Integrated Protection

Integrated Protection

The laminated protection system gives three layers of protection within the bag unit:
- Spacer mesh prevents scratches
- Perforated EVA offers shock resistance
- Closed-call foam provides first layer of defence

Air Protection

Air Protection System

Targus' patented SafePORT Air Protection System; unique air cushioning with specifically engineered pillows to "float" your laptop inside the bag with two self-closing straps placed across the top of the laptop to minimize movement. If the case is dropped, the pillows absorb the shock and slowly force air out of the vents on impact.
The pillows then return to the full protective strength, all within a split second. Drop tests show that this system provides 5 times more protection.

Dome Protection

Dome Protection System

Targus' Dome Protection System; a series of layered, shock absorbing circles which are inserted into the walls of a laptop case to minimize pressure on the most vulnerable area, the centre of the screen. When pressure is applied the weight is dispersed to the outside edges where it is significantly stronger. The system also helps prevent scratches caused by a screen being forced into the keypad - a common problem caused during travel when weight is placed on top of a case in an air cabin compartment and other such areas.

Eco Spruce Cases

Eco Spruce

● Each Targus Eco Spruce case is made from fibre reclaimed from up to twenty plastic bottles (0.5 litre)
● Using recycled PET Polyester versus brand new fibre: uses 20% less water, requires 50% less energy to make and reduces polluting air emissions by 60%
● Eco Spruce uses eco-friendly components which are PVC and nickel free so even when the case comes to the end of its lifespan it can be recycled.

Targus®

ACP71EU — Docking Station 3.0

The Targus USB 3.0 Docking Station with an unique integrated laptop power charger compatible with most 90W laptops provides instant peripheral device attachment via a single USB 3.0 connection to Windows 2000 & XP or MacBook, MacBook Pro, MacBook Air) based notebook computers.

USB 3.0 docking station features dual video ports providing beyond HD video and graphics with up to 2048 x 1152 resolution (1x DVI-I, 1x HDMI); Includes universal 90W laptop charging (power tips included) 1x DVI to VGA adapter, 1 HDMI to DVI adapter, 2 USB 3.0 ports, 4 USB 2.0 ports, a Gigabit Ethernet port, audio In/Out ports and security lock slot; A 6A AC adapter and 3ft USB 3.0 cable making it easy to connect; Also 2 high-powered USB ports for extra power and stays on when the PC is disconnected

Technical:

- System Requirements: Windows Vista (32/64bit), Windows XP (with service pack 2 or 3) and Windows 7 (32/64 bit) or MacBook, MacBook Pro, MacBook Air)
- Supports monitor resolutions up to 2048 x 1152
- Supports 3 screens out of the box; laptop screen plus HDMI & DVI

ACP70EUZ — Docking Station 3.0

The Targus USB 3.0 Dual Video Docking Station provides a universal expansion solution for Windows or MacBook, MacBook Pro, MacBook Air) based laptops through its single USB connection.

Monitors, printers, network, keyboard, mouse… all instantly accessible through the Plug and Play capabilities of the universal docking station.

The design of the docking station allows you to rest your laptop on it to provide additional cooling and a more comfortable typing position.

"Always On" USB ports enable you to continuously provide power to any device you wish to power even when the laptop isn't connected.

The single USB cable connection will occupy only 1 of your laptop's USB ports, meaning this docking station can be used with different brand laptops, making it a popular choice for IT managers.

Technical:

- System Requirements: Windows XP, Vista, 7 or MacBook, MacBook Pro, MacBook Air
- Supports monitor resolutions up to 2048 x 1152
- Dual screen support through a HDMI and a DVI-I port.
- A HDMI to DVI & a DVI to VGA

ACP51EU — Docking Station 2.0

The Targus USB 2.0 Docking station with video provides instant peripheral device attachment via a USB 2.0 single connection, to your Windows based laptop computer. This expansion module enables your laptop computer to gain instant plug and play connections with multiple peripheral devices ensuring you are connected and ready to go. The "One Touch" interface allows users to quickly and easily connect to an external monitor, network, speakers, keyboard, mouse, printer and other USB devices in a matter of seconds. The Universal Docking Station provides greater flexibility to users as it is not laptop platform dependent.

When the laptop is placed on top of the docking station, its angled shape provides a more comfortable typing position and allows for better natural cooling of the laptop. Worker better and smarter with Targus docking solutions.

Technical:

- System Requirements: Windows 7 – 32 bit and 64 bit, Windows Vista, Windows XP - 32 bit and 64 bit, Mac, USB port.
- Supports monitor resolutions up to 2048 x 1152, including 1600 x 1200

APA042EU — Power Adapter

The Targus Compact Charger for Laptop & USB Tablet is a 90 watt adapter that allows you to quickly charge a laptop and USB tablet or smartphone at the same time from a wall socket.
Sized for travel, this charger is 25% smaller than most conventional power adapters and comes with a 2.1A USB fast charging port that connects with your USB devices charging cable providing the same charging speed as your original charger.

Featuring built-in surge protection to keep all of your mobile devices safe from unexpected surges and spikes, this reliable adapter includes 7 connector tips to support Acer, Compaq, Dell, HP, IBM, Lenovo, Sony and Toshiba right out of the box.

This charger is also compatible with iPad, iPad 2, New iPad, iPhone, BlackBerry, Android and other tablet and phone devices with a USB charging capability.

Technical:

- Input: 100 – 240VAC, 50/60Hz, 1.5A 1.8 M AC input cable
- Output:19.5VDC (Main), 4.61A, 5.0V (USB), 2.1A Up to 90 Watt power Max 1.8 M detachable output cable.

APD046EU — Car Adapter

The Targus Car Charger for Laptop & USB Tablet is a 90 watt adapter that allows you to quickly charge a laptop and USB tablet or smartphone at the same time from your car's electrical socket.

Sized for travel, this charger is 25% smaller than most conventional car power adapters and comes with a 2.1A USB fast charging port that connects with your USB devices charging cable providing the same charging speed as your original charger.

Featuring built-in surge protection to keep all of your mobile devices safe from unexpected surges and spikes, this reliable adapter includes 7 connector tips to support Acer, Compaq, Dell, HP, IBM, Lenovo, Sony and Toshiba right out of the box.

This charger is also compatible with iPad, iPad 2, New iPad, iPhone, BlackBerry, Android and other tablet and phone devices with a USB charging capability.

Technical:

- Input: DC 11 – 16V, 10A
- Output:19.5VDC (Main), 4.61A, 5.0V (USB), 2.1A Up to 90 Watt continuous power Max 1.2 M detachable output cable.
