COMMISSION IMPLEMENTING REGULATION (EU) 2022/2282**of 21 November 2022****laying down technical information for the calculation of technical provisions and basic own funds for reporting with reference dates from 30 September 2022 until 30 December 2022 in accordance with Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/138/EC of the European Parliament and of the Council of 25 November 2009 on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) ⁽¹⁾, and in particular the third subparagraph of Article 77e(2) thereof,

Whereas:

- (1) In order to ensure uniform conditions for the calculation of technical provisions and basic own funds by insurance and reinsurance undertakings for the purposes of Directive 2009/138/EC, technical information on relevant risk-free interest rate term structures, fundamental spreads for the calculation of the matching adjustment and volatility adjustments should be laid down for every reference date.
- (2) Insurance and re-insurance undertakings should use the technical information, which is based on market data related to the end of the last month preceding the first reporting reference date to which this Regulation applies. On 6 October 2022, the European Insurance and Occupational Pensions Authority provided the Commission with the technical information related to end of September 2022 market data. That information was published on 6 October 2022 in accordance with Article 77e(1) of Directive 2009/138/EC.
- (3) Given the need for the immediate availability of the technical information, it is important that this Regulation enters into force as a matter of urgency.
- (4) For prudential reasons it is necessary that insurance and reinsurance undertakings use the same technical information for calculating technical provisions and basic own funds irrespective of the date on which they report to their competent authorities. This Regulation should therefore apply from the first reporting reference date to which this Regulation applies.
- (5) To provide legal certainty as soon as possible, it is duly justified on imperative grounds of urgency related to the availability of the relevant risk-free interest rate term structure that measures provided for in this Regulation be adopted in accordance with Article 8, in conjunction with Article 4, of Regulation (EU) No 182/2011 of the European Parliament and of the Council ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

1. Insurance and reinsurance undertakings shall use the technical information referred to in paragraph 2 when calculating technical provisions and basic own funds for reporting with reference dates from 30 September 2022 until 30 December 2022.

⁽¹⁾ OJ L 335, 17.12.2009, p. 1.

⁽²⁾ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

2. For each relevant currency, the technical information used to calculate the best estimate in accordance with Article 77 of Directive 2009/138/EC, the matching adjustment in accordance with Article 77c of that Directive and the volatility adjustment in accordance with Article 77d of that Directive shall be the following:

- (a) the relevant risk-free rate term structures set out in Annex I;
- (b) the fundamental spreads for the calculation of the matching adjustment set out in Annex II;
- (c) for each relevant national insurance market, the volatility adjustments set out in Annex III.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 30 September 2022.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 21 November 2022.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX II

Fundamental spreads for the calculation of the matching adjustment

The fundamental spreads set out in this Annex are expressed in basis points and do not include any increase in accordance with Article 77c(1)(c) of Directive 2009/138/EC.

1. Exposures to central governments and central banks

The fundamental spreads apply to exposures denominated in all currencies.

The fundamental spreads for durations from 11 to 30 years are equal to the fundamental spreads for duration 10 years.

DECISIONS

COUNCIL IMPLEMENTING DECISION (EU) 2022/2283

of 21 November 2022

amending Implementing Decision (EU) 2020/1351 granting temporary support under Regulation (EU) 2020/672 to the Republic of Latvia to mitigate unemployment risks in the emergency following the COVID-19 outbreak

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EU) 2020/672 of 19 May 2020 on the establishment of a European instrument for temporary support to mitigate unemployment risks in an emergency (SURE) following the COVID-19 outbreak ⁽¹⁾, and in particular Article 6(1) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Further to a request from Latvia on 7 August 2020, the Council, by means of Implementing Decision (EU) 2020/1351 ⁽²⁾, granted financial assistance to Latvia in the form of a loan amounting to a maximum of EUR 192 700 000 with a maximum average maturity of 15 years, and with an availability period of 18 months, with a view to complementing Latvia's national efforts to address the impact of the COVID-19 outbreak and respond to the socioeconomic consequences of that outbreak for workers and the self-employed.
- (2) The loan was to be used by Latvia to finance the short-time work schemes, similar measures and health-related measures, as referred to in Article 3 of Implementing Decision (EU) 2020/1351.
- (3) Further to a second request from Latvia on 11 March 2021, the Council, by means of Implementing Decision (EU) 2021/677 ⁽³⁾ amending Implementing Decision (EU) 2020/1351, granted additional financial assistance of EUR 112 500 000 to Latvia by increasing the maximum loan amount to EUR 305 200 000 with a maximum average maturity of 15 years, and with an availability period of 18 months, with a view to complementing Latvia's national efforts to address the impact of the COVID-19 outbreak and respond to the socioeconomic consequences of that outbreak for workers and the self-employed.
- (4) The additional loan was to be used by Latvia to finance the short-time work schemes, similar measures and health-related measures, as referred to in Article 3 of Implementing Decision (EU) 2020/1351.
- (5) The COVID-19 outbreak has immobilised a substantial part of the labour force in Latvia. This has led to repeated sudden and severe increases in public expenditure in Latvia in respect of the measures referred to in Article 3, points (a), (c), (d), (g), (h), (f) and (i), of Implementing Decision (EU) 2020/1351.
- (6) The COVID-19 outbreak and the extraordinary measures implemented by Latvia in 2020, 2021 and 2022 to contain that outbreak and its socioeconomic and health-related impact had and are still having a dramatic impact on public finances. In 2020, Latvia had a general government deficit and debt of 4,5 % and 43,3 % of the gross domestic product (GDP) respectively, which widened to 7,3 % and 44,8 % respectively at the end of 2021. According to the

⁽¹⁾ OJ L 159, 20.5.2020, p. 1.

⁽²⁾ Council Implementing Decision (EU) 2020/1351 of 25 September 2020 granting temporary support under Regulation (EU) 2020/672 to the Republic of Latvia to mitigate unemployment risks in the emergency following the COVID-19 outbreak (OJ L 314, 29.9.2020, p. 38).

⁽³⁾ Council Implementing Decision (EU) 2021/677 of 23 April 2021 amending Implementing Decision (EU) 2020/1351 granting temporary support under Regulation (EU) 2020/672 to the Republic of Latvia to mitigate unemployment risks in the emergency following the COVID-19 outbreak (OJ L 144, 27.4.2021, p. 7).

Commission's 2022 spring forecast, Latvia is expected to have a general government deficit and debt of 7,2 % and 47,0 % of the GDP respectively by the end of 2022. According to the Commission's 2022 summer interim forecast, Latvia's GDP is projected to increase by 3,9 % in 2022.

- (7) On 6 October 2022 Latvia requested further financial assistance from the Union to the amount of EUR 167 607 000 with a view to continuing to complement its national efforts undertaken in 2020, 2021 and 2022 to address the impact of the COVID-19 outbreak and respond to the socioeconomic consequences of the outbreak for workers and the self-employed. In particular, Latvia further extended or amended the short-time work schemes and similar measures set out in recitals (8) to (12).
- (8) The scheme for the compensation of idle time for workers applies to companies, self-employed persons and payers of the licence fee, whose income from economic activity has decreased by at least 20 %, as compared to August to October 2020 on average. The scheme pays compensations to furloughed employees or self-employed persons of 50 % or 70 % of their salaries or incomes, depending on the tax regime under which they operate. The minimum level of support is set at EUR 500 and the maximum at EUR 1 000 per employee per calendar month. The scheme is established by Cabinet Regulation No 709 (adopted on 24 November 2020 ⁽⁴⁾) and amended on 12 January 2021 ⁽⁵⁾, 19 January 2021 ⁽⁶⁾, 4 February 2021 ⁽⁷⁾ and 26 February 2021 ⁽⁸⁾) 'Regulations Regarding the Allowance for Idle Time for Taxpayers for the Continuation of their Activity in the Circumstances of the COVID-19 Crisis'. The measure extends the scheme referred to in Article 3, point (a), of Implementing Decision (EU) 2020/1351 to persons employed in the beauty industry, allows persons who have changed their tax treatment as from 2021 to qualify for the support, improves the qualifying conditions for the patent payers and allows the beneficiaries to choose between two qualifying criteria to apply for the support.
- (9) Attached to the scheme for the compensation of idle time for workers is the workers' bonus for children referred to in Article 3, point (c), of Implementing Decision (EU) 2020/1351 for which Latvia requests additional support. The bonus of EUR 50 per month per child provides an additional support for idle workers who are entitled to personal income tax relief for dependants. The support measure was extended by 'Cabinet Order No 706 of 1 December 2020 "Regarding the Allocation of Funds from the State Budget Programme 'Funds for Unforeseen Events'" ' ⁽⁹⁾ and 'Cabinet Order No 15 of 11 January 2021 "Regarding the Allocation of Funds from the State Budget Programme 'Funds for Unforeseen Events'" ' ⁽¹⁰⁾. The measure can be considered to be a similar measure to short-time work schemes, as referred to in Regulation (EU) 2020/672, as it provides income support to employees and the self-employed, which will help to cover the costs of childcare during school closures and therefore help parents to continue working, preventing putting the employment relationship at risk.
- (10) The scheme for wage subsidies provides support to employers facing a decrease in revenue from any economic activity by at least 20 %. The scheme amounts to 50 % of the average monthly gross wage, but not more than EUR 500 per calendar month. The beneficiary employers are obliged to maintain employment of supported workers and to top up the wage subsidy to the full regular wage. The scheme is established by 'Cabinet Regulation No 675 on "Regulations Regarding the Provision of Aid to Taxpayers for the Continuation of their Activity in the Circumstances of the COVID-19 Crisis"' (adopted on 10 November 2020 ⁽¹¹⁾) and amended on 12 January 2021 ⁽¹²⁾, 1 April 2021 ⁽¹³⁾, 26 October 2021 ⁽¹⁴⁾, 9 November 2021 ⁽¹⁵⁾, 30 November 2021 ⁽¹⁶⁾, 7 December 2021 ⁽¹⁷⁾, 23 December 2021 ⁽¹⁸⁾ and 11 January 2022 ⁽¹⁹⁾) and 'Cabinet Order No 128 "Regarding Allocation of Funds from the State Budget Programme 'Funds for Unforeseen Events'"' ⁽²⁰⁾. The measure extends the support period of the

scheme referred to in Article 3, point (d), of Implementing Decision (EU) 2020/1351 and expands the scope of eligibility by allowing the beneficiaries to choose between two qualifying criteria to apply for the support, removes the risk of overcompensation, clarifies eligibility restrictions for patent payers and limits eligibility for support from October 2021 to February 2022 to persons owning a COVID-19 certificate attesting to vaccination against COVID-19 or the fact of illness.

- (11) The COVID-19 related sickness benefits scheme provides state-paid sickness benefits for those who had to miss work due to a requirement to self-isolate or self-quarantine, while normally, part of the sickness benefit is shared with employer. The scheme is established by the Amendment to the Law 'On Maternity and Sickness Insurance' (adopted on 20 March 2020 ⁽²¹⁾ and amended on 12 November 2020 ⁽²²⁾, 4 November 2021 ⁽²³⁾ and 13 January 2022 ⁽²⁴⁾). The measure provides for the extension of the support period of the COVID-19 related sickness benefits referred to in Article 3, point (g), of Implementing Decision (EU) 2020/1351 and at the same time narrows the scope of eligibility of the support to persons holding a COVID-19 vaccination or disease certificate or having received an opinion on the need to postpone vaccination against COVID-19, and specifies cases and conditions when employers should step in to pay any sick leave to the employee without state support.
- (12) Sickness aid benefits for parents and caretakers provide support for employees who cannot work remotely and have to look after children under 10 years of age or persons with disabilities when schools and day-care centres are closed due to the COVID-19 outbreak. The measure can be considered to be a similar measure to short-time work schemes, as referred to in Regulation (EU) 2020/672, as it provides income support to parents and caretakers and helps to preserve employment by preventing parents and caretakers who have to look after children or persons with disabilities while schools and day-care centres are closed from needing to terminate the employment relationship. Sickness aid benefits are provided for in the 'Amendment to the Law "On Maternity and Sickness Insurance" of 26 November 2020' ⁽²⁵⁾ and 'Cabinet Order No 707 of 1 December 2020 "Regarding the Allocation of Funds from the State Budget Programme "Funds for Unforeseen Events""' ⁽²⁶⁾ and 'Cabinet Order No 13 of 11 January 2021 "Regarding the Allocation of Funds from the State Budget Programme "Funds for Unforeseen Events""' ⁽²⁷⁾. Latvia requests additional support for the existing measure referred to in Article 3, point (h), of Implementing Decision (EU) 2021/677.
- (13) Latvia also further extended or amended a series of health-related measures to address the COVID-19 outbreak. In particular, this concerns the measures set out in recitals (14) to (15).
- (14) Health-related expenditure is foreseen for personal protective equipment for public sector employees to ensure a safe working environment for those exposed to the COVID-19 virus infection. The scheme is established by the 'Cabinet Regulation No 380 on "Regulations on the Resources for Ensuring Epidemiological Safety Necessary for Institutions Included in the List of Priority Institutions and Needs"' (adopted on 9 June 2020 ⁽²⁸⁾). Latvia requests additional support for the existing measure referred to in Article 3, point (f), of Implementing Decision (EU) 2020/1351.
- (15) Premiums for medical practitioners and employees dealing with the COVID-19 crisis of 20 % to 100 % of monthly salaries rewards work performed in conditions of increased risk and increased workload, as provided for in 'Cabinet Orders No 136 of 27 March 2020 ⁽²⁹⁾ and No 656 of 6 November 2020 "Regarding the Allocation of Funds from the State Budget Programme "Funds for Unforeseen Events""' ⁽³⁰⁾, 'Cabinet Order No 743 of 8 December 2020 "Amendments to Cabinet Order No 655 of 6 November 2020 "On Declaring a State of Emergency""' ⁽³¹⁾ and 'Cabinet Order No 37 of 21 January 2021 "Regarding the Allocation of Funds from the State Budget Programme "Funds for Unforeseen Events""' ⁽³²⁾. Those premiums are additional to the maximum premium set in the 'Law On Remuneration of Officials and Employees of State and Local Government Authorities'. The measure supports

employment by ensuring the health and safety of employees and the continuity of essential public services. Latvia requests additional support for the existing measure referred to in Article 3, point (i), of Implementing Decision (EU) 2020/1351.

- (16) Latvia fulfils the conditions for requesting financial assistance set out in Article 3 of Regulation (EU) 2020/672. Latvia has provided the Commission with appropriate evidence that the actual and planned public expenditure has increased by EUR 508 124 069 as of 1 February 2020 as a result of the national measures taken to address the socioeconomic effects of the COVID-19 outbreak. This constitutes a sudden and severe increase because it is also related to an extension or amendment of existing national measures directly related to the short-time work scheme and similar measures that cover a significant proportion of undertakings and of the labour force in Latvia. Latvia intends to finance EUR 35 317 069 through its own financing.
- (17) The Commission has consulted Latvia and verified the sudden and severe increase in the actual and planned public expenditure directly related to short-time work schemes and similar measures, as well as the recourse to relevant health-related measures related to the COVID-19 outbreak, as referred to in the request of 6 October 2022, in accordance with Article 6 of Regulation (EU) 2020/672.
- (18) The health-related measures referred to in Latvia's request of 6 October 2022 and in recitals (14) to (15) amount to EUR 70 921 236.
- (19) Financial assistance should therefore be provided with a view to helping Latvia to address the socioeconomic effects of the severe economic disturbance caused by the COVID-19 outbreak. The Commission should take the decisions concerning maturities, size and release of instalments and tranches in close cooperation with national authorities.
- (20) Given that the availability period indicated in Implementing Decision (EU) 2020/1351 has expired, a new availability period for the additional financial assistance is needed. The availability period for financial assistance of 18 months granted by Implementing Decision (EU) 2020/1351 should be extended by 21 months and, as a consequence, the total availability period should be 39 months starting from the first day after Implementing Decision (EU) 2020/1351 has taken effect.
- (21) Latvia and the Commission should take this Decision into account in the loan agreement referred to in Article 8(2) of Regulation (EU) 2020/672.
- (22) This Decision should be without prejudice to the outcome of any procedures relating to distortions of the operation of the internal market that may be undertaken, in particular pursuant to Articles 107 and 108 of the Treaty. It does not override the requirement for Member States to notify instances of potential State aid to the Commission under Article 108 of the Treaty.
- (23) Latvia should inform the Commission on a regular basis of the implementation of the planned public expenditure, in order to enable the Commission to assess the extent to which Latvia has implemented that expenditure.
- (24) The decision to provide financial assistance has been reached taking into account existing and expected needs of Latvia, as well as requests for financial assistance pursuant to Regulation (EU) 2020/672 already submitted or planned to be submitted by other Member States, while applying the principles of equal treatment, solidarity, proportionality and transparency,

HAS ADOPTED THIS DECISION:

Article 1

Implementing Decision (EU) 2020/1351 is amended as follows:

(1) Article 2 is amended as follows:

(a) paragraphs 1 and 2 are replaced by the following:

'1. The Union shall make available to Latvia a loan amounting to a maximum of EUR 472 807 000. The loan shall have a maximum average maturity of 15 years.

2. The availability period for financial assistance granted by this Decision shall be 39 months starting from the first day after this Decision has taken effect.;

(b) paragraph 4 is replaced by the following:

'4. The first instalment shall be released subject to the entry into force of the loan agreement provided for in Article 8(2) of Regulation (EU) 2020/672. Any further instalments shall be released in accordance with the terms of that loan agreement or, where relevant, be subject to the entry into force of an addendum thereto, or of an amended loan agreement concluded between Latvia and the Commission replacing the original loan agreement.;

(2) Article 3 is replaced by the following:

Article 3

Latvia may finance the following measures:

- (a) the scheme for the compensation of idle time for workers, as provided for in "Cabinet Regulations No 179 (adopted on 31 March 2020) 'Regulations Regarding the Allowance for Idle Time for the Self-employed Persons Affected by the Spread of COVID-19' and No 165 (adopted on 26 March 2020) 'Regulations Regarding the Employers Affected by the Crisis Caused by COVID-19 which are Eligible for the Allowance for Idle Time and Division of the Payment for Late Tax Payments in Instalments or Deferral Thereof for up to Three Years'", as extended and last amended by Amendments to the Cabinet Regulation No 709 "Regulations Regarding the Allowance for Idle Time for Taxpayers for the Continuation of their Activity in the Circumstances of the COVID-19 Crisis" on 19 January 2021, 4 February 2021 and 26 February 2021;
- (b) the downtime allowance, as provided for on the basis of "Cabinet Regulation No 236 (adopted on 23 April 2020) 'Regulations Regarding the Assistance Allowance for Idle Time for Employed or Self-employed Persons who have been Affected by the Spread of COVID-19'";

COMMISSION IMPLEMENTING DECISION (EU) 2022/2284**of 14 November 2022****amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States***(notified under document C(2022) 8308)***(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and may have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into establishments where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other establishments where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687 ⁽²⁾ supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2021/641 ⁽³⁾ was adopted within the framework of Regulation (EU) 2016/429 and it lays down emergency measures at Union level in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2021/641 provides that the protection, surveillance and further restricted zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection, surveillance and further restricted zones in the Annex to that Implementing Decision.
- (5) The Annex to Implementing Decision (EU) 2021/641 was recently amended by Commission Implementing Decision (EU) 2022/2176 ⁽⁴⁾ following outbreaks of HPAI in poultry or captive birds in Belgium, Bulgaria, Germany, France, Italy and the Netherlands that needed to be reflected in that Annex.

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64).

⁽³⁾ Commission Implementing Decision (EU) 2021/641 of 16 April 2021 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 134, 20.4.2021, p. 166).

⁽⁴⁾ Commission Implementing Decision (EU) 2022/2176 of 31 October 2022 amending the Annex to Implementing Decision (EU) 2021/641 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L 286, 8.11.2022, p. 9).

- (6) Since the date of adoption of Implementing Decision (EU) 2022/2176, Belgium, Germany, France, Italy and the Netherlands have notified the Commission of further outbreaks of HPAI in establishments where poultry or captive birds were kept, located in the Antwerp Province in Belgium, in the Bayern, Lower Saxony, North Rhine-Westphalia and Schleswig-Holstein Lander in Germany, in the Côtes-d'Armor, Deux-Sèvres, Indre, Loiret, Lot, Loir-et-Cher and Vendée Departments in France, in the Friuli-Venezia Giulia, Lombardy and Veneto Regions in Italy, and in the Friesland, Limburg and Noord-Brabant Provinces in the Netherlands.
- (7) In addition, Austria, Denmark and Hungary have notified the Commission of outbreaks of HPAI in establishments where poultry or captive birds were kept, located in the Graz-Umgebung District in Austria, in the Slagelse and Sønderborg Municipalities in Denmark and in the Bács-Kiskun and Csongrád-Csanád Counties in Hungary.
- (8) The competent authorities of Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around those outbreaks.
- (9) In addition, the outbreak confirmed in Belgium is located in close proximity to the border with the Netherlands. Accordingly, the competent authorities of these Member States have duly collaborated with regard to the establishment of the necessary protection and surveillance zones, in accordance with Delegated Regulation (EU) 2020/687, as the protection and surveillance zones extend into the territory of the Netherlands.
- (10) The Commission has examined the disease control measures taken by Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands in collaboration with those Member States and it is satisfied that the boundaries of the protection and surveillance zones in Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands, established by the competent authority of those Member States are at a sufficient distance from the establishments where the outbreaks of HPAI have been confirmed.
- (11) In the Annex to Implementing Decision (EU) 2021/641, there are currently no areas listed as protection and surveillance zones for Austria, Denmark and Hungary.
- (12) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands, the protection and surveillance zones duly established by these Member States in accordance with Delegated Regulation (EU) 2020/687.
- (13) Therefore, the areas listed as protection and surveillance zones for Belgium, Germany, France, Italy and the Netherlands in the Annex to Implementing Decision (EU) 2021/641 should be amended.
- (14) In addition, protection and surveillance zones should be listed for Austria, Denmark and Hungary in the Annex to Implementing Decision (EU) 2021/641.
- (15) Accordingly, the Annex to Implementing Decision (EU) 2021/641 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Austria, Belgium, Denmark, Germany, France, Hungary, Italy and the Netherlands in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (16) Implementing Decision (EU) 2021/641 should therefore be amended accordingly.
- (17) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2021/641 by this Decision take effect as soon as possible.

- (18) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision (EU) 2021/641 is replaced by the text set out in the Annex to this Decision.

* In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, for the purposes of this Annex, references to Member State include the United Kingdom in respect of Northern Ireland.

DECISION (EU) 2022/2285 OF THE EUROPEAN CENTRAL BANK**of 8 November 2022****amending Decision (EU) 2021/2255 on the approval of the volume of coin issuance in 2022
(ECB/2021/54) (ECB/2022/41)**

THE EXECUTIVE BOARD OF THE EUROPEAN CENTRAL BANK,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 128(2) thereof,

Having regard to Decision (EU) 2015/2332 of the European Central Bank of 4 December 2015 on the procedural framework for the approval of the volume of euro coin issuance (ECB/2015/43) ⁽¹⁾, and in particular Article 3(7) thereof,

Whereas:

- (1) The European Central Bank (ECB) has the exclusive right since 1 January 1999 to approve the volume of coins issued by the Member States whose currency is the euro.
- (2) Based on the estimates of demand for euro coins in 2022 that the Member States whose currency is the euro submitted to the ECB, the ECB approved the total volume of euro coins intended for circulation and euro collector coins not intended for circulation in 2022 in Decision (EU) 2021/2255 of the European Central Bank (ECB/2021/54) ⁽²⁾.
- (3) Pursuant to Article 3 of Decision (EU) 2015/2332 (ECB/2015/43) Member States whose currency is the euro must notify the ECB if the actual demand for euro coins is likely to exceed the approved volume of coin issuance in a calendar year and, where the increased coin demands continues, must request ad hoc approval for an additional volume of coin issuance in that calendar year.
- (4) On 13 September 2022, the ECB received a request of Banco de España on behalf of Spain to increase the volume of euro coins that Spain may issue in 2022 by an additional volume of EUR 151,7 million, from EUR 189,8 million to EUR 341,5 million, in response to a marked increase of euro coin net issuance in Spain, as observed since August 2021. The increase has been driven by significantly higher gross issuance (especially of 1-euro coins) in combination with low levels of euro coins deposits with Banco de España. At the same time, a collector coin with a face value of EUR 40 will be issued in 2022 instead of the initially planned collector coin worth EUR 30 due to the rise in the price of silver. As a result, the volume of euro collector coins needs to be increased from EUR 30 million to EUR 40 million.
- (5) On 30 September 2022, the ECB received a request of Nationale Bank van België/Banque Nationale de Belgique on behalf of Belgium to increase the volume of euro coins that Belgium may issue in 2022 by an additional volume of EUR 5 million, from EUR 33 million to EUR 38 million. The reason for this increase is the changes in the national cash cycle leading to higher euro coin net issuance. The increase has been driven by a very low number of euro coins being returned to Nationale Bank van België/Banque Nationale de Belgique and the decrease in the cash demand foreseen by the Belgian authorities not materialising.
- (6) On 14 October 2022, the ECB received a request of Banca d'Italia on behalf of Italy to increase the volume of euro coins that Italy may issue in 2022 by an additional volume of EUR 45 million, from EUR 169 million to EUR 214 million, in response to a higher euro coin demand driven by a marked recovery of economic activities, significant increase in tourism and a higher level of inflation.
- (7) Pursuant to Article 3(7) of Decision (EU) 2015/2332 (ECB/2015/43) the Executive Board must adopt an individual decision on the ad hoc approval request, when no modification to the ad hoc request is required.

DECISION No 1/2022 OF THE EU-UKRAINE ASSOCIATION COMMITTEE IN TRADE CONFIGURATION

of 25 October 2022

as regards the update of Annex XV (Approximation of customs legislation) to the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part [2022/2286]

THE EU-UKRAINE ASSOCIATION COMMITTEE IN TRADE CONFIGURATION,

Having regard to the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part ⁽¹⁾, and in particular Article 465(3) and Article 84 thereof,

Whereas:

- (1) The Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part (the 'Agreement') was signed on 21 March and 27 June 2014 and entered into force on 1 September 2017.
- (2) By Decision No 3/2014 of the Association Council ⁽²⁾, the Association Council delegated to the Association Committee in Trade configuration the power to update Annex XV to the Agreement.
- (3) The Preamble of the Agreement affirms the Parties' desire to support the reform process in Ukraine by legislative approximation and thereby to contribute to further economic integration and the deepening of political association.
- (4) In accordance with Article 84 of the Agreement, Ukraine undertook a commitment to gradually approximate to the Union's customs legislation as set out in Annex XV (Approximation of customs legislation) to the Agreement.
- (5) Considering that the Union *acquis* listed in Annex XV (Approximation of customs legislation) to the Agreement substantially evolved since the conclusion of the negotiations on the Agreement, that evolution should be reflected in that Annex,

HAS ADOPTED THIS DECISION:

Article 1

Annex XV (Approximation of customs legislation) to the Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Ukraine, of the other part, is replaced by the Annex to this Decision.

ANNEX

'ANNEX XV TO CHAPTER 5

APPROXIMATION OF CUSTOMS LEGISLATION**Union Customs Code**

Regulation (EU) No 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code

Timetable: the provisions of the abovementioned Regulation, with the exception of Articles 1, 2, 4 and 26, Articles 42(3), 46(3) and 46(5) to (7), Articles 49, 50 and 64 to 68, Article 88, point (c), Articles 112(2), second and third subparagraphs, and 114(1), second and third subparagraphs, Articles 136, 179 to 181 and 204, Article 206, point (b), Articles 208 to 209, 234 and 278 to 288, shall be incorporated into Ukrainian law within four years following the entry into force of this Agreement.

Approximation to Articles 5 to 8, 16, 17, 18 to 21, 52 to 55, 56, 57 and 77 to 87, Article 88, points (a) and (b), Articles 89 to 111, Article 112(1), (3) and (4), Article 112(2), first subparagraph, Article 113, Article 114(1), first subparagraph, Article 114(2), (3) and (4), Articles 115 to 126, 133 to 135, 137, 138 and 182 to 187, Article 203(3) and (4), Articles 205, 211 to 213, 218, 219, 222 to 225, 254, 255 and 261, 262, 263 to 276 and 277 of Regulation (EU) No 952/2013 shall take place on a best endeavours basis.

Common Transit and Single Administrative Document (SAD)

Convention of 20 May 1987 on the Simplification of Formalities in Trade in Goods

Convention of 20 May 1987 on a common transit procedure

Timetable: the provisions of the abovementioned Conventions, including through a possible accession to those Conventions by Ukraine, shall be incorporated into Ukrainian law within four years following the entry into force of this Agreement.

Reliefs from customs duty

Council Regulation (EC) No 1186/2009 of 16 November 2009 setting up a Community system of reliefs from customs duty

Timetable: Titles I and II of the abovementioned Regulation shall be incorporated into Ukrainian law not later than four years following the entry into force of this Agreement.

Intellectual property rights protection

Regulation (EU) No 608/2013 of the European Parliament and of the Council of 12 June 2013 concerning customs enforcement of intellectual property rights

Timetable: the provisions of the abovementioned Regulation, with the exception of Article 26, shall be incorporated into Ukrainian law within three years following the entry into force of this Agreement. The obligation of approximation to Regulation (EU) No 608/2013 in itself does not create any obligation on Ukraine to apply measures where a right in intellectual property is not protected under its substantive intellectual property laws and regulations.

Explanatory note:

For the purposes of this Annex, "approximation" should be understood to mean Ukraine's obligation to incorporate into Ukrainian law and continuously implement the relevant provisions of Union law in line with Article 84 of the Agreement.

For the purposes of this Annex, approximation on a "best endeavours basis" shall be understood to mean Ukraine's obligation to incorporate into Ukrainian law and continuously implement the relevant provisions of Union law to the maximum extent possible and wherever practicable, in order to reach the objectives set in Article 76 of the Agreement.'
