

20-Slot 2U Rack Mount Media Converter Chassis for ET Series 2 Fiber Media Converter

The ETCHS2U 20-Slot 2U Rack Mount Media Converter Chassis for ET Series 2 Media Converters lets you add an un-managed, 20-slot media converter chassis to your rack or cabinet to provide central power and cooling.

The media converter rack includes a single 200W power supply to centrally power all 20 slots, with an additional slot to add a **redundant power supply** (ETCHS2UPSU) for maximum up-time. It also includes two cooling fans (one per side) to help extend the life of your media converters.

A perfect accessory to the StarTech.com ET series 2 converters, the 2U chassis is designed so that all critical components (Power, Fans and Media Converter Cards) are hot swappable to avoid network disruption.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Centrally mount and power up to 20 media converter units with a single chassis, while providing additional cooling and optional redundant power

The StarTech.com Advantage

- Chassis consolidates your media converters into one space, while providing central power and cooling, for a streamlined rackmount solution
- Modular design lets you hot-swap your media converter cards, fans, or add an additional power supply without downtime
