255 nits of brightness make it easy to work outside. The ISO-compliant keyboard with 2-button touchpad is designed for maximum comfort and productivity. Easily switch to tablet mode or add available active pen for a more natural writing experience. As a commitment to Dell's legacy of good, ocean-bound plastics are used in the packaging.

START UP FAST, STAY UP & RUNNING LONGER

Start your day faster with optional fingerprint reader on the power button or with the available IR camera + Windows Hello for seamless authentication. Modern standby runs in the background to resume work sooner. High density batteries reaching MobileMark's best-in-class battery life for a 13" convertible provide longer run time, while ExpressCharge can quickly charge your PC up to 80% in just one hour.

FLEXIBLE, ON-THE-GO PERFORMANCE

This convertible hosts the broadest range of features similar to 7000 series with all the scalability of 5000 - memory up to 32GB, storage up to 1 TB, and battery up to 60 Whr. Packed with the latest 8th Generation Intel® up to i7 4-Core™ vPro™ Processors to increase productivity, manageability, and security for your business. Faster WWAN with speeds up to 450 Mbps means staying connected even in areas without Wi-Fi. Dell exclusive Waves MaxxAudio Pro takes conferencing to the next level, enhancing both listening and speaking for a best-in-class experience.

AN INTELLIGENT APPROACH TO MANAGEMENT

Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware® Workspace ONE™ integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with FIPS 201 Smart Card Reader - delivering fast, multi-factor authentication from the world's most secure PC portfolio. In addition, Dell unique vPro extensions can remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

Peripheral Ecosystem[8]	Purpose built ecosystem to enable productivity on the go or at the desk. Includes Dell Business Dock-WD19, Dell Power Companions, Dell Professional Briefcases, Dell 24" & 27" Monitors, and Dell Wireless Keyboard and Mouse, 90W Type-C Adapter

1 Offering may vary by country and by configuration.
2 A 64-bit operating system is required to support 4GB or more of system memory.
3 GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
4 Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
5 Battery support is dependent upon graphics support. Check technical guides for detailed support.
6 COMPUTRACE Not a Dell offer. Certain conditions apply. For full details, see terms and conditions at www.absolute.com/en/about/legal/agreements.
7 Intel Rapid Storage Technology requires a HDD, mSATA, or an SSD, as primary storage device and Windows OS required.
8 Wireless antenna available only at time of system purchase.
9 Dell Latitude 5000 Series are brominated flame retardant free (BFR-free) and polyvinyl chloride free (PVC-free); meeting the definition of BFR-/PVC-free as set forth in the iNEMI Position Statement on the "Definition of Low-Halogen Electronics (BFR-/CFR-/PVC-free)". Plastic parts contain less than 1,000 ppm (0.1%) of bromine (if the Br source is from BFRs) and less than 1,000 ppm (0.1%) of chlorine (if the Cl source is from CFRs or PVC or PVC copolymers). All printed circuit board (PCB) and substrate laminates contain bromine/chlorine total less than 1,500 ppm (0.15%) with a maximum chlorine of 900 ppm (0.09%) and maximum bromine being 900 ppm (0.09%).
10 Mobile Broadband: Subject to service provider's broadband subscription and coverage area; additional charges apply.
11 Mail-In Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
12 Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
13 GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
15 *Weights vary depending on configuration and manufacturing variability.
+ Based on Dell internal analysis, February 2019, using publicly available data to compare total surface area of 13", 14" and 15.6" mainstream business-class notebooks, respectively, with Intel vPro support.

Latitude 7400 2 n 1

THE ONLY PC THAT SENSES YOUR PRESENCE

Introducing ExpressSign-in, with a sensor that detects your presence and automatically wakes your system. Coupled with the IR camera and Windows Hello, instantly log in to your system without lifting a finger. It also detects when you walk away and locks, so your data stays safer.

STUNNINGLY SMALL DESIGN

With the world's smallest commercial 14" 2-in-1*, stay fully productive on an expansive screen. The innovative drop-hinge design allows for a more seamless viewing experience with a 4-sided narrow border FHD display. Weighing less than 3lbs, this ultra portable 2-in-1 is crafted from machined aluminum with diamond cut edges.

UNPARALLELED PRODUCTIVITY

Experience faster mobile broadband speeds with our Cat 16 Gigabit LTE option to keep you connected around the globe. The latest 8th Generation Intel® up to i7 4-Core™ vPro™ Processors increase productivity, manageability, and security for your business. With up to 26-hour battery life*, Dell's innovative Super Low Power Panel and ExpressCharge, you can charge faster and stay charged over multiple work days. And intelligent thermal responsiveness adjusts to the way you work, keeping your system cooler on your lap.

INTELLIGENT MANAGEMENT

Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware® Workspace ONE™ integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with optional fingerprint reader on the power button and the FIPS 201 Smart Card Reader, delivering fast, multi-factor authentication you've come to expect from the world's most secure PC portfolio. Dell unique vPro extensions can remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

Includes Dell Active Pen –PN579X, Dell Notebook Powerbank Plus USB-C, 65Whr – PW7018LC, Dell USB-C Mobile Adapter – DA300, Dell Business Dock – WD15, Dell Premier Sleeve 14, Dell Pro Stereo Headset – UC350

1 Offering may vary by country and by configuration
2 A 64-bit operating system is required to support 4GB or more of system memory.
3 GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
4 Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty
5 Tap to Pay will not be supported. Tap to Login is only supported with USH SKU
6 The stated Watt Hour (WHr) is not an indication of battery life
7 Intel Rapid Storage Technology requires a HDD, mSATA, or an SSD as primary storage device. See OS requirements
8 Wireless antenna and module available only at time of system purchase
9 Dell Latitude 7400 2-in-1 are brominated flame retardant free (BFR-free) and polyvinyl chloride free (PVC-free), meeting the definition of BFR-/ PVC-free as set forth in the iNEMI Position Statement on the 'Definition of Low- Halogen Electronics (BFR-/CFR-/ PVC-free)'. Plastic parts contain less than 1,000 ppm (0.1%) of bromine (if the Br source is from BFRs) and less than 1,000 ppm (0.1%) of chlorine (if the Cl source is from CFRs or PVC or PVC copolymers). All printed circuit board (PCB) and substrate laminates contain bromine/chlorine total less than 1,500 ppm (0.15%) with a maximum chlorine of 900 ppm (0.09%) and maximum bromine being 900 ppm (0.09%).
10 Mobile Broadband: Subject to service provider's broadband subscription and coverage area; additional charges apply.
11 Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
12 Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
13 GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
14 Miracast Wireless Technology: Requires a compatible media adapter (sold separately and can be integrated into the display) and an HDMI-enabled display.
15 Weights vary depending on configuration and manufacturing variability.
16 Available in US only**
* Based on Dell Internal analysis, November 2018.
** Latitude 7400 2-in-1 tested with Intel i5-8265U, 8GB RAM, 128GB PCIe SSD, WLAN/WWAN, FHD Touch and 78 Whr battery, using the Mobile Mark 2014 battery life benchmark test, available at www.bapco.com. Test results are for comparative purposes only. Actual battery life may be significantly less than the test results and varies depending on product configuration and use, software, usage, operating conditions, power management settings and other factors. Maximum battery life will decrease with time.

Latitude 5290 2 n 1

THIN, LIGHT AND POWERFUL

Weighs less than 2 pounds, built with 8th Gen Intel® Core™ processors and an auto-deploy kickstand to make being productive easy.

MULTIPLE CONNECTIVITY OPTIONS

Ports may include 2x2ac Wi-Fi, a USB3.1 Gen 1 port, 2 USB Type-C ports and 4G/LTE to keep you productive when you are on the go.

EASY TO SERVICE

Designed with simplicity in mind.Servicing hard drives, batteries or WWAN cards onsite is a breeze and minimizes downtime.

SECURITY THAT IS CONVENIENT AND SCALABLE

Features may include Windows Hello via IR camera or more stringent levels including biometric card readers with Control Vault 2™ and FIPS 140-2 Level 3 certification.

Latitude 7200 2 n 1

Latitude 7200 2-in-1 Detachable

Elevated style

Design

The smallest Latitude device just got thinner and lighter, all in an up-leveled design. The aluminum palm rest on the folio keyboard provides sturdiness, while brushed anodized aluminum keyboard and new paint finish add elegance. Edge-to-edge Corning Gorilla Glass DX reduces reflection by 75% compared to standard glass to improve sunlight readability and delivers enhanced durability. As a commitment to Dell's legacy of good, ocean-bound plastics are utilized in the packaging.

Performance

No Wi-fi, no problem. Experience better streaming, downloading and video conferencing with up to 233% improvement in WWAN speeds gen over gen with our 1.0 Gbps (CAT 16) option. The latest 8th Generation Intel Core Processors up to i7 vPro 4-Core deliver the power needed to run today's intensive applications. Latitude's high density batteries provide longer run time, while ExpressCharge provides up to 80% battery charge in an hour.

Security

With features, security, and serviceable parts in the device, stay productive and secure even without the keyboard. The most feature-rich 12" commercial detachable has an optional integrated fingerprint reader, (2) Thunderbolt3 with Power Delivery & DisplayPort (USB Type-C), (1) USB 3.1 Gen1 (with PowerShare), uSIM card slot (WWAN only), uSD 4.0 Memory card reader, and optional Contacted or Contactless SmartCard Reader. Conferencing on-the-go is seamless with Dell exclusive Waves MaxxAudio Pro, enhancing both listening and speaking.

Management

Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware Workspace ONE integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with FIPS 201 Smart Card Reader - delivering fast, multi-factor authentication you've come to expect from the world's most secure PC portfolio. In addition, Dell unique

vPro extensions can remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

Latitude 7212 Rugged Extreme

Latitude 7212 Rugged Extreme Tablet

Intelligently tough

Lighter and more powerful

Less is more in our latest iteration of our flagship rugged tablet which is 27% lighter and starts at just 2.8lbs (1.27kg). Upgraded with powerful 7th Generation Intel Core Processors and boasting up to 1TB of fast, reliable, and high performance solid state storage, this fully-rugged tablet can tackle the most demanding rugged tasks.

Work wherever the job takes you

A crisp, bright, 11.6" FHD resolution outdoor-viewable display lets you work in direct sunlight while the glove-capable touchscreen remains responsive even if you have to wear protective gear. All day productivity is easy with optional dual hot-swap batteries for endless power.

Award winning service

Have peace of mind and trust that your mission-critical rugged tablet is well-protected with coverage options such as Dell's signature Pro Support Plus. With premium support service featuring 24/7 access to the most experienced technicians, downtime is a thing of the past.

Security Knows No Boundaries

Security matters even more in the field. With Dell Data Protection on your rugged tablet, you can rest easy knowing you have comprehensive encryption, advanced authentication, and leading-edge malware protection built right in. It doesn't get any more simpler.

Features & Technical Specifications

Feature	Latitude 7212 Rugged Extreme Tablet
Model Number[1]	7212
Processor Options[1]	8th Generation Intel® Core™ i7 Quad-Core Processor + vPro™ 7th Generation Intel® Core™ i3, i5, i7 Dual-Core Processors 6th Generation Intel® Core™ i5 Dual-Core Processor
Operating System[1]	Microsoft Windows 10 Pro 64 Bit Microsoft Windows 10 Pro with Windows 7 Professional Downgrade (64 bit)
Memory Options[1,2,3]	8GB 1866MHz LPDDR3 Memory 16GB 1866MHz LPDDR3 Memory
Chipset[1]	Integrated with the Processor
Intel Responsiveness Technologies[1,7]	Intel® Rapid Storage Technology
Graphics[1,13]	Intel® Integrated HD Graphics
Display[1]	11.6" FHD (1920x1080) 16:9 Direct-View outdoor-readable display with gloved multi-touch AG/AR/AS/Polarizer and Gorilla Glass
Storage Options[1,3]	128GB SATA Class 20 Solid State Drive 256GB SATA Class 20 Solid State Opal 2.0 SED Drive 256GB SATA Class 20 Solid State Drive 256GB PCIe NVMe Class 40 Solid State Opal 2.0 SED Drive 512GB SATA Class 20 Solid State Opal 2.0 SED Drive 512GB SATA Class 20 Solid State Drive 512GB PCIe NVMe Class 40 Solid State Drive 1TB SATA Class 20 Solid State Drive 1TB PCIe NVMe Class 40 Solid State Drive
Security[1]	TPM 2.0, ControlVault™ advanced authentication, Dell Security Tools, Dell Data Protection | Encryption, Contactless SmartCard reader, optional fingerprint reader and SmartCard reader NIST SP800-147 secure platform, Dell Backup and Recovery
Docking[1]	Rugged Tablet Desk Dock Rugged Tablet Vehicle Dock Dell Business Dock
Optical Drive Options	External Options Only
Multimedia[1]	Optional integrated front and rear cameras with built-in privacy shutter
Battery Options[1,5]	2-cell (34Wh) Lithium Ion Primary Battery 2-cell (34Wh) Lithium Ion Secondary Battery 2-cell (26Wh) Lithium Ion Primary Battery 2-cell (26Wh) Lithium Ion Secondary Battery
Power Options[1]	45W 4.5mm AC Adapter (3-prong) 45W Type-C AC Adapter (3-prong) Dell Power Companion (Type-C)
Connectivity options[1,14]	Dual RF-passthough (Wi-Fi and mobile broadband), Near field communication (NFC) **Wireless LAN Options:** Intel® Dual Band Wireless-AC 8265 with Bluetooth® 4.2 + vPro™ Mobile broadband Intel® Dual Band Wireless-AC 8265 + No Bluetooth 4.2 Wireless Card Qualcomm QCA61x4A 802.11ac Dual Band (2x2) Wireless Adapter+ Bluetooth 4.1 **Optional Mobile Broadband Options:**[6, 10] Qualcomm® Snapdragon™ X7 LTE-A for Win 10 (DW5811e Gobi5000) for Worldwide (Windows 7 and 10 options) Qualcomm® Snapdragon™ X7 LTE-A for Win 10 (DW5811e Gobi5000) for AT&T (Windows 7 and 10 options) Qualcomm® Snapdragon™ X7 LTE-A for Win 10 (DW5811e Gobi5000) for Verizon (Windows 7 and 10 options) Qualcomm® Snapdragon™ X7 LTE-A for Win 10 (DW5811e Gobi5000) for Sprint (Windows 7 and 10 options) Dell Wireless 5816e multi-mode Gobi™ 5000 4G LTE WAN Card (Japan/ANZ only) GPS:Dedicated u-blox NEO-M8 GPS card
Ports, Slots & Chassis[1]	USB 3.0 Type A USB 3.1 Type C Gen 1, supports power and display Universal Audio Jack Contactless SmartCard reader Optional Micro serial RS-232 Optional Contacted SmartCard Reader and touch Fingerprint Reader Kensington Lock slot

Dimensions & Weight[1,15]	Dimensions: (WxDxH) 12.3" x 8.0" x 0.96" (312 x 203 x 24 mm) Weight: Starting at 2.82 lbs. (1.3 kg) with single 2-cell battery
Regulatory and Environmental Compliance[1]	**MIL-STD-810G testing:** Transit drop (48"/1.22m; single unit; 26 drops), operating drop (36"/0.91m), blowing rain, blowing dust, blowing sand, vibration, functional shock, humidity, salt fog, altitude, explosive atmosphere, thermal extremes, thermal shock, freeze/thaw, tactical standby to operational **Operating thermal range:** -20°F to 145°F (-29°C to 63°C); Non-operating: -60°F to 160°F (-51°C to 71°C) IEC 60529 ingress protection18: IP-65 (dust-tight, protected against pressurized water) **Hazardous locations:** ANSI/ISA.12.12.01 certification capable (Class I, Division 2, Groups A, B, C,D), CAN/CSA C22.2 **Electromagnetic interference:** MIL-STD-461F certified
Input[1]	Rugged RGB Backlit Keyboard Cover
Systems Management[1]	Intel vPro™ technology's advanced management features on i5/i7 configurations
Warranty and Service[1]	Limited Hardware Warranty[4] Standard 1 year Mail-in Service after Remote Diagnosis[11] optional 3, 4 and 5 year hardware warranty extensions and 3-5 year Dell ProSupport contracts available[12]
Peripheral Ecosystem[1]	Maximize the performance of your Latitude 12 Rugged Tablet with Dell recommended essential accessories. Includes Dell Desktop Dock for the Rugged Tablet, Dell Dock WD15, Dell Power Companions, Kickstand and Rugged RGB Backlit Keyboard cover, Shoulder Strap, Soft and Rigid Handle options, Chest Harness, Cross Strap, Active Pen, Backpack Modules, Dell 24" & 27" Monitors, and Dell Wireless Keyboard and Mouse.

[1] Offering may vary by country and by configuration
[2] 64-bit operating system is required to support 4GB or more of system memory.
[3] GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
[4] Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty
[5] Battery support is dependent upon graphics support. Check technical guides for detailed support
[6] COMPUTRACE Not a Dell offer. Certain conditions apply. For full details, see terms and conditions at www.absolute.com/en/about/legal/agreements.
[7] Intel Rapid Storage Technology requires a HDD, mSATA, or an SSD, as primary storage device and Windows OS required
[8] Wireless antenna available only at time of system purchase
[9]
[10] Mobile Broadband Subject to service provider's broadband subscription and coverage area; additional charges apply.
[11] Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.
[12] Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
[13] GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
[14] Miracast Wireless Technology: Requires a compatible media adapter (sold separately) and an HDMI-enabled display.
[15] Weights vary depending on configuration and manufacturing variability.
[16] Intel 7th Gen Core 15W (U) CPUs support 2133MHz memory, Intel 7th Gen Core 35W (H) supports 2400MHz Memory
[17] US only. WW availability in 2017
[18] Based on testing and certification to MIL-STD-810G, IEC 60529 standards, performed and reported independently by accredited testing companies.

P2219HC 22” Monitor

Features & Technical Specifications

Monitor	Dell 22 USB-C Monitor - P2219HC
Diagonal Viewing Size	54.61 cm (21.5 inches)
Active Display Area	
Height	476.06 mm (18.74")
Width	267.79 mm (10.54")
Maximum Preset Resolution	1920 x 1080 at 60 Hz
Aspect Ratio	16:9
Pixel Pitch	0.248 mm x 0.248 mm
Pixel Per Inch (PPI)	102
Brightness	250 cd/m² (typical)
Color Support	Color Gamut (typical): 72% (CIE1931)[8] Color Depth: 16.7 Million colors
Contrast Ratio	1000: 1 (typical)
Viewing Angle	178°/178°
Response Time	8 ms (Normal); 5 ms (Fast) - (gray to gray)
Panel Type	In-Plane Switching Technology
Backlight Technology	LED Edgelight System
ComfortView with Flicker-free screen	Yes
Dell Display Manager Compatibility	Yes
Remote Asset Management	Yes, via Dell Command | Monitor
Display Screen Coating	Antiglare with 3H hardness
Connectivity	
Connectors	1 x HDMI port, 1 x DP (in) port, 1 x DP (out) port, 1x USB Type-C port, 2 x USB 2.0 downstream ports (bottom), 2 USB 3.0 downstream ports (side)
Built-in Devices	USB 3.0 super-speed hub (2 x USB 3.0 downstream ports, 2 x USB 2.0 downstream ports)
Design Features	
Adjustability	Height-adjustable stand (130 mm), Tilt (-5° to 21°) Swivel (-45° to 45°), Pivot (-90° to 90°)
Security	Security lock slot (cable lock sold separately)
Flat Panel Mount Interface	VESA (100 mm x 100 mm)
Power	
AC input voltage/frequency/current	100 VAC to 240 VAC / 50 Hz or 60 Hz ± 3 Hz / 1.5 A (typical)
Power Consumption (Operational)	17W (typical) / 118W (maximum)[9]
Power Consumption Stand by / Sleep	Less than 0.3W
Dimensions (with stand)	
Height (Compressed ~ Extended)	353.4 mm ~ 472.0 mm; 13.91" ~ 18.58"
Width	487.3 mm (19.19")
Depth	166.0 mm (6.54")
Weight	
Weight (panel only - for VESA mount)	3.05 kg (6.72 lb)
Weight (with stand)	4.99 kg (11.00 lb)
Weight (with packaging)	6.43kg (14.18 lb)
Standard Service Plan	Premium Panel Exchange, 3 Years Advanced Exchange Service[5] & Limited Hardware Warranty[5]
Optional Service Plan	Dell ProSupport[7]
Environmental Compliance	ENERGY STAR®, EPEAT® registered where applicable[10], RoHS Compliant, TCO-Certified Display, BFR/PVC free monitor (excluding external cables), Arsenic-Free glass and Mercury-Free for the panel only

What's in the box?

Components
- Monitor with stand

Cables
- USB Type-C cable (C to C)
- DisplayPort cable
- Cable tie
- Power cable

Documentation
- Quick Setup Guide
- Safety and regulatory information

Adjustability and connectivity

DELL 22 USB-C MONITOR | P2219HC

Easily adjust the panel to your preferred viewing position.

Back view – Cable management slot

Tilt and height adjustable

Pivot

Swivel

Connectivity

A Power connector
B HDMI port
C Stand lock feature
D DisplayPort (In)
E DisplayPort (Out)
F USB-C connector
G USB downstream ports (x2)
H USB downstream ports (x2)

RECOMMENDED ACCESSORIES

DELL DUAL MONITOR STAND | MDS19

Enjoy tool-less monitor installation with Quick Release and the flexibility to pivot, tilt, swivel and adjust the height of each monitor independently. Features a small footprint and neat cable management.

DELL PRO STEREO SOUNDBAR | AE515M

Optimize conference calls and multimedia streaming with exceptional audio clarity. Minimize background noise with the dual mic array and echo-cancelling feature.

DELL WIRELESS KEYBOARD AND MOUSE | KM636

Elevated and spacious chiclet keys with muted typing sound. Pair up to 6 devices with Dell Universal Pairing.

* Dell monitors are #1 Worldwide for 6 consecutive years (2013 to 2018)! Source: IDC Worldwide Quarterly PC Monitor Tracker, Q4 2018.
1 Dell adheres to standard USB-C specifications and protocol, and these monitors deliver up to 65W of power. Functionality with non-Dell USB-C systems may vary.
2 Based on Dell internal analysis comparing the area of the monitor base in Dell P2219HC versus P2217H.
3 Source: Based on Principled Technologies Report commissioned by Dell, "Improve productivity with the new Dell P Series monitors in a dual-display configuration", November 2018, comparing Dell 24 USB-C Monitor – P2419H/HC and Dell 24 Monitor – P2414H/HC. Actual results will vary. Full report: https://www.principledtechnologies.com/Dell/P2419H_monitor_productivity_1118.pdf
4 TÜV Certified (ID 0000051369–Flicker Free / ID 0000051370–Low Blue Light Content). For more details, visit www.tuv.com
5 For a copy of the Limited Hardware Warranty, write to Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see dell.com/warranty.
6 Advanced Exchange: Dell will send you a replacement monitor the next business day in most cases, if deemed necessary after phone/online diagnosis. Shipping times may vary by location and for monitors 55" and above. Fee charged for failure to return defective unit. See dell.com/servicecontracts/global.
7 Availability varies, please visit www.dell.com/support for details.
8 Color gamut (typical) is based on CIE1976 (82%) and CIE1931 (72%) test standards.
9 Maximum power consumption with max luminance and contrast.
10 EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

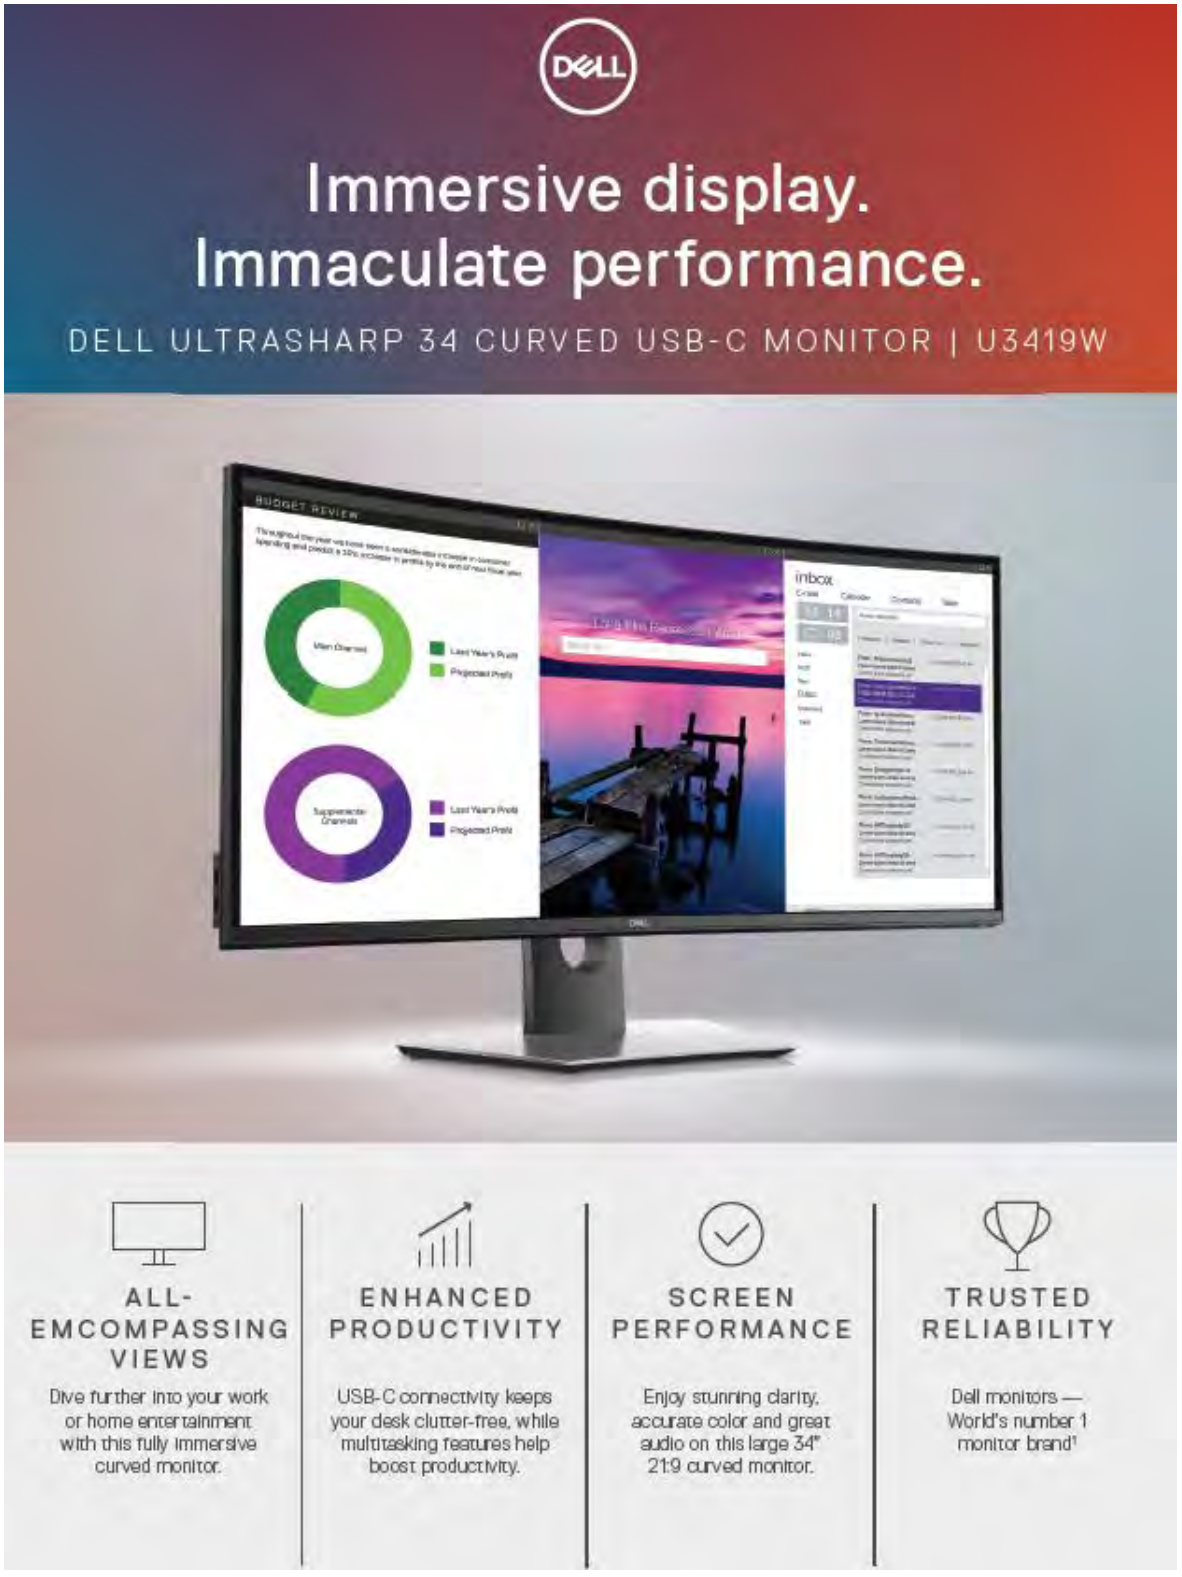
U3419W 34” Monitor



Features & Technical Specifications

Monitor	Dell UltraSharp 34 Curved USB-C Monitor | U3419W
Diagonal Viewing Size	86.72 cm (34.14 inches)
Active Display Area	
Height	334.80 mm (13.18 inches)
Width	799.80 mm (31.49 inches)
Maximum Preset Resolution	3440 x 1440 @ 60 Hz
Curve Radius	1900 R
Aspect Ratio	21:9
Pixel Pitch	0.233 mm x 0.233 mm
Pixel Per Inch (PPI)	109
Brightness	300 cd/m² (typical)
Color Support	Color Gamut (typical): 99% sRGB, CIE1976 (90%), CIE1931 (75%) Color Depth: 1.07 billion colors
Contrast Ratio	1000:1 (typical)
Viewing Angle	178°/178°
Response Time	Fast mode: 5 ms (typical) Normal mode: 8 ms (typical)
Panel Technology	In-Plane Switching Technology
Backlight Technology	LED Edgelight System
Integrated Speakers	2 x 9W
Remote Asset Management	Yes, via Dell Command | Monitor
Others	Picture-by-Picture, Picture-in-Picture, KVM (Keyboard, video, mouse)
Display Screen Coating	Antiglare with hard-coating 3H
Connectivity	
Connectors	2 x HDMI 2.0 (HDCP 2.2), 1 x DP 1.2 (HDCP 2.2), 2 x USB 3.0 Upstream port, 2 x USB 3.0 Downstream port (side), 2 x USB 3.0 Downstream port (bottom), 1 x USB Type-C (DisplayPort DP1.2, Alternate Mode, Power Delivery up to 90W (typical), and USB 2.0)
Design Features	
Adjustability	Height adjustable (115 mm), Tilt (-5° to 21°), Swivel (-30° to 30°)
Security	Security lock slot (security lock not included), Anti-theft stand lock slot (to panel)
VESA mounting support (wall mount sold separately)	100 mm x 100 mm
Power	
AC input voltage/ frequency/current	100 VAC to 240 VAC / 50 Hz or 60 Hz ± 3 Hz / 3 A (typical)
Power Consumption (Normal Operation)	54 W (typical); 250 W (maximum)[7]
Power Consumption Stand by / Sleep	Less than 0.5W
Dimensions (with stand)	
Height (Compressed ~ Extended)	417.0 mm (16.42 inches) ~ 532.0 mm (20.94 inches)
Width	813.6 mm (32.03 inches)
Depth	226.4 mm (8.91 inches)
Weight	
Weight (panel only – no stand)	8.2 kg (18.07 lb)
Weight (with stand)	11.1 kg (24.47 lb)
Shipping weight	16.0 kg (35.27 lb)
Standard Service Plan	Premium Panel Exchange, 3 Years Advanced Exchange Service[8] & Limited Hardware Warranty[4]
Optional Service Plan	Dell ProSupport[5]
Environmental Compliance	BFR/PVC-free (Halogen-free) excluding external cables, meets NFPA 99 leakage current requirements, Arsenic-Free glass and Mercury-Free for the panel only

v1 07/2018

U4919DW 49” Monitor

Brilliance interrupted

THE ABILITY TO DO MORE

Next-level efficiency: Boost your performance with the world's first 49-inch dual QHD monitor.[1] The expansive screen with In-Plane Switching technology is equivalent to two 27-inch QHD monitors, for a seamless, ultra wide viewing experience.

Two input sources, one screen: View content from two different PC sources with Picture-by-Picture (PBP). This feature splits the screen into two sides, similar to a dual monitor setup minus distracting borders.

One keyboard to do it all: Easily toggle between two different PCs and edit the content with one keyboard and mouse with the Keyboard, Video and Mouse (KVM) feature.

More ways to multi-task: Stay organized with Easy Arrange, one of the many options included with the Dell Display Manager software. Quickly tile and view applications side by side, so they're always right where you need them. Plus, the Auto-restore feature repositions the layout of your applications even after disconnecting from the monitor.

BEYOND AN IMPRESSIVE VIEW

Accomplish more: See more onscreen content with 5120 x1440 resolution.[2]

Unparalleled views: The 32:9 aspect ratio offers a panoramic experience, while the curvature of the screen enables a consistent focal length across the screen to help improve eye comfort.

Ready when you are: Expect accurate color right out of the box with 99% sRGB factory calibration at Delta-E less than 2.

Easy on the eyes: Experience optimal eye comfort with the TÜV-certified[3], flicker-free screen and ComfortView, a feature that reduces harmful blue light emissions.

MASTER THE WORKDAY

One cable, countless benefits: Reduce cable clutter with just one USB-C cable to transmit power, data and video.

The power to perform: Charge your connected USB-C laptop with up to 90W[4] of power, so you're ready to go at a moment's notice.

Made for you: Gain a flexible workspace with the height adjustable stand that lets you tilt, swivel and adjust your monitor to your preferences. For more customization options, choose from VESA-compatible mounts and stands.

DELL MONITORS – WORLD'S NUMBER 1 MONITOR BRAND**

Peace of mind: Dell Premium Panel Exchange allows a free panel replacement during the Limited Hardware Warranty[5] period even if only one bright pixel is found.

Minimize downtime: Your monitor comes with a 3-year Advanced Exchange Service[6] so that if a replacement becomes necessary, it will be shipped to you the next business day during your 3-year Limited Hardware Warranty.[5]

Get a higher level of support: Upgrade to 24x7, in-region technical phone support from qualified engineers with Dell ProSupport option.[7]

Features & Technical Specifications

Monitor	Dell UltraSharp 49 Curved Monitor – U4919DW
Diagonal Viewing Size	124.46 cm (49 inches)
Active Display Area	
Height	336.96 mm (13.27 inches)
Width	1198.08 mm (47.17 inches)
Maximum Preset Resolution	5120 x 1440 at 60Hz
Curve Radius	3800R
Aspect Ratio	32:9
Pixel Pitch	0.234 mm x 0.234 mm
Pixel Per Inch (PPI)	109
Brightness	350 cd/m² (typical)
Color Support	Color Gamut (typical): 99% sRGB Color Depth: 1.07 billion colors
Color Calibration Accuracy	Delta E < 2 (average)
Contrast Ratio	1000:1 (typical)
Viewing Angle	178°/178°
Response Time	Fast mode: 5 ms (gray to gray) Normal mode: 8 ms
Panel Technology	In-Plane Switching Technology
Backlight Technology	White LED Edgelight System
Remote Asset Management	Yes, via Dell Command | Monitor

v.3 05/2019

Services Information

ProDeploy Basic for Clients

Receive systems ready for installation, out of the box.

Your new systems arrive imaged, tagged, and with the BIOS configured, so that they are ready for you to install.

Dell Basic Deployment for Client Systems

Basic Deployment saves you time and resources by having systems arrive imaged and configured. All that is left for you to do is install them and migrate your employees' data and settings. From day one, you will be assigned an engagement manager who coordinates Dell resources to act upon your direction as you provide it.

TechDirect puts full control in your hands and real-time status updates at your fingertips.

You can direct every aspect of your deployment project via the TechDirect portal. Define the scope of your project, make changes, select asset tags and configure your systems. Then save your project as a template for use on future orders. You can even check project status whenever you want from wherever you are.

In addition, we make identifying, tracking securing and recovering your computers easier and more affordable. Asset tags and box labels can be applied to your PCs prior to shipping so you can track your systems from our factory to your employees' desk without ever opening the box. Our Asset Reporting Service enables you to easily integrate new assets into your existing asset management systems. We will email your asset report daily and you can download it from TechDirect. Finally, prior to shipping, we can configure your BIOS settings.

If you choose the imaging add-on, you will find this service saves an incredible amount of time. From our global configuration centers, we can image thousands of systems simultaneously.

At a glance:

Basic Deployment accelerates PC deployment by completing configuration tasks prior to shipping which eliminates the time you would spend performing those tasks onsite.

- Asset Tagging and Reporting
- BIOS settings
- Add-on Imaging: WIM, Ghost, ISO or ImageAssist
- Add-on Provisioning for VMware® Workspace ONE™

Provisioning for VMware Workspace ONE yields a low-touch deployment and instant productivity.

For more information about **Basic Deployment**, please contact your sales representative.

Note: Not all features and services are available in all countries. Specific country availability can be found here: www.dellemc.com/prodeployavailability.

ProDeploy Plus for Clients

Relinquish the tedium, not the control.

Dell ProDeploy Plus can save up to

56%[1]

of deployment time.

Dell ProDeploy Plus for Client Systems

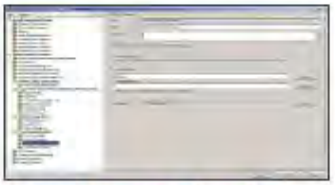
ProDeploy Plus is a comprehensive service providing seamless deployment of new technology. You get a single point of contact for project management including up-front planning, configuration, data migration and knowledge transfer. You will even be able to use system management software[3] such as Microsoft SCCM or MDT to control configuration of new systems. Once we complete the installation, we enable you to perform a data sanitization* on legacy systems to prevent data excursions.

TechDirect puts full control in your hands and real-time status updates at your fingertips.

From the comfort of your office and with the click of a mouse, you will direct every task required to get new PCs from our factory to your employees' desks, up and running. You can even check project status whenever you want from wherever you are. With TechDirect you can execute faster and with less risk for mistakes, thereby making the entire engagement more efficient.

Are you using system management software[3]? If so, take advantage of Dell Connected Configuration to get a distribution point set up in our factory where you can configure your BIOS and image, and even complete domain join for each individual employee. If you are not using system management software, download ImageAssist to create a single, cross platform image that we will dynamically update with the latest drivers as they are released.

Either way, configuration tasks are saved in TechDirect and automated in the factory which improves consistency and reduces the number of tasks and amount of time that must be spent onsite. We can even schedule installations after hours or on weekends. All of which minimizes employee down time.



Execute domain join through Connected Configuration or let our technician perform domain join onsite as part of the installation.

Provisioning for VMware® Workspace ONE™ yields a low-touch deployment and instant productivity.

ProDeploy Plus for Client Systems

Peer-to-peer data transfer is faster, more reliable and more secure because passwords do not need to be shared with technicians. Or we can adapt to your standard process for data migration.

Our best practices ensure a reliable deployment which helps reduces post-deployment spikes in help desk calls. But to make sure your help desk is not impacted, we also provide 30-day post-deployment support. All of which saves your IT staff time and improves employee satisfaction.

Experts

- Deployment engineer develops implementation plan
- Single point of contact for project management
- Training credits help your IT staff and end-users keep skills up-to-date.
- Technology Service Manager engagement[2]

Insights

- Project documentation with knowledge transfer
- Factory distribution point for imaging and configuration of system management software[3] such as SCCM or MDT
- Imaging prior to shipping, WIM, Ghost, ISO, or ImageAssist
- Provisioning for VMware Workspace ONE

Ease

- TechDirect self service portal for configuration and status updates
- 24x7 onsite installation plus data and settings migration
- 30-day post-deployment configuration assistance
- Secure data sanitization for legacy system[4]

Trust Dell and our partner experts to lead all aspects of deployments including planning, configuration, installation, data migration and knowledge transfer.

ProDeploy Client Suite includes:

ProDeploy Plus provides every task required to get new PCs from factory to desk, up and running. You will also get 30-day post-deployment support, 24x7 installation, data migration as well as training credits which can be used to help your IT staff keep their skills up-to-date and adopt new technology quickly.

ProDeploy liberates your IT staff from time consuming deployment tasks. New PCs are configured prior to delivery and onsite installation is done during or after hours.

Basic Deployment accelerates PC deployment by reducing the configuration tasks that otherwise would be performed onsite.

For more information about **ProDeploy Plus**, please contact your sales representative.

[4] For more information, please see the Dell Media Sanitization Statement. Dell makes no recommendations regarding the customer's security needs or representations regarding the effectiveness of one method of data removal over another. It is the customer's responsibility to protect any confidential or sensitive information contained on its hard drives recovered by Dell EMC.

[1] Based on IDC White Paper commissioned by Dell, "Business Value of Optimized Device Deployment", July 2018. Results derived from a survey of 500 organizations worldwide. Savings calculated reflect costs associated with IT staff time for deployment-related activities and do not include the list price of ProDeploy Plus. Cost savings in U.S. Dollars. Actual results will vary. Full report: dellemc.com/itcdeploymentservicebusinessvalue

[2] Available for Dell ProSupport Plus customers who qualify for a TSM.

ProSupport Plus

Dell ProSupport Plus

92%
less time to resolution with ProSupport Plus and
Up to
68%
fewer steps in the support process

The most complete support service for PCs and tablets

Everything you need to support PCs and tablets

ProSupport Plus is the most complete support service, it combines priority access to expert support, accidental damage repair, and proactive monitoring for automatic issue prevention and resolution.

It is designed to provide maximum support with minimal effort for you. As the first premium service for PCs and tablets[1] that automates support, ProSupport Plus prevents issues before they occur and quickly resolves issues when they do.

Choose ProSupport Plus:

- Priority access to ProSupport engineers 24x7x365 to quickly resolve hardware and software issues
- Predictive analysis for issue prevention and optimization enabled by SupportAssist[3]
- Proactive monitoring, issue detection, notification and automated case creation for accelerated issue resolution enabled by SupportAssist
- Power to manage all your asset alerts from a single portal with TechDirect or use tools you already use like Microsoft SCOM, Remedy, KACE and OpenManage Essentials
- System repair after a drop, spill or surge to protect your investment
- Hard drive retention after replacement to help secure your data[1]
- Dedicated Technology Service Manager, a single point of contact for issue resolution and monthly reporting[4]

Dell ProSupport Plus with SupportAssist significantly reduced time to resolve a failed hard drive.[2]

Complete support with minimal effort

Benefits:

- Resolve issues quickly with ProSupport engineers
- Increase productivity with proactive, automated support
- Avoid downtime with failure prevention
- Protect your investment with coverage for accidents
- Secure your data with hard drive retention

Experts

- Priority access to ProSupport engineers
- Dedicated Technology Service Manager
- Collaborative support

Insights

- Proactive issue detection
- Predictive failure prevention
- Monthly history and contract reporting

Ease

- Automated case creation with notification
- Repair for drops, spills and surges
- Retain hard drive after replacement

Dell SupportAssist Technology

With years of experience proactively monitoring datacenters, Dell is now bringing proactive and predictive automated support to PCs and tablets.

SupportAssist provides:

- Remote monitoring and automatic case creation
- Automated collection of system state data for diagnostics
- Predictive failure analysis and notification with case creation
- Ability to manage asset alerts from a single portal with TechDirect

Dell TechDirect

TechDirect is a self-service tool that allows you to manage multiple support cases and dispatch parts. It is available in 11 languages and can be accessed online, through a mobile application or APIs (Application Programming Interfaces). TechDirect is easy to use, convenient and flexible to fit your needs.

For more information, please contact your Dell representative or visit **Dell.com/ProSupportPlus**

[1] SupportAssist is only available on Windows 7, 8 8.1 and 10. Not available on Windows RT, Android or Google Chrome. Hard drive retention is not available on Chromebook or Venue tablets, except the Venue 11 Pro.
[2] Based on a Principled Technologies test report, "Spend Less Time and Effort Troubleshooting Laptop Hardware Failures" dated April 2018. Testing commissioned by Dell, conducted in the United States. Actual results will vary. Full report: http://facts.pt/LS2KKM
[3] Hard drive retention not available on Chromebook or Venue tablets except the Venue 11 Pro
[4] Available for customers with 500 or more ProSupport Plus Systems

Dell Financial Services

When you calculate total cost of ownership (TCO) for your business technology, don't forget the support demands of older technology, time spent managing multiple vendors and paperwork, costs of decommissioning and productivity losses from equipment failure. Dell Financial Services offers acquisition alternatives to help you protect against equipment obsolescence and free up capital. Learn how your organization could save overtime by leasing and rotating hardware.

Services

You need to increase IT capability immediately, but your budget isn't budging. Whether your priority is to conserve capital, obtain flexible payments, avoid tapping credit, or replace obsolete equipment, Dell Financial Services has a plan for you.

- Fair Market Value Lease - Contain your budget and get the most efficient technology for your needs. Nearly 50 percent of companies surveyed said they planned to rely more on leasing than they had in the previous year
- Dollar Buyout Acquisition Plan - Get the best of both worlds. Manage cash flow and possibly qualify for a standard depreciation on owned equipment. This lease-to-own hybrid option enables you to purchase your leased equipment at the end of your term for $1.
- 4-Pay Acquisition Plan - Conserve capital and maximize cash flow by spreading out acquisition costs. This payment plan ensures that you receive the equipment you need for conducting today's business, while distributing the expense over time.
- Extended Terms - Defer payments on your timeframe, up to 270 days. Extended terms are for eligible organizations for which "net 30" is not the most strategic option.
- Installment Payment Agreement - Set up a payment plan that allows you to spread payments over time and pay them on a monthly basis.
- End-of-Lease Options - Reach your lowest possible total cost of ownership (TCO) by making end-of-lease decisions based on your technical needs, budget and the equipment's operational capabilities. End-of-lease resources include Lease Return Services.
- Ten @ Ten Lease on Dell Force10 Solutions - We understand the challenge of cost-effectively managing your IT network investment. The Ten @ Ten Lease is simple, affordable and provides the flexibility you need.

The benefits of leasing from DFS

Leasing is a flexible and efficient option that can:

- Reduce the cost of acquisition and avoid the complications in depreciating, financing and accounting for short life assets.
- Convert large up-front capital outlay into lower regular payments, paid over the useful life of the equipment.
- Obtain competitive pricing: Dell Financial Services takes very competitive levels of residual risk with respect to the equipment financed – which in turn reduces the overall cost that you pay.
- Increase procurement efficiency through an invoice 'batching' process. This reduces account administration.
- Improve lifecycle disciplines through a proactive 'End of Lifecycle' management program.
- Avoid the hidden costs of disposal (for example, software removal to avoid licensing issues, and environmentally-sensitive disposal processes).

When you choose Dell Financial Services, you are selecting a strategic partner who will make the IT at the heart of your business more affordable, more manageable and more flexible, throughout its entire lifecycle. Affiliated to one of the world's leading IT providers, we are specialist IT financiers providing total financing solutions to cover the needs of all businesses, across all industry sectors.

Our aim is to enable you to empower your business with the best technology available, at very competitive rates.

A quote for your consideration!

Important Notes

Terms of Sale

Unless you have a separate written agreement that specifically applies to this order, your order will be subject to and governed by the following agreements, each of which are incorporated herein by reference and available in hardcopy from Dell at your request: Dell's Terms of Sale , which include a binding consumer arbitration provision and incorporate Dell's U.S. Return Policy and Warranty (for Consumer warranties; for Commercial warranties).

If this purchase includes software: in addition to the foregoing applicable terms, your use of the software is subject to the license terms accompanying the software, and in the absence of such terms, then use of the Dell-branded application software is subject to the Dell End User License Agreement - Type A and use of the Dell-branded system software is subject to the Dell End User License Agreement - Type S.

If your purchase is for Mozy, in addition to the foregoing applicable terms, your use of the Mozy service is subject to the terms and conditions located at https://mozy.com/about/legal/terms.

If your purchase is for Boomi services or support, your use of the Boomi Services (and related professional service) is subject to the terms and conditions located at https://boomi.com/msa.

If your purchase is for Secureworks services or support, your use of the Secureworks services (and related professional service) is subject to the terms and conditions located at https://www.secureworks.com/eula/eula-us.

If this purchase is for (a) a storage product identified in the DELL EMC Satisfaction Guarantee Terms and Conditions located at ("Satisfaction Guarantee") and (ii) three (3) years of a ProSupport Service for such storage product, in addition to the foregoing applicable terms, such storage product is subject to the Satisfaction Guarantee.

You acknowledge having read and agree to be bound by the foregoing applicable terms in their entirety. Any terms and conditions set forth in your purchase order or any other correspondence that are in addition to, inconsistent or in conflict with, the foregoing applicable online terms will be of no force or effect unless specifically agreed to in a writing signed by Dell that expressly references such terms.

Pricing, Taxes, and Additional Information

All product, pricing, and other information is valid for U.S. customers and U.S. addresses only, and is based on the latest information available and may be subject to change. Dell reserves the right to cancel quotes and orders arising from pricing or other errors. Please indicate any tax-exempt status on your PO, and fax your exemption certificate, including your Customer Number, to the Dell Tax Department at 800-433-9023. Please ensure that your tax-exemption certificate reflects the correct Dell entity name: **Dell Marketing L.P.**

Note: All tax quoted above is an estimate; final taxes will be listed on the invoice.

If you have any questions regarding tax please send an e-mail to Tax_Department@dell.com.

For certain products shipped to end-users in California, a State Environmental Fee will be applied to your invoice. Dell encourages customers to dispose of electronic equipment properly.

A quote for your consideration!

Important Notes

Terms of Sale

Unless you have a separate written agreement that specifically applies to this order, your order will be subject to and governed by the following agreements, each of which are incorporated herein by reference and available in hardcopy from Dell at your request: Dell's Terms of Sale , which include a binding consumer arbitration provision and incorporate Dell's U.S. Return Policy and Warranty (for Consumer warranties; for Commercial warranties).

If this purchase includes software: in addition to the foregoing applicable terms, your use of the software is subject to the license terms accompanying the software, and in the absence of such terms, then use of the Dell-branded application software is subject to the Dell End User License Agreement - Type A and use of the Dell-branded system software is subject to the Dell End User License Agreement - Type S.

If your purchase is for Mozy, in addition to the foregoing applicable terms, your use of the Mozy service is subject to the terms and conditions located at https://mozy.com/about/legal/terms.

If your purchase is for Boomi services or support, your use of the Boomi Services (and related professional service) is subject to the terms and conditions located at https://boomi.com/msa.

If your purchase is for Secureworks services or support, your use of the Secureworks services (and related professional service) is subject to the terms and conditions located at https://www.secureworks.com/eula/eula-us.

If this purchase is for (a) a storage product identified in the DELL EMC Satisfaction Guarantee Terms and Conditions located at ("Satisfaction Guarantee") and (ii) three (3) years of a ProSupport Service for such storage product, in addition to the foregoing applicable terms, such storage product is subject to the Satisfaction Guarantee.

You acknowledge having read and agree to be bound by the foregoing applicable terms in their entirety. Any terms and conditions set forth in your purchase order or any other correspondence that are in addition to, inconsistent or in conflict with, the foregoing applicable online terms will be of no force or effect unless specifically agreed to in a writing signed by Dell that expressly references such terms.

Pricing, Taxes, and Additional Information

All product, pricing, and other information is valid for U.S. customers and U.S. addresses only, and is based on the latest information available and may be subject to change. Dell reserves the right to cancel quotes and orders arising from pricing or other errors. Please indicate any tax-exempt status on your PO, and fax your exemption certificate, including your Customer Number, to the Dell Tax Department at 800-433-9023. Please ensure that your tax-exemption certificate reflects the correct Dell entity name: **Dell Marketing L.P.**

Note: All tax quoted above is an estimate; final taxes will be listed on the invoice.

If you have any questions regarding tax please send an e-mail to Tax_Department@dell.com.

For certain products shipped to end-users in California, a State Environmental Fee will be applied to your invoice. Dell encourages customers to dispose of electronic equipment properly.
