

### ABOUT THE MINI BROW LIGHT

The FireTech Double Stack Mini Brow Light is an extruded LED work light designed for the industrial and emergency response marketplace. The Mini Brow series is a single circuit fixture with multiple optic choices. 10 degree "Spot" optics are optimized for long distance projection. 60 degree Flood optics work great on the rear and for general purpose illumination. The FireTech Combination Optic pattern uses 1/3 spot, 2/3 flood optics and gives you a hybrid beam pattern without sacrificing optic efficiency. The Double Stack Mini Brow fixtures are the ideal solution when you are restricted on space but want to maximize light output and are backed by the industry's only LIFETIME Warranty
