Desktop Risers

During the pandemic we identified a line of products that can be used to enable sit to stand posture variation as one works at a stationary height desk or table. Aavailable in Cruzbuy in the B&H Punchout, they can also be ordered online at Amazon and other vendors. When recommended by an ergonomic evaluation by the campus ergonomist, or a qualified DEA,these items may eligible for cost sharing reimbursements throught the campus ergonomics program.

It is important when selecting these products to consult with the ergonomist to assure that product selected, make, model and size be evaluated and matched to the space available for   it at the workstation. They come in many sizes and shapes.

In Cruzbuy in B&H Punchout

FlexiSpot 28.4" Alcove Sit-Stand Desk Riser with Keyboard Tray (Mahogany)

B&H # FLM7N MFR # M7N

Key Features

• 28.4 x 16.3" Desktop Surface
• Adjust Height from 4.7 to 19.7"
• Removable Tray for Keyboard or Laptop
