CHAPTER 1

Getting Started with Parallels Desktop for Mac Business Edition

This guide describes how to quickly get started with Parallels Desktop for Mac Business Edition. Read it to learn how to sign up for Parallels My Account, register your subscription, and activate Parallels Desktop on a single computer. The guide also includes a brief description of essential Parallels Desktop Business Edition features and links to additional resources.

Sign Up for Parallels My Account

Parallels My Account is a web service that enables Parallels customers (consumers and organizations) to view and manage subscriptions and licenses for Parallels products. Before you can activate Parallels Desktop Business Edition on Mac computers in your organization, you need to sign up for Parallels My Account.

Sign Up and Register a Subscription

To sign up:

- 1 Visit Parallels My Account at <https://my.parallels.com>

- 2 On the **Welcome to Parallels My Account** page, click **Sign Up**.

The screenshot shows the Parallels My Account sign-in page. At the top is a red header with the Parallels logo. Below the header, the text "Welcome to Parallels My Account" is displayed. Underneath, there is a link that says "Don't have an account? Sign up". The sign-in form consists of two input fields: "Email" with an envelope icon and "Password" with a key icon. Below the password field, there is a checkbox labeled "Keep me signed in" and a link "Forgot password?". A blue "Sign In" button is positioned below the form. At the bottom of the page, there is a link "Sign in with Facebook or Google".

- 3 Enter your first and last name, email address, and password.

Sign up with [Facebook](#) or [Google](#)

- 4 Click the **Parallels Terms of Use** link and read the terms. If agree, go back and select the **I agree with Parallels Terms of Use** option.
- 5 Click **Sign Up** to continue.

- 6 In the dialog that opens, input your Parallels Desktop Business Edition license key that you received with your subscription and click **Register**.

The screenshot shows the Parallels Desktop Business Edition 'My Account' interface. At the top, there is a red header with the Parallels logo and 'My Account' text, and a user profile icon. Below the header, there are two tabs: 'Start with registering your Parallels product' (selected) and 'Downloads'. The main content area is a light gray box containing a white dialog titled 'Input a License Key'. The dialog has a text input field for the license key, a link to 'Parallels Online Store' for users without a key, and a blue 'Register' button.

- 7 In the **Provide your business details** dialog, enter you company name, address, and phone number.

The screenshot shows the 'Provide your business details' dialog. It contains four input fields: 'Company Name *', 'Country *' (a dropdown menu), 'ZIP / Postal Code *', and 'Phone *'. At the bottom right, there are two buttons: 'Cancel' and 'Register'.

- 8 Click **Register**.

- 9 You will now be taken to **Dashboard**, which is the home page of your Parallels account where you can see your registered subscription(s).

The screenshot shows the Parallels My Account Dashboard. At the top, there is a red header with the Parallels logo, "My Account", "Dashboard", "Register Key", and a user profile icon. Below the header, the account name "Any Company, Inc (Business Account) (2)" is displayed, along with a "Business Profile" link. The main content area is titled "Products" and "All Subscriptions (7)". A card for "Parallels Desktop for Mac Business Edition for 460 computers" is shown, featuring a download icon. Below the card is a table with the following data:

Active subscriptions	1
Expired subscriptions	0
Active computers	0
Deactivated computers	0

At the bottom of the card, there are two buttons: "Invite Users" and "Support".

To return to the **Dashboard** from any other area of Parallels My Account, simply click the **Dashboard** link on the page header at any time.

Summary

At this point:

- A personal Parallels account is created for you. A personal account is required to manage business subscriptions but can also be used to manage Parallels subscriptions bought for personal use.
- A business Parallels account is created for your organization to which you are assigned as the account administrator. The account is used to manage business subscription(s) that belong to your organization.
- Your Parallels Desktop Business Edition license key is registered and can be used to activate Parallels Desktop on Mac computers in your organization.

Basic Parallels My Account Navigation

To view your Parallels Desktop Business Edition subscription information, click on the **Active subscriptions** row inside the **Parallels Desktop for Mac Business Edition** box.

If you need to register another subscription, click the **Register Key** link on the page header:

Once a new key is registered, the subscription to which it belongs will appear in the list on the **Dashboard**.

To view and modify your personal account information, click the  icon on the page header and choose **Personal Profile**.

To view and modify your business account information, go to the **Dashboard**, select your business account (see above), and then click **Business Profile** in the upper right-hand corner.

Install and Activate Parallels Desktop

If you haven't done so already, download Parallels Desktop for Mac Business Edition from <http://www.parallels.com/products/desktop/download/>

After downloading the Parallels Desktop installation file (.dmg) to your Mac, do the following:

- 1** Double-click the installation file to mount it in Finder.
- 2** Double-click the **Install** icon.
- 3** Enter your local Mac user password and follow the onscreen instructions to install Parallels Desktop.

To activate Parallels Desktop:

- 1** Start Parallels Desktop by double-clicking its icon.
- 2** If the first screen that opens is **Installation Assistant** (allows you to install Windows on your Mac), you may skip it for now (click the **Skip** button). You can run the assistant at any time later.

- 3 In the **Parallels Desktop** menu, click **Account & License**.

- 4 The **Sign In** dialog opens:

- 5 Click the **Business Edition** button (at the bottom of the dialog). This opens the **Enter Business Key** dialog:

- 6 Enter your Parallels Desktop Business Edition license key and click **Activate**.
- 7 On successful activation, you should see a message box saying that your copy of Parallels Desktop Business Edition has been successfully activated.

You Parallels Desktop for Mac Business Edition is now activated and you can begin using it.

Get the Most out of Parallels Desktop Business Edition

Parallels Desktop Business Edition is packed with advanced features that allow IT administrators to handle important tasks with ease and to boost their team's productivity.

Manage licenses and subscriptions

- **Unified volume license key.** One license key to activate multiple copies of Parallels Desktop, which makes it easy to deploy it on all Macs in your organization.

- **License Management Portal (Parallels My Account).** View vital information, such as license expiration, usage statistics, and real-time licensing activities to easily manage all of your deployed licenses. Administrators will be able to set up a business account with the ability to see, deploy, deactivate, and blacklist licenses as well as view the host name, user name, serial number, and other information.
- **Split a license key into sublicenses.** Protect your master license key by creating sublicenses with a limited number of individual licenses and custom expiration dates.

For more information about managing licenses and subscriptions, see the **Parallels Desktop Business Edition Licensing Guide** which can be downloaded from <https://www.parallels.com/products/business/resources/>

Deploy, customize, secure

- **Mass deployment and administration.** Parallels Desktop Business Edition can be deployed on Mac computers in your organization through standard software deployment tools. Our package-builder application and detailed mass deployment guides help administrators set up hundreds or thousands of clients easily.
- **Customizable Parallels Control Center user interface.** Add a custom HTML banner with graphics, text, and hyperlinks to the Parallels Control Center.
- **Advanced security controls.** Restrict users from changing virtual machine settings, restrict creating new virtual machines (either from scratch or through cloning), set custom expiration dates for virtual machines, manage product updates, and more.
- **Command-line interface.** Manage existing deployments and automate your workflow processes.

For more information about deployment, customization, and security features, see the **Parallels Desktop Business Edition Administrator's Guide** which can be downloaded from <https://www.parallels.com/products/business/resources/>

Get business-class support

As a Parallels business customer, you get 24/7 business-class technical support with your Parallels Desktop Business Edition subscription. If you have an issue with deploying or using Parallels Desktop, contact Parallels Support at any time either by phone or online. To contact Parallels Support, log in to your Parallels business account and click **Support** on the page header (the red area). You can also visit <https://www.parallels.com/products/business/support/>, scroll down to the **Contact Support** section and click **Sign In**.
