Anabaptist Mennonite Biblical Seminary, Advancement Associate

***Term ended in 2020**

Dear Bethany community and friends...

Since its inception, Bethany Christian Schools has strived to provide an academically rigorous education that also focuses on teaching the values of Kingdom living. On behalf of our students, staff and the board, we thank all of you whose names and institutions are listed on the following pages and who have invested in the life-changing experience of our students.

At Bethany, we believe in the power of community—a community in which the school staff, board, alumni, parents, grandparents, friends and others are all dedicated to transforming the lives of students. We believe learning should be fun and relevant to student lives. Students take part in a broad-based holistic curriculum instead of constant test preparation. Students develop their gifts and talents and discover possibilities they never knew existed. Students express their faith and uncover biblical truths. Students are encouraged to question and to ascertain the validity of their own and others' opinions. As a school, we value student health and well-being and continually strive to be a community in which students are known and loved.

Bethany is pleased to include within this annual report our updated mission, vision and core values statements, as well as a summary of the strategic plan adopted by the Board of Trustees in June 2020. The plan is a culmination of several years of work which included input and feedback from multiple stakeholder groups such as parents, alumni, faculty, staff and other community members.

The process began with stakeholders reflecting on what currently exists and envisioning what could be. We looked at our stated mission and core values, affirmed the underlying principles and intentions and updated them to reflect the changing academic and social context in which Bethany operates. Our new vision is aspirational and exciting: Bethany will be a dynamic K-12 learning community in which students are known, loved and prepared for their journey beyond school.

To that end, BCS is expanding to deliver our mission to families with students in lower grades. A new third grade class will join us in the fall of 2021. Grades K-2 will soon follow. The new grade school will provide a student-centered holistic academic environment that invites curiosity, creativity, confidence and critical thinking where students learn to live a balanced life knowing they are loved by God. Furthermore, BCS is evaluating and revitalizing existing programs to bring them in alignment with new vision. You can see more details about the strategic plan on the following pages.

With gratitude we recognize that so many people share our vision and continue to support Bethany's mission through donations and prayer. We look forward to discovering what God has in store for Bethany in the years to come.

Board Chair

Known, loved and prepared

2020-2025 Strategic Plan for Bethany Christian Schools

Bethany

CHRISTIAN SCHOOLS

The Mission

Preparing students to participate in God's work in the world.

The Vision

Bethany will be a dynamic K-12 learning community in which students are known, loved and prepared for their journey beyond school.

Core Values

Faith that Lives

Christ calls us to discipleship, peaceable living, and service.

...act justly, love mercy, and walk humbly with your God. Micah 6:8

Fix your eyes on Jesus, the author and perfecter of our faith. Hebrews 12:2

Academic Excellence

Through a holistic educational experience, students develop morally grounded thinking and a desire for life-long learning.

The heart of the discerning acquires knowledge, for the ears of the wise seek it out. Proverbs 18:15

Rooted in Community

Modeling God's love, we respect our differences, build compassionate relationships and practice reconciliation.

Everyday they broke bread in their homes and ate together with glad and sincere hearts, praising God and enjoying the favor of the people. Acts 2:46-47

Strategic Goals

Goal Area 1 – Student Population

Develop a student body with full enrollment at each grade level that fully embraces our core values and desires to be empowered to further God's work in the world.

Bethany was founded primarily for the purpose of educating Mennonite high school age students attending Indiana-Michigan Mennonite Conference churches. Though Bethany continues to serve Mennonite students and maintains relationships with Mennonite congregations, the school now serves students from a broad range of religious and ethnic backgrounds. Current trends indicate that Bethany is likely to see an increase in ethnic as well as religious/faith diversity. Bethany has also expanded its mission to include younger students. A middle school was added in 1996, followed in 2011 by the addition of grades 4-5.

As the educational landscape continues to evolve, it is evident that Bethany's Anabaptist educational mission is attractive to a broad range of families. For the foreseeable future, Anabaptist/Mennonites remain the core constituency. However, Bethany must take advantage of the opportunity to reach families outside the community of Mennonite churches and move toward the creation of a comprehensive K-12 program.

The ideal student is open to faith exploration and has the ability to satisfactorily complete college preparatory level work. Ideal students seek knowledge actively and practice self-discipline. The ideal student promotes the school and engages in both the internal (Bethany) and external communities.

Goal Area 2 – Academic and Faith Programming

Bethany will provide a student-centered holistic academic environment that invites curiosity, creativity, confidence and critical thinking where students learn to live a balanced life knowing they are loved by God.

Bethany is proud to be known for preparing students to become capable college students and leaders in their faith communities. To empower students to be effective servants of Christ, we must do more than fill their heads with skills and knowledge. We must equip students to navigate all the rigors of living in the 21st century.

With a firm foundation on Anabaptist faith principles, Bethany will continue to provide a holistic student-centered education. “Holistic education is concerned with the development of a person's intellectual, emotional, social, physical, artistic, creative and spiritual potentials. ... Holistic education aims to call forth from people an intrinsic reverence for life and passionate love of learning.”¹ The academic program will be rigorous and college preparatory in nature, particularly in regards to the development of core knowledge and understanding needed for effective social and communication skills. The program will allow room for students to learn and practice work-life balance. Students will have the opportunity to engage in creative play and inquiry. The school will be a safe place for students to “come of age” with technology appropriate to age, grade and maturation level.

¹ <http://www.schoolaroundus.org/holisticeducation>

Goal Area 3 – Community and Constituent Engagement

In support of the entire K-12 initiative, Bethany will cultivate relationships with core constituents, using strongly aligned communication to advance Bethany's mission and vision.

Bethany is located in the Goshen community but in many ways has remained separate from it. We know the positive influence of Bethany on our students, families, church and local community—but many do not. We have not done enough to engage with our community and alumni. In many ways, Bethany is like a hidden jewel because we have not always been good at sharing our story.

We envision a place that alumni are eager to support and return to, an institution that church and civic leaders are happy to promote and a fully engaged parent community. We will communicate the K-12 vision to our school community and to constituents who invest in the lives of our families and students. As we share the message, we will capture the excitement, warmth and hope of the K-3 addition.

In order to achieve our admissions, engagement and fundraising goals, we will need the time and talent of a dedicated Advancement Team. Over the past several years, we have reconfigured this team to emphasize marketing and recruitment and intend to invest more resources in alumni relations. With capable staff we are poised to enter a new phase of strategic work that will lead to stronger results in enrollment and development.

Goal Area 4 – Faculty/Staff Investment and Development

Attract and retain high quality dedicated staff who strive to model Christ-like living and help advance Bethany's core mission.

Attracting and retaining high quality staff is a priority. Bethany seeks to employ compassionate dedicated staff who can effectively advance the mission of the school. We will pursue diverse candidates for open positions, aiming to have our staff reflect our constituency. Additionally, Bethany will prioritize staff/faculty engagement in on-going learning, making Bethany a complete educational community. We are all teachers. Alongside students, we will also be seekers of knowledge. To maintain high quality staff, Bethany will maintain an attractive compensation package across all positions.

Goal Area 5 – Leadership Structure and Development

Refine the leadership and governance structure making it more conducive to advancing the BCS mission and vision.

A primary responsibility of the board is to serve current and future students, ensuring that the school remains viable and can continue to carry out its mission to prepare students to participate in God's work in the world. As a newly independent school, the board must shift from a parochial school model to begin functioning as trustees, rather than as representatives of various constituencies.

In order to effectively govern, new practices are needed to effectively carry out the mission. By avoiding close involvement in administrative detail, the board will be free to focus on their strategic priorities and leadership in line with mission and vision. The administrative team is tasked with developing and maintaining the programs and structures necessary for carrying out the school's mission and advancing the board's vision for the future of BCS. In addition, Bethany will invest in training and on-going professional development.

Goal Area 6 – Finance and Operations

Strengthen the school's financial position to ensure BCS has the resources to sustain high quality K-12 educational programs.

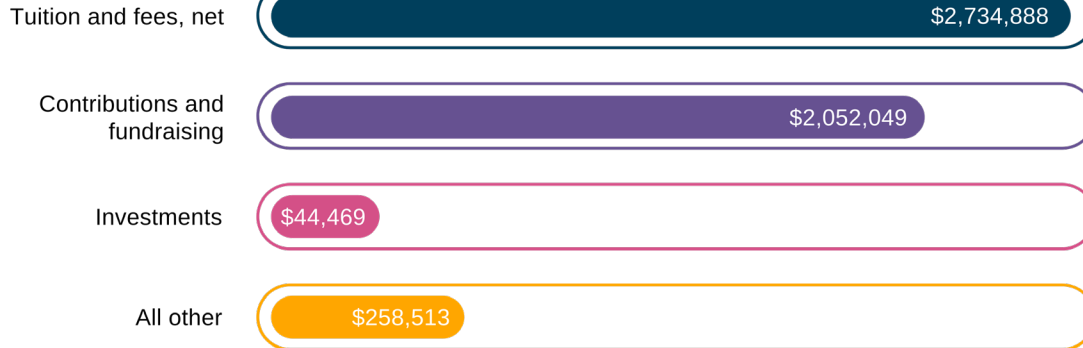

Bethany will further strengthen the school's financial position to ensure we have the resources to sustain high quality K-12 educational programs for the long term. Financial resources will be available not only for essential program components, but also for program improvement and strategic enhancements, in order to respond to the needs of students and families in our marketplace. Bethany will have enough dedicated cash reserves to provide contingency and also to have the flexibility to take advantage of opportunities. The endowment will provide long-term security and also enough annual income to meaningfully support operations. School facilities, grounds, vehicle fleet and technology resources will evolve to provide outstanding resources to support the school's mission.

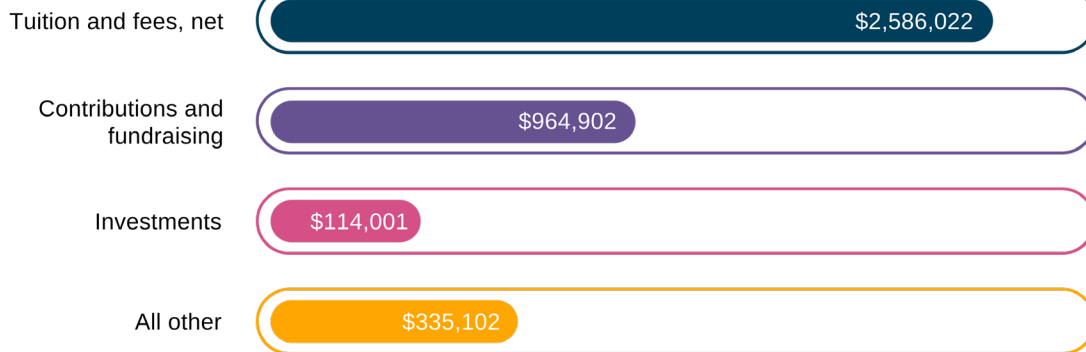

Financial Information

The full audited financial statements are available from the Bethany Christian Schools business office.

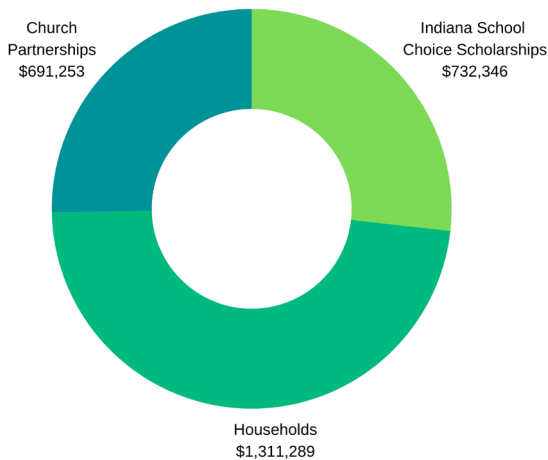

Revenue 2020 – \$5,089,919

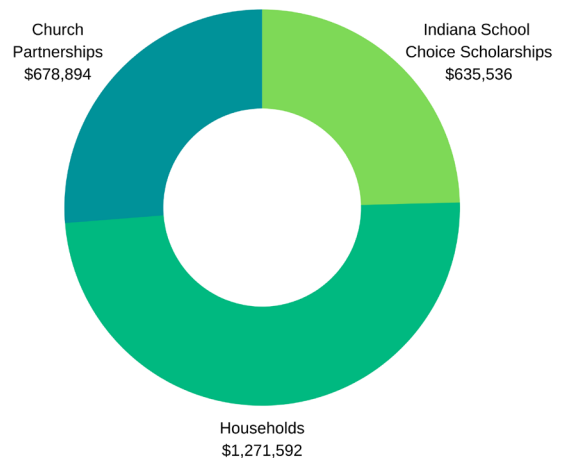

Revenue 2019 – \$4,000,027

Tuition & Fees by Source 2020

Tuition & Fees by Source 2019

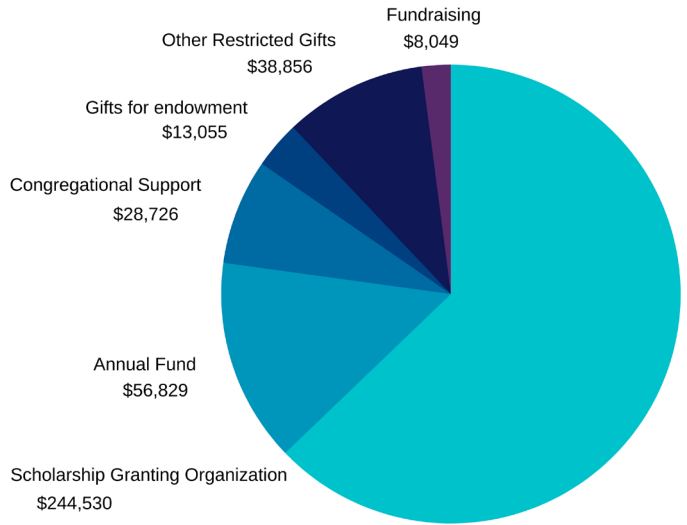

The Great Strides campaign launched the start of our comprehensive campaign model, which raises funds for student programming costs (annual fund) and capital improvements during 2019-21.

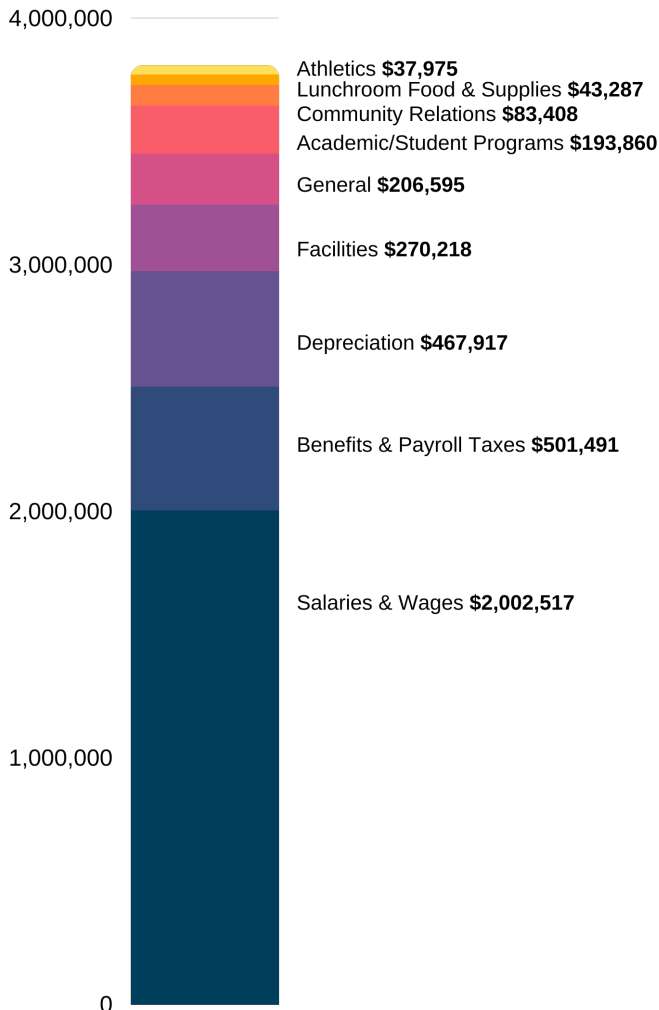

The campaign includes a commitment to spend \$2,083,000 of the money raised on athletic facility improvements, with a groundbreaking set for spring 2021.

In 2019, Great Strides raised \$436,000 for student programming and athletic facility improvements. In 2020, Great Strides raised an additional \$1,662,000 for student programming and athletic facility improvements.

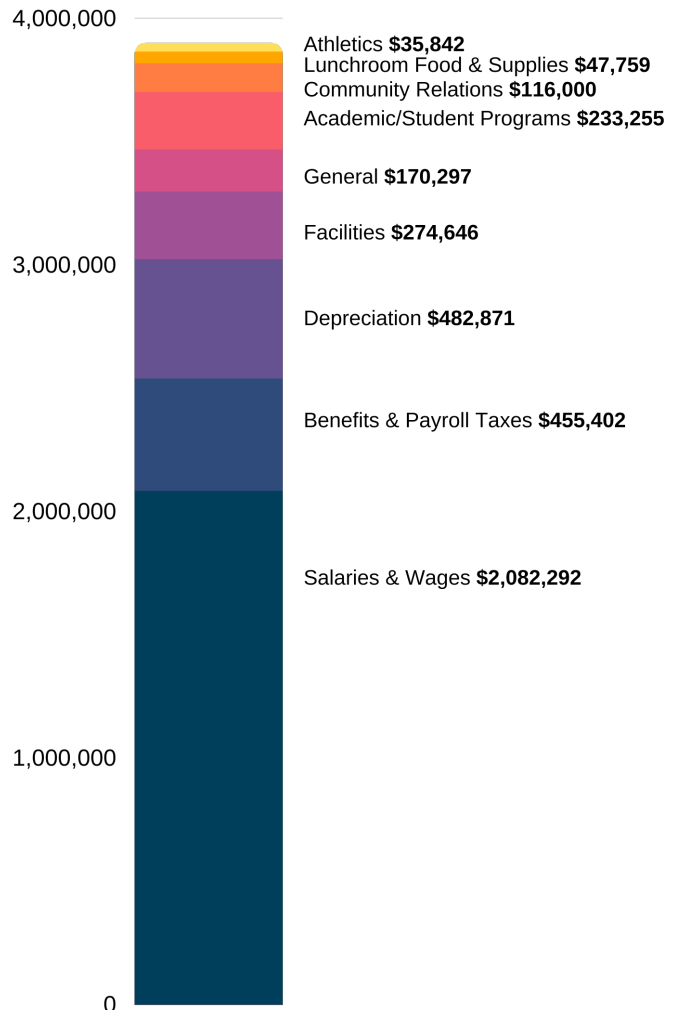

2020 Sources of Giving (excluding Great Strides)

Operating Costs 2020 – \$3,807,268

Operating Costs 2019 – \$3,898,364

2019-20 Fiscal Year Contributors

The persons listed in this report have contributed to Bethany from July 1, 2019, to June 30, 2020. If you contributed during this time and your name is not listed or is listed incorrectly, please accept our apologies and notify advancement director Sarah Kraybill Lind. Bethany faculty, staff, and students appreciate the generous support of the following family, friends, alumni, businesses, and congregations for helping make it possible for students to acquire a Christian education at Bethany. An asterisk (*) notes donors giving \$1,000 or more.

Great Strides

The new athletic complex groundbreaking is anticipated in the spring of 2021. This will mark the successful completion of the Great Strides capital campaign.

The new athletic complex will include a track, new soccer fields, increased accessibility for fans and more areas for families and students to gather and support their teammates. The railroad crossing on campus will be made safer, and a bike path on site will be newly extended in collaboration with the City of Goshen.

Within a diverse faith-based community, Bethany fosters respectful and compassionate relationships that build a safe and trusting environment, a caring community and life-long friendships. This school year, connections with classmates were especially valuable after a semester of distance learning in the spring of 2020. Athletics provided one way for students to safely connect outside and continue building relationships. Pictured, the high school cross-country teams gather together after a conference meet.

Faith That Lives

Bethany nurtures the academic, artistic, physical, social and spiritual growth of students as they are involved in a variety of activities both inside and outside the classroom. Pictured, sixth grade students work outside together on a project meant to mimic the environmental effects of an oil spill, part of a curriculum focused on sustainability.

Supporting Congregations

The following 61 congregations have students attending Bethany and/or have provided financial support through gifts to the general fund or tuition support. Thanks to all for supporting Christian education as together we nurture young people in Christian faith.
