The NewStar desk mount, model FPMA-D960DVBLACKPLUS is a tilt-, swivel and rotatable desk mount for two screens up to 49". This mount is a great choice for space saving placement on desks using a desk clamp.

NewStar's versatile tilt (180°), rotate (360°) and swivel (160°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the curved screen. An innovative cable management conceals and routes cables from mount to curved screen. Hide your cables to keep the workplace nice and tidy.

NewStar FPMA-D960DVBLACKPLUS is suitable for screens up to 49" (124 cm). The weight capacity of this product is 32 kg each screen. This monitor arm is therefore extremely suitable for widescreens and curved screens. The desk mount is suitable for screens that meet VESA hole pattern 75x75 or 100x100mm. Different hole patterns can be covered using NewStar VESA adapter plates.

By using an ergonomic mount neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area.

All installation material is included with the product.
