The NewStar workstation, model FPMA-D1020KEYB, is a desk mount for monitor, keyboard and mouse. This product is suitable for screens up to and including 24" (61 cm). By using the NewStar workstation you can assemble a complete workplace to a desk using a desk clamp.

This ergonomic product offers you maximum comfort, freedom of movement and productivity. It is suitable for screens up to and including 24" (61 cm) with a maximum weight of 10 kilograms and a VESA hole pattern 75x75 or 100x100 mm.

Setting the desired working position is easy with the two pivot points and the turn, tilt and rotation function for the display. The arm is height adjustable to 40 centimetre and the depth can be adjusted between 48-80 cm. The distance between the monitor and keyboard/mouse is adjustable. Standard, this product is equipped with a desk clamp. With this clamp you can also mount the arm to the wall.

Optionally a desk grommet can be purchased when an assembly through a hole in the desk is desired. (model optional desk grommet = FPMA-D9GROMMET).

All installation material is included with the product.
