

## The Outdoor Charger

### Ideal Solution for charging your Apple, Android,™ Windows Mobile and Blackberry® Devices

The PNY Outdoor Charger is specifically made for the outdoors thanks to its official IP65 qualification. You can close its flap to make it resistant to dust and well as water sprays such as rain or water in a boat. Its rubberized shell is resistant to shocks! It packs a 7800mAh capacity, 2A input for a quick charging on the go as well as a 2.1A output.

It comes with a carabiner, micro-USB and mini-USB cable to make it the perfect outdoor PowerPack!
