## **A. INTRODUCTION**

### **I. Background on Region 4 Education Service Center**

Region 4 Education Service Center ("Region 4 ESC" herein "Lead Public Agency") on behalf of itself and all state, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and non-profit organizations (herein "Participating Agencies") solicits proposals from qualified Offerors to enter into a Vendor Contract ("contract") for the goods or services solicited in this proposal.

Contracts are approved and awarded by a single governmental entity, Region 4 ESC, and are only available for use and benefit of all entities complying with state procurement laws and regulations (public and private schools, colleges and universities, cities, counties, non-profits, and all governmental entities). These types of contracts are commonly referred to as being "piggybackable".

Region 4 ESC's purchasing cooperative was established in 1997 as a means to increase their economic and operational efficiency. The purchasing cooperative has since evolved into a National Cooperative used to assist other government and public entities increase their economical and operational efficiency when procuring goods and services.

### **II. What is the role of The Cooperative Purchasing Network ("TCPN")**

The Cooperative Purchasing Network ("TCPN") assists Region 4 ESC in helping other public agencies and non-profits reap the benefits of national leveraged pricing, with no cost to the member. TCPN leverages one of the largest pools of purchasing potential. This is accomplished by competitively soliciting proposals and awarding contracts for commonly purchased products and services. Through the TCPN solicitation process, Region 4 ESC awards contracts covering Facilities, Furniture, Office Supplies & Equipment, Security Systems, and Technology and other goods and services industries.

### **III. Purpose of TCPN**

- Provide governmental and public entities opportunities for greater efficiency and economy in procuring goods and services.
- Take advantage of state-of-the-art purchasing procedures to ensure the most competitive contracts.
- Provide competitive price and bulk purchasing for multiple government or public entities that yields economic benefits unobtainable by the individual entity.
- Provide quick and efficient delivery of goods and services.
- Equalize purchasing power for smaller agencies that are unable to command the best contracts for themselves.
- Help in assisting with use of best business practices.

### **IV. Customer Service**

- TCPN is dedicated to making our contracts successful for both our members and our awarded vendors.
- TCPN is committed to providing our members and awarded vendors with high quality service.
- TCPN has dedicated staff available to answer questions, offer guidance and help in any way possible.

## B. SCOPE

It is the intention of Region 4 ESC to establish a contract with vendor(s) for School Supplies. Awarded vendor(s) shall perform covered services under the terms of this agreement. Offerors shall provide pricing based on a discount from a manufacturer's price list or catalog, or fixed price, or a combination of both with indefinite quantities. Electronic Catalog and/or price lists must accompany the proposal. Include an electronic copy of the catalog from which discount, or fixed price, is calculated. Multiple percentage discount structure is also acceptable. Please specify where different percentage discounts apply. Additional pricing and/or discounts may be included. If Offeror has existing cooperative contracts in place, Offeror is requested to submit pricing equal or better than those in place.

Each service proposed is to be priced separately with all ineligible items identified. Services may be awarded to multiple vendors. Offerors may elect to limit their proposals to a single service within any category, or multiple services within any or all categories.

Offerors are responsible for viewing either website to review all questions and answers prior to submitting proposals. Please note that oral communications concerning this RFP shall not be binding and shall in no way excuse the responsive Offeror of the obligations set forth in this proposal.

VII. **Restricted and Prohibited Communications with Region 4 ESC**: During the period between the date Region 4 ESC issues this RFP and the selection of the vendor who is awarded a contract by Region 4 ESC, if any, Offerors shall restrict all contact with Region 4 ESC and direct all questions regarding this RFP, including questions regarding terms and conditions, only to the individual identified above in Section "Inquiries and/or Discrepancies" in the specified manner. **Do not contact members of the Board of Directors, other employees of Region 4 ESC or any of Region 4 ESC's agents or administrators. In the event the Board of Directors refers the recommendation back to staff for reconsideration, the communications prohibition shall be re-imposed. **CONDITIONS OF SUBMITTING PROPOSALS**

**IX. Amendment of Proposal:** A proposal may be amended up to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

**X. Withdrawal of Proposals:** Withdrawal of proposals prior to the opening date will be permitted. Withdrawal of response will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal. However, consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any contracts entered into prior to Region 4 ESC receiving notice must be honored.

No Offeror should assume that their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

**XI. Clarifications:** Offeror may receive a written request to clarify, in writing, its proposal in order to determine whether a proposal should be considered for award. The process of clarification is not an opportunity for an Offeror to revise or modify its proposal, and any response by an Offeror to a written request for clarification that attempts to revise or modify its proposal shall be given no effect. The purpose of the request for clarification will be solely made for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal, which may be corrected or waived in the leading agency's sole discretion.

**XII. Non-Responsive Proposals:** All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the contract, and the Offeror shall receive notice of the rejection of its proposal.

**XIII. Negotiations:** Region 4 ESC shall determine which responsive proposals are in the competitive range and/or are reasonably susceptible of being selected for award. Proposals not in the competitive range may not be further evaluated. Proposals in the competitive range shall be evaluated on the basis of price and the other evaluation criteria set forth in the solicitation. In the event that Region 4 ESC decides to conduct negotiations, notice shall be provided to each Offeror whose proposal is being considered for award, which notice may identify, in general terms, the elements or factors upon which Region 4 ESC intends to base its negotiations. Offerors will not be assisted, in any way, to bring their proposal up to the level of other proposals through discussions. During the course of negotiations, no Offeror's technical proposal or pricing shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Region 4 ESC will also not indicate to Offeror a cost or

price that it must meet to either obtain further consideration nor will it provide any information about other Offerors' proposals or prices.

**XIV. Best and Final Offer:** Region 4 ESC, in its sole discretion, may request all Offerors in the competitive range to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior offer will be considered to be its Best and Final Offer.

**XV. Specifications:** When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members.

References to manufacturer's specifications (Design Guides), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

**XVI. Quality of Materials or Services:** Offeror shall state the brand name and number of the materials being provided. If none is indicated then it is understood that the offeror is quoting on the exact brand name and number specified or mentioned in the solicitation.

However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

**XVII. Samples:** Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show that the sample does not comply with solicitation requirements.

Submissions may be rejected for failing to submit samples as requested.

**XVIII. Deviations and Exceptions:** Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 4 ESC to award a manufacturer's complete line of products, when possible.

**XIX. Formation of Contract:** A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is awarded by Region 4 ESC. A contract is formed when Region 4 ESC's board signs the Vendor Contract Signature Form. The prospective vendor must submit a signed Vendor Signature Form with the response thus, eliminating the need for a formal signing process.

**XX. Estimated Quantities:** Region 4 ESC anticipates that a substantial number of participating members will enter into contracts resulting from this solicitation based on multiple surveys and usage of other contracts that may have included similar services, however, Region 4 ESC makes no guarantee or commitment of any kind concerning quantities or usage of contracts resulting from this solicitation. The volume for this contract is estimated to be in excess of \$50 million a year. This information is provided

solely as an aid to contract vendors in preparing proposals only. The successful Vendor(s) discount and pricing schedule shall apply regardless of the volume of business under the contract.

- XXI. Multiple Awards:** membership includes a large number of potential entities which may utilize this contract throughout the nation. In order to assure that any ensuing contract(s) will allow Region 4 ESC to fulfill current and future needs, Region 4 ESC reserves the right to award contract(s) to multiple vendors. The decision to award multiple contracts, award only one contract, or to make no awards rests solely with Region 4 ESC.
- XXII. Non-Exclusive:** Any contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for the sole convenience and benefit of participating members. Region 4 ESC and participating entities reserve the right to obtain like goods and services from other sources.

### **AWARD PROCESS**

- XXIII. Award or Rejection of Proposals:** In accordance with applicable laws, rules, and regulations for public purchasing, award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to participating agencies, price and other factors considered. Region 4 ESC reserves the right to use a "Market Basket Survey" method, based on randomly selected criteria to determine the most advantageous response. To qualify for evaluation, a proposal must have been submitted on time, and satisfy all mandatory requirements identified in this solicitation. Proposals that are materially non-responsive will be rejected and the Offeror will be provided notice of such rejection.

**XXVI. Evaluation:** A committee will review and evaluate all responses and make a recommendation for award of contract(s). The recommendation for contract awards will be based on the predetermined criteria factors outlined in this solicitation, where each factor is assigned a point value based on its importance.

**XXVII. Past Performance:** An Offeror's performance and actions under previously awarded contracts are relevant in determining whether or not the Offeror is likely to provide quality goods and services to TCPN members; including the administrative aspects of performance; the Offeror's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Offeror's businesslike concern for the interests of the customer.

**OPEN RECORDS POLICY**

**XXVIII. Proprietary Information:** Because contracts are awarded by a governmental entity, all responses submitted are subject to release as public information after contracts are executed. If an Offeror believes that its response, or parts of its response, may be exempted from disclosure, the Offeror must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledge and Acceptance to Region 4 ESC's Open Record Policy" form found at the beginning of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

## Appendix F: Company Profile

**1. Company's official registered name.**

Lakeshore Equipment Company dba Lakeshore Learning Materials

**2. Brief history of your company, including the year it was established.**

Like many great enterprises, Lakeshore started with one person taking a chance. In this case, it was Ethelyn Kaplan, an Omaha homemaker who decided to pack up her family and move to California to open a toy store back in 1954. The move was a bit unconventional for a woman in 1950s America, but then again, entrepreneurs don't typically follow the status quo. Initially, Mrs. Kaplan focused on selling toys to parents, but before long, local schools started calling her for art materials and other classroom supplies. Mrs. Kaplan listened to her customers. Sensing an untapped market, she sold the store and started Lakeshore Learning Materials.

Eventually, Mrs. Kaplan's sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Mrs. Kaplan retired in 1971, Michael assumed the duties of President and CEO, while Charles became the Vice President in charge of merchandise and buying. Today, Michael's sons, Bo and Josh, are an integral part of the business as well—having worked their way up from summer jobs in the warehouse to President and Executive Vice President, respectively. While Charles is now officially retired, Michael still serves as Chairman of the Board.

To this day, Lakeshore maintains the same strict standards that first made us great! Every product we make is distinguished by its quality, safety, educational merit and play value. And naturally, every Lakeshore product is backed by our ironclad guarantee: If you are unhappy with any item for any reason, you may return it for a full refund or exchange...no questions asked! If you have any questions or need help with an order, just contact our Customer Service department. We'll make sure you get in touch with a real, live person who can address your needs. (We don't like talking to machines, either.)

Lakeshore continues to offer the best products and service around—and we're still expanding! In addition to our growing network of 55 retail stores, we offer two mail-order catalogs to meet the needs of parents, teachers and children worldwide. Currently, there over 10,000 school districts in the US with which we conduct business. Plus, our full-service website offers instantaneous access to our catalogs as well as free activity ideas, an interactive classroom designer and much more.

Lakeshore is proud to have over 50 knowledgeable people across the US that comprise our sales force. As the needs of the industry are ever changing, our consultants are also learning and evolving. You can be confident that your local Lakeshore representative is an experienced, practiced professional who understands the needs of teachers and classrooms in all settings.

**31. Do you have a compliance department? If so, please list the standards this department monitors compliance with (e.g. applicable federal and state laws, internal policy, ISO processes, GSA regulations, etc.).**

At Lakeshore, children's safety is our highest priority—and we know it's the top concern of our customers, too. That's why we take rigorous steps to ensure our products are safe. Our Product Compliance department continuously monitors regulations to make sure that we comply with all applicable laws and meet or exceed all relevant standards. Not only are we in full compliance with all the current U.S. safety regulations, we also have our own in-house Quality Assurance Team that tests and inspects every item we carry with even more rigorous standards than those required by law. Every item we sell must meet or exceed all the government safety requirements, or we don't carry it—period. For us, safety begins at the moment a product idea is conceived and put into development. First, we ensure that all the materials that go into each new product are safe. The materials must be phthalate-compliant (phthalates are sometimes found in PVC and other plastics), as well as BPA-compliant (BPA, or bisphenol A, is sometimes found in clear, hard plastics). The materials must also pass strict standards for lead content. Once we confirm that the materials we're using are safe, we conduct exhaustive "use and abuse" testing to make sure each product will remain safe through years of everyday use. And, after a product passes our rigorous testing, it is then tested and certified by a third-party testing laboratory. Finally, we continue to monitor the safety of our products through periodic testing, both internally and by third-party labs, to ensure that our suppliers maintain the high level of integrity we demand of our materials. For Lakeshore, children's safety always comes first. You can rest assured that the products we sell are safe and that we are doing everything we can to provide our customers with superior-quality products that they can trust with their children.

**32. Within the past 5 years, has your organization been made aware of any investigations involving your organization for violation(s) of a law or laws, the legally authorized penalties for which exceeded \$500,000?**

No.

If yes, please list all such investigations and their outcomes:

N/A

**33. Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Agencies.**

Lakeshore has a goal of making the ordering process as easy as possible for our customers. As a result, if Participating Public Agencies are able to include the TCPN contract # on each and every request, it will be possible to streamline the process. Including any prior related quote numbers will also prove helpful in easing the burden on both the customer and the vendor. Using electronic ordering options may also provide an effective alternative to the traditional ordering process.

## **Green Initiatives**

We are committed to helping to build a cleaner future! As our business grows, we want to make sure we minimize our impact on the Earth's climate. So we are taking every step we can to implement innovative and responsible environmental practices throughout Region 4 ESC to reduce our carbon footprint, reduce waste, promote energy conservation, ensure efficient computing, and much more. We would like vendors to partner with us in this enterprise. To that effort, we ask respondents to provide their companies environmental policy and/or green initiative.

### **34. Please provide information about your current environmental or sustainability initiatives.**

Lakeshore Learning Materials recognizes the importance of achieving sustainability in our businesses and our schools. That's why we have taken big steps to explore how our company and employees can effectively contribute to reducing our carbon footprint.

Lakeshore's top-quality products are designed to last year after year—promoting sustainability in the classroom and reducing waste. From our ruggedly built furniture that is guaranteed to last to our many reusable classroom activities, the majority of our products are non-consumable and will stand up to years of use.

As a company, we work to encourage recycling, reduce waste, and save energy. At our headquarters—as well as in all of our stores nationwide—we recycle our materials and supplies wherever possible. We have also lowered electricity use by installing motion sensors on our lights and using energy-saving settings on our computers.

To reduce paper waste, we promote the use of our website and e-commerce with all of our customers, creating an environment where a paper trail can be substituted with a digital trail. We have also purchased Forest Stewardship Council Certified Paper, and we're working toward printing all of our catalogs on FSC paper.

When you invest in Lakeshore products, you are investing in materials that are classroom-tough and non-disposable. Achieving complete sustainability is a process, and Lakeshore continues to work to create a greener environment for our employees, our customers, and those we touch around the world.

### **35. How do you ensure and measure the success of your sustainability policy and initiatives?**

As you are well aware, turning a business toward 'green' business practices does take time, and Lakeshore has turned our attentions to how we, as a company and as employees, can effectively contribute to reducing our carbon footprint.

Listed below are several of the ways we are investing in the environment beyond the typical efforts to reduce, reuse and recycle our paper and cardboard waste, and to cut back on inefficient use of power, water, and other renewable resources:

- Lakeshore offers a variety of classroom furniture pieces that have earned GREENGUARD Certification. GREENGUARD Certification is recognized by numerous sustainable building programs, including the LEED® Building Rating System. Purchasing products that are GREENGUARD Certified helps you earn points toward LEED certification.
  - Products on our website that feature the GREENGUARD logo are certified by the GREENGUARD Environmental Institute to comply with low emissions standards—reducing chemical pollutants and helping improve the quality of indoor air.
  - For a complete listing of Lakeshore's GREENGUARD Certified products, just search for the keyword "GREENGUARD" on our website.
  - For more information on GREENGUARD, visit [www.greenguard.org](http://www.greenguard.org). You may also request more information from Lakeshore's Customer Service Department by calling 800-428-4414.
- We are one of the founding sponsors of the Nature Forum, which helps early childhood programs around the world get children outdoors and learning about the natural world.
- Our on-site Preschool for our employees' children has just recently partnered with Dimensions and the Nature Forum to create our own Nature Explore Classroom, giving our employees' children a natural play area where they are reconnecting with the earth in the midst of an industrial and urban environment.
- We actively promote and reward carpooling with our employees.
- The safety of all of our products is of paramount importance. Every item we sell has been tested for toxic materials and we continually exceed every federal regulation in the pureness of our materials.
- We promote the use of our on-line catalog and e-commerce with all of our customers, effectively creating an environment where a paper trail can be substituted with a digital trail, not only reducing the use of the paper generated by our customers and ourselves, but also reducing the amount of electricity and fuel needed to deliver and process those orders.
- We have just purchased FSC (Forest Stewardship Council) Certified Paper, and from here on out, all of our catalogs will be printed on FSC paper.
- All of our used corrugate materials are efficiently bundled and sent to be recycled and used again.

These are just a few of our initial steps to create a greener environment for our employees and our customers, and those we touch around the United States.

### Products/Pricing

**2. What is the capability of your company to respond to emergency orders? Please explain what actions you would take.**

If there is an emergency order that needs to take place, please contact our Sales Department at (800) 421-5354 ext. 8750. We will work with our Order Department and Traffic Department to ship and expedite the order as needed.

**6. What is your company's return and restocking policy?? Are there any applicable fees? Please provide a brief description and example.**

We unconditionally guarantee every item. We stake our reputation on the quality of our products. If you are unhappy with any item for any reason, return it to us for a full refund or exchange. Your satisfaction is our number one priority. If you ever have questions or concerns, just call Customer Service at (800) 428-4414, 6:00 am – 6:00 pm, PST.

### Return Process

- Damaged items: Please call us as soon as you notice that an item is damaged.
  - If the item is being delivered by a trucking company, you can refuse the damaged item and they will send it back to us. Just make sure to note that on the freight bill before signing.
  - If you don't notice the damages until the driver has left, or if your items were delivered another way, that's fine. Simply call our Customer Service Dept and we'll ship a replacement item right away, and arrange to have the damaged item picked up for you.
- Unsatisfactory items: If you are unhappy with any item, you may return it to us for a full refund. On the back of your packing slip is a "Returns Form," with our return address. On this form you can indicate the reason for your return, and whether you'd like a refund or another item in exchange. You may send the item back to us, and once we receive it, we'll either refund your purchase or send your exchange item to you. If the item is too large for you to return on your own, we'll help! Just call us and we can arrange for a pickup of the boxed item, and we'll simply deduct the return freight from your credit.

### Cost for Returns/Exchanges

- Damaged items: There is no cost for the exchange of a damaged item. We will ship a replacement item and pick up the damaged item at no cost to you.
- Unsatisfactory items: If you are unsatisfied with any item, we only ask that you pay the shipping cost back to us. We will issue a full refund to you – we do not charge any restocking fees. If you'd like a different item in exchange, we will cover the shipping cost of the new item to you.

### Refund/ Credit Process

- Credit Card Orders: Once we receive your returned item, we will refund the cost of the item (less any return shipping, if necessary) to the original credit card.
- Check/ Money Orders: Once we receive your returned item, we will issue a refund check for the cost of the item (less any return shipping, if necessary) and mail it to you.
- Purchase Orders: Once we receive your returned item, we will refund the amount (less any return shipping, if necessary) by issuing a credit memo to your account.
  - If the original invoice from which the item was returned has not yet been paid, the credit memo amount will be applied to that invoice, and you will be sent a copy of the credit memo with your remaining balance due noted on the memo.
  - If the original invoice has already been paid, we will send you a copy of the credit memo, which you may use at your convenience to purchase other merchandise, pay another invoice, or we can issue a refund check for the credit memo amount.

PLEASE NOTE: We do not charge restocking fees.

### 7. What is your company's history of meeting shipping and delivery timelines.

We have an excellent record of meeting shipping and delivery timelines. Because our departments work so closely with each other, we are able to plan and meet the timelines set in place by our customers over 99% of the time!

**10. What is your company's current invoicing process?**

Once an order is received, it is manually entered, verified, and reviewed for adherence to our contractual agreement before being released. After being sent electronically to our Warehouse Management System, a workflow specialist sends the order into the automated lines of our distribution center. This maximizes efficiency for the thousands of orders we process each day.

During the time your order reaches our warehouse to prepare for shipping, our Accounting department prepares your invoice to be mailed when your order ships complete. We can accommodate requests for individual locations to receive invoices when they are both the "bill to" and "ship to" address. Our options for electronic billing will be contingent on your specific needs and software requirements. We are currently involved in electronic invoicing projects with several school districts and agencies. If you would like to explore this option with Lakeshore, we will be pleased to have our Information Technology Manager speak with you regarding your specific needs and requirements to determine if our system will be compatible with yours.

If an order happens to contain a backordered item, we won't send an invoice until the entire order has shipped complete. Lakeshore's standard payment terms are Net 30 Days. Our audit / control features & process of our billing structure is quite simple. On the first of each month, we run billing statements for all customers with an invoice over 45 days old.

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

## C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 ([www.nj.gov/dca/lgs/lfn/lfnmenu.shtml](http://www.nj.gov/dca/lgs/lfn/lfnmenu.shtml)).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
  - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at [www.nj.gov/dca/lgs/p2p](http://www.nj.gov/dca/lgs/p2p). They will be updated from time-to-time as necessary.
  - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
  - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
  - d. The form may be used "as-is", subject to edits as described herein.
  - e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
  - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

## **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM Contractor Instructions**

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee\*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

**NOTE: This section does not apply to Board of Education contracts.**

\* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."
