### SYBFXR8-8Features

APC Symmetra PX 250/500kW Battery Enclosure with 8 Battery Modules & Start Up

|                                       |  |
|---------------------------------------|--|
| Battery failure notification          | Provides early-warning fault analysis on batteries enabling timely preventive maintenance    |
| Battery modules connected in parallel | Delivers higher availability through redundant batteries.                                    |
| Battery replacement without tools     | Enables fast battery replacement, lowering Mean Time to Repair (MTTR).                       |
| Front-access servicing                | Simplifies installation and UPS maintenance while minimizing space requirements.             |
| Hot-swappable batteries               | Ensures clean, uninterrupted power to protected equipment while batteries are being replaced |
| Locking cabinet                       | Prevents unauthorized access to the UPS.   |
| Modular design                        | Increases adaptability with an open architecture configurable to any IT environment.         |
