

HP Chromebook 14 HDMI to VGA and USB 3.0 Gigabit Ethernet Accessory Bundle

Product ID: HPC14VGAUGEK

The HPC14VGAUGEK Accessory Bundle for the HP Chromebook 14 is an add-on kit containing two StarTech.com adapter products that let you extend the display and network capabilities of your port-limited Chromebook.

Designed for HP Pavilion Chromebook 14 models equipped with HDMI and USB 3.0 ports, the kit contains an HDMI® to VGA adapter to connect to an external VGA display or projector through the HDMI output. Also included is a USB 3.0 to Gigabit Ethernet Adapter, which adds wired network support and offers the added benefit of an integrated USB pass-through port to keep your USB 3.0 port available for other peripherals.

Though extremely portable, the Chromebook often lacks the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. Perfect for offices using a hot-desking model, we designed this bundle of Chromebook accessories to provide the missing connections most commonly needed among mobile users, to prepare you for almost anything.

Package Contents:

- HDMI to VGA Adapter (HD2VGAMICRO)
- USB 3.0 to Gigabit Ethernet Network Adapter w/ USB Port (USB31000SPTB)

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility
