

Product Specification

128GB micro SD card for dashcam High Endurance microSDHC memory card

This premium performance high endurance micro SD memory card (micro SDXC) is specifically designed for the demanding requirements of car video recorders (dash cams), home security video monitoring/cctv cameras and body cams worn by security personnel and police. MLC flash provides high-endurance for extended read/write capability. The unique Sudden Power Off Protection feature ensures minimal chance of data corruption in the case of sudden power cuts and voltage fluctuations. High-speed data transfer up to 90 MB/s* read and 60 MB/s* write guarantees smooth recording of 4K Ultra HD and Full HD video. The Integral Dash Cam and Security Camera memory card offers 3-6 times longer memory card lifetime and fewer errors when used in video intensive devices compared to a standard TLC memory card. Backed by a 5 year warranty and free UK-based support.

- Smooth, reliable 4K and Full HD video recording in dash cams, security cameras, drones, smartphones, tablets and camcorders
- Built with MLC flash that provides high-endurance for extended read/write capability
- Sudden Power Off Protection ensures minimal chance of data corruption in the case of sudden power cuts in automotive applications
- Extreme temperature resistance means the card will work perfectly in environments ranging from -30 deg C to 80 deg C
- UHS-I, Class 3 specification
- SD Adapter included
- 3 year warranty or TBW - whichever is earlier applies

SKU	INMSDX128G10-DSCAM
EAN	5055288442009

	Width (mm)	Depth (mm)	Height (mm)	Weight (g)
Product	15	1	11	0.5
Packaging	93	8	138	19

Capacity (GB)	128GB
Memory Class 1	UHS-1
Memory Class 2	U3
Read speed (MB per second)	90
Write speed (MB per second)	60

Interface	8 Pin
Card Type	MICRO SD CARD
Operating temperature (T-T) (degrees Celcius)	-30 - 80
Memory adapter included	Y
Sustainability certificates	RoHS
