EPSON

A3 COLOUR MULTIFUNCTION PRINTERS WORKFORCE ENTERPRISE WF-C20600/C20750/C21000

EPSON

Powered by Heat-Free Technology, the Epson WorkForce Enterprise printers, WF-C20600, WF-C20750 and WF-C21000 provide consistent high-speed printing and consume less power which increases productivity while minimising running costs. Designed to suit the varying business needs, these printers offer printing speeds of up to 60, 75, and 100 pages per minute. Also, with fewer replacement parts, these printers are built to reduce environmental impact.

Exceptional Performance

Maximum productivity with consistent high speed printing of up to 100 pages per minute, even in duplex mode.

Environmentally Friendly

With Epson Heat-Free Technology, significantly less power consumption meets less frequent part replacements to reduce impact on the environment.

Enhanced Finishing

Enjoy greater flexibility with new finishing options that allow stapling, hole-punching and booklet printing.

Switch to Epson Heat-Free Printers to Enjoy Unrivalled Benefits

LASER PRINTER

Save time with consistent high speed printing

No heat is required to warm-up, allowing the printer to print immediately. Consistent high speed printing up to 100 pages per minute is possible, even for high coverage documents.

Less power consumption saves energy and money

With no fuser unit to heat, reduce energy consumption by up to 85%* compared to laser printers, resulting in cost savings for electricity bills.

Fewer replacement parts, lower environmental impact

Uses up to 59% fewer replacement parts** than laser printers. No heat damage to the printhead.

Less intervention increases productivity

With fewer parts to replace and printheads that last longer, the amount of intervention is decreased, providing improved reliability and reduced downtime.

Less Intervention Increases Productivity

The Heat-Free structure of Epson inkjet printers means that there are fewer parts that can fail, which reduces the amount of intervention required. As a result, Epson inkjet printers offer improved reliability and significantly reduced downtime.

Note: After printing out more than 1.2 million addition to paper feed rollers

Epson WorkForce Enterprise

Amendment of the below clause is updated as of November 2022.

PrecisionCore Heat-Free Technology

PrecisionCore is the next-generation inkjet printhead technology driving Epson's inkjet resolution. It merges advanced key component technologies, state-of-the-art MEMS* fabrication and high-precision assembly processes honed over decades.

Epson's proprietary Micro Piezo inkjet technology doesn't use heat in the ink ejection process, and it's this Heat-Free Technology that separates our printers from the competition. Epson's Heat-Free printers does not require heat in the ink ejection process. Instead pressure is applied to the Piezo element, which flexes backwards and forwards firing the ink from the printhead.

*MEMS (Micro Electro Mechanical Systems): Devices possessing mechanically driven elements, manufactured through the application of semiconducto

PrecisionCore MicroTFP Print Chip

MicroTFP print chips are the core element of PrecisionCore Heat-Free Technology. By achieving higher precision and greater miniaturization in Epson's advanced thin film piezo (TFP) technology, the basic performance of this printhead module has been radically improved, and application to a wider range of uses made possible.

The thin film piezo element that drives ink ejection is approximately 1 micron thin (one-hundredth the thickness of a human hair). By closely controlling the voltage applied to such piezo elements, it is possible to fire up to 50,000 shots of ink per second from a single nozzle, to precise positions and in the necessary quantities.

PrecisionCore Linehead

By optimally arraying 36 of these MicroTFP print chips in a diagonal configuration, Epson has developed a compact linehead just 43 mm wide that boasts about 33,500 active nozzles. This size-conscious core device contributes to reduced space requirements of the product itself, and successfully enables high-speed performance of printing up to 100 pages per minute, within a compact design.

^{*} Testing was commissioned by Epson and conducted by Keypoint Intelligence. **One specific model was selected from color laser multi-function printers in the 65-70ppm class.** Epson WorkForce Enterprise WF-C21000 with 100ppm (equivalent model in Europe was used during the evaluation). This data is as of September, 2020. Devices were tested in default mode as per Keypoint Intelligence's proprietary standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload test pattern using DOC, XLS, PPT, HTML, PDF files and Outlook email messages were printed six times in each 4-hour printing period.

^{**} Testing was commissioned by Epson and conducted by Keypoint Intelligence. One competitor model was selected from worldwide best-selling vendor^ in the 65ppm and 70ppm colour laser multi-function printer. Epson Work Force Enterprise WF-C20600 with 60ppm (equivalent model in Europe was used during the evaluation). Consumables and periodic replacement parts required to print 1M pages. The weigh includes all used consumables, periodical replacement parts and their packaging. Test printed pattern used was ISO24712.

Save Time With Consistent High-speed Printing

The WorkForce Enterprise is able to realise the same productivity level, in simplex and duplex printing of up to 100 pages per minute due to its shortest duplex route design.

SIMPLEX

Switchback paper path design ensures ultra-fast throughout even in duplex printing.

Thanks to Epson's efficient paper transport mechanism, enjoy reliable and consistently excellent image quality of up to 600 x 2400dpi (600 x 1200dpi as default).

Superb Print Quality With DURABrite[™] Pro Ink

Using high capacity ink cartridges, print up to 100,000 pages in black** or 50,000 pages in colour without interruption. This means fewer consumable changes, reducing waste and allowing for less user intervention.

The fast drying pigment ink is also water resistant, safeguarding your printouts from accidental spills.

Low Power Consumption Saves Energy And Money

Epson Heat-Free Technology uses less power than laser technology because it does not use heat to warm up. As Epson inkjet printers have no fuser unit to heat, this results in significantly less energy consumption.

Epson Inkjet Printers Up to State Printers Up to State Printers

Reduce Power Consumption with Epson Heat-Free Printers

In today's offices, only central air conditioning and lighting consume more energy than office automation equipment, In fact, printers and MFPs account for as much as 10% of electric consumption. Replacing laser printers with Epson WorkForce Enterprise can cut printing-related energy significantly. Lower energy consumption also reduces environmental impact because it reduces CO₂ emissions.

How power is consumed at the office**

Amendment of the below clause is updated as of November 2022.

*Testing was commissioned by Epson and conducted by Keypoint Intelligence. **One specific model was selected from color laser multi-function printers in the 65-70ppm class.** Epson WorkForce Enterprise WF-C21000 with 100ppm (equivalent model in Europe was used during the evaluation). This data is as of September, 2020. Devices were tested in default mode as per Keypoint Intelligence's proprietary standard energy consumption test methods. Calculations were based on a weekday workload of 2 x 4 hours printing + 16 hours in sleep/standby mode, and weekend energy use of 48 hours in sleep/standby mode. A total of 69 pages of workload test pattern using DOC, XLS, PPT, HTML, PDF files and Outlook email messages were printed six times in each 4-hour printing period.

**Epson research based on data from a commissioned survey conducted in March 2018 by SOMPO Risk Management & Health Care Inc.

Fewer Replacement Parts, Lower Environmental Impact

Thanks to Heat-Free Technology, Epson inkjet printers use fewer parts that need replacing than in a laser printer, and our printheads are not a consumable. This reduces the environmental burden of manufacturing and recycling the additional resources.

VS

Certified Environmental Performance

Epson is committed to developing environmentally conscious products, which means that sustainability is considered from conception to completion. Our Epson WorkForce Enterprise Printers, WF-C20600, WF-C20750, and WF-C21000 comply with some of the world's most stringent environmental certification standards.

We offer sustainable innovations because we recognise that the choices we make as organisations, individuals or a society will be essential to our shared success.

Epson Solutions

Management

Epson Device Admin

Deploy and manage a fleet of devices with a single interface. Simplify deployment with the use of templates. Generate various customisable reports for cost saving activities and efficient deployment.

Epson Remote Service

Manage and monitor a fleet of devices from anywhere in the world with a cloud based web interface. Epson Remote Services provide vendors a platform to manage their devices and customers and to run managed print services. Support can be provided efficiently by Epson and partners with accurate diagnosis.

Print and Scan Management

Epson Print Admin

Manage print jobs and distribute documents securely thru authentication with server based solution. Reduce cost and improve security by setting printing rules and control the use of each feature for user. Fully customisable reports can be generated for audits.

Epson Print Admin - Advanced Workflows

Enhances the capability of document distribution functions of Epson Print Admin with OCR and automation features.

Epson Print Admin Serverless

Secures the printer with authentication function to improve document security and preventing misuse. Generate reports for accountability.

Epson Open Platform

Expand the capabilities of the devices by integrating with supported 3rd party software solutions. Software providers can develop with Epson Open Platform to create fully customised solutions for the customers.

Document Management

Document Capture Pro*

Use document workflows to easily manage and distribute documents by automation. Create searchable PDFs with built-in OCR capability and perform batch scanning with document separation by barcode, OCR and blank page detection. Document Capture Mac version has limited functionalit

Document Capture Pro - Enhanced OCR

Enhances OCR support of Document Capture Pro to support more languages and text recognition capabilities. Capture areas from a document by character or barcode recognition and export it to a file for processing.

Document Capture Pro Server

Centralise scanning and manage a fleet of up to 1,000 scanners without the need to install drivers on individual computers. Create and assign up to 30 job settings right to the panel with a single web interface. Process and distribute documents securely and track them with reports.

Connectivity Features

Network Connectivity and Standalone Capability

Equipped with Ethernet, Wi-Fi, RJ-11 fax, Wi-Fi Direct and USB 3.0, the printer is apt for office environments. In addition, Wi-Fi Direct acts as an access point, allowing up to four devices to connect to the printer at a time.

Expandable Connectivity

The printer comes standard with a network port for shared usage across the network. Expand connectivity to multiple networks with the additional network option.

Up to 3 fax ports can be added for simultaneous communication.

Cloud and Mobile Solutions

Print your documents from any part of the world wirelessly with Epson Connect's wide range of features:

- Epson iPrint Print from and scan directly to your smart device or online cloud storage services.
- Epson Email Print Print to any Email Print-enabled Epson printer from any devoie or PC with email access.
- Remote Print Driver Print to a compatible Epson printer anywhere in the world via the internet using a PC with Remote Print driver or from mobile devices via the Epson iPrint app.
- · Scan to Cloud Share your scans through email or store them online in cloud storage services.

Other solutions:

- Apple AirPrint
- Mopria Print Service
- · Microsoft Universal Print

Robust Security Features

Print confidential documents by setting a PIN to a print job for release on the printer panel.

IP Address Filter

Secure your documents by preventing unauthorised devices from connecting to the printer.

Panel Admin Mode

Set a password to access and change administrator settings for the printer. This prevents unauthorised users from changing the printer settings.

Access Control

Reduce risk of information leaks by limiting the access to functions for up to 10 user accounts.

LDAP Address Book

Prevent information leaks by using the address book registered in the LDAP server to accurately select recipient's email addresses.

Model Number	WF-C20600 (C11CH86502)	WF-C20750 (C11CH87502)	WF-C21000 (C11CH88502)
Electrical Specifications			
Rated Voltage	100-240V Universal		
Rated Frequency	50 - 60 Hz		
Typical Electricity Consumption (TEC) Value	0.41 kWh	0.44 kWh	0.50 kWh
Power Consumption			
Operating	160W		170W
Standby	76W		
Sleep	1.7W		
Power off	0.1W		
Noise Level			
PC Printing/ Plain Paper Default 19	7.5 B(A), 60 dB(A)		
Software Solutions			
Epson Print Admin	7110574		
Epson Print Admin Advanced Workflows	C12C938801		1
Epson Print Admin Serverless	7111310		
Document Capture Pro Enhanced OCR	C12C938761		
Specs for Finisher Bridge			
Dimensions & Weight	366 × 573 × 632 mm, 38.0 kg		
Specs for Staple Finisher			
Output Capacity	Stacker Tray: Up to 4,000 sheets *6 (A4, 8		g/m²)
	Tray 2 (for Fax output only): up to 200 sh	eets (A4, 80g/m²)	
Finisher Functions	Shift Sorting, Staple		
Staple Capability	up to 50 sheets *10 (60 - 90 g/m²)		
Supported Paper Size for Staple	A5 - A3 / Legal / Letter		
Supported Paper Weight	up to 250 g/m²		
Staple Functions	3 positions (Corner / Opposite Corner / 2	2 points on side)	
Maximum Power Consumption	170W		
	666 × 686 × 1,228 mm, 95.5 kg		
Specs for Staple Finisher-P2			
Output Capacity	Stacker Tray: Up to 2,000 sheets (A4, 80	g/m²), 1,500 sheets (A3, 80 g/m²).	
Finisher Functions	Shift Sorting, Staple		
Staple Capability	up to 50 sheets (60 - 90 g/m²)		
Supported Paper Weight	up to 160 g/m ²		
Staple Functions	3 positions (Corner / Opposite Corner / 2	points on side)	
Staple Functions Specs for Booklet Finisher			
Staple Functions	Stacker Tray: Up to 1,700 sheets *6 (A4, 8	30g/m²), 1,500 sheets (duplex / A3, 80g	g/m²)
Staple Functions Specs for Booklet Finisher Output Capacity	Stacker Tray: Up to 1,700 sheets *6 (A4, 8 Tray 2 (for Fax output only): up to 200 sh	30g/m²), 1,500 sheets (duplex / A3, 80g	g/m²)
Staple Functions Specs for Booklet Finisher Output Capacity Finisher Functions	Stacker Tray: Up to 1,700 sheets *6 (A4, & Tray 2 (for Fax output only): up to 200 sh Shift Sorting, Staple	30g/m²), 1,500 sheets (duplex / A3, 80g	g/m²)

- Disclaimers

 1 Black and colour print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com.sg/printspeed.

 2 With 2 black ink cartridges: up to 100,000 pages in black.

 2 Energy used by the WorkForce Enterprise white copying is 180W (WF-C20590/WF-M20590) and 170W (WF-17590), compared to an average of competitor A3 laser/LED MFPs capable of 55-65ppm showing "Energy Used While Copying" data available in BLI database (Feb 2017).

 3 Based on Epson internal testing methodology.

 3 Max power used white copying for competitor colour A3 laser/LED MFPs capable of 45-55ppm showing "Energy Used While Copying" data as available in BLI database (Feb 2017).

 4 For simplex printing only.

 5 Perplacement cartridge yields are based on ISO/IEC 24711 tests in Default Mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. All ink colours are used for printing and printer maintenance, and all colours have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer setup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For more information, visit www.epson.com.sg/inkinfo.

 5 Finisher Tray 2 for Fax output only.

 5 Default mode in accordance with ISO/T79.

 5 Default mode in accordance with ISO/T79.
