ERGO COMFI MOUSE

CODE: RGOCOM

The Ergo Comfi Mouse is an optical and vertical mouse that stimulates mouse movement from your entire arm, thus reducing injury. The ergo comfi mouse is especially ideal for woman and children with smaller hands.

SPECIFICATIONS

- Installation: plug & play
- Scroll wheel
- System Compatibility: Windows 98/ME/2000/XP/Vista/7/8

HE VERTICAL MOUSE

CODE: RGOHE (L) - WIRED (LARGE)
CODE: RGOHEWL (L) - WIRELESS (LARGE)

The HE Vertical Mouse is a vertical grip mouse with curved design and thumb support. The shape of a vertical mouse is designed to be used on a daily basis and prevents, or reduces, arm, wrist, elbow, shoulder, and hand complaints

SPECIFICATIONS

- Wireless connection 2.4GHz, with mouse dongle, plug & play
- Available for right and left hand users
- 5 Buttons including scroll

KENSINGTON TRACKBALL MOUSE

CODE: E64325

The ambidextrous design works equally well for either right handed or left handed users while taking up less desk space. Surrounding the ball, the scroll ring lets you scan up and down the screen with ease. The large ball and scroll ring reduce hand and wrist movement and offer precise fingertip control while scrolling.

SPECIFICATIONS

- Dimensions: 8.9 x 24.8 x 24.8cm
- Computer Memory Type: DDR3 SDRAM
- Wireless Type: 2.4 GHz Radio Frequency, 802.11abg

MOUSETRAPPER FLEXIBLE

CODE: BLACK MT106
CODE: WHITE MT107

Flexible is small, light and wireless, and is the most compact product in the Mousetrapper range. It is designed so that you can easily bring it home from work or to other places where you work at a computer. Flexible is available in black or white.

SPECIFICATIONS

- Dimensions: Width: 300 mm x Height: 19 mm x Depth: 95 mm
- 9 programmable buttons that can be configured using MT Keys
- 2 months of battery life between charges

PIANO MINI KEYBOARD

CODE: ST352010 KEYBOARD
CODE: ST371110 NUMBERPAD

The Piano keyboard is as portable and thin as a keyboard can be. The numeric keypad can be added to offer high speed typing with special keys to open applications such as email and calculator.

SPECIFICATIONS

- Complete layout with 86 keys
- Soft-touch keys with scissors structure for an excellent typing experience
- Narrow design fits into a normal laptop bag
- Designed for hi-speed typing

TWIN WIRELESS KEYBOARD & NUMERIC PAD SET (WITH FREE MOUSE)

CODE: ST351021 KEYBOARD & MOUSE

The compact design with built in number pad makes it a perfect solution for mobile workers. The two items slip easily in your laptop bag when travelling and the tiny USB micro receiver fits neatly into the mouse casing and activates a power-save mode when removed from the laptop.

SPECIFICATIONS

- 100-key UK layout including multi-media keys and numeric pad
- Full sized low-noise keys and tactile mouse suits right and left hand users
- Narrow design fits into a normal laptop bag

SOLO WIRELESS RECHARGEABLE KEYBOARD

CODE: ST352321 KEYBOARD

The ultra-slim design makes it a perfect solution for mobile workers as it easily slips into a laptop bag and the keyboard is rechargeable. Comes with a charging lead, nano RF receiver, protective fabric sleeve and a magnetizing tilt-strip which offers a 5 deg. angle to the keyboard.

SPECIFICATIONS

- Plug & play XP, Vista, Win7, Win8, Win10
- On/off switch preserves charge in transit
- Metal back plate with hi-grip pads

R-GO SPLIT ERGONOMIC KEYBOARD

CODE: RGOSP

This keyboard offers all the ergonomic features you need to type in a healthy way. Its compact design ensures that while using both the keyboard and mouse, your hands always remain within shoulder width. The two components can be placed in any desired position. This unique design prevents reaching with the arm and ensures a natural and relaxed position of the shoulders, elbows, and wrists.

SPECIFICATIONS

- The keyboard is compact & consists of two separate parts
- Light keystroke
- Thin lightweight design

ERGOCUBE MOUSE AND WRIST REST

CODE: KAA199 (MOUSE)
CODE: KA188 (WRIST)

Mouse Mat with Gel Wrist Rest, Gel-filled wrist rest reduces pressure points for forearm and wrist comfort. Non-slip base holds mouse pad firmly in place.

SPECIFICATIONS

- Gel wrist pad for comfort and support
- Made from lycra to conform to the wrist
- Non-skid base
- Mouse pad: WxDxH: 263mm x 224mm x 25mm

FOREARM KEYBOARD AND MOUSE EXTENSION

CODE: 12100 (MOUSE EXTENSION)
CODE: 12015 (FOREARM REST)

Forearm Rests are ergonomically far superior to wrist rests because they give support to the whole arm, not only to the wrist. Padding makes the rests more comfortable than hard surfaces.

SPECIFICATIONS

- Additional desk space gained since the rests are not integral with the desk tops
- Quick and easy attachment to desks - no tools necessary
- Attachable to all typical desktops

ERGODOC COPY HOLDER

CODE: 49.410

The ErgoDoc is an effective A3 copy and document holder. It is height adjustable in six steps and the raised base enables users to simply slide the keyboard underneath when not in use.

SPECIFICATIONS

- Places documents in line with the monitor preventing eye fatigue and neck strain
- Made from 5mm clear acrylic
- Max weight load 6kg
- Suitable for documents and folders up to A3 size

WORKWRITE

CODE: ST2754011

The Workwrite document holder promotes an ergonomic working posture when working at a computer. This dual-purpose accessory reduces the risk of neck and back discomfort in both reading and writing mode by placing the keyboard, documents, and computer screen in the optimal position for the task.

SPECIFICATIONS

- User-adjustable height/angle settings, top dimensions: 500 x 320mm
- Supports documents books & binders up to A3
- Foam wrist support/document ledge
- Non-slip silicone feet
- A4 size available for laptop use

VIEWGO MONITOR ARM

CODE: 48.122 SINGLE
CODE: 48.132 DOUBLE

Slender yet strong, this monitor arm combines a striking design with a tough steel construction. Installs firmly on any surface without a scratch thanks to a protective non-slip foam layer

SPECIFICATIONS

- Suitable for desk tops 8–70mm thick, simple to mount and adjust
- Integrated cable management through arm
- 360 degree +90/-55 degree tilt and 360 degree swivel
- Weight capacity: up to 8kg
- Suitable for desktop thicknesses of 5mm to 40mm (clamp) or up to 60mm (bolt through)

EVO D LAPTOP STAND

CODE: ST104111 (EVO D LAPTOP STAND)
CODE: MOB-KIT (MOBILE KIT)

The EvoD laptop stand and the Twin Wireless Keyboard & Mouse Set make up the Mobile Laptop Kit. The laptop stand weighs as little as 340g and folds flat and easily fits into any bag. The incorporated document holder allows you to place a document in an ergonomic reading position. The compact design of the wireless keyboard makes it a perfect solution for mobile workers. The tiny USB micro receiver fits neatly into the mouse casin.

SPECIFICATIONS

- Suitable for 14–17" laptops
- Approximately the size of an A4 sheet paper when folded flat
- 4 degrees of inclination, up to 40 degrees
- Non-slip feet and plastic case

AERO EVO ATTACHABLE LAPTOP STAND

CODE: ST101511

Aero evo connects easily to the bottom of the laptop and stays securely there as long as you want to. It's there day after day, it becomes one with your laptop, so you have the same mobility you are used to.

SPECIFICATIONS

- Compact and portable
- Also suitable for notebooks
- 5 interchangeable elevation adjustments
- Easily and securely attaches to the bottom of most laptops
- Thinnest, lightest and highest-elevation attachable laptop stand/notebook riser currently available

ANTI-FATIGUE MAT WITH HANGING CLIP

CODE: AFMCS

Anti-fatigue mats are an important solution for any workplace where standing for long periods of time is necessary. Designed to encourage small movements in the body's leg movements, this mat causes swaying that is almost unnoticeable. This promotes blood flow in the legs and combats tiredness. Anti-fatigue mats have also been shown to protect against serious foot conditions, lower back problems and other medical problems associated with standing on hard floors.

SPECIFICATIONS

- Elasticated, breathable structure
- Decreases fatigue by improving circulation

DESK RISERS

CODE: DR1

Desk risers are used to increase the height of your desk if it is too low. On a well adjusted chair the desktop should ideally be in-line with the armrests of your chair so that the armrests act like an extension of your desk.

SPECIFICATIONS

- Set of 4 round desk risers
- Each round desk riser is 3.5" in diameter and 1" in height
- Made from durable plastic
- Interlocking mechanism for safe stacking in 1" increments
- You can stack up to 3 desk risers under each leg

LE BLOC MONITOR RISER

CODE: DLB1B

Designed specifically for conventional CRT monitors up to 17" these stands offer a fully adjustable, safe and economical means to achieve the correct screen height at work stations. Set of 3.

SPECIFICATIONS

- The Le Bloc facilitates adjustment in 25mm increments
- Dimensions: 290mm x 290mm x 25mm

ELECTRIC HEIGHT ADJUSTABLE DESK

CODE: 501

This desk allows the user to adjust the height of the desk with the push of a button. This frame is a stable and functional table that meets the basic needs. Max load on frame is 80kg but with strong rigidity built into the construction, making it also ideal for L shape tops. Table height range 68–118 cm and 66–118 for our smaller frame.

SPECIFICATIONS

- Helps to prevent back pain
- Ideal wheelchair users
- Various desk top sizes and shapes are available
- Available to use customer's existing desk top (if preferred)

ELECTRIC HEIGHT ADJUSTABLE DESK - SMALL FRAME

CODE: 501-79S

The desk has a lifting capacity of 70kg and a height adjustment from 66 to 118cm, which is high enough to work in a standing position. This table can be used as a small single desk or grouped together to form a cluster. The lockable wheels at the back of the desk make it easy to move and stable when in use, whilst 2 buttons requiring simultaneous pressing provides a safety function when adjusting.

SPECIFICATIONS

- Desk Height Range (cm): 66-118
- Desk Lifting Capacity (kg): 70
- Desk Height Adjustment Speed (mm/sec): 25

513 FOOTREST

CODE: 96.513

The Simple Footrest 513 not only has an attractive design, it is adjustable in height and angle, in four different settings. Footrests aid in supporting the lower back muscles, making it easier to sit up straight while working.

SPECIFICATIONS

- Attractive design
- Height and angle adjustable over 4 different settings
- Height adjustable from 80–120mm
- Angle adjustable in 4 steps resp. 6 degrees, 12, 16 and 25

959 FOOTREST

CODE: PRO959

The Pro959 is a highly user-friendly foot-operated mechanism. With a tap of the orange button, it can be adjusted to suit your height. The foot-board can be tilted for the best and most comfortable position for you and is suitable on every floor type.

SPECIFICATIONS

- Large non-slip foot-board - for optimum comfort
- W 49cm x D 40cm
- Can carry a weight up to 100kg
- 99% Recyclable due to the careful selection of materials

INZONE FOOTREST

CODE: 455001

The Inzone Footrest has a unique design that makes it stand out, it is made of high grade material. The versatility of movement within the footrest can prevent thrombosis and increase blood circulation.

SPECIFICATIONS

- Height adjustable in three different settings
- Intuitive tilt of footplate to activate the lower leg muscles
- Curved in angle to accommodate the office chair and still sit close to the desk
- Upper soft padding so as "stretching out" is easily done ABS plastic, heavy duty powder coated steel tubing and foam padding with leather

RELAX FOOTREST

CODE: FR-10

The Relax Footrest has its own removable cover which as a compartment for foot controls of dictating machines. (incorporates pedal compartment).

SPECIFICATIONS

- Height adjustable front 5–15cm and back 8–21cm
- Platform size 22" x 12" x 2" (w x d x h)

LEGREST

CODE: ERGO-LEGREST (SINGLE)

CODE: D-LEGREST (DOUBLE)

The Ergocube Leg support is for anyone who requires additional support for one leg due to a handicap or injury. For use in hospitals, outpatient clinics, doctor or physiotherapy practices.

SPECIFICATIONS

- Height adjustment 45–58cm
- Soft swivel castors
- Black base 54cm
- Black vinyl as standard
- Height and angle adjustable

SADDLE CHAIR

CODE: 16004S (LOW)

CODE: 16004L (HIGH)

The Low Saddle Chair is a space saving chair that takes 30–40% less floor space than usual saddle chairs. Very beneficial for users with scarce space. The Low Saddle Stool has a soft seat and a low seat nose to minimize pressure to users, to make circulation easier, and to make sitting comfortable. The seat cover is of high-quality leatherette. The low weight of the chair makes it easy to handle and move.

SPECIFICATIONS

- Weight 4.00kg - low, 6.85kg - high
- Height adjustment 59–84cm
- Seat 41 x 35cm, leatherette cover, very durable
- Castors diameter 60mm for hard floors

JUMPER/AMAZON SADDLE CHAIRS

CODE: JUMPER-LOW-T

CODE: AMAZONE-LOW-T

Both the Jumper and Amazon saddle chairs guarantee a healthy posture and comfortable seating position. Ease of movement allows the user flexibility to work closer and at a better angle.

SPECIFICATIONS

- Ergonomically shaped seat
- Available in both small and wide seat options (Amazon is the smaller version)
- Balance mechanism for angle adjustment
- Ideal for NHS, laboratory, dental and other workplaces
- Both available with Backrest

JUMPER/AMAZON SADDLE CHAIRS WITH BACKREST

CODE: JUMPER-LOW-BACK

CODE: AMAZONE-LOW-BACK

CODE: BARRAGE SADDLE CHAIR

Both the Jumper and Amazon saddle chairs guarantee a healthy posture and comfortable seating position. Ease of movement allows the user flexibility to work closer and at a better angle. Both saddle chairs available with armrests (Barrage) which can be adjusted in height, width and angle which offers extra support.

SPECIFICATIONS

- Ergonomically shaped seat
- Available in both small and wide seat options
- Ideal for NHS, laboratory, dental and other workplaces

SEAT WEDGE

CODE: 11-SEAT/W COCCYX CUSHION SEAT WEDGE
CODE: COC-CUSHION

11 Degree Seat Wedge & Coccyx Cushion Seat Wedges improve posture by promoting the recommended forward tilt position. The cut-out section avoids direct pressure being placed on the coccyx. They also feature a convenient built-in carry handle and is appropriately sized for soft seating or large office chairs.

SPECIFICATIONS

- Easy clean faux suede cover (similar fabric to top quality office chairs)
- Built-in carry handle

OBUSFORME BACK SUPPORT

CODE: OBUS-MED

The ObusForme Lowback Backrest Support transforms ordinary chairs into ergonomically correct seating. Unlike ordinary "L"-shaped chairs, the "S"-shape of the Obus Forme Backrest Supports mold your spine into a more anatomically correct position, and help to enhance overall posture by supporting proper spinal alignment.

SPECIFICATIONS

- Bio mechanically moulded to support the back
- Use on any seat or in any vehicle
- Polycarbonate frame adapts to each users needs
- Supports the lower back muscles
- Lightweight

INFLATABLE LUMBAR SUPPORT

CODE: 16100

Adjustable in size and height for optimal personal suitability. Inflatable size adjustment to suit the chair design and to provide the best possible lumbar support for the user. Height adjustable with a securing elastic Velcro strap.

SPECIFICATIONS

- Comfortable cover of plush velour – detachable and washable
- Ideal for use in the office, car and elsewhere – easily portable
- The pump can be stored out of sight and hung on the strap behind the chair back.
- Extension strap (Velcro) to extend the strap longer for wider seats

MAX HEAVY DUTY OFFICE CHAIR

(UP TO 250KG)

CODE: MAXXL

The Mac Heavy Duty office chair is specially designed for people with a large and/or heavy stature up to approximately 250 kg. The robust chair is made of high quality materials that provide a solid and secure feel while sitting. The various adjustment options and all sorts of extra accessories enhance your comfort.

SPECIFICATIONS

- Height adjustment 47–61 cm
- Size seat appr: W 65cm x D 53cm
- Back app: 56 x 50cm (W x H)
- Seat angle adjustable in 3 position

BMA AXIA 7.9 CHAIR

CODE: ABMA7.9

The ultimate back care solution, developed with BMA, our axis chair, allows either left or right hand users, to achieve a great seating solution.

SPECIFICATIONS

- Pelvic tilt float action
- Dual sided levers
- Back height adjustment
- Independent back angle adjustment
- Sliding seat
- Seat height adjustment
- Seat tilt (+15° to -14°)
- Tension Control
- 10 year guarantee
- Fully Recyclable

DIMENSIONS (MM)

- Seat Height: 400–550
- Width: 510
- Depth: 380–480

MERCADO 6100 ELECTRIC SIT STAND CHAIR

CODE: 6100

REAL 9100 PLUS EL is an ergonomic, modular chair, and therefore easy to prescribe for individual requirements. The electric height adjustment provides an excellent support for the user when standing up from a seated position. Can be delivered with several electric features such as - electric tilt in space, electric backrest and electric brake.

SPECIFICATIONS

- Various back rests, seats, Arm rests, leg rests, head rests, lifts and accessories
- To increase sitting comfort, Mercado Medic has developed the ErgoMedic Plus seat system to fit all the REAL chairs. The ErgoMedic Plus seat system is a contoured seat system to minimize pressure sores and optimize the ergonomics of the chair

INTRODUCING THE

 - Patented technology
 - Tried and tested

CALL OR VISIT US TODAY TO FIND OUT MORE ABOUT THE EXCLUSIVE ERGOTRON RANGE.

ERGOTRON NEO-FLEX® NOTEBOOK LIFT STAND

CODE: 33-334-085

This premium laptop stand features a six-inch (15 cm) height adjustment range, providing true ergonomic functionality: lift, turn and tilt a laptop's screen to the optimum position to increase comfort and productivity.

SPECIFICATIONS

- Just add an external keyboard and get the comfort of a full desktop computer system with notebook portability
- Create a productive dual-display configuration by placing your notebook's screen alongside an LCD
- Vented platform allows for cooling air flow
- Base rollers enable 360° rotation of the stand so you can share your views with others. Make group-viewing more enjoyable and easy
- Can be used as a projector platform, too

ERGOTRON NEO-FLEX® MONITOR ARM

CODE: 45-174-300

This Arm adds flexibility to your LCD. Simply push the side button while lifting the display, then position it where you want it. Get ergonomic comfort for a great price. It's ideal for use where multiple people use the same display.

SPECIFICATIONS

- Easily position your LCD for maximum comfort and productivity
- 8" (20 cm) height range enhances ergonomics for multiple users
- Easy installation; product ships fully assembled
- Provides premium long-life LCD adjustment while maintaining touch-screen stability
- Allows LCD to be rotated for portrait/landscape

ERGOTRON NEO-FLEX® DUAL LCD MONITOR LIFT STAND

CODE: 33-396-085

Affordable, height-adjustable dual-monitor stand for maximum productivity and comfort. Eliminate toggling back and forth between documents and programs. Simultaneously lift LCD screens to proper height for unsurpassed ergonomic comfort.

SPECIFICATIONS

- Position LCD screens for maximum ergonomic comfort
- Its small footprint frees up your desktop to increase workspace, making the addition of a second display an easy fit
- Integrated base rollers enable 360° pan rotation of the stand so you can share your views with others
- Patented Constant Force™ motion technology enables light-touch adjustments without any knobs or levers

ERGOTRON NEO-FLEX® MONITOR STAND

CODE: 33-310-060

Instantly set the height of your LCD for a more comfortable computing experience. With fingertip effort, raise or lower your LCD 5" (13 cm), pan left/right, tilt forward/back and rotate your screen for portrait/landscape viewing.

SPECIFICATIONS

- Upgrade monitors or TVs with improved ergonomic adjustability
- CF™ lift-and-pivot motion technology provides premium adjustment
- Neo-Flex is the only weight-adjustable desk stand available
- Easily position your LCD for maximum comfort and productivity
- Five-inch vertical adjustment enhances ergonomics for multiple users
- Sleek, durable, easy-to-clean plastic exterior

ERGOTRON LX® DESK MONITOR ARM

CODE: 45-241-026 (SINGLE)

CODE: 45-245-026 (DOUBLE)

Durable polished aluminum construction! Tested to perform 10 times the expected life-cycle of other competitive brands at roughly half the price. Sleek and streamlined, the LX frees up space and allows positioning of your display for greater productivity. Reposition your LCD with just a touch. Up. Down. Forward. Back. The LX provides unparalleled range of motion.

SPECIFICATIONS

- Increase viewing comfort—help reduce eye, back and neck strain
- Patented CF™ motion technology provides premium ease-of-use display adjustment
- Cable management feature routes cables under the arm
- Extends LCD up to 25" (64 cm); out of the way when not in use

ERGOTRON WORKFIT-TL®, SIT-STAND DESKTOP WORKSTATION

CODE: 33-406-085 (WORKFIT TL)

CODE: 97-907 (ADD ON WORKFIT LCD & LAPTOP KIT)

An ultra easy standing desk solution, which quickly converts a tabletop into a healthy sit-stand workstation. WorkFit-TL features a larger keyboard tray and wider worksurface. Saves space because it moves straight up and down, always staying within the footprint of your desktop. Upgrade your WorkFit to hold your laptop and an LCD monitor above the desktop.

SPECIFICATIONS

- Modify an existing office space or cubicle by simply adding a WorkFit-TL to an open tabletop, without the cost of expensive professional installers
- Ships fully assembled.
- Provides 15 inches (38 cm) of vertical adjustment

ERGOTRON LEARNFIT® SE SIT-STAND DESK, SHORT

CODE: 24-687-057

Activate the classroom at a price competitive to traditional, student desks. This height-adjustable standing desk infuses movement into the school day, offering the core sit-stand features and functionality that help support positive academic performance, collaboration and student well-being. Move into different classroom configurations to match lesson plans.

SPECIFICATIONS

- Students can move during class in a non-disruptive way, helping improve focus and on-task behavior
- Desk alternates from sitting to standing with a simple squeeze of a lever
- Provides plenty of leg room when sitting and a foot rest when standing
- Works with current classroom chairs or stools

ERGOTRON WorkFit-SR®, Sit-Stand Desktop Workstation

CODE: 33-407-085 (SINGLE MONITOR STANDING DESK ATTACHMENT)

CODE: 33-407-085 (DUAL MONITOR STANDING DESK ATTACHMENT)

The WorkFit-SR positions a complete workstation within the footprint of your desktop without protruding into your space. It clamps to the rear of most surfaces, converting any tabletop into a healthy sit-stand desk.

SPECIFICATIONS

- Worksurface/keyboard tray stays on top of the desktop, never intruding into your space
- Configuration flexibility makes WorkFit-SR can lift higher than other WorkFit models; monitor pivots can be installed at tall-user heights
- Spacious worksurface accommodates any keyboard and mousing device with plenty of room for other desktop items
- Five-year warranty; tested and guaranteed!

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

RH LOGIC

CODE: 3550-15022-8E

You deserve a chair that is right for your body. With RH Logic, you can choose a high or low back and a number of other design features. The result is a comfortable chair that helps you to perform better throughout the working day. RH Logic is also available as a 24/7 and ESD friendly chair.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

HAG CAPISCO

CODE: 8106

The HÅG Capisco is a design icon that continues to withstand the test of time. Inspired by a horseback rider's posture, its pioneering saddle seat and overall unique shape, offers endless ways to sit or half stand. This encourages you to vary your position. Front ways, back ways or sideways, whatever feels most comfortable next.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

RH ACTIVE

CODE: 2772-8S

If you are looking for a chair that can be adapted to suit different people in different office environments, RH Activ is a natural choice. RH Activ is easy to use and will give you good support even if you sit for long hours. RH Activ is also available in ESD and cleanroom editions.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

HAG CAPISCO PULS

CODE: 8001

The HÅG Capisco Puls provides you with all the benefits of the HÅG Capisco, except that it's lighter.

For lively environments such as creative workplaces, it's a versatile choice. It's easy to wipe down, and like the HÅG Capisco, perfectly suits height adjustable desks.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

RH EXTEND

CODE: 6111-8E

This elegant chair is as user-friendly as it is ergonomic. RH Extend is designed to give your body the best possible support and relaxation, while at the same time encouraging you to move around. RH Extend is easily adjustable to give everyone a unique working position. All RH Extend chairs are also available in ESD editions.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001 ISO 14025 (EPD)

HAG SOFI MESH

CODE: 7500-A

The HÅG SoFi 7500 is a mesh chair that provides you with the ventilation benefits of a breathable, transparent backrest. HÅG in Balance® technology ensures more subconscious movement. Adjustable seat height and depth, and unique fully functional lumbar support. The seat, lumbar support and headrest can be dressed up in a variety of colours from the HÅG Total Colour Standard and extended textile collections to satisfy individual preferences and achieve the desired style. Available with HÅG SlideBack™ armrests which allow you to move closer to your desk, invite you to sit sideways or use the armrests as elbow support.

SPECIFICATIONS

- 10 year guarantee
- Flokk is certified in accordance to: ISO 9001 & ISO 14001
