**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. -# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\*- Not analyzed or data not available.
4. Results marked with <sup>N</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\*# Not analyzed or data not available.
4. Results marked with <sup>M</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. -# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>(M)</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

- With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
- N denotes a discrete soil sample. FD denotes a duplicate sample.
- <# - Compound was analyzed but not detected above reporting limit.
- J and E - An estimated value.
- \* - Not analyzed or data not available.
- Results marked with <sup>M</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>(N)</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>N</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>(A)</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.
4. Results marked with <sup>(A)</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>N</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\* - Not analyzed or data not available.
4. Results marked with <sup>(A)</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. <# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\*\* Not analyzed or data not available.
4. Results marked with <sup>M</sup> are greater than delineation criteria.

**Notes and Abbreviations:**

1. With the exception of inorganics, compounds shown are those in which were detected in one or more soil samples.
2. N denotes a discrete soil sample. FD denotes a duplicate sample.
3. -# - Compound was analyzed but not detected above reporting limit.  
J and E - An estimated value.  
\*- Not analyzed or data not available.
4. Results marked with <sup>10</sup> are greater than delineation criteria.
