

Arize™ LED Tubes

UL Type C LED Tubes

Tissue Culture Laboratories and Growth Chambers

LED Replacement Tubes for fluorescent lights that are found in Tissue Culture laboratories or Growth Chambers. This tube provides all the LED advantages of longer life, energy savings and lower maintenance when compared to typical fluorescent lights

Feature & Benefits

- Rotatable end cap to better position light
- Low energy 4ft T8 LFL replacement
- Shatter resistant, prevents breakage and downtime
- Easy disposal, non-hazardous waste
- Light intensity for Tissue culture growth
- L90/36,000 hours per TM-21
- 5 year limited warranty
- IP65 rated, UL wet rated

Technical Specifications

Model Number	Description	Spectrum	Electrical Power (W)	Length	(umol/s)	Efficacy (umol/J)	Package Quantity
93067251	GEHT48MPKB1	Pink - Type B	10	4ft	19	1.9	10pc / box

Accessories

SKU	Description	Loading (tubes per driver)	Package Quantity
GEPS24-100U-NA	24VDC/100W LED Driver	4 - 8	10pc / box
93027034	24VDC/60W LED Driver	2 - 5	10pc / box
GEPS24-25U-NA	24VDC/25W LED Driver	1 - 2	10pc / box
79045	24VDC/80W LED Driver with Dimming	4 - 6	10pc / box
