Small is beauty - Expand storage on your i-devices
i-Memory Flash Drive AI920

i-Memory Flash Drive AI920

The AI920 Flash drive is a super-slim and ultra-light multi-purpose storage device, primarily for iOS devices. It features Lightning and USB 3.1, delivering high speed performance for all content types, support for Live Photos, diverse multimedia, and subtitles – a great plus for movie and TV fans. AI920 is equipped with a snapshot function allowing photos and videos to be saved directly to the flash drive. And offering instant storage and simple sharing, made strong with water and dust resistant and extra-convenient thanks to extended-clearance connectors and even one-touch backup. In addition, the AI920 protects all stored content with strong encryption against unauthorized access. For style, versatility, and reliability, the AI920 is a sure plug in.

Full-on rapid data transfer

At just 6.9mm thin and 3.6g light, the AI920 is slimmer than pretty much any smartphone on the market right now. When connected, it doesn't look like a bulky attachment nor does it add bothersome weight. Instead, it's a sleek extension of devices that never gets in the way of enjoyment or productivity and always adds much-needed storage.

All-new slim and light design

Five times faster than USB 2.0, AI920 packs read performance up to 150MB/s, and with lightning connector it delivers speeds up to 30MB/s in a super-compact form factor and transfers data between devices. It is also able to work with individual files larger than 4GB each – perfect for Full HD and Ultra HD media.

Recording and directly saving

The AI920 is equipped with a snapshot function allowing photos and videos to be saved directly to the flash drive, and its supports up to 4K video recording, encouraging customers to capture memorable moments. In addition, adding innovative filter effects design with i-Memory app.

Dust and water resistant

Sturdy chip on board (COB) construction and demanding ADATA tests ensure the AI920 is highly dust and water resistant. From sandy beaches to refreshing waterfalls, your memories and content are in good hands with a well-protected and insulated design that keep water and particles out.

DUST RESISTANT   WATER RESISTANT
