

2021 HEATING SEASON SPECIALS

F.W. WEBB COMPANY

The Northeast Leader in Products & Solutions

The F.W. Webb Company provides more products and solutions for buildings, factories and homes than any other company in the Northeast.

With more than 100 locations and over 500,000 products, we've got what you need... and we can get it from here to there better than anyone else.

F.W. Webb offers unparalleled service in 16 areas of expertise:

- Plumbing
- Heating
- HVAC
- Refrigeration
- Pipe, Valves & Fittings
- Building Controls
- Propane Gas Equipment & Parts
- Water Systems
- Commercial & Industrial Pumps
- Fire Protection & Fabrication
- Industrial PVF Specialties
- Thermoplastic Piping
- High Purity Process Components
- Process Controls
- Water Works
- Environmental Services

F.W. WEBB COMPANY

Selection. Expertise. Solutions.

ANOTHER TENNESSEE ORIGINAL

NOBLE™ FIRE TUBE COMBI

Today's best combi is engineered in Tennessee.

Most of today's combi boilers are assembled 6,000 miles from America. Now there's a Tennessee original that's proudly designed, engineered and assembled in the same Lochinvar facility that has brought other industry-leading products. When you experience the Noble combi boiler's easy installation, serviceability and Lochinvar backed technical support, you'll see the Noble was built with you in mind.

HYDROLEVEL COMPANY

McDonnell & Miller

Long after our legendary #7 boiler, we're still on a roll.

EXALT Floor Standing

The hot streak continues with our new floor standing boilers.

EFFICIENCY

Low Loss Header with built-in Air Eliminator and Dirt Separator

Wi-Fi connectivity for easy troubleshooting

PEACE OF MIND

Warranty: 12 years Heat Exchanger, 6 years parts, 3 years labor

INDUSTRY LEADING

DHW output in a Combi unit

EliteULTRA

Highly Efficient Condensing Boiler & Combi Units

Features

DURABLE HEATING - BOILER & COMBI UNITS

Boiler Firing Rates: 85,000, 120,000, 150,000, 199,000 Btuh

Combi Firing Rates: 120,000, 150,000, 199,000 Btuh

Condensing technology with a new and patented XtraTech Stainless Steel Heat Exchanger, ensuring many years of reliable performance

ABSOLUTE EFFICIENCY

Up to 96% AFUE while using an outdoor sensor (included)

Up to 11:1 turndown ratio limits short cycling and provides more efficient energy consumption

Built-in automatic bypass eliminates expensive primary / secondary piping

Equipped with a built-in highly efficient ECM Pump

WHISPER QUIET OPERATION

Thanks to a pump and combustion fan with insulating panels

EASY TO USE INTERFACE

LCD display with digits, symbols, and an intuitive menu to easily set the desired temperature, activate functions, and even manage different heating zones

COMBI BOILER: FULL COMFORT SETTING

Domestic hot water preheat function for instant hot water

ELU-85 - 120 Boiler and 120 - 150 Combi Model Shown

SMART CONNECTIVITY WITH HTP LINK

The Elite Ultra boiler is always at your fingertips with a WiFi gateway on board, allowing the boiler and its many system parameters to be monitored remotely

FIFTEEN (15) YEAR LIMITED WARRANTY

PURMO

Leader in **sustainable indoor climate comfort solutions**

Purmo ECOSTYLE Steel Panel Radiators

- Elegant steel panel radiator design
- White enameled finish for scratch & corrosion resistance
- Provides both radiant and convective heat
- Well suited for standard efficiency and condensing boilers
- Easy to sub-zone

CV Panels are available in Type 21 and 22

Purmo BENCH Radiators

- Premium Designer Radiators
- Unique functional design
- Color and size to suit every situation
- Well suited for standard efficiency and condensing boilers
- Easy to sub-zone

Purmo DESIGNER Radiators

KONTTEC Tubular Baseboard Radiators

Narbonne Tubular Radiators

- Elegant Architectural Radiators
 - Outputs up to 9,906 BTU/HR
- Available in horizontal and vertical configurations
- Well suited for standard efficiency and condensing boilers
 - Easy to sub-zone

THE CONTRACTOR'S CHOICE — ESTABLISHED 1881

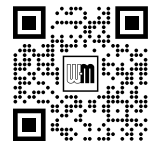

NORTH AMERICA'S LEADING BOILER MANUFACTURER

Hydronic comfort heating systems for residential,
commercial and institutional buildings.

Featuring an expanded
High-Efficiency Line
for any heating application

Scan this code or visit Weil-McLain.com/Full-Line
to learn more and share with your customers!

Step up to **High-Efficiency ECM** Circulators!

Built for North American Systems

- High-efficiency ECM motor uses up to 85% less electricity
- **BIO Barrier**® protects pump from system contaminants
- **SureStart**® automatic unblocking
- Dual electrical knockouts
- 6" stranded wire leads for easy wiring
- Integral Flow Check (IFC)® included

F.W. WEBB COMPANY

WEBB Rewards

See what your points can get you.

The choice is **YOURS!**

Redeem points in the online catalog for gift cards, electronics, sporting goods and *more*.

Earn 2 points for every dollar spent on PurePro® products and 1 point for every dollar spent on most other qualifying products.

Start redeeming once you reach 25,000 points!

Visit fwwebbrewards.com to register and to view full program rules.

Catalog registration is open year round.

Program limited to F.W. Webb Company account holders. Some exclusions apply. Full program terms and conditions available at fwwebbrewards.com.

F.W. WEBB COMPANY

It's the easiest boiler you'll ever install
because it's the most advanced boiler ever made.

INTRODUCING THE ALL NEW

ALTA

THE WORLD'S FIRST AND ONLY 10:1, GAS-ADAPTIVE, COMBI BOILER!

- Powerful next-generation gas adaptive technology
- "No touch" setup, engineered for 5 minute start-up
- Automatic self-calibration
- Simple LP conversion, no kit or parts required
- Sensor-less "outdoor" reset

INDUSTRY-LEADING COMBI PERFORMANCE

- Virtually instantaneous DHW response
- Selectable economy/comfort modes
- 10:1 turndown
- DHW temperature maintained under all conditions

INDUSTRY-LEADING VALUE

- AltaFastPipe (primary/secondary manifold) included
- Lift-away panels, unobstructed three-side access
- ProPress® compatible
- 5-year parts warranty

- 136 MBH input DHW
- 120 MBH input heating
- 3.7 GPM combi
- 95% AFUE
- Larger sizes & heating only models coming soon

F.W. WEBB COMPANY

PRODUCT

Condensate Neutralizer Pump

- Low profile design
- Wall mountable
- Baffling designs force condensate to make contact with media
- High level dry contact alarm
- Optional side inlet for near floor condensate outlet drains
- Optional AC inlet on the pump side for AC condensate removal after the media
- 500,000 BTU/hr appliance 1.9 Gal/hr (operating at approx.. 93% efficiency)

RadiantPERT

- Approved for use with F1960 fittings
- 25 year warranty
- Can be crimped, cinched or expanded
- Strong flexibility for ease of installation in radiant, snow melt or home-run applications

WattsRadiant™
Floor Heating & Snow Melting

Petite Baseboard

- Sleek looking design
- Fits in tighter spots
- Competitive price point

Kom-Pak and Senior Baseboards

- Flexible options
- Attractive design
- Smooth, radius formed end covers
- Structural strength, complete rigidity and freedom from warping
- Exclusive Silent Guide shoe that lets heating elements expand and contract smoothly for silent operation

SPOTLIGHT

Low Temperature Baseboard

- Designed for use with condensing boilers and combis
- Gives you higher BTUs at lower water temps
- Will improve system efficiency and achieve comfort

Radiator Panels

- Achieve 1000 BTUs or higher per linear foot
- Keeps the boiler in true condensing mode longer
- Can be installed anywhere in a room or recessed
- Minimizes cold spots and drafts

Ecostyle Radiant Panels

Cryotek / Hercules Antifreeze

- Protects against freeze ups
- Required in snowmelt systems
- Triple protection inhibitor

Hydronic Boiler Inhibitor

- Protects the heating system against damage from limescale, sludge and corrosion
- For use with all metals used in open and sealed hydronic boiler systems
- Environmentally friendly formulation
- For use in accordance with BS7593:2019
- 16.9 fl oz. treats 26.4 gallons

AutoFill™ Automatic Filling Valve

- Pre-adjustable, automatic filling valve
- Anti-scale with visual system pressure setting indicator
- Complete with manual shut-off valve, strainer and check valve
- Brass body

PRODUCT

Double Wall Oil Tanks

- Weld-free galvanized steel outer tank capable of holding 110% of the primary tank
- Seamless high-density polyethylene inner tank
- Highly visible optical leak alarm

Roth

Hydro Separator 5-in-1

1. Hydraulic separation
2. Micro-bubble coalescing air separation
3. Coalescing dirt separation
4. Magnetic separation
5. Tridicator: temperature and pressure reading

Available in Press and NPT sizes 1", 1 1/4", 1 1/2", 2"

PurePro

Press Ready Boiler Trim Kit

- Saves time and money with quicker installation
- No need for a torch, all components are press ready
- All accessories are in one box

PurePro

SPOTLIGHT

Combustion Analyzer

NEW

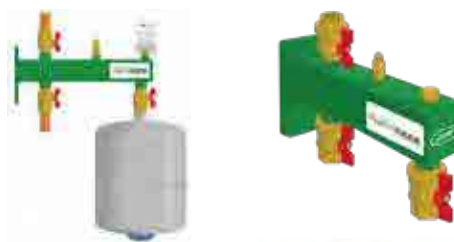

- Multi Tool Functionality: Combustion analyzer, multiple flues, dual port manometer, temperature differential, gas leak detection, and ambient air test functions
- Professional Class leading water trap
- Auto purge
- Made of durable Polycarbonic shell and screen with molded rubber case
- Best in Class 4 year warranty
- Additional functionality with the gas escape probe for identifying gas leaks
- Rechargeable 200 mAh battery
- Local in field calibration

CROWCON
Detecting Gas Saving Lives

Hydro-NODE Expansion Tank Bracket

- Available with or without shut-off valves
- PSI gauge connection
- Manual air vent
- Auto-fill or system feeder connection
- Cleaner look with wall hung installation

AXIOM

PolyPro Venting

- Higher sustained operating temperatures than PVC/CPVC
- Lightweight and easy to install
- Gasketed connections allow for removal and replacement of components

DuraVent

Taco Circulator Board

- Taco 007e Circulator Pumps (ECM)
- Watts fast fill valve
- Caleffi discal brass dirt mag
- Webstone purge and shutoff valve
- Available in 2, 3 or 4 zones; left or right outlet; black or chrome backing

PRODUCT

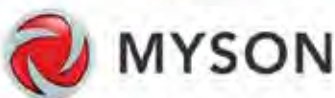

System 1738 Flue Gas Venting

- The first engineered PVC Flue Gas Venting System certified to UL 1738
- UL 1738 certified for categories II and IV gas burning appliances
- Rated for flue gas temperatures up to 149°F (65°C)
- Certified system of pipe, fittings, cement and venting accessories

Heated Towel Bars

- Tube style towel warmer
- Available in heights ranging from 33" to 70"
- Standard width of 24"
- Available in straight and curved options
- White and Chrome finish options
- Full 5-year warranty
- Can be converted to electric

E-ZOIL Performance Products

HOT SHOT

- Heating oil performance additive
- Protects oil heating systems from breaking down

PHAZE-OUT

- Gas/Ethanol performance additive
- Cleans critical fuel system components

DIESEL FIRE

- Summer performance additive
- Warm weather demulsifier

DIESEL FIRE PLUS

- Winter performance additive
- Cold weather demulsifier

SPOTLIGHT

TracPipe CounterStrike and Fittings

- Flexible gas pipping available in a variety of lengths
- Available in diameters 3/8" – 2"
- Lays straighter and pulls easier, dramatically decreasing installation times
- Unlike competitive brands, CounterStrike® is non-annealed making it more crush resistant, and easier to cut
- AutoSnap and AutoFlare Brass fittings available in matching diameter
- AutoSnap fittings are the only CSST fittings that do not require any disassembly or reassembly of the fitting to the CounterStrike® CSST
- AutoSnap is CSA listed and features a metal to metal cup seal without any exposed stainless steel pipe behind the new fitting
- Reduced torque value and reusability all make for an optimum fitting
- AutoFlare® is the self-piloting fitting that attaches TracPipe®CounterStrike® to traditional gas fittings and appliances. No special tools or additional parts required

TracPipe® CounterStrike®
Flexible Gas Piping by OmegaFlex.

Taco 0034e™ ECM High-Efficiency Circulator

- Replaces all single speed and 3-speed circulators in its class
- Rotatable control cover to simplify installation
- BIO Barrier® protects the pump from system contaminants
- SureStart® automatic unblocking and air purging mode
- Dual electrical knockouts and removable quick-connect terminal strip for easy wiring
- Double insulated

Taco
Comfort Solutions®
A Taco Family Company

Taco Press Zone Valves

- Lowest power draw and pressure drop on the market
- 125 psi shutoff pressure
- Ball valve design eliminates need for manual operation
- Multi-function LED indicator light
- Molex style, plug-in wiring connections
- Fast and easy power head replacement

Taco
Comfort Solutions®
A Taco Family Company

PRODUCT

Radiant Heat Floor Panels

- Uponor Pex-A Tubing allows for over a 100-year life cycle (Plain-Insulated-Sleeved)
- Radiant Heating and Cooling Systems utilize a wide offering of accessories to provide complete residential and commercial installations
- Hydronic Piping Systems available in 5/16" – 4" Pex-A tube to meet all supply and return needs
- Strong factory support with system experts to help guide installers to high quality, profitable installations

Uponor

Flush Cart

- Flushing and filling cart with built-in pump up to 15 GPM and 55 PSI
- Used to flush old hydronic systems before installing new high efficiency boilers
- Great for carrying boiler cleaners, inhibitors or anti-freeze for hydronic system application
- The fill and flush pump cart is portable, pre-assembled and leak-tested for a safe, quick and clean way to fill and flush hydronic heating systems

CALEFFI
Hydronic Solutions

Bio-fuel Compatible Oil Filters, Gaskets and Tiger Loops

- All spin-on filters have 3/8" -NPT pipe connections and a 1/8" -NPT bleeder/gauge port
- Designed to match the size and performance of traditional oil burner filters but with improvements
- The F99-2 & F99-2B filters give 10 & 15 micron filtration respectively
- Available with mounting bracket in a size that fits in the same space as traditional filters

Westwood

SPOTLIGHT

InnoFlue® Single Wall Vent Systems

- Residential and commercial offerings
- Diameter sizes from 2" up to 12"
- Higher operating temperature than CPVC
- Improved resistance to caustic condensates making it suitable for gas, propane and oil fired appliances
- Tested and listed to UL-1738 and ULC-S636 by InterTek for sustained flue gases up to 230°F (110°C)

High Efficiency Boiler Install Kit

- For use on high efficiency boilers with external circulator
- Includes the following:
 - Webstone 1-1/4" x 1" Manifold/Flange Right (PRESS)
 - Webstone 1" Multi-Device Port Union Connection (PRESS READY)
 - Webstone 1" Rotating Flange Component (PRESS READY)
 - Webstone 1/2" Expansion Tank Service Valve (PRESS READY)
 - Caleffi 1" DirtMag with Valves (PRESS)
- Saves time and money with quicker installation
- All components come conveniently in one box

Combination Air/Dirt Separators with Magnet

- Powerful magnets surround the flow path to remove ferrous material from the circulating system water
- Rotating universal connection allows installation in horizontal or vertical piping using the same unit
- No bypass, isolating valves or replacement filters to clog and reduce flow
 - Dirt can be flushed while the system is in full operation
 - Minimum pressure drop; always constant
 - Increased component life
 - Reduced oxygen-based corrosion and pump cavitation
 - Provides optimum heat transfer

PROPPHBTk-114PREC
1-1/4" High Efficiency Boiler
Install Kit Press Ready

PRODUCT

PowerStor SS Indirect Water Heater

- Stainless Steel Heat Exchanger - Single-wall 1" O.D. stainless steel coil
- Stainless Steel Tank and Heat Exchanger
- Immersed Adjustable Honeywell Aquastat for automatic temperature control
- 2" Non-CFC Foam Insulation
- AHRI Certified

SSU Ultra Max Indirect Water Heater

- All tanks and coils feature high quality 316L Stainless Steel construction to reduce corrosion and extend tank life
- Lightweight, corrugated stainless steel heat exchanger allows the coil to flex, minimizing scale buildup and prolonging tank life
- 2+ inch thick Super Foam insulation allows less than 1/2°F heat loss per hour
- Models available in 30, 45, 60, 80, and 119 gallon sizes for residential and commercial use

Plug n' Go Plus Indirect Water Heater

- Includes a factory installed 0071FC circulator, prewired and ready to run
- The newly designed digital control is universal, making it compatible with any heating system
- Industry-leading heat exchanger design provides low-return temperatures
- Unique efficiency logic captures wasted boiler heat
- Available in 41- and 80-gallon models

Plug n' Go_{PLUS}

SPOTLIGHT

Wall Hung Condensate Neutralizer

- Reversible wall mount bracket for easy install
- Integral bypass prevents condensate backflow into appliance
- Manual reset float indicates service needed
- Specifically designed for wall hung boilers and furnaces

MagnaClean™ DRX

- Provides essential protection for small to medium sized commercial boiler systems with limited space
- Flexible options allow for horizontal or vertical installation, and in-line or side stream installation
- Unique external magnetic belt for easier servicing and cleaning
- Spring-loaded magnets ensure magnets align properly with canister, maximizing capture
- Press-fit installation suitable for new installs and retrofits

Switching Relay 306P

- Connects up to six thermostats and operates circulators to provide heating to a zoned hydronic heating system
- Zone 1 has optional priority over zones 2 through 6 and can be used to provide heat to an indirect domestic hot water tank
- Includes optional exercising to prevent circulator seizure when not in use
- Optional post purge operation of the last operating zone to maximize energy savings
- Provides a RoomResponse™ signal to modulating-condensing boilers to optimize comfort while improving boiler efficiency

Cavagna Regulators

- Durable powder coating
- Stainless steel screws prevent rusting
- Solid diaphragm for increased tensile strength
- Better protection against freeze-ups
- Developed with continuous research and innovation
- 10 year warranty

Accomplish more online with F.W. Webb

F.W. Webb can help you make the most of your time with online access to your account and more than 350,000 products.

- Quickly order everything you need
 - Advanced search tool makes it easy to find the products you need
 - Pick-up or delivery? You choose during the check-out process
- Get spec sheets and installation manuals
- Check local F.W. Webb inventory
- Review your F.W. Webb account information, including project bids and past orders, regardless of how or where you purchased

Addressing Your Environmental Concerns

When an environmental issue or emergency surfaces in your facility, you need a smart and reliable environmental services provider.

The highly experienced team of scientists and engineers from Alliance Environmental Group, an F.W. Webb Company, is here to help.

The team can respond to your needs with timely solutions, designed for immediate and long-term effectiveness, without exhausting your resources. Services include:

- Permitting and auditing
- Regulatory compliance
- Hazardous materials management
- Site assessments
- Geotechnical engineering
- Treatment of legionella and other pathogens

Now offering 24/7 Viral Disinfection Services.

Dedicated to responsive and resourceful solutions

CRAFTED WITH PRIDE  IN THE USA

FIREMAGIC®

Family owned and crafted in America, Fire Magic® is the name trusted by true grilling enthusiasts for over 80 years. With an extensive product line, versatile cooking options, enhanced durability and superior design innovations, Fire Magic® is the finest performing grill on the market and a shining centerpiece for a lifetime of special moments shared with family and friends.

Constructed entirely of the finest quality, heavy-gauge 304 stainless steel with unsurpassed attention to the most precise detail in design and construction, Fire Magic® grills are the most elegant and durable barbecue grills available. They are engineered to perform at the highest temperature for the longest time of any outdoor barbecue grill. Our exclusive advanced heat distribution system, searing options, smoking capability, rotisserie, and charcoal grilling features allow you to grill any meal imaginable with ease and exceptional results. Fire Magic will keep you grilling and the neighbors talking for years to come.

Available in more than 50 authentic styles, all Real Fyre gas log sets are handcrafted, hand painted, and look stunningly realistic. From active natural flames to a glowing bed of lifelike embers, the Real Fyre Vented Collection is designed to complement your fireplace. Real Fyre gas logs replicate the beauty of a wood fire with the instant gratification, convenience and cleanliness of gas.

If a more contemporary look is what you seek, Real Fyre Glass, Gems, and Diamond Nuggets can turn your hearth into the pinnacle of modern style.

With companion accessories such as remote controls, pine cones, acorns, wood chips, and many other items, you can further enhance the beauty and practicality of your hearth. Real Fyre Gas Logs are certified/listed to national standards, and come with the best warranty in the industry.

Real Fyre has been providing comfort, convenience, and enjoyment for homes for 70 years.

AMERICAN Fyre DESIGNS™ outdoor Products collection

Homeowners all over the country have come to realize the allure of fire in their backyards. Fire brings warmth, glow and serenity, encouraging us to relax and unwind. An American Fyre Designs exterior fire feature will anchor your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night – even when there is chill in the air.

From Fireplaces perfect for cuddling up under the stars, to Firetables ideal for entertaining, to Firefalls that combine the charm of fire with running water, each product is expertly crafted from innovative glass fiber reinforced concrete (GFRC). GFRC derives its strength from a dosage of alkali-resistant glass fiber and acrylic polymer that results in durable concrete to withstand the outdoor elements. Modularly constructed as easy-to-assemble components, American Fyre Designs products fit easily into most backyards, making installation fast and simple.

American Fyre Designs products are available in a variety of styles, colors and textures to complement any décor. Warm your outdoor living area with American Fyre Designs.

On-the-Go Training for Contractors Everywhere!

Experience hands-on training with the **F.W. Webb Hydronics Mobile Training Station**. Traveling across the Northeast, it is available to visit your location to offer training on the latest industry-leading condensing and non-condensing heating products from top brands. Training topics include radiant heat and snowmelt technology, boiler sizing and selection, water quality and treatment, and combustion analysis.

Now offering **TWO** unique trucks!

What's inside:

Truck #1 Boilers:

- Burnham Alta Combi
- Ideal Exalt Combi
- Lochinvar Knight Floor Standing
- Lochinvar Noble Wall Hung
- TRIO Cast Iron Boiler

Truck #2 Boilers:

- Bradford White Brute Wall Hung Boiler
- Burnham Alta Wall Hung Combi
- HTP Elite Ultra Combi
- Ideal Exalt Combi
- Lochinvar Noble Condensing Boiler
- Navien NFB Fire Tube Condensing Boiler
- Weil-McLain Eco-Tec Combi

★ 30 DAY NOTICE FOR REQUESTED TRAINING ★

Today's date: _____

Class Description:

Estimated Time:

**Check box for
desired training:**

Introductory Courses / Basic Fundamentals:

Basic Hydronics 101 – An Overview and History of Hydronic Systems in the U.S.	Full day	<input type="checkbox"/>
Heat Loss Sizing, Designing, and Equipment Selection	2 hrs	<input type="checkbox"/>
Circulator Pump, Expansion Tank, and Pipe Sizing	2 hrs	<input type="checkbox"/>
Near Boiler Piping Components, and Primary/Secondary Piping	4 hrs	<input type="checkbox"/>
Condensate Neutralization, pH Scale, and Condensate Removal	1 hr	<input type="checkbox"/>
Flushing Carts, Demineralization of H ₂ O, and System Feeders	1.5 hrs	<input type="checkbox"/>
PurePro Indirect Water Heaters Installation Overview	2 hrs	<input type="checkbox"/>

Intermediate / Advanced Courses:

Advanced Hydronics (Hydronics 301) Advanced Piping	Full Day	<input type="checkbox"/>
Low Voltage Wiring, Zoning, and Electronics for Hydronics	Full Day	<input type="checkbox"/>
Condensing Boilers and Keeping Them in Condensing Mode	4 hrs	<input type="checkbox"/>
ECM Circulator Pumps, Delta T Pumps, and Delta Pumps	2 hrs	<input type="checkbox"/>
Buffer Tanks, Hydraulic Separators, and Indirects	2 hrs	<input type="checkbox"/>
Overview of Radiant Heat, and Snowmelt	4 hrs	<input type="checkbox"/>
Panel Radiators, Hydro-Air, and Low Temperature Emitters	3.5 hrs	<input type="checkbox"/>
Zoning and Mixing for Multiple Temperature Zones	3.5 hrs	<input type="checkbox"/>
Tekmar Controls, WIFI Snowmelt, Pump Sequencers, and the 274	1 hr	<input type="checkbox"/>

Steam Heat Training:

Fundamentals of Steam Heat and CI Radiator Sizing, Hartford Loops	2 hr	<input type="checkbox"/>
Advanced Steam, "Piping it Right" for Steam and Troubleshooting	2 hr	<input type="checkbox"/>
Commercial Steam Heat, Steam Traps, and High Pressure/Industrial Steam	3.5 hrs	<input type="checkbox"/>

Tools of the Trade:

Combustion Analysis	2.5 hrs	<input type="checkbox"/>
Manometers and Multi-Meters	2 hrs	<input type="checkbox"/>

High-Efficiency, Off the Grid, and Emerging Markets Training:

Wood Boilers and Off the Grid Heating	1.5 hrs	<input type="checkbox"/>
Air to Water Heat Pumps and Electric Back-up Boilers	3 hrs	<input type="checkbox"/>
Heating with Geo-Thermal	Full Day	<input type="checkbox"/>
F.W. Webb's <i>Hydronics in Motion</i> Training Vehicle Site Visit	Flexible	<input type="checkbox"/>
Hydronic Water Quality and Magnetic Filtration	2 hrs	<input type="checkbox"/>
Wifi Thermostats and the Connected Home	2 hrs	<input type="checkbox"/>

TRIO Cast Iron Commercial Boilers

With Triple Pass Technology

CAST IRON BOILERS

Features:

- 3-pass wet-base Euro design
- Manufactured with corrosion and thermal shock resistant GG20 cast-iron
- 58 PSI cast-iron construction
- Easy-access full open reversible swing-out door for easy access to combustion area
- 3-pass flue/heat exchanger does not require refractory material in chamber area
- Low mass and low water volume
- Multi-Fuel capability: Oil, Natural Gas or Propane. (Changing source of fuel does not void warranty.)
- Extra heavy 3" insulation for low jacket and standby losses
- 19½" wide block allows for easy access through standard size doorways
- ASME listed

DID YOU SAY Heating System Design?

LET'S GET STARTED!

F.W. Webb can help you design your next residential or light commercial heating system.

Our experienced hydronics design and support experts can assess your project's heating needs and recommend the most up-to-date industry products to meet them. Our service will save you valuable time with early project planning and ensure a properly working system.

Services include:

- Room by room heat loss/gain evaluations
- Jobsite support for sizing up house/building loads
- Detailed parts list for complete and accurate project quoting
- CAD-based hydronic design layout to present to end user
- Comprehensive support documentation for installations; mechanical room layout, submittals, cut sheets, manuals, and more
- Post-installation onsite support with boiler startups, commissioning, and hydronic water quality testing
- Low voltage wiring support and complete wiring diagrams

24 hour
turnaround
on most job
quotes.
