Power and AV Wall Boxes

Wall Boxes

Power, data, interfaces and more will mount discretely behind the flat screen. Covers two piece are available in white or black. Supplied with mounting screws for wood or steel stud mounting, grounding screws, tie wraps, and rubber grommets. Two of the single gang knockouts has a 1″ x 2″ oblong internal knockout and can be used with the supplied grommets. The flush box installation allows flat panel displays and interactive "smart" boards to sit flush against walls with no dangling cords.

FEATURES

- Low voltage conduit feed-thru for connectorized cables with 1″, 1-1/2″ and 2″ Knockouts
- 3/4″ extension available for concrete block walls
- Two-piece paintable cover allows for better cable management
- Boxes Conforms to UL 62368-1:2019 Ed.3, Certified to CSAC22.2#62368-1:2019 Ed.3

Wall Enclosure

2 and 4-Gang Flat Panel Television (FPTV) connection enclosure delivers high density connectivity and power in the wall. This allows flat panel displays and interactive "smart" boards to sit flush against walls with no dangling cords. It quickly installs to studs or sheetrock without additional components or hardware.

- Optional screw on cover reduces tampering
- cULus 1863 Listed

BOX DESIGN AND MOUNTING

- Flush against walls installation
- Sheet metal base white powder coat finish
- Accepts standard electrical boxes
- Integrated cable management
- Multiple device mounting options
- 1½ and 1¼ inch conduit knockouts
- Easily mounts to studs or sheetrock
- Easily replaceable receptacle
- Trim ring covers rough in
