**RONHILL**  
 IS A MEMBER OF  
**FAIR WEAR**  
**FOUNDATION**  
[WWW.FAIRWEAR.ORG](http://WWW.FAIRWEAR.ORG)

In 2013 Outdoor and Sports Company Ltd (OSC) became the first UK outdoor sports supplier to become a member of Fair Wear Foundation. OSC's running brands Ronhill and Hilly, alongside outdoor brands Mountain Equipment and Sprayway are all signed up to the initiative.

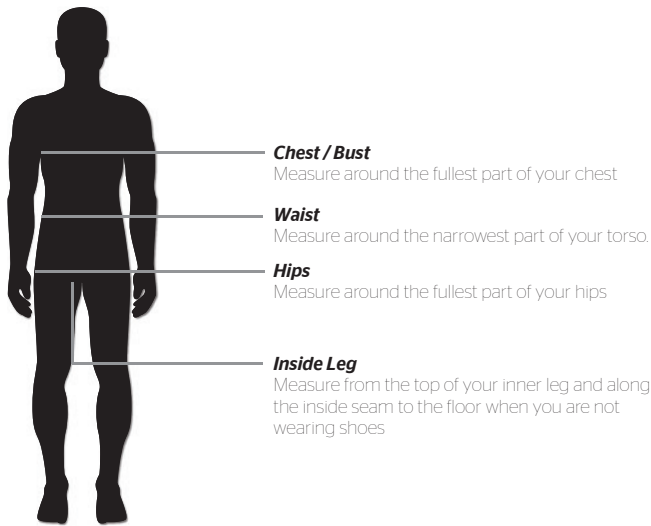

Fair Wear Foundation (FWF) exists to promote fair labour conditions in the garment industry worldwide. As an affiliate member, OSC commits to implement the stringent FWF Code of Labour Practices in both its own business operations and the supply chain of all of its brands.

*"We joined Fair Wear Foundation after undertaking a significant programme of preliminary work. Our affiliation with this independent organisation reflects how seriously we take our social responsibility towards all people connected to the OSC business."* commented Steve Rothwell, Brand Director,

**Outdoor and Sports Company Ltd.**

The FWF Code of Labour Practices contains eight elements, which are based on United Nations and International Labour Organization principles:

- Employment is freely chosen
- There is no discrimination in employment
- No exploitation of child labour
- Freedom of association and the right to collective bargaining
- Payment of a living wage
- No excessive working hours
- Safe and healthy working conditions
- Legally-binding employment relationship
- FWF regularly verifies the implementation of these labour practices through factory audits and worker interviews both onsite and offsite, and through annual 'Brand Performance Checks' which assess how well each member's management policies support the Code of Labour Practices. FWF publicly reports on the progress of member companies towards implementation of the Code elements.
