StarTech.com  
Hard-to-find made easy

Make Power-over-Ethernet-capable Gigabit network connections

The N6PATC1MBL Cat 6 Patch Cable (1m) meets or exceeds all Category 6 cable specifications to ensure reliable Gigabit network connections, and features a durable blue PVC jacket that enables you to color code your network cable runs as needed.

To ensure long-lasting performance, this high quality Cat 6 patch cable features a snagless design that protects the RJ45 connector clips from damage and makes the cable less prone to snagging during installation. The cable also features molded PVC strain relief that prevents the RJ45 connector termination points from bending at sharp angles - reducing the risk of cable damage, which could decrease network performance.

Constructed of only top quality materials, this Cat 6 Patch Cord delivers reliable performance and is backed by our Lifetime Warranty.

100% Copper - a better value

StarTech.com Cat6 cables are manufactured using high-quality copper conductors. While many cable manufacturers offer a "cheaper" cable based on a copper-coated aluminum core, we make no compromises on quality to ensure you receive top value and performance for your network cable investment.

24 AWG Wire

This Cat6 cable is constructed with 24 gauge copper wire, to support a broad range of Ethernet applications such as Power over Ethernet (PoE). Because we use a high quality copper wire, our cables easily sustain the power required for Power over Ethernet applications, whereas the inferior quality offered by copper-coated aluminum cables may be subject to insufficient power delivery, heat buildup, equipment damage and potentially, fire.

50-micron Gold Connectors

This Cat 6 patch cable offers high quality connectors comprised of 50-micron gold, to deliver optimum conductivity while eliminating signal loss due to oxidation or corrosion.

The StarTech.com Advantage

- 50-micron Gold Connectors ensure optimum conductivity while eliminating signal loss due to oxidation or corrosion
  - RJ45 connector clip protectors help keep the plugs from snagging while routing the cable, for easier Cat 6 cable runs
  - Backed by StarTech.com lifetime warranty
- 

#### Main specifications:

##### Features

Cable length:	1 m
Cable standard:	Cat6
Connector 1:	RJ-45
Connector 2:	RJ-45
Gender:	Male/Male
Connector contacts plating:	Gold
Cabling technology:	10/100/1000Base-T(X)
Cable shielding:	U/UTP (UTP)
Data transfer rate:	1000 Mbit/s
Colour of product:	Blue
RoHS compliance:	Y
Jacket material:	Polyvinyl chloride (PVC)
AWG wire size:	24
Frequency:	500 MHz
Cable rating:	CMG (CM)
Cable boot type:	Snagless

##### Weight & dimensions

Weight:	45 g
---------	------

##### Packaging data

Quantity per pack:	1
Package width:	200 mm
Package depth:	220 mm
Package height:	15 mm
Package length:	220.00 mm
Package weight:	100 g
