Presser feet
for general sewing

Zigzag foot # 0

0	002 598 71 00	A																	
0	008 444 72 00		B	C	D	D1	E	E1	F	F1	G								

This foot is suitable for all utility and decorative stitches with a maximum stitch width of 5.5mm. For straight and zigzag stitching as well as for running stitch, gathering stitch, shell hem, etc.

Zigzag foot with finger guard # 99

	032 722 70 00	A																	
	032 711 70 00*	A	B	C	D	D1	E	E1	F	F1	G								Separate finger guard
0	008 306 71 01*		B	C	D	D1	E	E1	F	F1	G								

* While stocks last

Zigzag foot # 99 is the same foot as Zigzag foot # 0, except for the finger guard built in as a special safety feature.

- 1 Finger guard

Zigzag foot with sliding sole # 52 / 52C / 52D

52	002 586 71 00	A																	
52	003 076 71 00	A (1630)																	with 9mm sliding sole
52	008 477 72 00		B	C	D	D1	E	F											
52C	008 881 73 00						E1	F1	G										with 9mm sliding sole
52D	032 965 70 00																		with 9mm sliding sole

The non-stick sole of this foot is specially coated to ensure smooth gliding over materials that are 'tricky' to work with, such as microfibres, plastics, vinyl, leather, etc.

Overlock foot # 2 / 2A

2	002 577 71 00	A	
2	001 694 70 01	A (1630)	
2	032 716 70 00	A B	Snap-on
2	008 446 72 00	B C D D1 E F G	
2A	033 330 70 01	E1 F1 G H	

The stitches are formed over the pin, providing more thread in each stitch so the edge won't pucker. The stitch is elastic, making it ideal for seams similar to overlock.

1C	033 202 70 00	E1 F1 G	
1D	033 220 70 00	H	

The indentation in front of and behind the needle opening allows for forward and reverse stitching. Suitable for various utility and decorative stitches.

34C	030 769 71 00	E1 F1 G
34D	032 961 70 00	H

The transparent sole ensures a good view of the stitching and needle area. This foot is used for forward and reverse utility and decorative stitches.

Suitable for blindhemming and topstitching. With blindhemming, the stitches catch only very little of the hem fabric, so that they are virtually invisible on the front.

10C	008 877 73 00	E1 F1 G
10D	032 960 70 00	H

The guide is a great help when stitching along edges, hems or pleats. Suitable for narrow edge finishes, sewing on lace and ribbon, reinforcing edges, etc.

Straight-stitch foot # 53 with sliding sole

53	002 962 71 00	A
53	008 478 72 00	B C D D1 E E1 F F1 G H

For perfect straight-stitching on all materials. Foot # 53 has a non-stick sole for materials that tend to stick.

- 1 Needle opening

Gathering foot # 16

16	002 596 71 00	A	narrow
16	002 967 70 00	A (1630)	wide
16	008 460 72 00	B C D D1 E F	narrow
16	008 879 72 00	E1 F1 G H	wide

The sole does not lie evenly flat on the feed dog, and therefore feeds the fabric unevenly, causing the desired gathering. The slot on the foot enables a flat piece of fabric to be sewn directly onto the piece being gathered in a single operation.

The gathering foot is available in a narrow and a wide version. The latter is for sewing machines with 9mm stitch width, but may also be used with 5.5mm machines.

The basting-stitch function lets you create more pleats on thick fabrics. With all fabrics, higher thread tension produces narrower pleats.

Ruffler # 86

86	001 944 72 00	A (910–1630)	
86	001 944 70 01*	A (801–900)	
86	008 386 73 00	B C D D1 E E1 F F1 G	
86	033 550 70 00		H

* While stocks last

Although the ruffler looks somewhat complicated, it's easy to handle. When inserting this attachment, take care that the fork arm comes to rest around the needle screw. The up-and-down movement of the needle causes the ruffler blade to move in and out, taking hold of a bit of the fabric each time and slipping it under the needle.

4	008 448 72 00	B C D D1 E E1 F F1 G	
4D	033 221 70 00	H	

Especially suitable for sewing in zips, topstitching edges, and making and sewing welts for pockets. Foot # 54 has a non-stick sole for materials that tend to stick.

² 125, 125s, 210, 215, 220

Buttonhole foot with slide # 3B is particularly useful for stitching repeating buttonholes on machines that do not have an automatic buttonhole feature, such as mechanical models and some of the activas. The desired buttonhole length is marked with the aid of the scale on the slide. On most computerized models Foot # 3A or # 3C may be used in conjunction with the 'quick reverse' function button on the sewing machine's head frame to program the marked buttonhole length.

In addition to buttons, this presser foot can also sew on, hooks, eyelets, rings, and decorations such as sequins or bows.

2mm straight-stitch hemmer # 62

62 002 957 72 00 A
 62 008 482 72 00 B C D D1 E E1 F F1 G H

64 002 955 72 00 A
 64 008 484 72 00 B C D D1 E E1 F F1 G H

The fabric edge is double-turned and straight-stitched in a single operation, yielding a fine hem. Foot # 62 is for thin, lightweight fabrics; foot # 64, for fabrics up to medium-weight. Lace can be inserted into the hem as it is stitched.

6mm zigzag hemmer # 66

66 002 972 71 00 A

66 008 485 72 00 B C D D1 E E1 F F1 G H

The hem is sewn with a zigzag stitch. Foot # 61 is for lightweight fabrics, foot # 63 for light- to medium-weight fabrics, and foot # 66 is ideal for medium-weight fabrics. Lace can be inserted into the hem as it is stitched. The wider cut-out in the sole of Foot # 63 makes it particularly suited to sewing gently curved edges, such as the edges of round tablecloths.

Embroidery foot # 6

6 002 581 71 00 A
 6 008 451 72 00 B C D D1 E E1 F F1 G H

For easy, precise sewing of lapped or flat-felled seams. Since both seam allowances are enclosed and stitched into the seam, it is also suitable for reversible garments. Lapped or jeans seams are especially suitable for straight seams such as side seams and yokes, but can also be used for slightly curved seams. Foot # 70 is suitable for lightweight fabrics, while foot # 71 is suitable for medium-weight fabrics.

This foot is suitable for all satin stitching. The wedge-shaped cutout under the sole allows the foot to ride smoothly over the satin stitches, and is high enough that the sewn stitches are not pressed flat. The short toes are especially helpful when sewing curves.

The small hole in the centre-front of the foot acts as a guide for couching a narrow cord, elastic thread, or several threads, but can also be used as a visual guide.

20C	033 203 70 00	E1 F1 G	
20D	033 151 70 00	H	

The open front of this foot ensures a good view of the fabric and stitches. The wedge-shaped cutout in the sole ensures perfect fabric feed when sewing decorative stitches. Ideal for embroidering with the sewing machine, all sorts of appliqué work, Richelieu and circular embroidery, etc. This foot is also available with a non-stick sole for materials that tend to stick (foot # 56).

Spanish hemstitch equipment # 47

47 033 809 70 00 B C D D1 E E1 F F1 G H

The Spanish hemstitch attachment enables you to join fabric edges at a defined distance (with or without a cord) and create edge finishes with a cord. Use foot # 20 for 5.5mm cord guides, and foot # 20C for 9mm cord guides.

3-groove pintuck foot # 30

30 002 589 71 00 A
30 008 470 72 00 B C D E E1 F F1 G H

Pintucks give texture to a fabric surface. For thicker medium-weight fabrics, use foot # 30 in combination with a 4mm twin needle. For medium-weight fabrics, use foot # 31 with a 3mm twin needle. Pintucks may be combined with decorative stitches.

This presser foot is ideal for appliquéing with a narrow satin stitch (up to 2mm) as used particularly frequently for children's and infants' clothing as well as in heirloom sewing projects. The cutout in the sole is 2mm wide at the needle opening, and widens toward the back of the foot. This means that densely sewn stitches are fed without a problem, both with straight lines and curves.

Leather roller foot # 55

55 031 304 70 01 A

55 031 304 70 00 B C D D1 E E1 F F1 G H

This presser foot is especially suited to sewing over leather, suede, vinyl and plastics, as well as multiple layers and quilted fabrics. The wheel with profiled tread grips the fabric reliably, making it easy to sew steeply curved lines. The roller foot is also excellent for sewing braiding and cords. Because the roller rolls next to the cord rather than over it, any thickness of cord can be used.

Piping foot # 38

38 030 915 70 00 A

38 031 021 70 00 B C D D1 E E1 F F1 G H

The bi-level base of this foot – the right half is higher and doesn't come into contact with the feed dog – allows smooth sewing over thick layers. Suitable for sewing thick tape and ribbon, braid, bindings, mini-piping, hook-and-loop tape and cords.

BERNINA Stitch Regulator (BSR)

031 472 72 01	D D1 F F1 G(730)	H
---------------	------------------	---

The BERNINA Stitch Regulator reacts to the movement of the fabric under the foot, controlling the speed of the needle during free-motion sewing (when the feed dog is down). The set stitch length is maintained, irrespective of the movement of the fabric. The result is absolutely even stitch formation. The BERNINA Stitch Regulator can do both straight and zigzag stitching depending on the sewing system used.

The vertical spring action presses the quilting foot onto the fabric, preventing the fabric from lifting along with the needle, thus ensuring reliable stitch formation. The transparent sole guarantees a clear view of the quilting area.

Echo-quilting and cutwork foot # 44C

44C	033 369 70 00	B C D D1 E E1 F F1 G H
-----	---------------	------------------------

The newly developed echo-quilting & cutwork foot # 44C is ideally suited to echo- and shadow quilting, free-motion quilting, thread painting, and free-motion embroidery with zigzag stitch. What's more, the best cutting results when using the BERNINA CutWork Tool are achieved with this presser foot.

Three-sole walking foot # 50 with seam guide

50	008 969 72 00	B C D D1 E E1 F F1 G H
	032 913 70 00	A B C D D1 E E1 F F1 G H

Separate sole for edge stitching and in-the-ditch stitching

The walking foot helps to achieve even fabric feed with very thick or multiple layers of fabric. It is especially suitable for machine-quilting straight lines, and for the accurate sewing together of materials and fabrics that tend to stick or slip.

Embroidery foot with clear sole # 39 / # 39C

39	031 482 70 00	A

39	031 406 70 00	B C D D1 E F
39C	032 171 71 00	E1 F1 G H

The transparent sole affords a good view of the working area. The small hole in the centre of the foot acts as a guide for couching a narrow cord. This foot is especially suitable for decorative stitches, satin stitching, appliqués, couching perle yarn, sewing off-the-edge scallops, etc.

Darning foot # 9

9	002 584 71 00	A
9	008 454 72 00	B C D D1 E E1 F F1 G H

The vertical spring action presses the darning foot to the fabric, preventing the fabric from lifting along with the needle, and thereby ensuring reliable stitch formation. This makes for perfect darning, but this foot can also be used for quilting light- to medium-weight fabrics.

Free-motion embroidery foot # 24

24 002 593 71 00 A
 24 008 467 72 00 B C D D1 E E1 F F1 G H

The vertical spring action presses the free-motion embroidery foot onto the fabric, preventing the fabric from lifting along with the needle, and thereby ensuring reliable stitch formation. Ideal for free-motion machine embroidery with an unimpeded view of the embroidering area, e.g. for free-motion and mono-gram embroidery, silk-ribbon embroidery and quilting projects.

Embroidery foot # 26 (drop-shaped)

26 001 980 70 00 A
 26 031 597 70 00 D D1 E E1 F F1 G H

The drop-shaped needle opening and the shape of the presser-foot sole reduce damage to the upper thread, enabling an attractive embroidery result. Suitable for embroidering with the embroidery module and for darning thin fabrics.

Trapunto collection vol. 1

033 849 70 01

D D1 E E1

A traditional technique discovered once again!

This technique of Trapunto has its origin in Sicilia (Italy) and it has been known since the 14th century. The traditional way of achieving convex effect that contrasts plastically from the background is by tufting the motifs with fiberfill.

Our Trapunto Collection provides the possibility to achieve this effect completely on your embroidery machine; fiberfill won't be needed anymore.

BERNINA Design Studio

Compile your own personal embroidery-design wish list

With the Embroidery Design Studio, your BERNINA dealer offers you a huge range of different embroidery designs: from cute-as-a-button babies to classic lace motifs, ethnic designs and floral ornaments, all the way to modern graphic elements. The selection is virtually limitless. Assemble your own personal set of 10 or 20 designs!

Bring your USB media

Bring your own USB stick or the exclusive Bernina USB stick into the store. We can download up to 70 designs of your choice per transaction. You can then open them in your embroidery software, burn them to your own CD, or write them to your Magic Card via the Magic Box. Some USB sticks will even connect directly to your machine! If you lose your designs, you can bring the original stick back to your dealer and download the designs again, at no additional charge.

Enjoy your designs

The embroidery designs can be downloaded in all the usual data formats and embroidered out on almost any sewing and embroidery system. For simple editing steps, you can download the basic software Art Link at www.bernina.com free of charge.

Transform your most creative ideas into unique embroidery designs!

New and exclusive – only from BERNINA!

The BERNINA Embroidery Software Version 6 contains CorelDRAW® Essentials 4, plus over 500 embroidery motifs.

What's more, it gives you automatic digitizing, new stitch effects, and much more!

It's a cinch to create your own embroidery designs with the new BERNINA Embroidery Software Version 6. DesignerPlus and EditorPlus let you discover the true versatility of embroidery, including a wealth of new effects. Bring older versions of the software up to date with the VT update kit.

BERNINA Embroidery Software can be used with any embroidery system, not just BERNINA machines.

Quilting Program

Design your quilt on your PC: play around with corners, blocks, fabric samples, layouts and embroidery motifs as it takes your fancy, then check out the result in Preview and save it directly to your Custom Block library. (DesignerPlus only)

Artistic View

BERNINA Embroidery Software version 6 automatically splits, sequences and adds reference points for perfect positioning of multi-hoop designs. So the size of your hoop won't limit the size of your embroidery composition – or your creativity!

Monograms

Create elegant 1-, 2- or 3-letter monograms with different envelope styles, borders and ornaments. Ideal for personalizing your sewing and embroidery projects.

Automatic Digitizing

Turn artwork from a number of popular graphic formats into embroidery with just a simple mouse click. No experience required – it doesn't get any easier than this!

Freehand Drawing

Create without confines using the Freehand Drawing function! Draw lines or a closed shape, then choose the outline stitch or fill stitch with which you'd like to fill that shape.

Design Outline Effects

Complete your designs with an automatic outline! Once the design is finished, the automatic Outline Design function offers several stitch options. Simply select your favourite and click – BERNINA Embroidery Software does the rest.

Carving

Turn your basic design into stunning embroidery with unique carved stitch effects. Choose from a variety of patterns and simply stamp them into your designs. Watch the software automatically produce the embroidery effect you desire.

Color Wheel

Preview your design in a variety of colors simply by clicking on the Color Wheel tool. The BERNINA Embroidery Software will automatically select the ideal color combination, which can be changed to suit your taste. For stitching out, the software also gives the thread manufacturer's number for the color in question.

BERNINA CutWork

Teach your sewing machine creative cutting!

BERNINA CutWork expands sewing, embroidering and quilting by a new dimension: cutting. The CutWork Software and Cutting Tool will help you cut a creative dash in next to no time!

At last, machine cutting is also possible for hobby sewers.

The CutWork Software lets you design the embroidery motifs of your choice on your PC, then cut them out with great precision from up to 15 fabric layers at a time with your BERNINA sewing and embroidery system. To do this, simply insert the patented CutWork Cutting Tool instead of the sewing needle. With CutWork, you'll whip up divine shapes from a variety of fabrics for home-dec projects, appliqués on garments, or especially beautiful quilt designs. Combine the cut edges in no time flat with embroidery, for elegant, traditional drawn-thread work. Cutting really can be this fun – and elegant!

To work with the BERNINA CutWork Tool, you'll need the appropriate CutWork stitch plate, as well as the Echo-quilting and CutWork foot # 44C.

BERNINA Border Embroidery Set

The BERNINA Border Embroidery Set lets you accurately calculate the number of pattern repeats for the required length when working with borders, garments, tablecloths and a wealth of other home textiles. The Border Embroidery Set contains 30 attractive border motifs, all of them Swiss-designed! All of the motifs are suitable for straight borders, while some are also suitable for round and oval borders. Furthermore, the software contains 6 suitable corner motifs so that you can also create perfect rectangular and square borders.

The BERNINA Border Embroidery Set is available with or without the BERNINA Mega Hoop.

50 20 10.71.00				E		Guide

¹ With accessory mount 50 20 10.54.11 only

The guide groove and open guide channel are useful for feeding strung beads and sequins as well as cording. For couching strung beads and sequins, and making and attaching covered cording.

- 1 Guide groove
- 2 Open guide channel

Elasticator

50 20 10.64.59	B	C	D	E	F
----------------	---	---	---	---	---

The elasticator guides and stretches elastic while it is being stitched on. Ideal for lingerie, swim-, sports- and dancewear, home textiles, etc.

Cording foot

50 20 10.64.60 B C D E F

The cording foot is useful for sewing on thin cords, wire, fishline, perle yarn or fine yarn with a rolled-hem stitch. Ideal for reinforced edges, stand-up ruffles or shapeable bows.

Blindstitch foot

50 20 10.64.58 B C D E F

The blindstitch foot has an adjustable guide plate on the side that makes it easier to stitch blind hems. Suitable for blindhemming, flatlocking and heirloom techniques.

1 Guide plate

Hemmer guide

50 20 10.68.87 A D (1300DC) E (1300MDC) F

The hemmer guide ensures even, parallel feeding of pre-folded fabric. Ideal for coverstitch-hemming stretch fabrics such as jersey, tricot, etc.

Gathering attachment

50 20 10.64.67 B¹ C D F
 50 20 10.70.95 E

¹ With accessory mount 50 20 10.54.11 only

The tab on the attachment separates the two layers of fabric. The bottom layer is gathered while the top layer remains smooth. Lets you simply gather a length of fabric, or gather while attaching to a flat piece of fabric.

1 Tab

Gathering foot

50 20 10.68.82 A B C D E F

The fabric to be gathered passes under the gathering attachment, while the fabric layer that remains smooth travels over the attachment. Differential feed means the fabric is gathered at the same time as it is sewn onto the flat piece of fabric.

Coverstitch foot

50 20 10.52.16 A
 50 20 10.70.38 D (1300DC) E (1300MDC)
 50 20 10.59.39 F

When using the coverstitch, the knife guard is removed and replaced with the coverstitch extension plate. For seaming, hemming, binding and decorative stitching.

Right / left seam guides

50 20 10.06.81	A B C D E F	left
50 20 10.65.99	B ¹ C D F	right
50 20 10.70.97	E	right

¹ With accessory mount 50 20 10.54.11 only

The right seam guide helps to guide the fabric, and ensures precise seam allowances. The left seam guide is ideal for sewing parallel coverstitch and chainstitch lines.

Deco thread guide

50 20 10.61.69 F

The deco thread guide is used when overlocking thick, strong threads. Ideal for overlocking decorative threads, yarns and cords.

Accessory mount

50 20 10.54.11 A B C

The accessory mount is essential for attaching some overlocker / serger accessories to the Funlock, 300 Series, 700D and 800D/DL models.

Chainstitch foot

50 20 10.52.41 A

The chainstitch foot facilitates fabric feed while chainstitching.

Waste bin

50 20 10.66.88 B

Clicking the waste bin onto the looper cover is simplicity itself, and guarantees a tidy sewing table at all times.

Overlocker carrying case

50 20 10.72.00 A B C D E

Keep your overlocker properly protected while travelling so that it stays in top-notch condition.
