

VX2363SMHL-W 23" Full HD SuperClear® IPS LED multimedia display with 2ms response time, HDMI and MHL connectivity in white colour

VX2363Smhl-W

The ViewSonic VX2363Smhl-W is a 23" Full HD multimedia display with HDMI and MHL / HDMI connectivity to connected with various high definition devices and mobile devices. Featuring SuperClear® IPS technology, 178 degrees wide viewing angle and 95% sRGB colour coverage delivers phenomenal colour performance. ClearMotiv® ultra-fast 2ms GTG(σ) response times, ViewMode and dual speakers ensures best audio and video quality for movie and gaming. Featuring Flicker-Free and Blue Light Filter eye-care technology, ECO mode, a premium frameless bezel in glossy white finish and VESA-compliant design, VX2363SMHL-W makes a great addition to any home and office.

- SuperClear® IPS image enhancement technology with 95% sRGB coverage and wide viewing angles
- ClearMotive(r) II ultra-fast 2ms GtG (σ) response time for blur free image
- MHL / HDMI, HDMI and VGA inputs for flexible connectivity
- Dual integrated stereo speakers for high-quality sound effects
- Frameless, glossy white design and support VESA mount
- ViewMode scenario settings for accurate digital content rendering
- Flicker-Free, Low Blue Light technology for comfortable viewing

WIDE VIEWING
ANGLE

SuperClear® IPS Image Enhancement Technology with 95% sRGB coverage and wide viewing angles

SuperClear® Image Enhancement Technology delivers the best colour performance and extends display viewing angles to 178 degrees both horizontally and vertically. Experience accurate and vivid colours with consistent levels of brightness whether looking at the screen from above, below, the front, or the side—with no colour distortion or decay.

ClearMotiv™ II ultra-fast 2ms response times for blur-free action

ViewSonic's exclusive ClearMotiv™ II imaging technology delivers ultra-fast 2 millisecond liquid crystal response times, creating smooth images without streaking, blurring or ghosting. This blazing-fast response time is perfect for the most graphic-intense gaming needs, and just as great for watching sports or action movies.

MHL functionality for easy connection to mobile devices

Integrated with Mobile High-Definition Link (MHL), the VX2363Smhl-W enables users to connect compatible mobile devices, such as smartphones and tablets, directly to the monitor. This allows digital content from mobile devices to be viewed in stunning Full HD resolution on the larger screen of the VX2363Smhl-W, while also simultaneously charging the batteries of the mobile device.

HDMI[®]
HIGH DEFINITION MULTIMEDIA INTERFACE

Dual HDMI Inputs for Diverse Full HD Connectivity

HDMI is the highest, future-proof video standard, guaranteed for true digital picture clarity. Equipped with two sets of HDMI inputs, the VX2363SmhI-W display allows you to connect to a variety of HD devices including gaming consoles, Blu-ray players, laptop PCs, digital cameras, and many others for the ultimate true high-definition experience.

2 WATT x 2

Dual integrated stereo speakers

The ViewSonic VX2363Smhl-W has two integrated 2W stereo speakers for enhanced multimedia performance with crystal-clear stereo sound.

Full HD 1080p for Superior Pixel Performance

The ViewSonic VX2363Smh1-W features Full HD 1920x1080 resolution for amazing clarity and detail whether it be while gaming or enjoying the latest in multimedia entertainment. A 16:9 widescreen ratio shows more images than conventional 5:4 screen and minimizes eye fatigue.

FRAMELESS

Sleek Frameless Bezel Design

The distinctive and stylish ViewSonic's VX2363SmhI-W fuses a frameless bezel design into stylish white glossy design, making it a great addition to your home. In addition, the frameless design provides a seamless multi-screen viewing experience.

GAME MODE

Game Mode for Higher Visibility in Dark Scenes

With just the press of a button, gain a competitive edge when playing your favourite video games. Game Mode provides enhanced visibility and detail by highlighting dark scenes without over-exposing the bright areas. This lets you see your opponents' every move, even in the darkest scenes of a video game.

Game Mode **Off**

Game Mode **On**

COLOR
ADJUST

Better color accuracy with color management

ViewSonic's built-in colour management system maintains strict standards for colour temperature and white balance correction to ensure the most accurate white level for image rendering. Different OSD colour settings (Bluish, Cool, Native, Warm) allow you to match different colour temperature settings and create a more comfortable working environment - wherever you are. Calibrated to be 100% consistent from screen-to-screen, each monitor displays the exact same colours and sRGB settings as your original HD-device source images.

VESA-Mountable

The ViewSonic VX2363Smhl-W features a 100 x 100mm VESA-mountable design that allows you to mount the display on a monitor stand or on a wall, depending on your specific needs. You can easily detach the base by unscrewing four screws and then mounting the display on its new stand or wall mount.

Eco-mode conserves more energy and cuts costs

ViewSonic's proprietary Eco-mode energy-saving feature is built into all LED displays, offering "Optimize (75%)" or "Conserve (50%)" settings that save up to 25% of electricity costs. In low ambient light, Eco-mode adjusts brightness and improves visibility, while reducing eye fatigue. With Eco-mode, the lifespan of the LED backlighting is also greatly increased.
