Kensington®

Managed USB-C to 2.5G Ethernet (PXE Boot and DASH) Adapter

Part Number: K38295WW | UPC Code: 0 85896 38295 9

Fast wired connectivity and easy IT remote management all in one simple device.

The Managed USB-C® to 2.5G Ethernet (PXE Boot and DASH) Adapter delivers a remote out-of-band access solution designed and certified exclusively for HP business laptops powered by AMD Ryzen™ PRO processors. Now, IT admins can wake on LAN and remotely push updates, check the health of a laptop, make BIOS updates to systems, and more — all through a single USB-C port. Enables Ethernet speeds up to 2.5Gbps, providing a reliable connection and rapid data transfer. Plug-and-play adapter features a built-in driver for 2.5Gbps Ethernet out of the box. Compact size makes it easy to take on the go. Two-year Kensington limited warranty.

Features include:

- Certified by HP and AMD for HP laptops powered by AMD Ryzen PRO processors (starting with 2020 HP EliteBook G7 models 835/845/855) and HP ProBook 635 Aero Edition
- DASH and PXE Boot enabled
- LED indicator lights
- Plug-and-Play 2.5Gbps Ethernet
- Compact, mobile design
- Two-year warranty
