

INF8521

85-inch Video Conferencing and Collaboration Solution

Part #: INF8521

InFocus

Mondopad is an elegant all-in-one touchscreen collaboration system for efficient face-to-face collaboration with people anywhere. Video conference, whiteboard, share data, and more – you'll never want to meet without it.

This model is Discontinued in the Americas. Consider the [INF8620AG](#).

Key Features

- ◆ 85-inch multi-touch 4K display
- ◆ Built on a powerful i7-based Windows 10 PC with fast 256GB solid state hard drive
- ◆ Native HD video calling and data sharing that's crystal clear
- ◆ Interactive digital whiteboard and document annotation
- ◆ Share, view and control from your computer, tablet or smartphone
- ◆ Anti-glare Gorilla Glass is durable and smooth to the touch
- ◆ Full version of Microsoft Office included
- ◆ Wireless keyboard (US layout) and mouse included
- ◆ ConX Cloud subscription included (with product registration)

Video Connect to the World

Bring people together instantly to do better work in less time. InFocus video calling is included for the first year – or add your own video conferencing client.

Mondopad also includes a subscription to ConX Cloud, for easy cloud-based video conferencing with larger groups.

Complimentary 3-seat, one year subscription makes video collaboration simpler and more effective than ever before.

Interactive Whiteboard

Brainstorm, capture, save and share your ideas on an interactive whiteboard without borders or barriers. Use a complete collection of digital pens, shapes, lines, and colors on a canvas up to 100 display screens in size, paste and annotate backgrounds and images, then email directly from the Mondopad.

View, Annotate, and Share

Take notes on anything you're presenting, save and email your changes, and never lose an idea again. Mark-up documents, images, web pages, or videos, and easily manage common or

secure files through email, office network, USB drives, and cloud-based services like Dropbox.

Bring Your Own Device

Connect and share content securely from PCs, Macs, tablets or smartphones to make meetings more collaborative, productive and sustainable. Cast your device's screen to the Mondopad, view up to four AirPlay or Chrome casts simultaneously, then control the Mondopad with your device from anywhere in the room. See what's being presented from your device, or make video calls to your Mondopad from a PC, Mac, tablet or smartphone.

Brainstorm & Share Ideas Through the Cloud

Mondopad supports ConX Whiteboard, which enables you and co-workers in other locations to interact and share ideas on a Mondopad whiteboard, at the same time. Using your Mondopad and your ConX Cloud login credentials, join a ConX Whiteboard session and just start drawing. Everyone can see the same whiteboard screen, and each participant can draw or write in a different color, or insert text or images.

If you're already on a ConX Cloud video call, hit "join" and the ConX Whiteboard appears instantly. Now you can see and hear co-workers while sharing and editing your ideas at the same time. ConX Whiteboard works in conjunction with ConX Cloud, or on its own with any other video.

Specifications*

Display	
Display	INF8521
Diagonal Size	85"
Resolution – Native	4K UHD (3840 x 2160)
Display Technology	LED edge-lit LCD
Touch Screen Features	Edge-to-edge, Multi-touch, 10-point gestures, Gorilla Glass, Anti-glare
Contrast Ratio	3,000:1
Display Brightness	500 cd/m2
Refresh Rate	120 Hz
Response Time	6.5 ms
Pixel Pitch	0.490 mm
